GENERAL

Proceedings of the Government of Mysore,

READ—

Letter No. D., dated 9th June 1900, from the Deputy Commissioner, Mysore district, submitting, for countersignature, his travelling allowance bill for May 1900.

No. 1621-60—P. & A. 136, DATED BANGALORE, 1ST AUGUST 1900.

ORDER THEREON—It appears from the bill submitted with the above, that the Deputy Commissioner received charge of his office at Hunsur instead of at Mysore, the district head-quarters. He should have obtained the special sanction of Government for taking over charge at a place other than the district head-quarters, under Article 46 of the Mysore Service Regulations, and his omission to do so was irregular. The bill, which otherwise is admissible, will be forwarded to the Comptroller for audit, duly countersigned for Rs. 24-8-0.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Mysore District.
The Deputy Commissioners of other Districts.
The Comptroller to the Government of Mysore.
The Heads of other Departments.

READ—

The Annual Medical and Sanitary Report of Mysore for 1898-99.

No. 2209—MIS. F. 5-97, DATED BANGALORE, 14TH AUGUST 1900.

REVIEW THEREON—The rainfall as gauged in the Central Observatory at Bangalore during the year under report was 35·05 inches against 38·11 in the previous year, showing a decrease of 3·06 inches.

2. The birth rate was 15·87 per mille upon the census population of 1891 as against 15·64 in 1897-98. The total number of births registered during the year was 76,847, of whom 39,040 were males.

3. The death rate for 1898-99 was 19·09 per mille against 20·24 in the previous year. The total number of deaths registered was 92,441, showing a decrease of 5,600 when compared with the figures of the previous year.

4. Deaths from plague numbered 12,272 out of 14,831 persons attacked, giving a percentage of 82·75 to total number of cases, and 2·53 per mille of population. The mortality was heaviest in January 1899 with 3,310 deaths and lowest with 15 deaths in August 1898 when the disease first made its appearance. All the districts were affected by the disease except Shimoga, which enjoyed perfect immunity. Those that suffered most were Bangalore with 7,137 deaths including 2,665 in the Bangalore City, Mysore with 2,674 deaths, Kolar with 1,706 deaths and Tumkur with 745 deaths. The Senior Surgeon's remarks at pages 20 and 21 of the Report regarding the plague epidemic may be read with interest.

5. The death-rate from cholera (0·11 per mille of population) compares favorably with that of last year, which was 0·49 per mille.

6. The number of deaths from fevers fell from 58,907 in 1897-98 to 41,787 in 1898-99, while the figures showed a slight increase in bowel complaints, being 7,687 against 7·263 in 1897-98.

7. Four thousand two hundred and seventy-eight deaths were reported under "Small pox" against 7,203 in the previous year, showing a decrease of 2,925.

8. The sanitary condition of the Jails in the Province was satisfactory. Four hundred and eighty-five prisoners were admitted in the Hospitals against 448 in 1897-98. The ratio per mille of the average daily sick was 20·07 against 22·33 in the year previous.

9. Section VII of the Report deals with the sanitary works carried out during the year. These works consisted of sinking and repairing wells, opening out new roads, sanitation of towns and arrangements for the construction of health camps, sheds, and other plague prevention measures.

10. Government note with pleasure that the Medical Officers generally, who had arduous and additional duties to perform in connection with plague, worked to the entire satisfaction of the Senior Surgeon.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

READ—

Report on the Working of Hospitals and Dispensaries in Mysore for 1898-99.

No. 2210—MIS. F. 7-97, DATED BANGALORE, 14TH AUGUST 1900.

REVIEW THEREON—There were 129 Hospitals and Dispensaries in the Province on the 1st of July 1899, including two new Dispensaries opened during the year under report. The total number of patients treated was 684,566, of whom 321,290 were men, 150,399 women and 212,877 children. Compared with the figures of the previous year, the in-door patients showed a decrease of 757 and the out-door patients 244,289, due to the prevalence of plague. Among 5,013 in-patients treated, the deaths were 305 or 165 less than in the year previous. Information regarding deaths among out-patients is reported to be not available.

2. The number of deaths in the Hospitals from small-pox was 5 out of 134 cases treated in the year against 6 out of 365 in the year previous. The number of cases of fever treated during the year was 145,993 with 22 deaths against 190,766 with 8 deaths in the year preceding.

3. During the year under report, cholera prevailed in all the districts except Bangalore, Tumkur and Mysore. Five hundred and twenty-eight cases of cholera were treated in Hospitals and Dispensaries besides 359 cases treated by the Medical Officers and Subordinates throughout the Province. Out of a total of 887 cases 367 proved fatal.

4. The number of surgical operations performed during the year was 13,805 or 3,100 less than in the year previous.

5. The total expenditure of the Department was Rs. 2,01,046 against Rs. 1,97,017. The amount of contributions from Municipal and Local Funds was Rs. 57,583-13-9 against Rs. 59,734-0-4 in 1897-98. The percentage of total cost paid by Government was 76·62 against 74·71 in the previous year.

6. There were 84 Midwives or three more than in the preceding year, by whom 3,692 cases were attended. The ratio of deaths per mille of total attended was 14·62 against 21·54 in the previous year. Five pupil midwives were under training at the close of the year, three in Bangalore and two in Mysore.

OFFICE OF THE DEWAN OF MYSORE
DATED BANGALORE, 15TH AUGUST 1900.

FROM

THE OFFICIATING DEWAN OF MYSORE.

TO

THE HON'BLE COLONEL DONALD ROBERTSON, C.S.I.
BRITISH RESIDENT IN MYSORE.

I have the honor to acknowledge the receipt of your letter No. 4320, dated the 27th September 1899, inviting the opinion of the Durbar on the Bill framed by the Madras Government to amend the law relating to contracts between planters and labourers. Having regard to the great importance of the matters dealt with in the Bill, and to the fact that it may eventually form the basis of legislation in Mysore on the same subject, I beg to communicate to you at some length the results of a detailed examination of its provisions.

2. *Preamble.*—The Bill being intended for the enforcement not only of contracts between labourers and planters, but also of those between maistries and planters (cp. s. 21), the description of the object of the Bill given in the latter part of the Preamble is incomplete; and hence the words "contracts entered into with labourers by planters or on their behalf" may be replaced by the words "labour contracts" simply, the latter expression being defined in Section 2.

3. *Section* 2.—The definition of "estate" includes practically all classes of plantations which require an exceptional labour law. But, for the sake of completeness, and with a view to any future possibilities, it seems advisable to include therein any other class of plantation to which the term may be applied by Government by notification in the Official Gazette.

In the definition of "labourer," the words "in person" or "in his own person" may be substituted for the words "with his own hands," as all labour on estates is not manual.

The definition of "planter" in the alternative as meaning the owner *or* the manager of an estate is indefinite, and may be modified so as to *mean* the owner and to *include* the manager of an estate.

4. A term which occurs several times in the Bill, and in fact embodies perhaps *the* most important topic in the whole discussion regarding planters' grievances, has been left undefined, *viz.*, the word "advance." In submitting the following definition for consideration, attention is specially requested to the latter portion of it, in which the term is given an extended signification:—"'Advance' means any sum of money received by a labourer or maistry from his employer in anticipation of the completion of his contract, and includes any sum acknowledged in writing by such labourer or maistry to be due by him to his employer upon a settlement of accounts."

5. While on the subject of advances, I beg to observe that it seems desirable to provide a limit in each case to the amount recoverable at one time, taking into consideration the rate of wages and the duration of the contract: say, four months' wages in the case of a labourer, and in the case of a maistry the amount of such wages multiplied by the number of labourers he has undertaken to produce.

6. *Section* 6.—The wording of this section is open to objection. There is, strictly speaking, nothing *unlawful* in contracts entered into by minors: such contracts are void merely. Hence, it would seem preferable to say: "Notwithstanding, &c., &c., any person of the age of sixteen years or upwards is competent to enter into a labour contract."

7. *Section* 7.—It is desirable that every contract should be drawn up in a prescribed form in some language which the labourer can understand, should embody the terms of the agreement and, if possible, the material provisions of the Act also, and should be executed in duplicate, one copy being given to the employer, and the other to the other party to the contract.

8. *Section* 8.—The employer should appear in person or by agent and submit in proper form all such information as may be necessary to enable the Magistrate to proceed with his enquiry. To expect a Magistrate to act upon information sent to him by way of "notice" from an employer seems neither convenient nor dignified.

9. *Section* 10.—Where previous notice is given by the labourer, two months' notice is considered sufficient under Section 9. Where the labourer wishes to terminate the contract without notice, it seems equally sufficient, in the interests of the employer, if the total amount payable by way of penalty under Section 10 is fixed at two months' wages or any other reasonable maximum to be specified in the Act itself.

10. *Section* 16.—The forfeiture by a labourer of a sum not exceeding double the amount of his wages for the period of his absence should not follow as a matter of course, but should lie in the discretion of the Magistrate to order upon a review of the circumstances of each case.

11. While untrue or vexatious complaints on the part of labourers are dealt with under Section 16, the Act contains no corresponding provision with regard to untrue or vexatious complaints on the part of employers. Such complaints should, in the opinion of the Durbar, involve cancellation of the contract and the payment of a reasonable compensation.

12. *Section* 17.—This section may be dispensed with if the words "and dispose of it according to law" be added to Section 15.

13. *Section* 18.—It is presumed that the cancellation of the contract does not involve the wiping off of the award. This may, however, be made clear by an explanatory note or by adding the following words to the last para of Section 18: "without prejudice, however, to the continued liability of the employer in respect of the amounts awarded."

14. *Section* 19.—Ill-treatment, &c., on the part, not only of the employer, but also of any person placed by him in authority over the labourer, should be a good ground for cancellation of a contract under this section. This may be

provided for by an explanation defining the word "employer" to include any such person as above.

15. *Section* 20.—As the personal attendance of the maistry is not indispensable, it is better to say "produce the labourers," &c., instead of "present himself with the labourers."

16. *Section* 23.—The words "planter or" may be omitted, as "employer" has been defined in Section 2 to include "planter." Also, it seems preferable to say: "Any employer *and any person placed by an employer in authority over a labourer.*"

17. *Section* 25.—Between the words "or has" and the word "refused" in lines 5 and 6, the words "neglected or" should apparently be inserted.

As the forfeiture must evidently ensue by virtue of an order of the Magistrate, the words "on conviction before a Magistrate" may be inserted after the word "shall" where it first occurs.

As the section stands, it would seem that both imprisonment and the payment of a penalty to the employer are punishments to be necessarily inflicted in addition to forfeiture of wages. The Durbar are, however, of opinion that the first two should be in the discretion of the Magistrate to award on a consideration of the necessities of each case.

To the circumstances mentioned in the explanation may be added illness and the falling of wages into arrears.

18. *Section* 26.—"His estate" may be replaced by "the estate on which such labourer has contracted to work."

In case a warrant issues, the Magistrate should be at liberty to direct bail to be taken.

19. *Section* 27.—Absence from labour or neglect or refusal to work is already an offence under Section 25. If "desertion" goes beyond this and it is intended to make it a distinct offence, the same may be clearly defined.

Enhanced punishment may, presumably, be inflicted under this section in respect of subsequent acts of desertion committed with reference to different estates and employers. If not, and if the second and subsequent offences should relate to the same estate, the fact may be made explicit.

20. *Section* 29.—The necessity for tacking on a provision of this kind to a law intended primarily for the enforcement of labour contracts is not very apparent. Drunkenness and disregard of sanitary regulations may, in the opinion of the Durbar, be left to be dealt with under the general law.

21. *Section* 30.—It would be well to make it quite clear that the period of imprisonment undergone by a labourer is not to be taken into account in calculating the unfinished portion of the period of service.

The labourer, apparently, is to be "made over" only after the completion of the term of imprisonment. If so, this may be specified. On the other hand, however, it would be a merciful provision to allow the punishment to be suspended at any time on the application of the employer, if the labourer agrees to go back to his work, and, in the end, to remit the rest of such punishment on the contract being completely performed by the labourer.

22. *Section* 32.—This section introduces a novel provision affecting the relations of employers of labour towards each other, and as such it requires serious consideration.

The present legislation, it will be remembered, is itself of an exceptional character, intended to render penal that which, essentially, is merely the subject of a civil action; and the justification for such exceptional legislation is held to lie in the peculiar conditions of the planting industry, the extreme difficulty of securing labour for work on estates, and the fact that a civil remedy against an absconding labourer, who is generally a man of straw and cannot easily be traced, would be an illusory or useless remedy. The kind of act, moreover, that is sought to be brought within the scope of such legislation is one wherein fraud is a predominent element and, for which, therefore, punishment as for a crime would be a not inappropriate form of redress.

To extend such penal provisions to the case of persons who are not labourers is, in the opinion of the Durbar, neither necessary nor expedient. Labour is a scarce commodity on plantations, and is consequently eagerly competed for. Where one employer offers higher wages than another, the labourers working on the latter's estate are attracted to the service of the former. This, if the labourers have not discharged their obligations under a previous labour contract, is no doubt a ground for proceeding criminally against them. But it certainly seems hard to punish the other employer for merely utilising such labour as came in his way. For a wilful enticement of labour one party can, under certain circumstances, sue the other for damages; as between employers, this remedy seems quite sufficient. Where there has been no distinct act of wilful enticement, and all that has been done is to take into service a labourer who has definitely and of his own accord severed his connection with his former employer, still less is there any good reason for treating the act as a criminal offence.

In all such cases, moreover, knowledge of a previous labour contract is a difficult thing to prove, unless, indeed, the legislature is prepared to go further in the same direction (which it would not be sound policy to do) and to treat the mere formal execution of a labour contract under Section 7 as sufficient notice of its existence to all other employers of labour.

On the whole, then, it appears clear that the enactment of the provision under examination, besides interfering seriously with the freedom of employment of labour, is calculated to afford opportunities for the unnecessary harassment of employers and to disturb the good relations that should subsist between neighbouring planters.

Having thus expressed the strong views they entertain on this subject, the Durbar deem it unnecessary to consider several minor points that arise in connection with the present section—such, for instance, as to whether the compensation should go to the planter "employer" or to the maistry—"employer"; what constitutes the act of "harbouring" a defaulting labourer; and whether a mere lodging-house keeper or a relative who receives and feeds such a labourer would be liable to punishment as for harbouring him.

23. On the subject of complaints generally, I would suggest that complaints by or on behalf of employers should be in writing, while complaints by labourers, who are generally illiterate as a class and would not always readily find means of putting their complaints in writing while working on the estates, may be made either in writing or orally (the deposition in this case to be reduced to writing).

24. *Section* 35.—This is likely to be a useful provision, though, of course, it only applies to offences committed within the limits of the Madras Presidency, and not to such as may be committed beyond its borders.

25. *Section* 37.—Provision has been made in this section for the execution in the Madras Presidency of processes issued by Courts in Native States. The Durbar believe that the procedure laid down therein will satisfactorily dispose of the difficulties felt by the Government of India on this question; and as it is their own intention to enact a labour law for Mysore on lines similar to those which may be finally adopted for the Madras Presidency, they have no doubt that the power reserved by Section 37 to the Governor in Council will be effectively exercised in the case of processes issued from the State.

26. The Durbar are glad that no attempt has been made in the Bill to enforce the compulsory licensing of maistries, a measure which they have already on another occasion expressed to be both unnecessary in itself and calculated to affect injuriously the labour supply available for estates.

27. The result of this examination of the provisions of the Bill has been to show that, subject to the reservations and suggestions made in the preceding paragraphs, they are on the whole not ill-adapted to remove the difficulties hitherto experienced by planters. And I venture to express the hope that the Bill, as in due course matured and passed into law, may be the means of setting finally at rest the thorny subject of the regulation of the labour supply on estates which has been under discussion for so many years past.

T. R. A. THUMBOO CHETTY,
Officiating Dewan.

READ—

Letter No. 96, dated 9th August 1900, from the Deputy Commissioner, Hassan district.

No. 2326—MIS. 510, DATED BANGALORE, 16TH AUGUST 1900.

ORDER THEREON—In the foregoing communication the Deputy Commissioner of Hassan reports that on the 22nd July last, eight indigent strangers arrived at Saklespur, of whom three were ill, that he immediately proceeded to the spot, and had such of the strangers, as were in good health, lodged and fed by local charity in sheds newly erected for the purpose, and placed the sick in the local hospital, and that unfortunately two of them died, one from dysentery and the other from debility, due to under-feeding, although special rations were given to them at Government cost.

2. Government approve of the Deputy Commissioner's action. An *immediate* report is, however, requested (*by return of post*) as to where these strangers came from, what class they belonged to, and whether they were not able to find employment or gratuitous relief in or near their own houses. Government regret

to have to observe that in a serious matter like this, the gravity of which the Deputy Commissioner's action shows he himself readily realized, there has been a delay of no less than 18 days in the submission of this report.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Hassan District.

READ—

Letter No. 361, dated the 25th July 1900, from the Officiating Senior Surgeon and Sanitary Commissioner with the Government of Mysore, enquiring with reference to para 6 of Proceedings No. 3868-9—Mis. 736, dated the 23rd September 1897, in which it is provided that all persons to be appointed to the grade of Sub-Assistant Surgeon must have passed the Madras M. B. Examination or the L. M. & S. Examination of Bombay or Madras, whether men holding British qualifications are excluded from being appointed Sub-Assistant Surgeons.

No. 2399—Mis. 505, DATED BANGALORE, 17TH AUGUST 1900.

ORDER THEREON—Government are pleased to direct that a British Degree, if equally high, may be accepted as a sufficient qualification for appointment to the grade of Sub-Assistant Surgeon.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Officiating Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

READ—

Letter No. 3633—314, dated 14th April 1900, from the Inspector General of Police, submitting travelling allowance bills of Probationary Inspector R. S. Nataraja Aiyar for June and September 1899 and Head Constable Damodram Pille for August 1899.

The Deputy Commissioners of Districts.
The Heads of Departments.

No. 2873-85—MIS. 580, DATED BANGALORE, 23RD AUGUST 1900.

ORDER—Government are pleased to direct that the undermentioned Officers, who have attained the age of 55 years, be further retained in the service for the periods specified opposite their names, commencing from the 1st July 1900:—

1. Mr. D. Appu Rao, Deputy Superintendent, Revenue Survey, one year.
2. „ T. T. Leonard, Superintendent of Government Press and Stationery, one year.
3. „ N. Narasimmaiengar, Sub-Division Officer, one year.
4. „ A. L. Primrose, Prospector, Geological Department, one year, (with the observation that the State Geologist be requested to see that the work specially entrusted to Mr. Primrose is expedited, and that Government hope that it would be found possible to entrust his duties to a younger Officer at the close of the current official year).
5. „ B. Ramaswami Iengar, Extra Assistant Commissioner, one year.
6. „ D. A. Ballard, Superintendent of Police, one year.
7. „ M. Krishnaiengar, Extra Assistant Commissioner, one year.
8. „ V. N. Gopalaiengar, ditto.
9. „ Hema Hanumantaiya, ditto.
10. „ B. Srinivasa Rao, Munsiff, one year.
11. „ T. R. Thanasami Chetti, Acting Deputy Registrar, Chief Court, one year.
12. N. Krishnappa, Amildar, one year.
13. P. Sitaramaiya, ditto.
14. T. S. Krishna Rao, ditto.
15. G. Tirumarnaiengar, Deputy Amildar, one year.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller to the Government of Mysore.
The Superintendent, Revenue Survey in Mysore, for information and communication to Mr. D. Appu Rao.
The State Geologist in Mysore.
The Registrar, Chief Court of Mysore.
The Deputy Commissioners, Mysore, Kolar, Tumkur, Hassan, Shimoga, Kadur and Chitaldrug Districts, for information and communication to the Officers concerned.
The Inspector General of Police in Mysore.
The Superintendent, Government Printing.

READ—

Letter No. 3831—467-99, dated the 7th August 1900, from the First Assistant to the Resident in Mysore, requesting that an Officer may be deputed and arrangements made for the collection of traffic statistics in connection with the projected Mysore and West Coast Railway.

No. 2896-906—MIS. 581, DATED BANGALORE, 23RD AUGUST 1900.

ORDER THEREON—As requested in the above, Mr. K. P. Puttanna Chetty, Deputy Commissioner, Bangalore district, will be deputed for a period of about two months on special duty for the collection of traffic statistics in connection with the projected Mysore and West Coast Railway. He will at once make over charge of the Bangalore district to Mr. B. K. Venkatavaradaiengar, and receive instructions from the Secretary to Government, Public Works Department and Railways, as regards the statistics to be collected and, after completion of the work, submit his report to the Railway Department through this office.

2. The Deputy Commissioners of districts are requested to give to Mr. Puttanna Chetty, promptly, all needful assistance in connection with the special duty entrusted to him.

READ THE FOLLOWING—

Government of India, Home Department Ecclesiastical letter No. 276—85, dated Simla the 30th June 1899.

No. 27, Eccl., dated 16th February 1899.

I am directed to forward a copy of a despatch with enclosures from Her Majesty's Secretary of State on the subject of the rules for the care of graves.

2. His Lordship has remarked, with reference to a case that has arisen in Burma, that Rule XX * of the rules for the care and use of Government cemeteries is one that, from the nature of the case, requires to be administered with great care and tact; and that there should be no allusion, in any communication made or any advertisement published under the rule, to the action which will be taken if the graves are not repaired. If, in consequence of such communication or advertisement, any inquiry on this subject is made, it will be sufficient to reply that "the graves cannot be kept up in their original condition at Government expense, but that measures will, in any case, be taken to preserve carefully any slab or inscription which may have been placed upon them." In all cases, moreover, the longest possible space of time should be allowed to elapse before the graves are interfered with in any way, provided that their condition is not such as to be inconsistent with the keeping of the cemetery in decent order in the manner directed in Rule III.

* Published in Home Department Notification No. 178, dated the 21st May 1897.

3. I am to forward a copy of a Notification No. 275, dated the 30th June 1899, revising Rule XX, in the sense indicated by the Secretary of State, and I am also to request that instructions may be issued to all officers concerned with the charge of cemeteries, enjoining care in the administration of the rules and the observation of the instructions contained in the second paragraph of this letter.

(To Burma only.)

4. A slight change has also been made in the parts of the rule dealing with monuments erected by or over the graves of British soldiers and Non-Commissioned Officers. (In accordance with the rule as it now stands, the cost of maintaining the graves of the four British soldiers buried at Meiktila, mentioned in the despatch from the Secretary of State, should be defrayed by the State.)

No. 3033-41—Mis. F. 160-92, DATED BANGALORE, 27TH AUGUST 1900.

ORDER THEREON—Communicated to the Deputy Commissioners of districts and the Secretary, Public Works Department, in continuation of Government Notification No. 1400—Mis. F. 160-92, dated the 28th July 1900, publishing the revised Cemetery Rules.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Secretary to the Government of Mysore, Public Works Department.

GENERAL (PLAGUE)

Proceedings of the Government of Mysore,

No. Pg. 70.

OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 2nd August 1900.

NOTIFICATION.

The following Notification No. 572, dated the 10th July 1900, issued by the Government of Madras, is re-published for general information :—

In modification of Notification No. 541, published on pages 181 and 182, Part I-A, of the *Fort St. George Gazette*, dated the 26th June 1900, the following places in India are declared to be infected with plague :—

In the Madras Presidency—

(1) The village of Bagalur in the Hosur Taluk of the Salem District.

Outside the Madras Presidency—

(2) The City of Bangalore and the Civil and Military Station of Bangalore; the taluk of Bowringpet in the Kolar District; the taluk of Tiptur in the Tumkur District; and the taluks of Mysore and Nanjangud in the Mysore District.

(3) The District of Lingsugur in the Hyderabad State.

(4) The Bombay Presidency including Sind.

(5) The City of Calcutta.

(6) The Districts of Saran, Patna, Howrah, Monghyr, Hooghly, and the 24-Parganas in Bengal.

(7) The City of Nagpur in the Central Provinces.

(8) The Districts of Jullundur and Hoshiarpur in the Punjab.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

Memo No. Pg. 71.

Copy forwarded to the Plague Commissioner in Mysore, for information.

No. Pg. 79, Dated Bangalore, 7th August 1900.

The following Notification No. 163, dated the 13th July 1900, issued by the Resident at Hyderabad, is re-published for general information :—

With reference to Part II of the rules published in Residency Orders, Notification No. 41, dated the 9th February 1899, and in modification of Notification No. 121, dated the 28th May 1900, it is hereby notified for general information that the following areas in India have been declared to be infected with plague :—

Area.	Portion infected
Bengal	The city of Calcutta and the districts of Howrah, Patna, Saran and the 24 Parganas
Bombay	The Bombay Presidency, including only the district of Karachi in Sind.
Central Provinces	The city of Nagpur.
Hyderabad State	The district of Lingsugur.
Madras	The district of Salem
Mysore State	The Civil and Military Station of Bangalore and the districts of Mysore and Tumkur
Punjab	The districts of Hoshiarpur and Julundur.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

Memo No. Pg. 80.

Copy forwarded to the Plague Commissioner in Mysore, for information.

READ—

Letter No. 367, dated the 4th August 1900, from the Plague Commissioner in Mysore requesting sanction to the entertainment, of the following establishment, costing Rs. 200 per mensem for the Mysore City in addition to the establishment sanctioned in Government Proceedings No. Pg. 44-5, dated the 24th July 1900, out of which however, the Pass-Issuing Branch, costing Rs. 68 per mensem, has been dispensed with from 1st July 1900, and stating that the present application for additional establishment is rendered necessary on account of the inadequacy of the existing staff to check the spread of plague which is on the increase in the City, and that the total cost of the establishment for the Mysore City, including the establishment for which sanction is now sought, amounts to Rs. 661 or Rs. 132 more than the amount sanctioned in the Proceedings referred to above, as per proposition statement annexed.

	Rs.	
10 Additional disinfection coolies at Rs. 6 each.	60	To be paid from the date of their entertainment in July 1900.
1 Head Gangman	10	To be employed as occasion arises.
2 Ward Officers on a Plague allowance of Rs. 50 each, Mr. Rangasami Pille, Honorary Assistant Surgeon, to be employed from 1st August 1900, and the other as necessity arises.	100	
2 Nurses at Rs. 12 each	24	One to be paid from date of entertainment in July 1900 and the other from date of entertainment.
1 Watchman in charge of Disinfector and Engine.	6	To be paid from August 1900.
Total ...	200	

No. Pg. 86-7, DATED BANGALORE, 9TH AUGUST 1900.

OFFICE OF THE DEWAN OF MYSORE,
Bangalore, 14th August 1900.

NOTIFICATION.

The following Notification issued by the Government of Madras is re-published for general information :—

Whereas the Governor of Fort St. George in Council is satisfied that there is danger of an outbreak of plague at Nagore near Nagapatam in the Tanjore district if persons from the Bombay Presidency, Nagpur in the Central Provinces, His Highness the Nizam's Dominions, the Mysore Province and other plague-infected parts are permitted to assemble at that place on the occasion of the ensuing Kandiri festival.

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, His Excellency the Governor in Council prohibits the attendance at the said festival, from the 10th September to the 8th October 1900, both days inclusive, of persons from the places mentioned above. All pilgrims proceeding to the festival in contravention of this Notification will be turned back.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, for publication.

Memo No. Pg. 89.

Copy forwarded to the Plague Commissioner in Mysore for information.

No. Pg. 90, dated Bangalore, 14th August 1900.

The following Notification No. 604, dated the 24th July 1900, issued by the Government of Madras, is re-published for general information :—

Under the provisions of the Epidemic Diseases Act, 1897, His Excellency the Governor of Fort St. George in Council is pleased to issue the following rules in continuation of Notification No. 531, published in the *Fort St. George*, dated 5th July 1898, Part I—A, page 194, which is hereby amended by the substitution of the word "Coimbatore" for "Podanur" :—

(1) All railway carriages containing passengers from plague-infected parts holding tickets to Mettupalaiyam or to stations on the Nilgiri Railway shall be locked before arrival at the Coimbatore railway station.

(2) After the train has entered the Coimbatore railway platform, the locked carriages shall be opened and each passenger coming or believed to have come from an infected part shall be examined by the Medical Officer, who will give him a passport if there are not sufficient grounds for detaining him under the Plague Regulations.

(3) The Madras Railway Company shall not carry any such passenger beyond Coimbatore unless he produces a passport signed by the Inspecting Medical Officer.

2. Notification No. 638, published on page 240, of Part I—A of the *Fort St. George Gazette*, dated 9th August 1898, is cancelled.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, for publication.

Memo No. Pg. 91.

Copy forwarded to the Plague Commissioner in Mysore for information.

READ—

(1) Letter No. 8330, dated the 29th June 1900, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to submit herewith the budget estimate of the Plague Department for the month of July 1900 and to state that, as proposed in my letter No. 8134, dated 30th May 1900, a provision for Rs. 10,000 is again made for payment of compensation for houses already demolished and for the removal of *debris* in the Bangalore City, the provision made last month not being sufficient to meet these charges and the excess expenditure of Rs. 4,496-12-0 incurred by the President from November 1899.

2. If, as usual, the pay of the Officers of the Revenue and Medical Departments, amounting to Rs. 450, be debited to their respective Departments, the expenditure on account of plague preventive measures for July 1900 will be Rs. 15,673-15-4 or Rs. 3,102-14-4 less than the amount provided for in the budget for in the current month, the estimated expenditure on account of plague preventive measures *proper* being only Rs. 5,673-15-4 (exclusive of Rs. 450 above referred to) after deducting the special grant of Rs. 10,000, made for sanitary improvements in the Bangalore City.

(2) Letter No. 275, dated the 30th July 1900, from the same Officer.

I have the honor to submit herewith, for favor of sanction, the budget estimate of the Plague Department for the month of August 1900, amounting to Rs. 12,599-1-2. This includes the sum of Rs. 5,000 provided for payment of compensation for condemned houses and cost of removal of *debris* in the Bangalore City, for which a sum of Rs. 10,000 has been applied for by the President on the ground that, out of the provision of Rs. 10,000 made in the budget for June 1900, a sum of Rs. 4,496-12-0 was appropriated for meeting the excess expenditure incurred under certain heads from November 1899 and that a sum of Rs. 1,498-15-2 only was spent for the purpose in the month of June 1900.

2. Deducting, as usual, the sum of Rs. 510 (*vide* statement attached), being the pay of Officers and subordinates of the Revenue and Medical Departments, the estimated expenditure for August will amount to Rs. 12,489-1-2 or Rs. 3,184-14-2 less than the estimated expenditure for July 1900.

No. Pg. 96-7, DATED BANGALORE, 16TH AUGUST 1900.

ORDER THEREON—Sanctioned, with the observation that the question of the continuance or otherwise of the office of the Plague Commissioner as a separate appointment and of his establishment is reserved for further consideration.

The following Notification No. 624, dated the 31st July 1900, issued by the Government of Madras, is re-published for general information :—

In modification of Notification No. 572, published on page 194, Part I—A of the *Fort St. George Gazette*, dated the 10th July 1900, the following places in India are declared to be infected with plague :—

In the Madras Presidency :

(1) The villages of Bagalur and Acchattipalli in the Hosur taluk of the Salem district.

Outside the Madras Presidency :

(2) The City of Bangalore; the Civil and Military Station of Bangalore; the City of Mysore and the taluk of Kunigal in the Tumkur district.

(3) The District of Lingsugur in the Hyderabad State.

(4) The Bombay Presidency, including Sind.

(5) The City of Calcutta.

READ—

Letter No. 569, dated the 21st August 1900, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

In forwarding herewith copy of letter No. 68, dated the 16th August 1900, with its enclosure, from the President, City Municipality, Mysore, requesting sanction to the entertainment of additional establishment costing Rs. 611, I have the honor to state that as plague has considerably increased in the Mysore City and as some difficulty is experienced in finding out promptly, cases of plague, I have in anticipation of sanction authorized the President to entertain the additional establishment and request that Government sanction may be obtained for the same.

ENCLOSURES TO THE ABOVE.

Letter No. 68, dated the 16th August 1900, from the President, City Municipality, Mysore, to the Plague Commissioner in Mysore.

Owing to the increase of plague in the City and the difficulty experienced of late in finding out the attacks it has been considered necessary to increase the establishment and provide for the getting of accurate information of the number of attacks and deaths.

People have also been readily coming forward to obtain death certificates, but as personally observed by you there is at present no means of checking the number of deaths.

As instructed therefore in person the system of watching the burial grounds has once again been put into force as also the system of supervision of houses in view to find out the sick cases.

Twenty-one supervisors for the seven mohallas and eighteen watchmen for the nine burial grounds have been entertained in anticipation of sanction from the 15th of this month.

As the increase of plague has necessitated the disinfection of a large number of houses and as there are possibilities of a larger number of people seeking admission into the Plague Hospital and Segregation and Contact Camps, it is considered necessary to increase the staff on the Disinfecting establishment and strengthen that of the Erangere Plague Hospital.

In view to provide for the above necessities a proposition statement showing what is thought as being absolutely necessary now is herewith submitted and I request the favor of an early sanction thereto.

Memo No. Pg. 129A.

Copy forwarded to the Plague Commissioner in Mysore, with reference to his No. 630, dated the 25th August 1900.

No. Pg. 130, dated Bangalore, 29th August 1900.

In exercise of the powers conferred by Section 2 of the Epidemic Diseases Regulation, 1897, the Government of Mysore are pleased to appoint the Railway Station at Mysore City to be an Inspection Station and further to prescribe the following temporary Regulations : —

1. No passenger train shall leave the Mysore City in the direction of Nanjangud or Bangalore until the inspection hereinafter provided has been carried out and until the guard in charge of such train has obtained a certificate from the Inspecting Officer at the Mysore City Station to the effect that all persons proceeding by the said train, whether Railway servants or passengers, are free from the bubonic plague.

2. Every passenger who leaves Mysore by rail shall be inspected at the Railway Station by the Inspecting Officer on duty, and the servants of the Railway Company shall afford such assistance as the Inspecting Officer may deem necessary for the purpose of such inspection.

3. The Inspecting Officer is empowered to examine all persons intending to leave by such train and to forward under proper escort such as are suffering from the bubonic plague to such places in the Mysore City as may be appointed for the accommodation of such persons.

4. Any person disobeying any of these Regulations or any orders issued thereunder by the Inspecting Officer, shall be deemed to have committed an offence punishable under Section 188 of the Indian Penal Code, and shall be liable, on conviction before a Magistrate, to be punished with imprisonment of either description for a term which may extend to six months or with fine which may extend to Rs. 1,000, or with both.

EDUCATION

Proceedings of the Government of Mysore,

READ —

Letter from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments, Bangalore, No. 3664, dated 26th June 1900.

With reference to Government Order No. 10184-6—Ed. 404, dated 9th March 1900, I have the honor to state that on receipt of the above, I at once instructed Dr. S. V. Ramaswamiengar to take a census of the character of the eye-sight of the pupils and students in attendance at the Central College. I regret that there has been some little delay in the submission of the report, but this was partly due to the Vacation which took place.

The report is an interesting one showing, as it clearly does, the influence of age and study, more especially study, in determining the deterioration of sight. The suggestions made by Dr. Ramaswamiengar appear to me to be both sound and practicable and should, in my opinion, be carried out as far as possible though, no matter what rules are laid down, the fact that many students will work at nights, in not too well ventilated and badly lighted rooms, will always remain an important factor, and one that it is difficult to legislate for. For those who can afford it, glasses to correct errors of vision should be used, and where students are too poor to buy glasses, Government might assist them.

The report is carefully drawn up and Dr. Ramaswamiengar deserves credit for the able way in which he has carried out his duties.

From the Government Oculist, Bangalore, to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, Bangalore.

No. 107, DATED 25TH JUNE 1900.

With reference to the Proceedings of the Government No. 10184-6—Ed. 404, dated Bangalore 9th March 1900, I have the honor to submit a report on the qualitative tests of eye-sight of the pupils of the Central College. The results of my examination I embody under two heads as will be seen in the accompanying charts :—*i. e.*

I Classification of pupils according to classes in which they are studying.

II Classification of pupils according to their ages—which for the sake of convenience I have divided into :

(1) Up to 17 years of age.

(2) From 17 years upwards.

A careful study of the two charts clearly shows that the eye-sight of pupils seems to be undergoing deterioration as they advance in their studies and in age, since the percentage of abnormal vision is greater in the College classes and in those who are over 17 years of age ; and that the abnormal vision, either inherited or acquired, finds it difficult to bear the strain that is imposed upon it while running the race to pass examinations—the general capacity for nervous and muscular work being in them less than in normal vision.

In order to preserve whatever fund of energy they may have when they begin their studies, I would suggest :—

(1) That the eye-sight of all boys should be tested both upon entrance into school and at stated intervals.

(2) That in the interests of their children, the first and primary importance of preventing deterioration of eye-sight may be impressed upon parents.

(3) That as far as possible close application to studies, habitual and continued hard work at books, printed well or otherwise, using indifferent light, should be discouraged,

(4) That attention should be given to the distance and location of *black boards* to prevent their being placed at so great a distance from any boy as to necessitate a strain in order to see, and to carefully avoid a position where rays of light will reflect upon their surface in such a manner as to obscure the characters inscribed thereon. Similar care should be given to the placing of maps. Some investigators believe in doing away with black boards entirely, and substituting therefor white surfaces and black crayons, as black writing on white back ground can be read at a greater distance than the reverse.

(5) That a seeing competition by regular field exercises, such as signalling with flags of various colors should be instituted, for the habitual use of the eyes in looking at objects which are on the verge of visibility, should be encouraged as they have a decided tendency to promote the growth of nerve fibres and thus increase the power of faculty to which they are subservient.

No. 2203-5—Ed. 86, dated Bangalore, 14th August 1900.

Order thereon—Government observe that the eye-sight of 171 pupils of the High School classes and of 162 students of the College branch of the Bangalore Central College was tested with the deplorable result that more than 71 per cent of the former and 82 per cent of the latter were found affected with abnormal vision. It has also been ascertained that the eye-sight of youths was undergoing greater deterioration as they advanced in their studies and age.

2. Government desire that the purport of Dr. Ramaswami Iyengar's report should be made known generally to the parents and guardians of the pupils, with a view to ensure speedy and active efforts on their part in checking the deterioration now brought to notice.

3. Government concur with the Senior Surgeon in thinking that the adoption, as far as possible, of the suggestions contained in the report will be productive of material improvement in removing the defects of vision among students and will tend to confine the diseases of the eye within narrower limits.

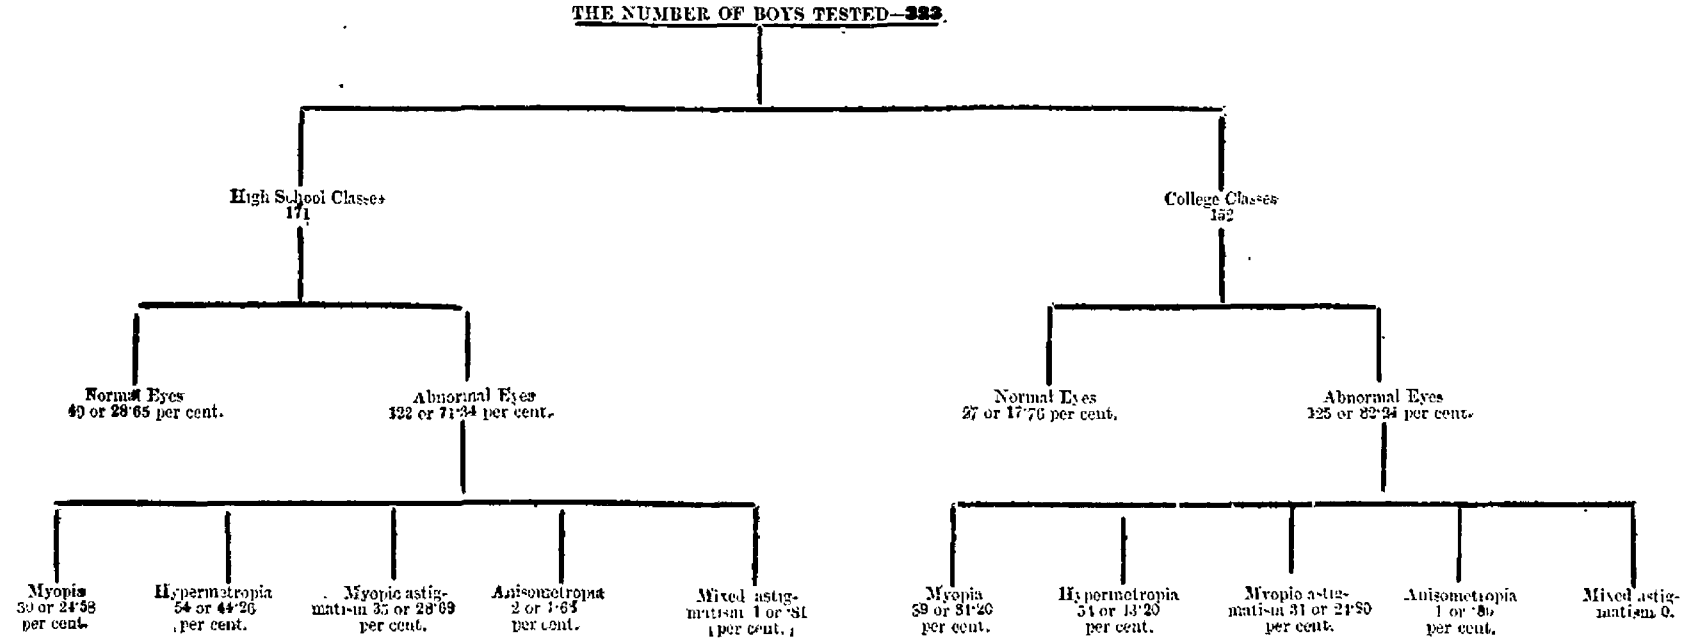
4. The Senior Surgeon will be requested to convey to Dr. Ramaswami Iyengar the thanks of Government, for his interesting and valuable report which illustrates the necessity for a census being taken of the character of the eye-sight of pupils in all Schools and Colleges in Mysore. The Government will be glad to have the opinion of the Inspector General of Education on this point.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Principal, Central College, Bangalore.
The Inspector General of Education in Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

CHART I.

Classification of Pupils according to Classes in which they are studying.



TERMS EXPLAINED:—

MYOPIA—Short sight.

HYPERMETROPIA—Flat eyes.

MYOPIC ASTIGMATISM—When the focus of the horizontal rays is situated on the retina while the focus of the vertical rays is situated in front of the retina.

ANISOMETROPIA—Means difference in the refraction of the two eyes—one being Myopic, Hypermetropic or Astigmatic while the other is Emmetropic or Annetropic in a way different from its fellow.

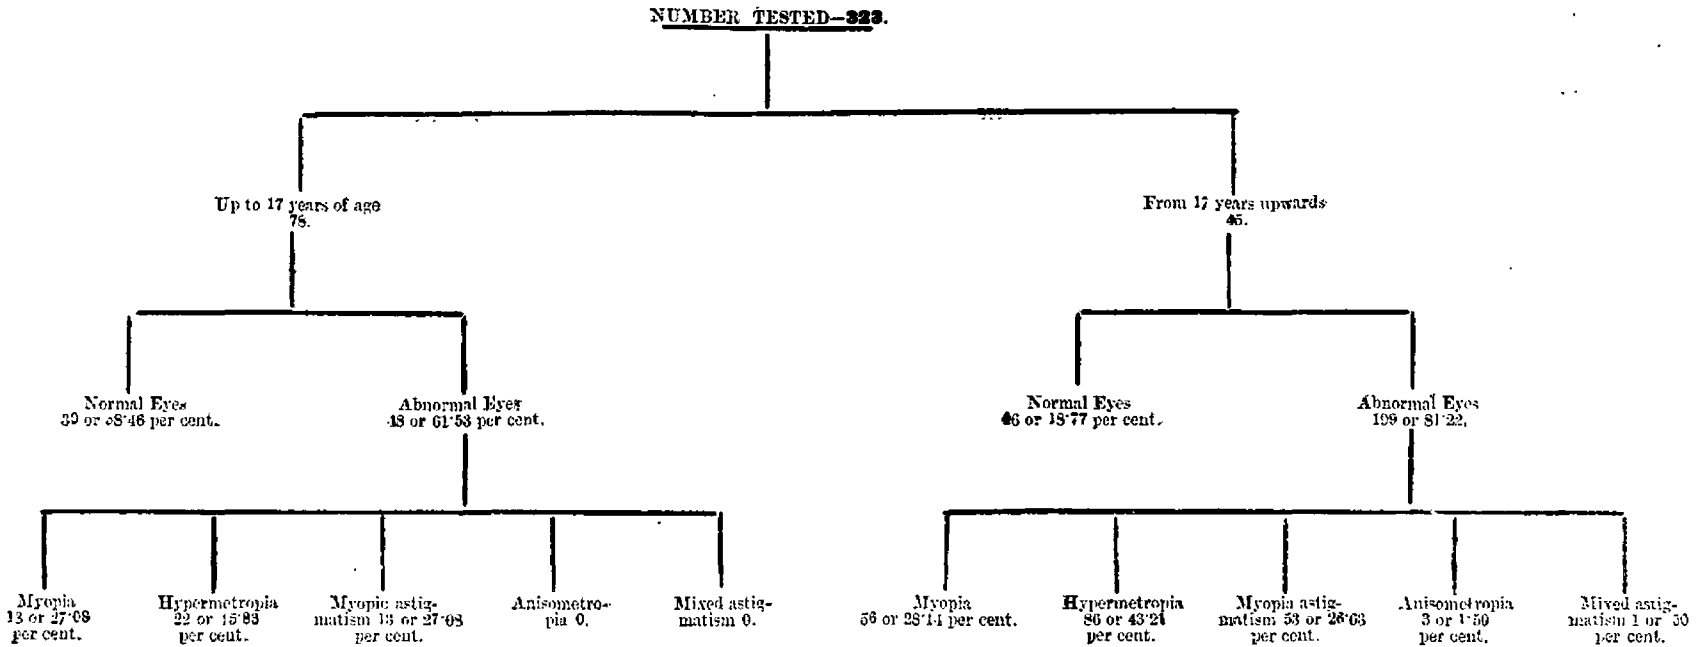
MIXED ASTIGMATISM—When the focus of the horizontal rays falls behind the retina and the focus of the vertical rays in front of the retina.

CHART II.

Classification of Pupils according to their Ages.

(1) Up to 17 years of age.

(2) From 17 upwards.



READ—

Letter No. 10574—191, dated 3rd May 1900, from the Inspector General of Education in Mysore.

I have the honor to inform you that Government do not sanction menial servants for Village Schools. It is expected by Government and has been a long established custom that the village totis and talaris should keep the Village School house and its surroundings clean, under the orders of the village patel. I regret, however, to inform you that many patels and some Revenue officers do not recognise the work of keeping the school house and its surroundings clean, as a portion of the duties of village servants. Under these circumstances, express orders are required calling upon the Deputy Commissioners to impress on the minds of the Amildars the duty of seeing that the patels in the villages within their jurisdiction utilize the services of the village servants and keep the school house and its surroundings clean. The patels should also help the school masters by giving the services of the village servants occasionally to carry the post and parcels of books or school apparatus, when necessary, from one village to another. I request that Government may be pleased to pass early orders on this subject.

2. D. O., dated 16th July 1900, from the same Officer affording some further information called for by this office.

No. 2263-71—ED. 88, DATED BANGALORE, 15TH AUGUST 1900.

ORDER THEREON—The Government observe that peons or sweepers are not allowed to Village Schools as in Taluk Schools, and that the former must therefore look to village servants for all necessary help in the directions indicated in the letter read above. The Deputy Commissioners of districts will accordingly be requested to issue instructions to Amildars in view to such help being readily given to Village School Masters who will be enjoined to be careful that the services of the village servants are not abused in any way to the detriment of their other important duties in the village. The services of Municipal or Local Fund sweepers, wherever available, should also be utilized for the above purpose.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education in Mysore.
The Deputy Commissioners of Districts.

READ —

Correspondence ending with letter No. 7397—337, dated 10th February 1900, from the Inspector General of Education in Mysore, on the subject of revising the scale of scholarships in the Industrial School, Mysore.

No. 2394-95—ED. 93, DATED BANGALORE, 17TH AUGUST 1900.

ORDER THEREON—The correspondence read above makes it clear that no fixed scale has been followed hitherto in the award of scholarships, which, both as to number and rate, have varied from year to year according to actual requirements, without exceeding the originally sanctioned provision of Rs. 1,800. This provision having been since raised to Rs. 2,400 it is now proposed to fix the number and value of the scholarships in the different classes of the School. The new scale includes seven scholarships of Rs. 5 each. Considering the heavy expenditure that is being incurred in the Industrial School, and the very small profits realised, Government deem it undesirable to raise the present maximum rate of scholarship from Rs. 3 to Rs. 5. These seven (7) scholarships will accordingly be reduced to Rs. 3 each, bringing down the monthly total from Rs. 200 to Rs. 186 as per details in the statement appended, which is hereby sanctioned.

Statement showing the Number and Scale of Scholarships for each Class in the School.

No.	Class.	Number of scholarships.	Rate or scale.	Amount.	Total.
			Rs.	Rs.	Rs.
1	Carpentry and wood-carving class	5 5 8	3 2 1	15 10 8	33
2	Masonry class	3 4 8	3 2 1	9 8 8	25
3	Machine class	1 4 8	3 2 1	12 8 8	28
4	Rattan-work class	1 4 8	3 2 1	12 8 8	28
5	Drawing class	2 1	3 2	6 2	8
6	Blacksmiths' and fitters' class	5 3 7	3 2 1	15 6 7	28
7	Pottery and modelling classes	5 6 9	3 2 1	15 12 9	36
	Total ...	...	...	...	186

2. In the Annual Report of the School, special mention should be made of the amount availed of as scholarships, the period for which each pupil was employed in the work of each department and the approximate value of labor received in return for the amount paid in scholarships.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education in Mysore.
The Comptroller to the Government of Mysore.

READ—

Letter No. 458—20, dated 19th July 1900, from the Inspector General of Education in Mysore, submitting the State Fund budget estimates of the Education Department for the year 1900-1901, with an explanatory memo.

II. The following communications from the same Officer.—

(1) Letter No. 389—15, dated 17th July 1900, submitting a statement of building grants to be awarded during the year amounting nearly to Rs. 10,473.

(2) Letter No. 390—16, dated 17th July 1900, submitting a list of schools requiring new monthly grants-in-aid aggregating Rs. 1,332 a year

(3) Letter No. 391—17, dated 17th July 1900, submitting a statement of schools requiring increases of grants amounting to Rs. 3,198 a year.

(4) Letter No. 487—23, dated 19th July 1900, requesting the sanction of Government for Rs. 50,000 required from State Funds as appropriations on account of building works during the year 1900-1901, and also for raising the normal fixed provision of Rs. 10,000 for buildings in the budget estimates to Rs. 20,000, the former being found insufficient.

No. 3144-5—ED. F. 2-96, DATED BANGALORE, 30TH AUGUST 1900.

ORDER THEREON—The budget estimates of the Education Department as submitted by the Inspector General with the first of the letters read above were as follows:—

	Sanctioned estimates for 1899-1900.	Proposed estimates for 1900-1901.	Difference	
			Decrease.	Increase.
	Rs.	Rs.	Rs.	Rs.
Receipts	93,857	94,367	..	510
Expenditure	6,61,281	6,58,441	2,840	

2. *Receipts.*—The increased provision of Rs. 510, under 'Receipts' consists of the following two items and is accepted:

(i) Rs. 200, being the increase in the amount of income from fees expected from five of the Vernacular Schools converted into Anglo-Vernacular Schools.

(ii) Rs. 310, being the contribution payable from the 1st July 1900, by the Municipality of Closepet towards the cost of Vernacular Middle and Primary Schools in accordance with Government Proceedings No. 11-20—L. F. 116-93, dated 12th October 1894.

3. *Expenditure.*—(a) The amount of Rs. 6,58,441 estimated by the Inspector General under 'Expenditure' includes only the sanctioned charges.

(b) The following additional charges which were sanctioned since the submission of the budget to Government, have been provided for:—

(i) Rs. 563, for the purchase of an additional carriage for the use of the Maharani Girls' School, sanctioned in Government Proceedings No. 2562-63—Ed. 103, dated 20th August 1900.

(ii) Rs. 100, for raising temporarily the provision for contingencies of the Central Book Depot from Rs. 800 to Rs. 900 pending final orders on the Inspector General's letter No. 9279—426, dated 30th March 1900, which is now before Government.

(c) *Besides the above, the Inspector General has submitted certain other* proposals to provide additional allotments under different heads. Some of these received during the latter part of the last official year were reserved for final orders of Government in connection with the budget, while the others which were received along with the budget are referred to in the four communications cited above. The above proposals were duly considered and the amounts sanctioned on account of them are included in the budget as per details given below :—

MAJOR HEAD III "INSTRUCTION" (ENGLISH) COLLEGES AND SCHOOLS.

(i) Rs. 240, for appointing a Sanskrit Pundit for the High School at Channapatna, in Class III of Pandits and Munshis (Rs. 20—2/1—30). (*Vide* the Inspector General's letter No. 9672-449, dated 9th April 1900 and Government Order No. 11592—Ed. 488, dated 19th April 1900).

(ii) Rs. 288, for granting increases of pay to the menial establishment of the Shimoga College and for appointing additional menial servants to the seven High Schools as per details in the statement A attached. (*Vide* the Inspector General's letter No. 9203—422, dated 28th March 1900 and Government Order No. 11514—Ed. 480, dated 17th April 1900).

MAJOR HEAD IV "TALUK SCHOOLS."

(iii) Rs. 3,472—,

Rs. 306	on account of	house rent.	For the A.-V. Schools.	To meet applications on hand (as per details in the Statement B attached).
Rs. 24	"	contingencies.		
Rs. 612	"	house rent.	For the Ver. Schools.	
Rs. 138	"	contingencies.		
Rs. 792	"	cart hire for Hindustani Girls' Schools.		
		and		
Rs. 500	"	house rent.	For the A.-V. Schools.	To meet future applications.
Rs. 300	"	contingencies.		
Rs. 500	"	house rent.	For the Ver. Schools.	
Rs. 300	"	contingencies.		

(*Vide* the Inspector General's letter No. 8081-368, dated 24th February 1900 and Government Order No. 11089-90—Ed. F. 21-96, dated 7th April 1900.)

(iv) Rs. 6,084, for new schools both Anglo-Vernacular and Vernacular to be opened during the year 1900-1901, (as per details in the Statement C attached). (*Vide* Inspector General's letter No. 9202—421, dated 27th March 1900 and Government Order No. 11514—Ed. 480, dated 17th April 1900.)

(v) Rs. 7,344, for additional teachers and menial servants required for the Anglo-Vernacular and Vernacular Schools (as per details in the Statement D appended). (*Vide* the Inspector General's No. 9137—418, dated 26th March 1900, and Government Order No. 11514—Ed. 480, dated 17th April 1900.)

(vi) Rs. 480, for the appointment of two Mistresses on a monthly salary of Rs. 20 in the Lashkarmohalla Hindustani Girls' School, Mysore. (*Vide* the Inspector General's letter No. 9436—438, dated 4th April 1900 and Government Order No. 11514—Ed. 480, dated 17th April 1900.)

(vii) Rs. 20,000, the Inspector General has reduced the budget estimates for Taluk School buildings to the normal provision of Rs. 10,000 and has separately submitted with his letter No. 487—23, dated 19th July 1900, for the consideration of Government, a list of such works. The probable appropriations required during the current year, on account of all of them are estimated at Rs. 63,957, while the Inspector General thinks that this large amount cannot be worked out in full during the year. He therefore recommends that the allotment for buildings for the current year be fixed at Rs. 50,000 inclusive of the normal provision. He also recommends that the normal fixed provision of Rs. 10,000 for building in the budget estimates be permanently raised to Rs. 20,000. Owing to the present financial pressure Government are not prepared to raise the above grants to the extent recommended. Having regard to the fact that the provision of Rs. 30,000, made for buildings for the last two years was not fully utilized, Government are willing that the same provision of Rs. 30,000 be repeated for this year also, to provide for the works more urgently called for. A detailed statement of the allotments to be made out of this provision should be submitted as required last year.

MAJOR HEAD V "GRANT-IN-AID."

(viii) Rs. 120, for raising the grant-in-aid of the Hassan Students' Home, Hassan, from Rs. 35 to 45 (*vide* correspondence ending with the Inspector General's letter No. 10778-510, dated 11th May 1900 and this office docket No. 12754—Ed. F. 42-96, dated 23rd May 1900).

(ix) Rs. 10,743, on account of building grants to be awarded during the year 1900-1901 as per details in the statement E. attached. This is sanctioned in addition to the normal provision of Rs. 5,000 which will be available for meeting future applications. (*Vide* the Inspector General's letter No. 389—15, dated 17th July 1900 cited above).

(x) Rs. 1,332, on account of monthly grant-in-aid to the new schools (as per details in the statement F. attached). (*Vide* the Inspector General's letter No. 390-16, dated 17th July 1900.)

(xi) Rs. 3,198, on account of increases of grants to the existing grant-in-aid schools (as per details in the statement G. attached). (*Vide* the Inspector General's letter No. 391—17, dated 17th July 1900.)

Total Rs. 53,301

Thus the total amount under 'Expenditure' sanctioned for the year 1900-1901 comes up to Rs. 7,12,105 which exceeds that of the past year by Rs. 51,124.

4. With the above remarks the State Fund budget estimates of the Education Department for the year 1900-1901 are sanctioned as per appendix of which an abstract is given below :—

E.—Statement of Building Grants, etc., for 1900-1901.

Name of applicant	Name of School to which grant is applied for.	Estimated cost.	Amount of grant asked for	Amount of grant recommended by the Inspector General and sanctioned by the Govt.	Remarks.
		Rs.	Rs.	Rs	
(1) Rev. D. A. Ress, Wesleyan Mission, Tumkur.	Wesleyan Mission Fort Boy's school, Tumkur.	4,100 ..	2,000	1,500 ...	Mr Rees says that the present building which was erected about 40 years ago will have to be entirely dismantled and that the site is a very prominent one. He asks for a grant higher than the usual proportion of one-third of the estimated cost of the building.
(2) Rev. W. W. Holdsworth, Principal, Wesleyan High School, Mysore.	Wesleyan Mission Girl's school, Old Agrahara, Mysore.	1,053 (building) +100 (furniture) or Rs. 1,153.	550 ..	550	Mr Holdsworth says that the School contains 115 Girls on the rolls and that it has suffered from overcrowding for a long time. Two large rooms have been added to the present School house at a cost of Rs. 1,053 and furniture of the value of 100 Rs. has been provided for the school.
(3) Rev. D. A. Ress, Wesleyan Mission, Tumkur	Wesleyan Mission Holeya Boys' Night school, Tumkur.	250 ..	125	125 ...	Mr Rees says that the School was held in the Kessen Memorial School near the Holgeri before the Plague broke out last year. After its appearance the Holeya houses were pulled down and sites were given to the Holeyas on land behind the Jail. In order to continue the Holeya school it was necessary to erect a school building in the new Holgeri. The building consists of one room 19½'—20½' with 2 windows and a door
(4) Rev. W. W. Holdsworth, Wesleyan Mission, Mysore.	Wesleyan Mission High school for Girls, Mysore.	13,000 ...	6,000	Rs 6,000 if the plan is approved by the Inspector General and the estimated cost comes to not less than Rs 13,000	Mr Holdsworth points out that in Mysore alone the mission schools contain no less than 600 girls and that the proposed building is intended to provide for better accommodation than at present, also to open an upper secondary Department and to arrange for the teaching of English "in accordance with a long standing promise made by the mission." He also represents that the High School is for making adequate provision for the teaching of such girls as cannot get admission into the Maharani's girls' school.
(5) Rev. J. A. Vanes, General Superintendent, Wesleyan Mission in Mysore, Bangalore.	Wesleyan Mission Girls' school, Chamarajpete Extension, Bangalore City.	2,900 (building) +100 (furniture) or Rs. 2,900.	1,450 ..	1,150 ...	Mr. Vanes points out that the building has cost Rs 2,800 and furniture was supplied at a cost of Rs 100.

E.—Statement of Building Grants, etc., for 1900—1901.—*continued.*

Name of applicant.	Name of School to which grant is applied for	Estimated cost.	Amount of grant asked for.	Amount of grant recommended by the Inspector General and sanctioned by the Govt.	Remarks.
		Rs.	Rs.	Rs.	
(6) Rev. W. H. Thorp, Wesleyan Mission, Shimoga	Wesleyan Mission Girl's school, Sigehalli a suburb of the town of Shimoga	2,000 ...	900 ...	900 ..	Mr. Thorp says that the strength of the school is 64, and the average attendance last year was close on 40. The school is now held in a rented building unsuitable for the school. A building of 3 rooms has been proposed to be erected. The building is said to be nearing completion.
(7) Vidwan Bumbhadra Sastri, Adyaksha of the Muttur, sanskrit school	Aided Sanskrit school, Muttur, Sidlaghatta taluk	...	100 ...	Rs. 100 if the extention costs not less than 300 Rs. and plans and estimates are approved by the Inspector General	The Grant asked for is for putting up a new building and for improving the existing building of which one-third was pulled down in connection with the extention of the streets after the out-break of the plague at Muttur. The Adyaksha says that a large portion of the amount required for the two items referred to will be raised by subscriptions with some effort and that Rs. 100 will be a great help from Government as a building grant in-aid of the school.
(8) Rev. D. H. Rees, Wesleyan Mission, Tumkur	Wesleyan Mission Boys' school, for Telugu Malas (Panchama school) in Marikanave.	250 ...	100 ...	100 ...	Mr. Rees points out that the building is for accommodating a school to be opened for Telugu Mala Christians from the neighbourhood of Cuddapa who have settled down in Marikanave to remain till the completion of the project after which they will probably remain in the country as ryots. The school will be a night school. The building measures 75'—51' and is approaching completion. Mr. Rees says that the work of the school will begin in July 1900, when the building is expected to be ready for occupation.
(9) Miss, A. M. S. Smith, Church of England Zenana Mission, Bangalore.	Church of England Zenana Mission, Hindustani Girls' school, Mysore.	35-12-0 ...	17-14-0 ...	17-14-0 furniture grant	The application is for one half of the cost of furniture purchased for the school.
				Rs, 10,742-14-0	

F.—Statement of new Grants-in-aid, 1900-1901.

Name of Applicant.	Name of School to which grant is applied for.	No. on the roll on the 31st December last.	Highest Standard taught.	Total monthly cost of present Establishment.	Average monthly fees from July to December 1899.	Monthly income from other sources than fees.	Amount of grant asked for.	Amount recommended and sanctioned.	Remarks.
				Rs.	Rs.	Rs.	Rs.	Rs.	
1) Davud Khan through the Deputy Inspector of Hindustani Schools.	Hindustani Night School, Fort, Channapatna.	25	II class	8	...	8	15	11. The School should be held in the Anglo Hindi School, one rupee being given to the Peon for the extra work. Abdul Satar Kadri Rs. 5 and the Headmaster Daeravadi School Rs. 5, should be employed.	The Deputy Inspector of Hindustain schools proposes that the school may be held in the building of the Anglo Hindi School so that it may be convenient for the pupils of both the Fort and the Pete. The people want Abdulsatar Khadri to continue to be a teacher and the Deputy recommends that the Headmaster of the Daeravadi Boys' School may be one of the teachers. He recommends that 15 Rs. may be sanctioned for the pay of two teachers at 7 Rs. each and for an allowance of one rupee to be given to the peon of the Anglo Hindi School to do the work of the proposed night School.
(2) Hakim Gulam Mahomed Sahib, Manager of School.	Hindustani Night School, Horapete, Tumkur.	22	Upper Primary	15	...	15	20	10	The Manager says that the subscriptions are insufficient for maintaining the School and that the Headmaster Moulvi Nasuruddin Sahib should be given higher pay as he is an able man.
(3) Mahomed Razaak Khan through the Deputy Inspector of Hindi Schools.	Hindustani Night School Devanhalli.	15	(High standard)	...	...	...	10	Nil.	The School has been working since the 10th December 1899.
(4) Kalandar Khan through the Deputy Inspector of Hindi Schools.	Hindustani Night School, Kankanhalli.	34	Upper Primary (III class)	...	...	...	10	10	The School has been working since the 1st October 1899.
(5) Mahomed Abdul Rahaman through the Deputy Inspector.	Hindustani Night School, Nelamangala.	26	Infant B.class	...	3—5—4	Nil	10	5	
(6) Revarend R. A. Hickling, London Mission, Chikballapur.	London Mission Panchama School, Goribidnur.	10	.....	12	1	12	...	6	Mr. Hickling says that a School once established in Kallodi in Goribidnur Town was discontinued and the same is now re-opened, the work having commenced in January 1900. The language taught is Telugu and the School is for the children of very poor Holeyas Madigas and others working in Arbuthnott's Goribidnur Sugar Refinery.

(7) The Headmaster, Anglo-Vernacular School, Nelamangala.	Kannada Night School, Nelamangala.	14	I Standard	...	...	...	7	5	The School was commenced by the Assistant Master Narasimhaiya of the Anglo Vernacular Schoo in July 1899 and the Deputy Inspector recommends a monthly grant.
(8) The Deputy Inspector of Schools, Chitaldrug.	Kannada Night School, Challakere.	30	III Standard	1—8—0 (for oil &c.)	...	...	10	10	Three teachers of the Anglo-Vernacular School take part in managing the night School which was opend in December 1899. The Deputy Inspector speaks highly of the good work done in the School and recommends 10 Rs. as grant.
(9) Rev. D. A. Rees, Wesleyan Mission, Tumkur.	Wesleyan Mission Boys, Night School, Gulur.	30	I Standard	...	...	...	5	5	Mr. Rees says that the Night School has been carried on by two teachers for the last 18th months without salary.
(10) Do.	Wesleyan Mission Telugu Panchama School for Boys, Marikanave.	...	.....	20	...	10	10	10	Mr. Rees says that a building under construction for a School proposed to be opened in July 1900 is nearing completion and requests that a mothly grant may be sanctioned from the date of opening the School. 30 or 40 pupils are stated to attend it.
(11) Do.	Wesleyan Mission Holeya Boys, Day School, Tumkur.	21	I Standard	13	...	8	8	7	Mr. Rees says that the Night School that was in the old Holgeri before the outbreak of the plague at Tumkur was opened in the new Holgeri on the 18th June 1900 and that besides the Night School a Day School for Holeyas is required as requested by them.
(12) Srinivas Rao through the Deputy Inspector, Shimoga.	Private Anglo Vernacular School, Shimoga.	45	English. IV Kanarese. III	20	19—2—0	...	20	Nil.	The monthly cost of expenditure is distributed thus:— Headmaster ... 15 Rs. Houserent ... 2 Contingencies ... 3 — 20
(13) Rev. W. J. Lawrence, London Mission, Bangalore.	London Mission Panchama School, Pommasandra, Anekal Taluk.	...	.....	15 to 20	...	...	...	5	This is a new School.
(14) Rev. J. A. Vanes, Superintendent of the Wesleyan Mission, Bangalore.	Wesleyan Mission Night School, Gangamacheri, Bangalore.	20	Lower Secondary.	10	0—13—0	...	5	5	Mr. Vanes says that the School was opened in November last and that the remaining amount of expenditure will be met by the Mission.
(15) Do.	Wesleyan Mission Girls, School, Basavangudi Extension, Bangalore.	30	Lower Primary.	21	...	...	12	12	Do Do
(16) Rev. W. J. Lawrence, London Mission, Bangalore.	London Mission Boys, Home Training class, Bangalore.	6	Lower Secondary.	10	...	10	10	10	Mr. Lawrence says that a trained teacher on 15 Rs. and an Assistant master on 8 Rs. have been employed. The class is for preparing for the Government Lower Secondary Teachers certificate.
								Rs. 111 monthly. or Rs. 1,332 per annum.	

G—Statement of increases of Grants-in-aid, 1900-1.

Name of appointment.	Name of School to which increase of grant is applied for.	Number on the roll on the 31st December last.	Total Monthly cost of present establishment.	Average monthly fees from July to December.	Monthly income from other sources than fees and grant-in-aid.	Amount of present grant.	Amount of increase of grant asked for.	Amount recommended and sanctioned.	Remarks.
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	
(1) The Deputy Inspector of Hindustani Schools.	Hindustani Night School, Kunigal.	52	8	...	...	8	4	4 to enable the Manager to have a large rented house at Rs. 4 a month.	The Deputy Inspector reports that the present situation of the school building given gratis does not afford facility for all desiring to learn at night, and proposes that a better house may be engaged on a monthly rent of Rs. 4.
(2) The President of the Committee for the Management of the School.	Industrial School, Melkote.	32	120	...	30	40	60	40 as a special case for a year. The continuance of the increase should depend on the progress shown at the end of the present official year.	Mr. V. N. Narasimhiengar points out that the industries taught in the school cannot be limited to carpentry and weaving and that on the other hand the Committee are anxious to extend the operations of the school into other departments also and to send up the students for the Madras Technical Examination.
(3) Rev. J. A. Vanes, Genl. Supt., Wesleyan Mission, Bangalore.	Wesleyan Mission Madiga Boys' School, Kottenhalli (Channapatna).	100	18	...	13	5	5	5	Mr. Vanes says that the school was inspected by the Inspector General recently and its merits will be easily recognized.
(4) Rev. D. A. Rees, Wesleyan Mission, Tumkur	Wesleyan Mission Fort Boys' School, Tumkur.	99	53	5	38	20	10	5	Mr. Rees says that the attendance will rise still higher after the new building is ready.
(5) Do ...	Wesleyan Mission Girls' School, Maddagiri.	86	50	...	30	15	7	7	Mr. Rees says that the Mission School is working by the side of a Hindu Girls' School at Maddagiri and the school is not behind the Hindu School. Requests that the Mission School may be put on a level with the Hindu Girls' School in respect of a monthly grant of Rs. 22.
(6) Do ...	Wesleyan Mission Fort Girls' School, Tumkur.	153	215	...	150	50	25	25	The expenditure includes the pay of Rs. 100 of the European Lady superintendent, Miss Parsons. The Empress Girls' School, Tumkur, which is a Government School costs Rs. 127.

(7) Rev. D. A. Rees, Wesleyan Mission, Tumkur	Wesleyan Mission Boys' School, Balachondanhalli.	22	18	£ a.	8	5	3	3	Mr. Rees says that the income derived from fees has stopped as no fees are levied in the neighbouring Government Hobli School at Nitrahalli and that the expense of the Mission School has therefore increased.
(8) Risaldar, Chidambara Rao Moray through the Deputy Inspector of Schools.	Mahratti Girls' School, Sowar Lines, Bangalore.	36	12	...	1	12	2	3	The Deputy Inspector recommends the grant to be raised to Rs. 15.
(9) Rev. R. A. Hickling, London Mission, Chikballapur.	London Mission Kannada Panchama School, Siddaghatta.	21	22	...	16	6	4	4	A carpentry class opened in this institution is the chief source of considerable expense in it as stated by Mr. Hickling.
(10) Miss H. Muller, London Mission, Bangalore.	London Mission Girls' Day School, Arlepete, Bangalore.	76	98 6 0	...	60 14 0	37½	10	10 for scholarships for the Lower Secondary Girls; not to be drawn unless actually spent.	Miss Muller says that the increase of grant is required for giving scholarships as the girls leave the school to join the Government School where scholarships are given.
Do ...	Do Hosapete do	55	83½	...	43 0 0	37½	130		
Do ...	Do Cubbonpete do	89	94 10 0	...	47 2 0	37½			
Do ..	Do Kurubarpete do	198	143 12 0	...	105 4 0	37½			
(11) Rev. J. A. Vanes, Superintendent, Wesleyan Mission, Bangalore.	Wesleyan Mission Girls' School, Mavalli, Bangalore City.	140	110	...	...	26	14	9	Mr. Vanes says that the deficiency of expenditure will be borne by the Mission and that the plague has reduced the attendance but not the expenditure.
(12) Do ...	Wesleyan Mission Kannada Boys' School, Akkipete, Bangalore.	56	42	4 3 0	...	12	6	6	Ditto do ...
(13) Rev. W. H. Thorp, Wesleyan Mission, Shimoga.	Wesleyan Mission Girls' School, Sigehalli, a suburb of the town of Shimoga.	61	32	...	...	8	10	8	Mr. Thorp says that the deficiency of expenditure will be borne by the Mission and that Standard II was opened in 1909 when a new teacher was employed on Rs. 6. The salary of the European Lady Superintendent Miss Martyn is not included in the monthly cost as stated by him. The annual cost is stated to be Rs. 400 in future.
(14) Rev. R. A. Hickling, London Mission, Devanhalli.	London Mission Kannada Panchama School, Devanhalli.	18	20	...	12½	2½	2½	2½	The highest standard is Class II.
(15) Rev. J.A. Vanes, Genl. Supt., Wesleyan Mission, Bangalore.	Wesleyan Mission Girls' School, Siddikatte, Bangalore.	150	300	...	...	159	15	15 for scholarships to be drawn as required.	Mr. Vanes says that the increase of grant is required for giving scholarships as their girls leave the school to join the Government Schools where scholarships are granted and that only so much of the increase will be drawn as is actually spent on scholarships.
(16) Rev. W. B. Trewhella, Wesleyan Mission, Gubbi.	Wesleyan Mission Girls' School, Tiptur.	95	32	...	£10 per annum at current rate of exchange.	10	7	7	The increase of grant is required for appointing a sewing and singing master as suggested by the Deputy Inspector of Schools.

G—Statement of increases of Grant-in-aid 1900-1901—*concluded.*

Name of applicant.	Name of School to which increase of grant is applied for.	Number on the roll on the 31st December last.	Total monthly cost of present establishment.	Average monthly fees from July to December.	Monthly income from other sources than fees and grant-in-aid.	Amount of present grant.	Amount of increase of grant asked for.	Amount recommended and sanctioned.	Remarks.
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	
(17) Rev. W. B. Trewhella, Wesleyan Mission, Gubbi.	Wesleyan Mission Boys' school, Adagur.	28	9	1¼	(No. fixed sum.)	4	4	4 a new master is required.	The present standard is the II and it is proposed to establish the III Standard and to appoint an assistant master.
(18) Miss A. M. S. Smith, Church of England, Zenana Mission, Bangalore.	Church of England, Zenana Mission, Hindustani Girls' School, Cubbonpete, Bangalore.	38	70	...	45	25	15	10 for scholarships of Lower Secondary pupils.	The increase of grant is required to give scholarships to senior girls so that they may be induced to continue to study in the school till they pass the Lower Secondary Examination.
(19) Do ...	Church of England, Zenana Mission Hindustani Girls' school, Mysore.	53	93¼	...	68¼	25	15	10 for scholarships of Lower Secondary pupils.	Ditto ditto The present standard is the II. It is proposed to raise the standard to the Lower Secondary stage.
(20) Rev. W. J. Lawrence, London Mission, Bangalore.	London Mission Boys' School, Dommasandra, Anekal Taluk.	72	35	12as	27½	7	8	8	Mr. Lawrence says that the school has been doing good work at a considerable cost to the Mission for many years and that the salaries alone come to Rs. 30 a month.
(21) The Manager of the school through the Assistant Deputy Inspector of Hindustani Schools, Western Circle	Hindustani School, Honnali.	45	25	...	10	15	10	10 provided three efficient teachers are employed.	The increase of grant is for giving promotion to the only teacher at present, for employing two additional teachers and for appointing a peon.
(22) Mr. Amir Hussain, pensioned Subedar Bahadur, Kolar.	Kannada and Hindustani Night School, Kolar.	62	15	...	...	15	15	3	The Manager says that the subscriptions have not been paid for the last two years and that it is too much to maintain the school with the present Government grant only.
(23) Ahmed Ali Sahib thro' the Assistant Deputy Inspector of Hindustani Schools, Western Circle.	Madrasa Mahomedia, Mandimohalla, Mysore.	145	35	5	...	20	15	10 on condition that better accommodation is provided for the school.	The increase of grant is necessary to give promotion to the present teachers and to appoint new hands.

JUDICIAL

Proceedings of the Government of Mysore,

READ—

Letter No. 335—16, dated 27th July 1900, from the Inspector General of Police in Mysore.

I have the honor to submit to Government a review on the working of "The Coffee Stealing Prevention Act," in the Kadur and Hassan districts for the season ending 31st March 1900.

2. During the year under review, *eight cases were reported as against 19 in the previous year, of which five ended in conviction, one was acquitted, and the remaining two cases were pending with the Magistrates. The Deputy Commissioner, Hassan, reports that there is a very fair chance of securing the conviction of the offenders in the two cases that are pending before the Magistrates. In all the cases the offenders were punished with fines. The Deputy Commissioner, Kadur, reports that the fines were not so heavy as those imposed upon the delinquents in the previous year. The heavy fines of the previous year seem to have had a wholesome influence. For, it is said, that in the Koppa and the Mudgere taluks, where this crime is usually rife, not a single case was reported during the year under review.

*7 Reported.
1 Pending from last year.

3. The following statement shows the distribution of crime by taluks :—

Taluk.	Cases.					Persons.				Fines.	Remarks.
	Reported or pending.	Convicted.	Acquitted or discharged.	Refused.	Pending with Magistrates.	Prosecuted.	Convicted.	Acquitted.	Pending.		
										Rs.	
Mudgere	1	1	...	...	...	1	1	...	...	8	Pending from last year.
Tarikere	1	1	...	...	...	1	1	...	...	1	
Manjarabad-Yeslur Range.	5	3	...	...	2	5	3	...	2	11	
Belur	1	...	1	...	...	1	...	1	...	...	
Total for 1899-1900 ...	8	5	1	...	2	8	5	1	2	20	
Total for 1898-99. ...	19	17	1	...	1	19	17	1	1	191	

4. The services of 10 police constables were lent to private persons to watch the marginally noted estates and their pay, pension and other charges were recovered from the parties concerned. No rewards were ordered by the Magistrates for detective skill or special service of the constabulary in any of the cases brought for trial. As usual, all the jatras, ghat passes, fairs and suspicious places where the barter of coffee would generally be effected were scrupulously watched. The Police have on the whole exercised proper vigilence in the prevention of coffee thefts.

2 Constables for Nidagode Estate.
2 Do Pandur do
3 Do Belagode do
3 Do Bandare do

No. 2057—J. 203, DATED BANGALORE, 9TH AUGUST 1900.

ORDER THEREON—**Only seven cases were reported during the year under the Coffee Stealing Prevention Act as against 19 in the previous year of which five ended in conviction, one in acquittal and two were pending.**

2. It is satisfactory to note that the diminution in the crime is reported to be due to the deterrent effect of the exemplary fines inflicted in the previous year.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Police in Mysore.

READ:—

Report on the Administration of Civil Justice in the Mysore State for the year 1898-99.

No. 2193—J. 252, DATED BANGALORE, 14TH AUGUST 1900.

ORDER THEREON—*Personnel of the Chief Court.*—Mr. Justice C. Meenakshiya retired from the service, with effect from the 20th May 1899, and Mr. Justice Narahari Rao continued to be one of the Judges of the Chief Court.

2. At the close of the year under review there were, besides the Chief Court, two District Courts, four Sub-Judges' Courts and 20 Munsiffs' Courts or 27 Civil Courts in all against 26 in the previous year, the increase being due to the temporary establishment of an Additional Sub-Judge's Court at Mysore on account of the congested state of the file of the District Court. The District and Sessions Court of the Nundydroog Division was abolished during the year, the Original Civil and Criminal jurisdiction of that Court being assigned to the Chief Court.

3. *Pecuniary Jurisdiction.*—For the convenience of suitors in outlying districts, the pecuniary jurisdiction of Munsiffs was raised from Rs. 1,000 to Rs. 2,500 and that of Subordinate Judges from Rs. 5,000 to Rs. 10,000, with effect from 1st April 1899.

4. *Institutions of Suits.*—The total number of Original suits instituted in all the Courts was 20,419 or 7,268 cases less than in the previous year, the decrease being due chiefly to the prevalence of plague in some of the districts of the State. Of the suits instituted, 9,113 were Small Causes, and 11,306 Regular suits, the bulk of the litigation being in the Munsiffs' Courts, which had about 93 per cent of the entire number of suits to deal with. The number instituted in the Sub-Judges' Courts was 1,391 and in the District Judges' Courts 35, against 2,599 and 70, respectively, in the previous year.

5. *Value of Suits.*—The aggregate value of suits instituted was Rs. 32,20,262 against Rs. 41,42,752 in the previous year, showing a decrease of Rs. 9,22,490 which is due to the fall in the number of suits instituted as already noticed.

6. *Classification of Suits.*—The bulk of the litigation during the year consisted of suits for money or movable property based on contracts in writing which numbered 14,491 or about 70·98 per cent. Only 748 suits or 3·66 per cent of the total number related to real property, the remainder being suits of a miscellaneous nature.

7. *Disposal of Suits and Pending File.*—Including the number pending at the close of the previous year, the total number of suits for disposal during the year under review was 27,831, of which 22,539 were disposed of, leaving 5,292 pending at the close of the year.

8. *Duration of Suits.*—The subjoined statement exhibits in one view the average duration in each class of Courts of both contested and uncontested suits as compared with the results of the previous year:—

Classes of Courts.	Uncontested.		Contested.	
	1897-98.	1898-99.	1897-98.	1898-99.
Munsiffs' Courts ...	39·75	49·12	105·6	116·56
Sub-Judges' Courts ...	54·96	54·1	193·27	180·06
District Judges' Courts ...	137·49	114·73	503·95	272·71
Chief Court ...	...	77·70	...	147·75

9. *Execution of Decrees and Insolvency.*—There were 29,919 applications for execution against 34,408 in the previous year. The amount realized in execution of decrees by the issue of process was Rs. 3,72,288, and without the issue of process Rs. 91,624, against Rs. 4,24,540 and Rs. 80,284, respectively, in the previous year. Judgment-debtors were arrested in 738 cases; 188 applications were presented for the benefit of insolvency, but only 34 were granted.

10. *Miscellaneous Cases.*—The number of Miscellaneous Original cases disposed of was 12,585, leaving 1,347 cases pending at the end of the year against 12,357 and 1,558 cases, respectively, of the previous year. The average duration of Contested Miscellaneous cases was 91·86 against 85·20 in 1897-98.

11. *Appeals Instituted and their Disposal.*—The number of Appeals instituted in all the Subordinate Courts during the year under review was 808, which with the number of Appeals pending disposal at the close of the preceding year, amounted to 1,994. Of these, 1,212 cases were disposed of against 656 in 1897-98, leaving 782 pending at the close of the year. The Chief Court had for its disposal, including the number filed, &c., 514 Original Appeals and 302 Second Appeals Of these, it disposed of 189 and 140, respectively, against 300 and 121 in the previous year, leaving 325 and 162 pending at the close of the year. The smallness of the number of Regular Appeals disposed of by the Chief Court is attributed to the increase of Criminal and Miscellaneous work. The number of Miscellaneous Appeals for disposal was 260, of which 188 were disposed of—143 by Subordinate Courts and 45 by the Chief Court, leaving 58 and 14, respectively, pending at the close of the year.

12. In 852 Appeals, the decisions of the Lower Courts were confirmed, while they were modified or reversed in 448, and remanded in 192.

13. There has been an improvement in the average duration of Appeals disposed of in the Courts of the District Judges of Nagar and Ashtagram.

14. *Receipts and Expenditure.*—The total receipts of Civil Courts from all sources during the year under review amounted to Rs. 3,65,262 against Rs. 4,45,376 in the previous year. This decrease of Rs. 80,114 is explained to be due to the prevalence of plague. There was nevertheless a surplus of Rs. 9,717 over expenditure in all the Courts which amounted to Rs. 3,55,545 against Rs. 3,48,858 in the previous year.

15. *Inspection of Courts.*—The only inspection work done during the year was by the District Judge of Ashtagram, who inspected the Courts of the Sub-Judge and Principal Munsiff of Mysore, and of the Munsiffs of Hassan and Nanjangud.

C SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Registrar of the Chief Court of Mysore.

READ—

Letter No. 3287, dated 10th July 1900, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to address you regarding the possession and sale of dynamite and detonators in the Mysore State.

2. Dynamite and detonators are, under Section 4 of the Indian Arms Act XI of 1878, classed as "ammunition," and under the Orders of the Government of India, permission to import ammunition into the Mysore State is granted by the Resident. But under Rule I of the Rules under the Mysore Explosives Regulation published in Mysore Government Notification No. 311 M., dated the 29th June 1898, dynamite is also an explosive of the 3rd (nitro compound) class and detonators are an explosive of Division 3 of the 6th (ammunition) class. Under Rule 5 of the same rules, the possession of these explosives without a license is prohibited; and in Rule 18, it is laid down that licenses for the possession

of such explosives in excess of a quantity of 60 lbs, shall be granted by the Government of Mysore, in accordance with the procedure there specified. It is true that Section 13 of the Mysore Explosives Regulation of 1888, provides that nothing in that Regulation shall affect the provisions of the Indian Arms Act, 1878, as in force in the territories of Mysore. But this provision is clearly intended to prevent the commission of any acts which may be prohibited under the Arms Act, but not prohibited under the Explosives Regulation. It is not intended to prevent the operation of rules under the Explosives Regulation which are supplementary to rules under the Arms Act. The possession therefore of dynamite and detonators in excess of a quantity of 60 lbs. is permitted in Mysore only in accordance with the terms of a license granted by the Mysore Government under Rule 18 of the Mysore Explosives Rules. The possession of a less quantity than 60 lbs. may be licensed by the District Magistrate under Rule 15.

3. The Resident has noticed that certain recent applications for permission to import dynamite and detonators into the Mysore State have been received from persons licensed to possess and sell ammunition under the Arms Act, who are apparently not licensed to possess or sell explosives under Rules 15 or 18 of the Mysore Explosives Rules, and who presumably have not got a magazine the plan and site of which has been approved by Government after a favorable report from a qualified Inspector of Explosives. These applications have been supported by a non-objection certificate from the District Magistrate, who is apparently not aware of the provisions of the Mysore Explosives Regulation and Rules. I append a list showing the quantities of dynamite and detonators for the import of which application has been received since January 1900, and the quantities the import of which has been permitted by the Resident.

4. Unless the Durbar has any objection to urge, the Resident proposes in future to refuse leave to import dynamite and detonators to any person who is not licensed under Rules 15 or 18 of the Mysore Explosives Rules. I am to suggest that these rules should be prominently brought to the notice of all District Magistrates, and that they should be informed of the Resident's decision, and requested to state, when an application is referred to them, whether the applicant is in possession of a license under the Explosives Regulation.

No. 2341-50—J. 263, DATED BANGALORE, 16TH AUGUST 1900.

ORDER THEREON—Communicated to all District Magistrates, for information and guidance.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—All District Magistrates.
The Inspector General of Police in Mysore.
The State Geologist and Chief Inspector of Mines.

READ—

Letter No. 3842—221-92, dated 7th August 1900, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to invite a reference to Captain Erskine's letter No. 3558, dated the 19th July 1898, in which it was laid down that when persons desire to export arms and ammunition from British India for sale in the Mysore State, they should attach to their applications for an export license, certificates of non-objection from the Magistrate of the district to which export is desired.

2. The Agent of Nobel's Explosive Company at Ooregum has hitherto been granted by the Resident, licenses to export explosives to Kolar without the production of the non-objection certificate, prescribed in the above letter, it being assumed that he held a license for the possession of explosives under Rule 18 of the Rules made under the Mysore Explosives Regulation and published in Mysore Government Notification No. 311-98, dated the 29th June 1898. But the Agent on being asked to furnish a copy of his license for record in the Resident's office, has replied that he holds no such license.

3. You have recently been informed in my letter No. 3287, dated 10th July 1900, that the Resident proposes in future to grant no license for the export from British India to Mysore of dynamite, detonators and other similar explosives to persons, who do not hold licenses, to possess explosives under the Mysore Explosives Rules. In view of the inconvenience which might result to the Mining Companies, the Resident will not immediately enforce this rule in the case of Nobel's Explosive Company; but I am to request that the necessary action may be taken at an early date to have the procedure prescribed by the Mysore Explosives Rules complied with, and that when a license is granted a copy may be furnished to this office. I am also to point out that under Rule 38, the license expires on the 31st December of every year and has to be renewed. I am to ask that a copy of this renewed license may be furnished every year.

4. The licenses in question will be granted in Form E attached to the Mysore Explosives Rules and under the fifth column of that form, the amount of explosive to be possessed at the same time in the Magazine must be stated. It will, therefore, be undesirable for the Resident to issue export licenses to Messrs. Nobel & Co., without knowing that the quantity to be imported together with the quantity in stock at the time of the application for the license will not exceed the quantity for the possession of which, the Company holds a license. I am accordingly to request that the Durbar will inform the District Magistrate of Kolar that every application submitted by the Agent to this office for export from British India must, in future, be accompanied by a certificate from him to show that at the time of application the amount stored in the Magazine together with the amount indented for will not exceed the amount permitted under column 5 of the license prescribed by Rule 18, the necessary figures being given.

5. The purport of this letter will be communicated to the Agent of Messrs. Nobel & Co., for information.

MEMO No. 2427—J. 266, DATED BANGALORE, 18TH AUGUST 1900.

ORDER THEREON—Copy forwarded to the District Magistrate of Kolar inviting his attention to Government Proceedings No. 1468-70—J. 137, dated 27th July 1898, with a request that the irregularity committed by the Agent of Messrs. Nobel & Co., Ooregum, in having exported explosives to Kolar without proper license therefor, under the Mysore Explosives Rules, as published in Notification No. 311 M—1897-98, dated 29th June 1898, may be pointed out to him and that early steps may be taken to see the mistake rectified by enjoining a strict compliance of the procedure regarding inspection, submission of plan of site with application, and the publication of notice, &c., as prescribed in Rule 18 of the Mysore Explosives Rules, and insisting upon the Agent obtaining from the District Magistrate and submitting to the Residency with every application of his, for exporting explosives from British India, the certificate referred to in para 4 of the above letter.

2. It will be noted that a copy of the license issued in Form E will, on every renewal at the end of its term, have to be furnished to the Residency.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

MEMO No. 2428-35—J. 267, DATED BANGALORE, 18TH AUGUST 1900.

Copy forwarded to other District Magistrates and to the State Geologist and Secretary to Government, Geological Department, and Chief Inspector of Mines, for information.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

READ—

Report on the Administration of Jails and Lock-ups in the State for the year 1898-99, submitted by the Inspector General of Prisons in Mysore.

No. 2643—J. 278 DATED, 21st AUGUST 1900.

ORDER THEREON—The number of Jails and Lock-ups remained the same as in the previous year.

2. The number of prisoners in all the Jails and Lock-ups at the beginning of the year was 868; adding to this the number admitted during the year, *viz.*, 7,375, the total prison population was 8,243 or 903 more than in the previous year. Seventy-five civil prisoners, 4,053 under-trials and 3,011 convicts were discharged from all causes during the year, thus leaving 9 civil prisoners, 133 under-trials and 962 convicts, or in all 1,104 prisoners, at the close of the year. The average daily strength of prisoners increased from 849·446 to 1,040·480.

3. There was a perceptible decrease in the cash net earnings of manufactured articles, &c., which was Rs. 15,839 or Rs. 5,425 less than in 1897-98, an important item of decrease being under the head of "Profits derived from printing work executed in the Central Jail Press," which was Rs. 5,864 as against Rs. 8,411 in the last year. This requires explanation.

4. The total expenditure incurred for the up-keep of the prisoners during the year amounted to Rs. 95,590 as against Rs. 94,491 in the previous year, the increase being chiefly under the heads "Diet," "Hospital charges" and "Contingencies." The increase in rations in the Bangalore Central Jail is attributed to the increase in the average daily number of prisoners admitted in the year from 470 to 672. The Superintendent of the Mysore Jail reports that the increase in his Jail is due to the fact that, owing to prevalence of plague, convicts were given a higher class of diet than they were entitled to. The increase under "Hospital charges" is mainly due to certain bad cases admitted into the Hospital, while that under "Contingencies" is reported to be due to the provision that had to be made for the segregation, &c., of new admissions into the Jail and to the purchase of arms for the Guarding establishment. Deducting from the above the cash profits on manufactures, &c., referred to in the foregoing para, *viz.*, Rs. 15,839, the total net cost to Government was Rs. 79,751, the average net cost per prisoner being Rs. 70-6-1 or Rs. 32-5-3 less than in the last year.

5. The health of the prisoners was not so good as in the previous year, as 30·310 per cent were sick out of a daily average of 1,040·480 prisoners as against 16·116 per cent out of a daily average of 849·446 in the year preceding. Twelve convicts and two under-trials died during the year as against eleven convicts and three under-trials in the previous year, the causes of death being chiefly dysentery, diarrhœa and malarial fever. There were six cases of plague in the Bangalore Central Jail, of which two proved fatal. Arrangements were made to keep the new admissions under segregation and observation, and every care was bestowed to prevent its further spread in the Jail.

6. The accommodation in all the Jails as well as in the District and Taluk Lock-ups is reported to be sufficient.

7. The number of prison offences was 263 and corporal punishment was inflicted in 38 cases as against 63 in the previous year. It is satisfactory to note that the general conduct of the prisoners was good and that the hlers have, since the introduction of the new Ticket-of-Leave Rules, taken a keen interest in doing their work and in helping the Jail authorities in maintaining discipline.

8. One hundred and forty-three convicts as against 133 in the previous year obtained their release under the Remission Rules, and four under Ticket-of-Leave Rules, while three convicts were released on medical grounds by the order of Government.

9. The Report is, on the whole, satisfactory. Its submission is reported to have been delayed by the introduction of the new set of statements which are in force in the Jails in British India. The Government trust that the Inspector General will submit his report for the next official year (1899-1900) punctually before the due date.

Government Proceedings No. 1349-57—J. 148, dated the 27th July 1900, directing the prosecution of R. Papanna and three others for importing 20 lbs. of sulphur from Madras without a license.

No. 2655-63—J. 282, DATED BANGALORE, 21ST AUGUST 1900.

ORDER THEREON—The order for the prosecution of the individuals referred to in the above was based on the assumption that the "seer" mentioned in the Notification of 14th December 1897, No. 7237—J. 803, was the same as the Mysore standard seer of 24 tolas, equivalent to 6067 lbs. Avoirdupois, (*vide* p. 809 of the "Mysore Gazetteer" Vol. I). This assumption, however, turns out to be incorrect, as the seer referred to in the corresponding Notification of the Government of India, from which the Mysore Notification of December 1897 was borrowed, represents 80 tolas, and the importation of 20 lbs. of sulphur by R. Papanna and others without a license is accordingly not illegal. Under these circumstances the order for their prosecution is hereby withdrawn.

To—The Deputy Commissioner, Bangalore District.
The Inspector General of Police in Mysore.

Letter No. 486—40, dated the 8th August 1900, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your docket No. 829—J. 94, dated 19th July 1900, in the matter of preliminary police enquiries into missing goods on the railway, I have the honor to state that though no such rules have been formally laid down for their guidance, the Durbar Police have practically been acting on the lines of the rules framed by the Bombay Government.

The Rules may be formally introduced for the guidance of the Railway Police as suggested.

No. 2717—J. 285, DATED BANGALORE, 22ND AUGUST 1900.

ORDER THEREON—The Government are pleased to direct that the following Rule be strictly observed by the State Railway Police in the conduct of enquiries as regards lost or missing goods at the instance of the Railway authorities.

"If so required by the Railway authorities, the Police will take up enquiries after lost or missing goods. When goods are first missed, it is of course impossible to say whether they have been stolen or only misdelivered. If a crime has been committed, early action on the part of the Police will contribute to its detection. If it turns out that no crime has been committed, the enquiring officer having ascertained this fact, will report the matter to the Local Traffic Superintendent, and leave the matter in his hands."

Correspondence ending with letter No. 15, dated the 19th July 1898, from the Government Advocate, forwarding copies of orders passed by the Chief Court of Mysore in Criminal Revision Petition Cases Nos. 151 and 150 of 1897-98, declining to enhance the sentences passed by the Extra Assistant Commissioner and 1st Class Magistrate of Kolar, on Rammiya and Thimmarajaiya, accused, in Criminal Cases Nos. 46 and 47 of 1897-98, of the offences of importing and retaining possession of ammunition without a permit as required by the Mysore Arms Regulation and Rules.

2. Correspondence ending with letter No. 4411, dated the 2nd September 1898, from the First Assistant to the Resident in Mysore, returning with remarks the copies of the Chief Court's orders referred to above.

No. 3180-90 J. 327, DATED BANGALORE, 30TH AUGUST 1900.

ORDER THEREON— * * *

2. The proceedings connected with the cases referred to in the correspondence read seem to suggest that the supervison over the transport, &c., of amunition by the District authorities in Kolar is not nearly so strict as it ought to be. Continued vigilance in respect of the trade in ammunition is essential, and the Government hope that no neglect or laxity in enforcing the rules will be allowed to occur.

Secy. to Govt. Gen. & Rev. Dept.

To—The District Magistrate, Kolar District.
Extract of para 2 to the District Magistrates of other Districts, and to the Inspector General of Police in Mysore.

READ—

Report, dated 25th June 1900, by Mr. F. E. C. Carr, Deputy Commissioner, on the administrative arrangements in the Kolar district and particularly on the working of the Police and the Magistracy in the Kolar Gold Fields.

2. Letter, dated the 29th June 1900, from the same Officer, submitting proposals for the Police administration of the Kolar Gold Fields.

3. Letter, Camp No. 50, dated 30th June 1900, from the Inspector General of Police, together with proposition statements.

No. 3257-60—J. 342, DATED BANGALORE, 31ST AUGUST 1900.

ORDER THEREON—With the growth of the Gold Mining industry in the Kolar district, the Government have from time to time improved and strengthened the Police Force attached to the Gold Fields, and they will continue to further improve the same, as occasion arises, in such manner as may be found necessary. The necessity for such further improvement having now arisen, a careful investigation of the Police requirements of the Kolar Gold Fields was recently ordered to be undertaken by the Inspector General of Police and by Mr. F. E. C. Carr, Deputy Commissioner, who was specially deputed for the purpose from the Kadur district.

2. After careful consideration and consultation with Mr. Carr, the Inspector General of Police has submitted his proposals for a thorough re-organization of the Police arrangements now in force in the Gold Fields.

3. The circumstances which call for special attention in connection with the Police administration of the Kolar Gold Fields are:—

1st. The large number of European employees in the Mines, of all grades of culture and social position.

2nd. The absence of adequate supervision over the various operations connected with the extraction of gold carried on within the premises of the different Mines; and

3rd. The consequent need for special watching of the dealings which the Mines' employees carry on with people residing at or in the neighbourhood of the Fields or at a distance from them.

4. For the special protection of the interests of the Kolar Gold Fields, a European Magistrate and Justice of the Peace is already stationed on the spot. A European Assistant Superintendent of Police is also attached to the Fields; but in order that the relations of the Police with the European employees of the Mines may be free from friction of all kinds and that the arrangements for the prevention and detection of crime may be placed at the highest possible standard of efficiency, the Government have now resolved, as an experimental and tentative measure, to place a European Officer of high status and special police experience, as Superintendent of Police, at the head of the Kolar Gold Fields' Force, with jurisdiction over the neighbouring taluks of Bowringpet, Malur and Mulbagal. Application will at once be made to the Hon'ble the Resident in Mysore for obtaining from the British Government the services of a competent Officer for the purpose, for a definite period of three years. The Government are prepared to provide a maximum pay of Rs. 1,000 a month for such an Officer, but the pay actually to be given will depend upon the status of the Officer selected. Including travelling allowance, contribution for pension and exchange compensation allowance, the total cost on account of the new Superintendent of Police is estimated at Rs. 15,000 a year, and to involve an increased cost of Rs. 11,280 per annum, deducting the pay of the present Assistant Superintendent.

5. In Mysore, the Deputy Commissioner is the head of the District Police. The Deputy Commissioner of the Kolar district has always devoted his special attention to the Police administration of the Gold Fields, and this he will continue to do under the new scheme. The Government have further recently transferred for the charge of the Kolar district, as a temporary measure, Mr. F. E. C. Carr, Deputy Commissioner, who possesses a large experience of Police work and of general District administration. He will, under the supervision of the Inspector General of Police, organize the details of the new scheme; put the Police Superintendent in the way of satisfactorily discharging the duties of his important charge; and do all that may be needful for ensuring the successful working of the arrangements now ordered. The extent of the supervision and control he should exercise over the work of the Police Superintendent, the frequency and duration of his visits to the Fields, &c., are matters which must be left to Mr. Carr's estimate of requirements. It is, however, desirable that the special attention he is expected to devote to the Police of the Kolar Gold Fields should not be at the expense of the interests of the general administration of the district, in many parts of which, important duties will often claim his attention as Deputy Commissioner. Mr. Carr's endeavour should, therefore, be to place the Police, Magisterial and the general Executive Staff of the Kolar Gold Fields upon a satisfactory working basis as quickly as possible.

6. During his employment in the Kolar district in special connection with the arrangements now ordered, Mr. Carr, as Deputy Commissioner, will be given a special allowance of Rs. 300 a month.

7. The proposals of the Inspector General of Police for the additional Police establishments, &c., required for the Gold Fields are briefly as shown below :—

(1) The appointment of a Superintendent of Police of high status in the place of the present Assistant Superintendent of Police at an additional annual cost of Rs. 11,280.

(2) The increase of the establishment of the Superintendent's Office at an additional cost of Rs. 996 per annum.

(3) The enlargement of the Executive Police Force employed on the Gold Fields by raising the strength from 17 Officers and 85 men, costing Rs. 22,548, to 22 Officers and 125 men at a cost of Rs. 31,836. (Increase in cost—Rs. 9,288 per annum).

Under this head a small increase is made to the local allowance given to Head Constables, and a good service allowance proposed as an encouragement to Constables at the rate of one rupee after two years', two rupees after three years' and three rupees after five years' approved service.

(4) The increase of Miscellaneous charges, such as office contingencies, rewards, secret service, &c., by Rs. 2,230.

(5) The construction of buildings at a total estimated cost of Rs. 65,000, consisting of Police Lines for Constables (Rs. 35,000); Head Constables' quarters (Rs. 15,000); quarters for the Superintendent of Police (Rs. 10,000) and offices for the Superintendent (Rs. 5,000).

It is proposed that the Lines for the Head Constables and Constables should be constructed with corrugated zinc walls and Mangalore tiled roofs, so that they may be easily removed in the event of the locality first selected being found to be not sufficiently centrical or unsuitable in other ways.

(6) The entertainment of a special Detective Force consisting of a Chief Inspector, an Inspector, three Head Constables and fifteen Constables, and estimated to cost Rs. 12,000 per annum, for the special protection of the Mines, for the suppression of theft of gold, and

for watching the dealings of the employees of the Mines with persons in the neighbourhood. The Gold Mining Companies have agreed to pay Rs. 12,000 per annum as the cost of this Force.

8. The Government require no contribution from the Mining Companies towards the cost of the ordinary Judicial and Police establishments on the Fields, which will always be maintained according to the scale considered necessary from time to time. They are accordingly pleased to sanction the proposals referred to in clauses (1) to (5) of the last preceding paragraph, which involve an increased annual cost to the State of Rs. 23,794 for establishment, staff, &c., and a lump sum expenditure of Rs. 65,000 for buildings, as per details given in Statements A, B and C, appended to these Proceedings. The contribution of Rs. 12,000 per annum promised by the Mining Companies will, however, be accepted, as it is intended to meet the cost (as per appended Statement D) of the extra Detective Staff required to watch the outside dealings of the Companies' own employees under the special circumstances referred to in para 3 above, and of payments of rewards to informers; and the Comptroller will be requested to recover periodically from the Gold Mining Companies the contribution in question.

9. Pending the appointment and arrival of the proposed Superintendent of Police, the Inspector General of Police and the Deputy Commissioner of Kolar are requested to make all necessary arrangements, including, the entertainment of additional hands, for carrying out the scheme. The Chief Engineer and Secretary to Government, Public Works Department, is requested to take early steps for the construction of the buildings referred to above, bearing in mind the movable character of the Police Lines proposed to be built.

10. The Inspector General's recommendation to arm the Police of the Gold Fields with breech-loading guns, in the place of the muzzle-loading guns now in use, will receive separate consideration.

L. B. B.—LOCAL FUNDS

Proceedings of the Government of Mysore,

READ —

Letter No. 5094, dated 23rd July 1900, from the Chief Engineer, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to para 4 of Government Proceedings No. 13124-8—L. F. 45-99, dated 1st June 1900, sanctioning the District Fund budget estimates of the Shimoga Local Fund Circle for 1900-1901, I have the honor to forward the enclosed copy of docket No. 461, dated 9th instant, from the Executive Engineer, Shimoga Division, and to state that, under the circumstances represented therein, there is no objection to the *temporary* reduction of the mileage allotments for the roads referred to, *for one year*. The large metalling estimates now in hand for three of the roads will prevent the deterioration of those roads.

Docket No. 461, dated 9th July 1900, from the Executive Engineer, Shimoga Division, to the Superintending Engineer, Western Circle.

Superintending Engineer's No. 2549, dated 7th instant, forwarding copy of the sanctioned District Fund budget for 1900-1901, and calling for explanation on points noted in para 4 of Government Proceedings.

Has the honor to report that in the District Fund Board meeting held to discuss the budget, the President brought to the notice of the Board that, unless the mileage grants for a few at least of the District Fund Boards were temporarily reduced for a year, it was not possible to find funds for completion of original works in progress.

2. Undersigned represented that such reduction was not possible, but the President and members pleading inability of providing funds, it was agreed to propose this reduction for Chitaldrug-Benkipur road, Shimoga-Sorab-Sirsi road and Sagar-Siralkoppa road, for which metalling estimates have been sanctioned, and work is in progress, and for an incomplete road from Shimoga to Holehonnur on which there is not much traffic. The President, it is presumed, has submitted the proceedings of the meeting and asked for authority to so reduce the grants.

3. The correct length of Tirthahalli-Hulikal road is 16½ miles, and not 14 as entered in previous budget Grant for the extra three miles was asked for and sanctioned by the Board.

No. 2236-47—L. F. 45-99, DATED BANGALORE, 15TH AUGUST 1900.

ORDER THEREON—Under the circumstances stated in the above the temporary reduction of the mileage allotments for the roads referred to is sanctioned for one year as proposed by the Chief Engineer.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President, District Fund Board, Shimoga District.
The Comptroller to the Government of Mysore.
The Chief Engineer in Mysore.
The Superintending Engineer, Sanitary Works, thro' the Chief Engineer of Mysore
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Presidents of District Fund Boards of other Districts.

READ—

Government Proceedings No. 3641-9—L. F. 320-96, dated the 15th September 1899, sanctioning the retention till 30th June 1900 of the Work Inspectors employed as a tentative measure for the supervision of works undertaken by the Revenue Department from District and Municipal Funds in pursuance of Government Proceedings No. 13938-46—L. F. 320-96, dated the 30th June 1897.

No. 2365-73—L. F. 320-96, DATED BANGALORE, 17TH AUGUST 1900.

ORDER THEREON—In the above order, Deputy Commissioners were asked to submit reports with definite proposals regarding the retention of the establishment of Work Inspectors and the scale of salaries to be given to the required staff. As the information called for has not yet been completely received, thd Government are pleased to sanction the continuance of the existing establishments in the several districts for a further period of six months, *i. e.*, till the 31st December 1900.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Comptroller to the Government of Mysore.

READ—

Letter No. 136—110, dated the 6th August 1900, from the President of the District Fund Board, Shimoga Circle, submitting explanation regarding the District Fund Budget Estimates of the Shimoga Circle for the year 1900-1901, called for in Government Proceedings No. 13124-8—L. F. 45-99, dated the 1st June 1900.

No. 3219-20—L. F. 45-99, DATED BANGALORE, 31ST AUGUST 1900.

ORDER THEREON—*I. 76 Per Cent of Local Cess.*—As it is stated that the full estimated amount cannot be collected and that a balance of Rs. 7,000 may remain outstanding at the end of the year, the estimate under this head will be reduced by Rs. 7,000.

2. The modifications under the head "II Repairs," which were provisionally retained in para 4 of the Order of 1st June 1900, are explained to be temporary for one year, and intended to meet more urgent demands. These modifications are now approved.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President, District Fund Board, Shimoga Circle.
The Comptroller to the Government of Mysore.

READ—

Letter No. 186, dated 14th August 1900, from the President of the District Fund Boards in the Mysore district, submitting the explanation of the President of the French Rocks Local Fund Circle in regard to the increased provision made in the current year's District Fund budget of the French Rocks Circle on account of the pay of the midwife at Nagamangala.

No. 3221-3—L. F. 43-99, DATED BANGALORE, 31ST AUGUST 1900.

ORDER THEREON—The President of the French Rocks Circle explains that the midwife, who was drawing a salary of Rs. 20 elsewhere, was transferred by the Senior Surgeon to the Nagamangala taluk; that the Board have agreed to bear the charge, and that the Senior Surgeon will be requested to provide for her, on the occurrence of the first vacancy in any mahad taluk. Under the circumstances now explained, the provision, tentatively retained in the budget subject to explanation, will be passed.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President, District Fund Boards, Mysore District.
The Comptroller to the Government of Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

L. B. B.—MUNICIPAL

Proceedings of the Government of Mysore,

READ—

Letter No. 1204, dated 19th June 1900, from the President of the Municipalities in the Mysore district, submitting the budget estimates of the several Municipalities in the French Rocks Sub-Division for 1900-1901.

No. 2286-91—L. F. 56-99, DATED BANGALORE, 16TH AUGUST 1900.

ORDER THEREON—The receipts and expenditure of the several Municipalities in the Sub-Division, as estimated for 1900-1901, are given in the following abstract statement:—

Budget Head.	Items.	Seringapatam.	Melkote.	French Rocks.	Mandya.	Madhur.	Malvalli.	Nagamangala.	Krishnarajpete.	Pellalli.	Kikkeri.	Total.
	RECEIPTS.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
I	Octroi	4,050	...	...	...	...	...	...	...	...	...	4,050

VIII	Rents	...	50	...	..	...	...	40	...	...	...	90
IX	Fines	2	...	...	...	...	3	...	5	2	...	12
X	Miscellaneous	480	134	213	98	25	107	110	71	65	61	1,396
	Total ...	13,132	1,489	1,579	1,218	775	2,474	1,385	868	789	781	24,770
	EXPENDITURE.											
I	Interest on debt	..	...	...	...	...	...	...	...	...	...	...
II	Head Office	461	29	27	27	16	49	29	18	16	20	692
III	Collection	1,289	70	75	66	38	175	66	40	40	40	1,849
IV	Conservancy	3,893	550	370	514	370	778	412	298	370	298	7,896
VII	Lighting	1,050	220	150	110	150	210	150	90	58	150	2,368
VIII	Public Works	1,140	908	83	55	110	1,650	660	121	275	413	5,715
IX	Charitable Grants	467	8	9	72	41	260	145	199	7	61	1,272
X	Education	300	...	150	130	100	190	110	70	...	...	1,050
XI	Miscellaneous	172	146	67	41	32	78	42	44	26	29	680
	Total ...	9,075	1,931	931	1,048	869	3,340	1,644	880	792	1,011	21,512

2. *I. Octroi.*—The decrease which is chiefly under "Ghee" and "Timber" in Seringapatam is justified by the probable collections of 1899-1900. The estimate is allowed.

3. *II. Tax on Houses, Buildings, &c.*—The increase under this head is supported by the actuals of 1898-99, and probable collections of 1899-1900. The estimate is passed.

4. *VII. Mohatarfa.*—The inclusion of arrears of previous years expected to be collected during the year 1900-1901 in the Municipalities of Seringapatam and French Rocks, accounts for the increase in the sub-heads under this head. The estimate is sanctioned.

5. *Opening Balance.*—It is not clear how the figures under this head have been arrived at. The closing balances for 1899-1900, as per supplemental budget sanctioned in Proceedings No. 12867-72—L. F. 78-98, dated 28th May 1900, will be adopted as the opening balances in the present budgets.

EXPENDITURE.

6. *Head Office.*—Under this head provisions have been made in the several budgets for the pay of the establishments maintained in the President's office while pensionary contributions have been shown under a separate head "XL. Miscellaneous." The latter item will be transferred to the present head; and, as the sums proposed do not correctly represent the contributions payable by these Municipalities under Proceedings No. 5212-20—L. F. 3-97, dated 31st October 1899, the necessary substitutions will be made as shown below and the total estimates altered accordingly:—

No.	Municipalities.	Amount proposed.			Amount sanctioned.
		Cost of establishment shown under II. Head office.	Pensionary contribution shown under XI. Miscellaneous.	Total.	
		Rs.	Rs.	Rs.	Rs.
1	Seringapatam	187	62	249	199
2	Melkote	21	3	24	22
3	French Rocks	18	2	20	20
4	Mandya	16	2	18	21
5	Maddur	10	2	12	25
6	Malvalli	30	4	34	43
7	Nagamangala	18	2	20	20
8	Krishnarajpete	11	2	13	20
9	Palhalli	10	1	11	11
10	Kikkeri	12	1	13	13
	Total ...	333	81	414	370
					24
					394

7. *VII. Lighting.*—Provisions made for the purchase of new lamp posts and lanterns in the budgets of Melkote and Kikkeri and for lighting additional lamps in Malvalli chiefly account for the increase under this head. The estimate is retained.

8. *VIII. Public Works.*—The provisions made under this head on account of Public Works to be executed are passed, subject to the submission of estimates for works requiring the sanction of Government.

9. The other items call for no remarks and are passed.

10. The budget estimates of receipts and expenditure of the several Municipalities in the French Rocks Sub-Division for 1900-1901, are sanctioned as per particulars given in the accompanying appendices of which an abstract is given below :—

No.	Municipalities.	Opening balance on 1st July 1900.	Estimated receipts for 1900-1901.	Total including balance.	Estimated expenditure for 1900-1901.	Estimated closing balance on 30th June 1901.
		Rs.	Rs.	Rs.	Rs.	Rs.

READ—

Petition, dated the 4th May 1900, from certain Mahomedan residents of the Bangalore City objecting to the election of Mr. Hafizulla Khan in April 1900 as a Municipal Commissioner for the Vth Division of the Bangalore City.

Para 2 of Government Order No. 42, dated Camp, the 28th May 1900, holding the election of Mr. Hafizulla Khan in abeyance pending investigation of the allegations made in the above in regard thereto.

Letter No. 6, dated the 7th July 1900, from the President of the Municipal Commission, Bangalore City, reporting on the above allegations as called for in this Office Memorandum No. 12815—L. F. 64-92, dated the 26th May 1900.

No. 1989—L. F. 26-97, DATED BANGALORE, 8TH AUGUST 1900.

ORDER THEREON—Under the Election Rules of 1896, a person is, in the absence of other property qualifications, ineligible for election as a Municipal Commissioner if, "in respect of the year immediately preceding the election," he has not paid to the Municipality, rates, taxes, &c., to an aggregate amount of not less than Rs. 10. In the present case it appears, from the report submitted by the President of the Bangalore City Municipal Commission, that Mr. Hafizulla Khan was paying a house-tax of Rs. 4 till the close of the year 1897-98; that he had, however, been making repeated applications to the Municipality for an enhancement of the tax; the last of such applications being made in January 1900; and that, thereupon, one or two months before the date of the general election, the tax was increased to Rs. 10 with retrospective effect from 1898-99, and payment recovered for that year at the increased rate. A certificate by three Municipal Commissioners, dated the 30th of June 1900 or more than a month after the requisition from Government for a report, is also submitted, showing that the enhanced tax is properly leviable on the annual rental value of the house, which is certified to be Rs. 200

2. The main question for consideration is, what is the date from which the revised assessment should take effect. On this point, the provision of the law, which is contained in the last portion of Section 75 of the Municipal Regulation, is as follows:—

"The rate so assessed (*i. e.* by way of revision) shall be deemed to be the rate for the year for which the assessment is made, and this period shall be calculated from *the commencement of the year, in which such revision has been carried out.*"

There is no doubt, therefore, that the increase in the amount of Mr. Hafizulla Khan's house-tax could only have effect from the commencement of the year 1899-1900, and not from that of 1898-99. Payment with retrospective effect is not in accordance with law; and in this case it seems to have been purposely made to evade the Election Rules and to make out a claim for a qualification which was not really possessed. The Government regret that the Municipal authorities should have been parties to a proceeding of this nature; and they decline to sanction an election manifestly opposed to the provisions of the law and rules on the subject.

3. The vacancy, which has thus occurred in the representation of the Vth Division, must be filled up in the manner laid down in Rule XIII of the Election Rules, *i. e.*, by the appointment, by the remaining Municipal Commissioners, of a person possessing the prescribed qualifications. The President is requested to take early steps in the matter and report the name of the person so appointed for the approval of Government.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Municipal Commissioner, Bangalore City.

READ —

Letter No. 1171, dated 29th May 1900, from the President of the Municipalities in the Mysore District, submitting the budget estimates of the several minor municipalities in the district, exclusive of the French Rocks Sub-Division, for 1900-1901.

No. 2403-15—L. F. 55-99, DATED BANGALORE, 18TH AUGUST 1900.

ORDER THEREON—The estimated receipts and expenditure of the several Minor Municipalities in the Mysore District, exclusive of the French-Rocks sub-division, for the year 1900-1901, are given in the following statement:—

EXPENDITURE.

3. *II. Head Office.*—An increase of Rs. 16 is provided under this head in the budgets of Periyapatna and Bannur. The necessity for the same should be explained. Pending information, the provisions will stand.

4. *III. Collection.*—The provisions newly made; (1) for the salaries of a watchman for Hunsur sanctioned in Proceedings No. 11977-8—L. F. 30-98, dated 1st May 1900, and of the additional watchman for Chamrajnagar, proposed by the President; (2) for 5 per cent commission on the estimated income from Octroi in Yedatore and Heggaddevankote; (3) for establishment charges for the full year in Sargur, Gundlupet and Saligram; and (4) for remuneration to village servants for the collection of Mohatarfa taxes in accordance with para 5 of Proceedings No. 12704-13—L. F. 295-96, dated 8th May 1899, account for the increase under this head, which is retained.

5. *IV. Conservancy.*—The below noted variations are proposed in the fixed charges under this head. Some of these items having already been sanctioned by Government, the provisions made for the same are passed. The other items will be retained pending the issue of final orders on the President's separate reference on the subject.

Municipality.	Items.	As existing.			As proposed.		
		No.	Rate.	Amount	No.	Rate.	Amount.
			Rs.	Rs.		Rs.	Rs.
Chamrajnagar	Scavengers	...	...	...	2	7	168
	Hire of cart	...	...	...	1	10	120
Nanjangud	Scavengers	2	3	72	1	5	60
T. Narsipur	Peon	...	...	...	1	5	60
Periyapatna	Manegar	1	8	96	1	10	120
	Hire of cart	1	10	120	1	14	168
Kalale	Manegar	1	8	40	1	8	96
	Sweepers	4	6	120	4	6	288
Talkad	Manegar	1	8	32	1	8	96
	Sweepers	5	6	120	5	6	360

6. *VII. Lighting.*—Additionall amps are proposed to be lighted in the Municipalities of Hunsur, Chamrajnagar, T. Narsipur, Sosale, Mirle, Periyapatna, Bannur, Kalale and Talkad. This accounts for the increase under this head, which is passed.

7. *IX. Charitable Grants.*—An increased provision of Rs. 60 is made in the budget of Hunsur for the charge allowance of the Hospital Assistant in charge of the dispensary. As the increased rate of charge allowance was sanctioned in Proceedings No. 5696-8—L. F. 45-98, dated 16th November 1899, the proposed provision is approved.

8. *XI. Miscellaneous (h) Other Items.*—The budget of Hunsur provides an increase of pay by one rupee per mensem to each of the two fountain cleaners on Rs. 5. Pending the issue of final orders on the President's separate reference, the estimate will be retained tentatively.

9. The other items call for no remarks and are passed.

10. The budget estimates of receipts and expenditure of the several Minor Municipalities in the Mysore district, exclusive of the French Rocks sub-division, are sanctioned as per particulars given in the accompanying appendices of which an abstract is given below :—

No.	Municipalities.	Opening balance.	Estimated receipts.	Total including balance.	Estimated expenditure.	Estimate closing balance.
		Rs.	Rs.	Rs.	Rs.	Rs.
1	Hunsur	2,017	4,745	6,762	5,155	1,607
2	Chamrajnagar	596	3,114	3,710	3,099	611
3	Yedatore	44	1,500	1,544	1,339	205
4	Heggaddevankote	457	1,006	1,463	1,177	286
5	Sargur	374	1,586	1,960	1,574	386
6	Gundlupet	568	3,759	4,327	3,304	1,023
7	Nanjangud	1,564	7,035	8,599	7,230	1,369
8	T. Narsipur	187	996	1,183	909	274
9	Sosale	139	1,015	1,154	773	381
10	Saligram	1,355	2,332	3,687	2,223	1,464
11	Mirle	415	951	1,366	1,131	235
12	Periyapatna	474	1,660	2,134	1,577	557
13	Bannur	17	1,160	1,177	1,044	133
14	Kalale	340	1,200	1,540	1,204	336
15	Talkad	217	860	1,077	926	151
	Total ...	8,764	32,919	41,683	32,665	9,018

11. The Government observe in conclusion that the closing balances in some of the above Municipalities are less than the prescribed minimum and that, therefore, every endeavour should be made to maintain the usual balances by effecting savings in the sanctioned items.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Municipalities in the Mysore District.
The Comptroller to the Government of Mysore.
The Chief Engineer of Mysore.
The Superintending Engineer, Sanitary Works, through the Chief Engineer of Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Inspector General of Education in Mysore.
The Presidents of Municipalities in other Districts.

Exd.—H.A.R.

READ—

Letter No. 739, dated 14th May 1900, from the President of the Municipalities in the Kadur district, submitting the budget estimates of the Municipalities for 1900-1901.

Memo No. 21, dated 7th July 1900, from the Deputy Commissioner, submitting the budget estimate of the Sringeri Municipality for 1900-1901.

No. 2848-60—L. F. 59-99, DATED BANGALORE, 28TH AUGUST 1900.

ORDER THEREON—The estimated receipts and expenditure of the several Municipalities in the district for **1900-1901** are given in the following statement:—

Item No.	Details.	Chikmagalur.	Tarikere.	Birur.	Kadur.	Yedehalli.	Ajjampur.	Sringeri.	Sakrepatna.	Madgere.	Total.

	Total, Expenditure ...	18,869	8,141	5,680	3,560	1,622	2,744	16,004	1,729	1,388	59,737

2. *I. Octroi.*—The sum of Rs. 500 entered in the budget of Mudgere is expected from the taxation of cloth under Proceedings No. 9533-4—L. F. 8-98 dated 19th February 1900. The estimate is passed.

3. *II. Tax on Houses, etc.*—The increase under this head which is chiefly in the budgets of Tarikere and Sringeri, is expected from the revision of taxes proposed to be effected during the year. The estimate is approved.

4. *III. License Receipts.*— The omission, in the budget of Kadur, of the estimate of Rs. 10 sanctioned during 1899-1900 requires explanation, pending which the provision under this head will stand.

5. *VIII Rents (c) Markets.*—The sum of Rs. 600 newely entered in the budget of Tarikere is expected to be derived from the levy of fees in the market, now under construction in the town. This is in accordance with the Government Proceedings No. 13089-91—L. F. 61-92, dated 17th May 1899. The estimate is allowed.

6. *X. Miscellaneous.*—The proposal of the Municipal Board of Sringeri to utilize, during the current year, the loan of Rs. 10,000, sanctioned in Proceedings No. 16938-30—L. F. 32-99, dated 2nd April 1900, accounts chiefly for the increase under this head. The estimate is retained.

7. *XII. Grant-in-aid.*—Under this head is entered the sum of Rs. 1,430, being a moiety of the Municipal Revenue of Sringeri, which the Matt authorities have agreed to make over to the Municipality to enable it to re-pay the loan of Rs. 10,000 sanctioned by Government. The estimate is sanctioned.

8. *Opening Balance.*—It is not clear how the estimates under this head have been arrived at. With reference to the actual balance on 1st July 1899 and the estimates sanctioned for 1899-1900, the below noted figures will be adopted.

No.	Municipality	Amount proposed	Amount sanctioned
1	Chikmagalur	4,159	3,627
2	Tarikere	5,019	4,921
3	Birur	15,345	15,387
4	Kadur	3,136	3,177
5	Yedahalli	497	517
6	Ajjampur	1,920	1,963
7	Sringeri	2,200	926
8	Sakrepatna	2,724	2,767
9	Mudgere	2,363	2,367
	Total ...	37,383	35,715

9. *II. Head Office.*—The following increases are provided under this head :—

1. Chickmagalur Mutsaddi of Vice-President's office 1 at 15 Rs. 180
2. Tarikere do do 1 at 10 „ 120
3. Birur
4. Kadur } do do increase from 1 at 10
5. Sakrepatna } to 1 at 12 Rs. 24
6. Sringeri English clerk for President's office 1 at 20 Rs. 240
7. Do Allowance to gumasta of Vice-President's office Rs. 36
8. Do Contingencies „ 12

The provisions of Rs. 48 and 120 made under this head, on account of the allowance to gumasta and contingencies of the office of the Vice-President of the Sringeri Municipality and the salary of a clerk in Tarikere, are merely items transferred from III *Collection*, while the increase to the salary of the mutsaddi at Birur, Kadur and Sakrepatna was sanctioned in Proceedings No. 11007-8—L. F. 15-99, dated 5th April 1900. These items are passed. The other items will be tentatively retained in the budgets subject to the submission of separate references and the issue of final orders thereon.

10. *III. Collection.*—The variations proposed under this head are particularized as noted below. The decreases under "(*a*) Octroi" in Tarikere and under "(*b*) Mohatarfa" in Sringeri are the result of the transfers referred to in the preceeding para. The increase of Rs. 87 provided in the budget of Sakrepatna under "a Octroi" is stated to be on account of allowance to the mutsaddi for collecting the duty. As the estimated revenue from Octroi is only Rs. 530, 5 per cent thereon gives Rs. 27, to which sum the estimate (Rs. 96) will be reduced. The other increases which are on account of remuneration to village servants for collecting mohatarfa, are passed.

No.	Municipality	(a) Octroi	(b) Mohatarfa	Rs.
1	Chikamagalur	1 peon on 6 Rs. 72	...	...
2	Tarikere	1 mutsaddi on 40 Rs.—120	Potgi	162
3	Birur	...	Do	+35
4	Kadur	...	Do	+40
5	Yedahalli	...	Do	+50
6	Ajjampur	...	Do	+75
7	Sringeri	...	Allowance to gumasta	—48
8	Sakrepatna	1 mutsaddi + 87	potgi	+28
9	Mudgere	...	Do	+60

11. *IV. Conservancy.*—The modifications proposed under this head are detailed below :—

No.	Municipality	Item	Amount	Remarks
1	Chikamagalur	Mutsaddi at Rs. 12	—144	
2	Tarikere	4 additional sweepers at 6. ...	—288	
3	Do	Hire of conservancy carts 4 at 15 instead of 3 at 17.	+108	
4	Birur	1 additional latrine sweeper at 6 ..	+72	
		2 Do at 6	+144	
		2 Do at 4	+96	
5	Kadur	Dafadar and peon		
		Increase of pay from 7 to 8	+12	Already sanctioned in Government Proceedings No. 11009-10—L. F. 59-99, dated 5th April 1900.
6	Yedahalli	Increase of pay to mutsaddi from 7 to 9 ..	+24	
7	Sringeri	Latrine sweeper at 15	+180	
		3 sweepers at 5 instead of 4 at 5 ...	—60	
		1 cart at 15	+180	
8	Sakrepatna	Dafadar and peon on 6	—72	
		Latrine sweeper on Rs. 5	+60	

The proposed increases and decreases are sanctioned subject to the submission of an explanation as to the necessity for a salary of so much as Rs. 15 per mensem for a latrine sweeper at Sringeri.

12. *VIII. Public Works.*—In order to avoid a minus balance and at the same time to leave a working balance of $\frac{1}{4}$ of the receipts at the end of the year, the provision of Rs. 4,000 made in the budget of Sringeri for drains original will be reduced by Rs. 1,440.

13. *Charitable Grants.*—The increases provided under this head are partly on account of furniture and contribution towards the cost of Dispensary Buildings, and partly on account of the salaries of the waterman and cooly of Chikmagalur Dispensary, under Government Proceedings No. 9370-1—L. F. 81-98, dated 15th February 1900. The provision is approved.

	1899-1900.	1900-1901.
Dispensary cooly 1 at 7 ...	Rs. 81	1 at 6 Rs 72
Waterman	Nil	1 at 2 „ 24
	Total Rs. 84	96

14. *XI. Miscellaneous. (a) Cattle-pounds.*—The Municipal Board of Kadur provides for a mutsaddi on Rs. 8 per mensem instead of a peon on 5 per mensem. As this is in accordance with Government Proceedings No. 11009-10—L. F. 59-99, dated 5th April 1900, the provision made is allowed.

15. *XI. Miscellaneous Gardens.*—The increased provision is respect of the salaries of a gardener and two nirgantis of Kadur is in accordance with Proceedings No. 11009-10—L. F. 59-99, dated 5th April 1900, and is passed. The necessity for the new item of Rs. 54 on account of the pay of three nirgantis for three months enteredin the budget of Chikmagalur has not been explained. This should now be done. Meanwhile the estimate will stand.

Increase of pay to gardener from Rs. 5 to 6 ...	Rs. 12
Do to two honda guards from Rs. 5 to 6 „	24

16. The other items call for no remarks and are passed.

17. The budget estimates of Receipts and Expenditure of the several Municipalities in the Kadur district are sanctioned as per particulars given in the accompanying appendices, of which an abstract is given below :—

No.	Municipalities.	Opening balance on 1st July 1900.	Estimated receipts for 1900-1901	Total including balance	Estimated expenditure	Closing balance
		Rs.	Rs.	Rs.	Rs.	Rs.
1	Chikmagalur	3,627	17,700	21,327	18,869	2,458
2	Tarikere	4,924	10,080	15,004	8,141	6,863
3	Birur	13,387	4,603	19,990	5,680	14,310
4	Kadur	3,177	3,479	6 656	3,560	3,096
5	Yedahalli	517	1,355	1,872	1,622	250
6	Ajjampur	1,963	2,660	4,623	2,744	1,879
7	Sringeri	986	14,290	15,276	14,564	712
8	Sakrepatna	2,767	2,285	5,052	1,660	3,392
9	Madgere	2,367	1,866	4,233	1,388	2,845
	Total ...	35,715	58,318	94,033	58,228	35,805

The balances in favor of the Chikmagalur and Yedahalli Municipalities are less than the prescribed minimum. Every endeavour should therefore be made to maintain the usual balance by effecting savings in the sanctioned allotments, unless the actual balances on 1st July 1900, should prove to be above the estimates adopted in the present budgets

C SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Presidents of the Municipalities in the Kadur District.
„ Comptroller to the Government of Mysore.
„ Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
„ Chief Engineer to the Government of Mysore.
„ Superintending Engineer, Sanitary Works, through the Chief Engineer.

Demand, collection and balance.		Shimoga.	Kadur.	Chitaldrug.	Total.
		Rs.	Rs.	Rs.	Rs.
Demand including arrears ...	1898-99 ...	14,37,837	9,11,241	6,89,456	1,00,75,136
	1899-1900 ...	14,93,177	9,23,111	6,96,133	1,01,87,119
Collections including remissions...	1898-99 ...	11,31,059	7,48,926	6,12,281	88,91,075
	1899-1900 ...	11,13,840	7,64,378	6,31,284	88,12,672
Balance ...	1898-99 ...	3,05,778	1,62,315	47,175	13,84,061
	1899-1900 ...	3,49,337	1,58,733	64,849	13,7[illegible]

2. There was a net increase of Rs. 1,11,983 under total demand notwithstanding the decrease of Rs. 25,175; Rs. 20,054 and Rs. 12,910 in the Kolar, Bangalore and Tumkur districts. The decrease in these districts is reported to be mostly due to relinquishments of lands and fall of hulbanni and amarai revenue and also to slackness of demand for fresh land for cultivation.

3. The collections as shown by the Deputy Commissioner differ from the Comptroller's figures to the extent noted below :—

Districts.	As per Deputy Commissioners' returns.	As per Comptroller's.	Difference.
	Rs.	Rs.	Rs.
Bangalore	11,50,128	11,49,672	+ 456
Kolar	12,07,430	12,07,463	— 33
Tumkur	11,95,227	11,95,546	— 319
Mysore	16,73,163	16,73,587	— 424
Hassan	10,44,479	10,44,260	+ 219
Shimoga	11,40,686	11,39,457	+1,229
Kadur	7,61,883	7,61,584	+ 299
Chitaldrug	6,31,284	6,31,895	— 611
Total ...	88,04,280	88,03,464	+ 816

The Deputy Commissioners of these districts are requested to see that the differences are finally adjusted in the accounts for June 1900.

4. The percentage of balance to the entire demand was as follows : —

Districts.	1898-99.	1899-1900.
1 Bangalore	4·4	4·2
2 Tumkur	7·3	7·4
3 Mysore	3·5	7·5
4 Chitaldrug	6·9	9·3
5 Kolar	15·8	16·5
6 Kadur	17·8	17·2
7 Hassan	17·4	21·1
8 Shimoga	21·3	23·4

5. The balance remaining uncollected on 31st May 1900, was very heavy in the districts of Shimoga, Hassan and Mysore. It is hoped that no pains are being spared to collect, as early as possible, all recoverable arrears.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Comptroller to the Government of Mysore.

(1). Letter No. 510, dated 15th April 1899, from the Deputy Commissioner, Kadur district, reporting, with reference to para 3 of Government Order No. 912-15—R. F. 117-95, dated the 30th July 1898, the result of the inspection and valuation of the estates of the members of the Chikmagalur Agricultural Bank, and submitting a memorandum from the Inspector of Agricultural Banks, dated 12th April 1899.

(2). Memorandum from the Inspector of Agricultural Banks, dated 22nd October 1899, submitting further papers and explanations in continuation of his memo of the 12th April 1899.

(3). Docket No. 65, dated 19th January 1900, from the same Officer submitting certain letters and proceedings since received from the Bank and a petition addressed by one of the members; and referring to a split among the members.

(4). Memorandum from the Inspector of Agricultural Banks, dated 26th February 1900, submitting with remarks, the proceedings of the Bank, dated 13th idem and a letter from one of the members, dated 19th idem.

(5). Letter from the Inspector, dated 15th March 1900, forwarding the Bank's proceedings, dated the 9th idem, disposing of the questions raised by the sale by a member of one of the properties hypothecated to the Bank, and reserving other questions for consideration at another meeting.

(6). Memorandum from the Inspector, dated 23rd April 1900, giving a summary of important papers and matters relating to the working of the Bank, with notes on points calling for consideration and orders.

(7). Memorandum from the Inspector, dated 14th June 1900, submitting with remarks the resolutions of the Bank, dated 14th May 1900.

(8). Letter No. 63, dated the 21st July 1900, from the Deputy Commissioner, Kadur district, submitting proposals to enable the members of the Bank to raise the additional loans they require for working their estates.

No. 1129-30—R. F. 117-95, DATED BANGALORE, 2ND AUGUST 1900.

ORDER THEREON—The Chikmagalur Agricultural Bank has been working since the 12th May 1897 with a capital of three lakhs of rupees borrowed from the Government. Upon representations made by the Bank through the Inspector of Agricultural Banks and the Deputy Commissioner, the Government considered that an increase to the said loan of three lakhs was urgently called for to enable the members of the Bank to fully meet their annual working expenses, and they accordingly authorized the Deputy Commissioner, in their Order of the 30th July 1898, to advance a further loan of one lakh of rupees to the Bank, if, upon another inspection of the estates of the members, by the Deputy Commissioner or the Inspector, the valuation of the estates made in March 1897 were found to be correct.

2. The Government have perused the reports submitted to them regarding the inspection thus ordered, and they have also given their best consideration to the communications and representations received on the subject of the affairs of the Bank generally, and on that of the further advance in question, in particular. And they have arrived at the conclusion that it is undesirable to add to the already large loan advanced to the Bank from the State Treasury, and for the repayment of which adequate satisfactory arrangements have not yet been made by the members of that institution as originally ordered and promised. Government are willing to admit that the past two years have not been as favorable to the Planters as they might have been, but this *per se* is not a sufficient justification for the non-liquidation by each debtor-member of a portion of his liability or for the Bank not having put by a substantial reserve fund, much less for the Bank pressing Government for a further loan from the State Treasury. Current working charges seem, however, to be an urgent item of expenditure which unless incurred in time might lead to a material deterioration of the estates of the members concerned, and Government do not certainly wish, during these exceptionally hard times, to stand in the way of the funds required therefor being raised in the market upon the security of the current year's crop, if they could not be found otherwise either from the savings of the members themselves or from loans obtained upon the personal security of the members. The necessary permission in this behalf will accordingly be granted by the Deputy Commissioner at once. A certificate of authorization may be given to such members as may apply for the same, the Bank as a body corporate being of course a consenting party thereto.

3. The reports of the Inspector, which refer to defects and irregularities in the working of the Bank and the want of a healthy spirit of mutual sympathy and co-operation in all the members, will be transmitted to the Deputy Commissioner for needful action in concert with the leading members of the Bank. The omission to examine title-deeds and cause the production of all necessary documents relating to title is a grave one and ought to receive very early attention.

4. Under existing circumstances, Government think it desirable that the powers of enquiry, inspection and supervision in respect of this Bank, should be directly exercised by the Deputy Commissioner without the intervention of the Inspector, and they request that he will be so good as to make suitable arrangements for the inspection of the Bank and the estates of members and take the necessary steps from time to time for rectifying omissions and irregularities. He may utilize for this work the services of one of the Assistant Commissioners employed in his district.

5. The Government hope that the members of the Bank will all do their best to build up the credit of the Bank by mutual sympathy and hearty co-operation.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kadur District.
The Inspector of Agricultural Banks in Mysore.

MEMO No. 1131—R. F. 115-95, DATED 2ND AUGUST 1900.

Copy of the above is forwarded to the Deputy Commissioner of the Hassan district, with a request that he will at once communicate the same to the members of the Saklespur Agricultural Bank, and give them permission to raise loans in the market for the working expenses of the current year on the security of their crop similar to the permission ordered to be granted to the members of the Agricultural Bank, Chikmagalur. He is also requested to inspect the estates in company with the Sub-Division Officer of Saklespur and satisfy himself that the authority above given is utilized in all the necessary cases and the requisite funds raised and utilized for the urgent current working charges, without which the estates of the Bank must of necessity deteriorate. The Deputy Commissioner's attention is particularly invited to para 4 of the Order, and he is requested to carry out those directions so far as they apply to the Saklespur Bank, utilizing therefor the services of the Sub-Division Officer. An early report of the action taken under this Order must be submitted.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

READ—

Letter No. 65, dated the 20th July 1900, from the Deputy Commissioner, Kadur district, submitting a copy of his review on the itinerary journals of the Amildars and the Deputy Amildar in the district for the month of June 1900, and observing that the reason of heavy and incessant rain assigned by B. C. Kesavaiya, Amildar of the Mudgere taluk, for not camping out during the prescribed period is not to be accepted as the rain prevailed only during a portion of the month.

No. 1157—R. 372, DATED BANGALORE, 4TH AUGUST 1900.

ORDER THEREON—Recorded, with the remark that the Amildar of Mudgere must be reprimanded for not camping out during the required period.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kadur District.

READ—

Letter No. A, dated 1st August 1900, from the Deputy Commissioner, Mysore district, recommending that, owing to the failure of cholam and other moongar crops in certain hoblis of the Mandya taluk, the expansion of the ordinary Public Works Department works and the starting of the marginally noted Public Works Department and Local Fund works is necessary in order to provide labor for the poorer classes who are now in distressed circumstances, and stating that, with a view to the immediate starting of Local Fund works, he has addressed the Executive Engineer, French Rocks, to instruct the local Public Works Department Sub-Division Officer at Mandya to start forthwith the two works marked (a) and (b) in the margin.

(a) Repairs of the Mandya-Melkote road.
(b) Repairs to the Mandya-Nagamangala road.
(c) Panakanahalli tank.
(d) Sivahalli tank.
(e) Manchattahalli or Upparakanahalli tank.

No. 1203-4—R. 401, DATED BANGALORE, 6TH AUGUST 1900.

ORDER THEREON—The Deputy Commissioner's proposals regarding work on District Fund roads (Mandya-Melkote and Mandya-Nagamangala) are approved.

2. The Deputy Commissioner recommends the immediate commencement of three tank works, *viz*:—

1. Panakanahalli tank.
2. Sivahalli tank.
3. Upparakanahalli tank.

Of the above numbers, 1 and 3 belong to the Public Works Relief Programme of the Mandya taluk, being Nos. 42 and 39, respectively, of that programme. Before taking up these two tank works of the Public Works Department Programme, other suitable works from the Village Relief Programme in the same locality should, if necessary, be undertaken.

3. Under existing conditions in the tract reported upon, any new works required should be selected from the Village Relief Programme, making to this programme any additions found necessary. Following this principle, the Government sanctions earth-work to Sivahalli tank, estimated at Rs. 631 (No. 2 above named) which the Deputy Commissioner recommends and which appears to be suitable as a village relief work. The Deputy Commissioner will cause this work to be commenced at once adding it to the Programme of Village Relief works of the Mandya taluk. *The rates of wages should be regulated under the* Famine Code.

4. The Superintending Engineer of the Western Circle and the Executive Engineer of French Rocks will be directed by the Public Works Department to give effect to the Deputy Commissioner's wishes regarding an expansion of the ordinary works of the Public Works Department budget for parts of the Mandya or other affected taluks. But such expansion must of course be limited to works already sanctioned and entered in the Public Works Department budget for the year. The Chief Engineer will be requested to repeat needful instructions on this subject to the Engineer Officers concerned.

5. If the works required for any particular tract cannot be provided by means of an expansion of the ordinary works of the Public Works Department budget, recourse must be had to works of the Village Relief Works Programme, and when these latter are found insufficient, then new works from the Public Works Relief Programme have to be selected for immediate execution.

6. The Deputy Commissioner is requested to send for the perusal of Government any detailed inspection reports by the Sub-Division Officer, his Assistant and the Mandya and Nagamangala Amildars regarding the present condition and immediate prospects of these taluks.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

	Balance	1898-99 ...	135	1,139	...	...	4,035
		1899-1900 ...	198	1,826	...	...	13,292

2. *Local Cess.*—There was an increase of Rs. 24,883 in the total demand under the head "Local Cess," the districts of Shimoga, Kolar, Mysore and Chitaldrug contributing to it. The decrease in the other districts is very small and calls for no special remark.

3. The balance remaining uncollected in the Kolar, Mysore, Shimoga and Hassan districts is very large and calls for the early attention of the Deputy Commissioners of those districts.

4. *Irrigation Cess.*—The heavy balance of Rs. 15,466 in the Shimoga district requires explanation.

5. *District Fund.*—The Deputy Commissioner, Mysore district, is requested to take early steps for collecting the large balance of Rs. 11,268 remaining still uncollected.

C SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

READ AGAIN—

Government Proceedings No. 4574-83—R. 1451, dated 22nd December 1899, reviewing the Tables of Agricultural Statistics for the year 1898-99, received from Deputy Commissioners of Districts, and calling for explanation of the discrepancies noticed therein.

735	26th March 1900	Superintendent, Mysore Revenue Survey	

No. 1280-89—R. 426, DATED BANGALORE, 9TH AUGUST 1900.

ORDER THEREON—The statistical tables furnished to the Government of India through the Residency will now be modified in certain respects. The figures thus finally adopted will appear in the talukwar compilation which will be separately furnished to Deputy Commissioners.

2. In some cases, the explanations furnished are incomplete or inadequte in that they do not account fully for the differences noticed. In some other cases, differences have still to be explained by an interchange of communications between the Revenue Department on the one hand and the Survey and Forest Departments on the other. All these points are entered in a tabular form from which extracts will be separately furnished in manuscript to the Deputy Commissioners, respectively concerned; whose early and earnest attention to the subject is solicited.

3. The details of forest areas promised by the Superintendent of Revenue Survey in his letter above cited are awaited.

4. As regards discrepancies in the areas of other tracts, a consideration of the remarks submitted by the Survey Superintendent, along with those submitted by Deputy Commissioners, produces the impression that there is no sufficient and satisfactory reason for such discrepancies, which ought not to exist in a Province of which the regular survey has been completed; and that the discrepancies are largely due to laches on the part of the Revenue Department. The burden of the Survey Superintendent's remarks is "the difference cannot be explained. It is necessary to compare with the list submitted by the Revenue Department, village by village, to ascertain the cause of difference." There is a case in which "the Amildars' lists agreed exactly with Survey lists," and yet there is a difference which is unaccountable. There is even a case in which reserved land constituting an Amrut Mahal kaval is assessed and made available for cultivation and yet continues to be classed in the books of the Revenue Department as land withheld from cultivation, and so forth. It is high time that this should be put an end to—by what means is a matter of detail which Government would fain leave each Deputy Commissioner to settle for himself. But it is essential that the registers of the District and Taluk offices should be properly

made up and agreed at once with those of the Survey Department, and that the agreement should be maintained by an annual interchange of correction slips between the Revenue and Survey Departments. Deputy Commissioners are requested to take the needful action without delay and report the same for the information of Government.

5. As regards "Pot kharab," it has already been directed that "the proper course is to class it as 'not available for cultivation' and include it under head 2, excluding it from heads 3, 4 and 5" in Table A^2. The Pot kharab to be thus dealt with is the area shown in column 5 of the Kheytwar Patrik (Village Account No. 1) and belongs to both occupied and unoccupied survey numbers. It follows that what is shown in columns 18 and 24 of the Achkat return should both go into No. 2 of Table A^2 of Agricultural Statistics. This simple point should be clearly understood.

6. As regards ploughs, it should be borne in mind that the number to be shown in the Revenue Annual Return No. 28 (Ahaval) includes the number of ploughs pertaining to alienated villages also, while the number to be entered in the Statistical Table A^4 includes those of Government villages and Municipalities only, to which alone all the Agricultural Statistics are at present restricted.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts, with an extract of Tabular Statement respectively to each.
The Superintendent, Revenue Survey in Mysore.
The Conservator of Forests in Mysore, for information.

READ—

Letter No. 835, dated 30th June 1900, from the Superintendent of Revenue Survey in Mysore, submitting the Annual Progress Report of the Mysore Revenue Survey for the Survey year ending 31st October 1899.

No. 1368-76—R. F. 42-98, DATED BANGALORE, 14TH AUGUST 1900.

ORDER THEREON—*Changes in the Department.*—Thirty learners were appointed and trained to serve as Measurers in future, and to fill appointments in the Revenue Department.

Measurement.—The operations carried out by the Department extended over 20,340 against 40,453 acres, the decrease being due to a comparatively smaller extent of waste lands taken up for State Forests. The work consisted of the detailed survey of inam villages, and the sub-division of lands taken up for cultivation and for State Forests. Nearly six per cent of the fields measured were tested.

3. The work done by 91 men (Surveyors and Measurers) employed in the several districts was of a miscellaneous nature. Nearly 13 per cent of the total number of working days were spent in doing clerical work in the offices of the Deputy Commissioners and Amildars, 15 per cent on account of sickness, leave and holidays, 14 per cent in boundary mark inspection, 10 per cent in travelling, and the remaining period in doing measurement and other work expected of them. Their services appear to have been utilized in some taluks for collecting arrears and other taxes. This, as well as their employment on clerical work, is objectionable, and the Deputy Commissioners are requested to see that these men are properly and more usefully employed. As remarked by the Survey Superintendent they practically do the work done by Circle Inspectors in Bombay.

4. *Classification.*—This work extended over 12,396 fields measuring 83,661 acres (both arable and unarable), the number and extent of the fields brought under such operation in the previous year being 16,279 and 97,357 acres, respectively. The revision of the water classification ordered in Government Proceedings No. 4115-17—R. 1414, dated 5th November 1896, was completed in the whole of the Hiriyur taluk and in a portion of the Huliyar sub-taluk of the Chitaldrug district.

5. The soil classification of 1814 fields and the water classification of 1148 fields were tested against 1836 and 1475 fields, respectively, the average difference between the original classification and test, being one pie both in soil and water, which was the difference in the previous year also.

6. *Measurement and Classification of Inam Villages.*—The area measured in 21 inam villages was 14,840 acres and that classed in 29 villages was 26,058 acres, the number of villages measured and classed in the previous year being 23 and 27, respectively, consisting of 16,504 and 22,299 acres.

7. *Village Maps.*—The number of villages for which Survey Maps remained to be issued was two in the Chamrajnagar taluk and 53 in the T. Narsipur taluk against 115 villages in the Kankanhalli taluk, two in the Chamrajnagar taluk and 111 in the T. Narsipur taluk in the previous year.

8. Out of 67 taluks and two jahgirs, the settlement of the Nanjangud taluk and of the Sringeri Jahgir remained to be completed at the close of the Survey year. Nanjangud taluk has since been settled.

9. *Remuneration of Village Officers.*—The revision of the potgi of village officers ordered in Government Proceedings No. 2477-85—R. 908, dated 3rd September 1896, was completed in 11 taluks against 17 in the previous year.

10. The cost of Survey operations during the year amounted to Rs. 1,51,555-13-10 against Rs. 1,48,024-1-10 in the previous year, the total cost from the beginning, to the close of the year under report being Rs. 69,13,660-5-3.

READ—

The seventh Annual Report on Rainfall Registration in Mysore for the calendar year 1899, submitted by the Director of Meteorology in Mysore with his letter No. 31, dated 16th July 1900.

No. 1359-67—R. F. 56-97, DATED BANGALORE, 14TH AUGUST 1900.

ORDER THEREON—The total number of Rain-gauge Stations in the State during the year was 197, or 22 more than that in the previous year. Out of these 197 stations, rain-gauges and glasses are supplied only to 186, of which, only 73 and not 72 stations were inspected during the year, as shown in the margin. This is very unsatisfactory and the inattention of the officers concerned to the repeated instructions issued by Government in the matter, calls for explanation. The Government agree with the Director of Meteorology in observing that until the existing Rain-gauge Stations are satisfactorily improved, and the registration of rainfall therein is reliable, it is undesirable to open additional stations in any district.

District.	Number of stations.	Number inspected.
Bangalore	33	7
Kolar	24	16
Tumkur	34	15
Mysore	24	9
Hassan	19	8
Shimoga	21	4
Kadur	12	4
Chitaldrug	19	10
Total ...	186	73

2. The heaviest rainfall recorded on one single day in each of the districts was as shown below :—

District.	Station.	Quantity of rain.	Date.
		Inches.	
Bangalore	Yelahanka	7·70	15th May 1899.
Kolar	Vemgal	3·87	7th September 1899.
Tumkur	Medigesi	8·15	8th do
Mysore	Nanjangud	3·50	9th do
Hassan	Belur	5·73	18th April 1899.
Shimoga	Augumbe	12·10	14th June 1899.
Kadur	Chethulli Estate	8·30	13th do
Chitaldrug	Hiriyur	5·00	21st September 1899.

The largest quantity of rain recorded during the year was 239·26 inches at Augumbe in the Shimoga district, and the smallest was 10·80 inches at Hosdurga in the Chitaldrug district.

3. The average rainfall for the whole State during the year under report was 28·92 inches or 12·56 inches less than that of the previous year and 7·74 inches less than the average for the past 30 years as indicated below, the deficiency being due to the failure of the north-east monsoon :—

District.	Average for 1899.	Average for 1898.	Average for the past 30 years.
	Inches.	Inches.	Inches.
Bangalore	24·37	35·54	29·62
Kolar	22·75	32·45	27·55
Tumkur	23·72	32·35	26·14
Mysore	21·14	34·52	27·23
Hassan	27·31	42·08	35·17
Shimoga	46·77	73·09	65·74
Kadur	46·19	70·18	60·65
Chitaldrug	19·11	29·11	20·79

4. The Director of Meteorology is requested to distribute copies of the Report as usual and forward 12 more copies to this office.

The following letters from the Deputy Commissioners of districts on the subject of allotment for advances to be made under the Land Improvement Loans Regulation IV of 1890 and the Rules framed thereunder, during the year 1900-1901 :—

No.	Date.	From.
Letter No. 15	4th July 1900	Deputy Commissioner, Bangalore.
„ 116	14th July 1900	Ditto Kolar.
„ 5	2nd July 1900	Ditto Tumkur.
„ 23	7th July 1900	Ditto Mysore.
„ 18	12th July 1900	Ditto Hassan.
„ 19-14	4th July 1900	Ditto Shimoga.
„ 5	3rd July 1900	Ditto Kadur.
„ 14	6th July 1900	Ditto Chitaldrug.

No. 1434-43—R. F. 4-1900, DATED BANGALORE, 15TH AUGUST 1900.

ORDER THEREON—The Comptroller to the Government of Mysore is requested to place the following sums at the disposal of the Deputy Commissioners for advances to be made under the Land Improvement Loans Regulation IV of 1890 and the Rules framed thereunder, during the current year 1900-1901 :—

		Rs.
For the Bangalore District ...	... ...	2,000
„ Kolar do ...	... ...	2,000
„ Tumkur do ...	... ...	1,000
„ Mysore ... do ...	... ...	1,500
„ Hassan ... do ...	... ...	500
„ Shimoga do ...	... ...	500
„ Kadur ... do ...	... ...	500
„ Chitaldrug do ...	... ...	2,000
	Total ...	10,000

The Deputy Commissioners of districts are requested to submit, as usual, monthly reports in the form prescribed in Government Proceedings No. 2153-62—R. F. 7-99, dated 7th September 1899, showing the amounts advanced in each case, the expenditure up to date, and the balance available for future advances.

The Deputy Commissioners of Districts.
The Inspector of Agricultural Banks in Mysore.

READ—

The following letter No. 1100—909, dated 27th June 1900, from the Deputy Commissioner, Shimoga District, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to report the following case for the orders of Government.

2. On 8th January 1895, one Vrishabhayya of Joga, Sagar taluk, tendered rajinama to the below noted lands in his khate in favor of one Jalayya *bin* Padmayya. The Amildar recorded only the statement of Vrishabhayya and, accepting the rajinama, issued an order to the shanbhog on 8th June 1895 to enter the lands in the name of Jalayya in the village records :—

				Assessment.		
		A.	g.	Rs.	a.	p.
Bilagallur Survey No. 27	...	4	29	18	0	0
Karagallu, 2nd part of Survey No. 11	...	9	31	36	0	0
„ 6	...	11	33	42	0	0
Talakalale „ 36	...	13	20	46	0	0
„ 89	...	7	20	23	0	0
Ilikalale „ 56	...	4	4	10	0	0
„ 58	...	3	3	13	0	0

3. Rupees 199-15-1 was stated to be due from Vrishabhayya for the village of Talakalale for 1894-95 and in the proclamation issued for the sale of his lands the Survey Nos. 36 and 89 mentioned in the rajikabulnama were also included. The Amildar in submitting the sale proclamation reported to the Sub-Division Officer (20th August 1895) that out of Rs. 199-15-1, Rs. 73-5-0 was due from Jalayya on account of Survey Nos. 36 and 89 and that as the amount due from Vrishabhayya had since been recovered fully, permission might be granted to sell the said survey numbers taking proceedings against Jalayya. This having been granted, notices were issued in the name of Jalayya but they were not served as his whereabouts were not known, and the lands referred to in para 2 were distrained and sold, but bought in for Government as there were no bids.

4. Mr. Krishnaiengar, the Jamabandi Officer of the taluk for the year 1895-96, who observed the heavy balance due from Jalayya, remarked that the statement of Jalayya for the acceptance of the lands in question had not been recorded and on that ground recommended the cancellation of the rajikabulnama and distraint of Vrishabhayya's movable property for the recovery of the arrears. The Deputy Commissioner called for the explanation of the Amildar for this irregularity, and the latter reported that the rajikabulnama had been kept in abeyance with a view to record the statement of Jalayya, but that by an oversight it had been sanctioned along with other rajikabulnamas.

5. The Deputy Commissioner (Mr. Rangaswamaiengar) cancelled* the rajikabulnama and ordered the continuance of the khate in the name of Vrishabhayya and directed that he might resign the lands in time if he chose to do so. He also cancelled the sale of the lands as no order of forfeiture, &c., had been made.

* No. 406, dated 6th June 1896.

6. Vrishabhayya to whom this was communicated on 22nd July 1896, pleaded his inability to pay the kandaya for 1894-95 and 1895-96 on the ground that he would have cultivated the lands if he had been informed before hand of the cancellation of the rajikabulnama and the Deputy Commissioner (Mr. Rangaswamaiengar) ordered* that in case the arrears for 1894-95 were paid, he would re-consider the question of the amount due for the subsequent year. Vrishabhayya accordingly paid up the kandaya for the year 1894-95 and relinquished the lands in 1898-99. He applies for the remission of Rs. 541-3-0 being the arrears due on the lands for 1895-96, 1896-97 and 1897-98 on the ground that he did not cultivate them in those years. This allegation is borne out by the entries in the Pahani Accounts, extracts from which are included in the record.

* No. 114, dated 30th September 1896.

7. I beg to submit that there is force in the petitioner's contention that he was not informed in time of his being held responsible. The rajinama was accepted and entries altered in the accounts. The alteration was not interfered with even at the following Huzur Jamabandi and thus received the tacit consent of the Deputy Commissioner. The cancellation took place only subsequently. During the interval, the liability of this man should be held as non-existant, as the lands actually stood registered in another person's name. In 1896, he was informed that he might resign, but protested that he could not pay the kandaya and his resignation had been already accepted. He seems to have been apparently under the impression that the Deputy Commissioner's order that if he paid for 1894-95 the question of liability for the balance would be re-considered, saved him from being charged with further claims and tendered his rajinama formally only in 1898-99.

8. After this resignation in favor of Jalayya was accepted and acted on for more than a year, it is somewhat hard that the Khatedar should be again entered as such on the ground that a mistake had been committed. If the question is regarded as one between private parties, there would be an estoppel against Government in this case. It was probably in view of this that Mr. Rangaswamaiengar passed the order of 30th September 1896, stating that the question of liability would be re-considered.

9. The lands have been shown to have lain waste ever since the date of the rajinama. Taking all circumstances into consideration, I think the amount deserves to be remitted and accordingly recommend that the Government may be pleased to order its remission.

10. The Kannada papers connected with the case ending with the Sagar Sub-Division Officer's Yadi No. 692, dated 28th February 1900, are herewith submitted for reference and kind return.

No. 1518—R. 489, dated Bangalore, 17th August 1900.

Order thereon—There has been a great deal of confusion and laxity in the disposal of this matter. Amildar Lakshmana Rao committed the initial irregularities of accepting a single rajinama for lands lying in more than one village and without a mutchalika from the transferee. Assistant Commissioner Mr. Krishnaiengar, who conducted the jamabandi, omitted to cancel this transaction, which he could have done on his own responsibility, but reported the matter to the Deputy Commissioner. That Officer (Mr. Rangaswamaiengar) did not expressly cancel the rajinama but ordered the arrears to be collected from the original Khatedar Vrishabhayya. In pursuance of this order, lands were brought to sale and as no bids were forthcoming for them, they were bought in by Government. The Deputy Commissioner (Mr. Rangaswamaiengar) to whom the sale was reported, found that the forfeiture of the lands had not been declared by any competent authority and on that ground cancelled the sale. In the meanwhile,

the arrears for two years accumulated and Vrishabhayya demurred to pay. Mr. Rangaswamaiengar promised to consider the objection if the arrear for 1894-95, that is to say, of the year in which the rajinama had been tendered, was paid up. There was a further delay of nearly two years in the payment by Vrishabhayya of the arrears for 1894-95, and the recommendation now submitted for the orders of Government is that the arrears which accumulated during these three years may be remitted.

2. It is reported that all the lands were lying waste. It is not clear whether cognizance has been taken of the fact, which is clear from the record, that during the year 1897-98 Revenue Survey No. 6 of the Karagallu village, which was included in the original rajinama, was cultivated by Jalayya with paddy. The assessment of this land is Rs. 44-10-0, and it must be presumed that this has been recovered and is not included in the arrears which are now recommended to be remitted. But the fact is pertinent as showing that long after the presentation of the rajinama, one of the lands was cultivated, and it is not unreasonable to hold that Vrishabhayya, who is the patel, should have either in his official capacity prevented such cultivation or as the pattadar treated the land as in his own possession. It is unexplained how this Jalayya, who was non-existent in the early development of this case suddenly appeared in the third year and cultivated this land. The Deputy Commissioner does not seem to have considered the importance due to this incident which cannot but be viewed as an act evidencing the continuance of the holding as it was before it was subjected to an irregular relinquishment. At any rate, Vrishabhayya, after he allowed this land to be cultivated and accepted the liability to pay the assessment due on it, cannot attempt to take any advantage of estoppel, the applicability of which doctrine has not been very clearly made out, and which cannot arise simply from the irregularities and omissions of the local officials.

3. There is no explanation as to why the increasing arrears were not noticed at the annual jamabandi enquiry for nearly three years and why they were allowed to run up to such a high figure.

4. It is essential to know whether the lands were allowed to be waste on account of any intrinsic difficulties in their cultivation, such as want of water, &c., or, whether it was due to the remissness or fraud of the petitioner, who is said to have been a party to a nominal transaction which led to this protracted correspondence and the accumulation of arrears. Vrishabhayya forfeited all claim to equitable consideration, which he was led to expect from the order of Mr. Rangaswamaiengar, by the inordinate delay he allowed to take place before he paid up the arrear of 1894-95. On the whole, the case requires to be further enquired into before the balance in question can be remitted.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Shimoga District, returning vernacular papers.

READ—

(1) The following letter No. D. 93, dated 18th July 1900, form the Deputy Commissioner, Bangalore District, to the Secretary to Government, General and Revenue Departments.

I have the honor to forward herewith copy of letter No. 3 of the 28th ultimo, from Mr. T. Paramasiva Iyer, Assistant Commissioner in charge of Closepet Division, seeking definite orders as to whether the Government Proceedings of the 4th April 1900, revising Rule XXVII of the Land Revenue Rules, does away with the old rule under which an unlimited multiplication of "recognised shares of survey numbers" was permitted. Rule XXVII, as it formerly stood, did not prescribe any limit for the subdivision of survey numbers resulting from transfers by sale, gift, division, &c.

2. No provision is made for such subdivision in the rule as now altered. Para 3 of the rule, as now in force, seems to refer to cases of subdivision made under the old rule. I submit the question for the early orders of Government.

(ENCLOSURE TO THE ABOVE).

Letter No. 3, dated 28th June 1900, from T. Paramasiva Iyer, Esq., B. A., Assistant Commissioner, to the Deputy Commissioner, Bangalore District.

I have the honor to request instructions on the following point :—

I understand that Proceedings No. 7035-43—R. 2308, dated 4th April 1900, are intended to obviate the evil effect of the Revenue Rule permitting unlimited subdivision of survey numbers and giving to these subdivisions the independent status of a survey number. The creation of new survey numbers out of old survey numbers and the consequent disturbance of the existing accounts and Revenue Settlement, is generally to be discouraged and is to be permitted only when the new numbers proposed to be created conform to the rule of minima prescribed and is also proved to the satisfaction of the Survey Superintendent to be necessary for special reasons other than the sweet will of the Pattadar under the existing system of free transfer. I understand, however, that there is no objection to the unlimited multiplication of recognized shares of survey numbers as their creation does not impair the value of the survey number as an independent unit with reference to the responsibility for Government assessment, and I beg to know whether in cases *where* I do not consider sufficient reasons exist for submitting a recommendation, for the creation of new numbers, to the Survey Superintendent, I may give the transferee of a portion of a survey number, by sale, gift, mortgage or otherwise, the option of being a "recognised sharer" under the Pattadar and whether, in this case also, I must insist upon the rule of minima for the various classes of land.

(2) Letter No. 102, dated 9th August 1900, from the Superintendent of Revenue Survey in Mysore, to the Secretary to Government, General and Revenue Departments.

I have the honor to acknowledge the receipt of your docket No. 1056—R. 324, dated 31st July 1900, enclosing copy of Bangalore Deputy Commissioner's letter No. D. 93 of the 18th ultimo, in which that Officer solicits the orders of Government on a matter which he describes as the "unlimited multiplication of recognised shares."

2. In the first place, the Deputy Commissioner errs in stating that old Rule XXVII permitted the formation of *recognised shares*; that rule permitted subdivisions for which the Code makes no provision and gave those subdivisions the status of *survey numbers*. Old Rule XXVII now goes, and nowhere in the Code, or, now, in the Rules, is any permission given to create "recognised shares."

3. Under the operation of old Rule XXVII a great many subdivisions have been made and they must now perforce, as provided for in para 3 of new Rule XXVII, be considered "recognised shares," because they have become occupancies separately recognised ni the Village Accounts.

4. The present reference is based upon an entire misapprehension of the meaning and origin of the "recognised share" as defined in the Code at Section 3 (6). The origin of the "recognised share" was the necessity which existed at the time of original survey, of clubbing several small occupancies to make up a survey number of the proper size. But for this, the subdivision known as the "recognised share" of a survey number would never have found any place in the Code. The Code does not in any way contemplate the creation, afresh, of a recognised share; it only provides for the recognition of an already existing share. It must be borne in mind that the occupancies clubbed together at the time of survey measurement were all separately recognised in the Village Accounts; no arbitrary creation of shares was made in the manner the Deputy Commissioner now suggests.

5. The effect of new Rule XXVII is practically to delegate to the Survey Superintendent the powers which Section 109 of the Code gives to the Government. In Bombay, the Code itself gives that power to the Survey Commissioner; in the Mysore Code it is given to the Government. Now that this power is practically delegated to the Survey Superintendent, the two Codes agree.

6. I have no doubt that the Deputy Commissioner is actuated by the best intentions in making the proposal now under discussion but a no more dangerous suggestion or more opposed to the Code could possibly have been made, and I would suggest that the permission sought for should be refused in the most unmistakeable terms.

7. I would also suggest that, in order to prevent any further misconception of the intention of new Rule XXVII, Deputy Commissioners should be informed that every application for the subdivision of a survey number must receive the sanction of the Superintendent of Survey. As regards procedure, the best rule would be for the application being made in the first instance to the Amildar, who should forward it to the Deputy Commissioner, who again will send it on to the Superintendent of Survey. I do not think applications should be allowed direct to the Superintendent of Survey, who would naturally be unwilling to take any action without the cognizance and opinion of the Revenue

authorities. Applications palpably opposed to new Rule XXVII should be at once rejected unless the circumstances are very exceptional indeed. Properly speaking, no subdivision of a survey number should be allowed unless the share to be made into a new survey number is already separately recognised in the Village Accounts. Survey numbers of unwieldy size are exceptions. When the Land Revenue Rules are revised very clear provision will be made for subdivision, but in the meantime new Rule XXVII should be strictly acted up to.

8. If Government approve of my suggestions, I would recommend their decision being communicated to all Deputy Commissioners as there is not only the risk of misapprehension, as in the case now in point, but also of want of uniformity in procedure.

No 1550-58—R. 493, DATED BANGALORE, 17TH AUGUST 1900.

ORDER THEREON—Government concur in the opinion expressed by the Superintendent of Revenue Survey as well as in the proposal made by him, and they accordingly direct that the correspondence read above be communicated to the Deputy Commissioners of districts for information and guidance. All future applications for subdivision of survey numbers should invariably be dealt with in the manner suggested by Colonel Grant.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Revenue Survey in Mysore.
The Deputy Commissioners of Districts.

READ THE FOLLOWING—

(1) *Letter No. 659, dated 24th March 1899, from the Superintendent of Revenue Survey in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.*

I have the honor to make the following reference for orders :

2. Government Proceedings No. 10991-9—R. 1194, dated 9th January 1894, lay down that where the combined Jodi and Quit-rent of any Inam is greater than the full assessment chargeable thereon at the Survey rates, the charge should be reduced to the amount of the assessment without altering the tenure.

3. Government Proceedings No. 2220—R. 853, dated 21st August 1895, make the Order quoted in the preceding para applicable to Service Inams.

4. During the revision of the remuneration of village officers (patels and shanbhogs), now in progress, several instances have come up in which the official land being held in shares, the old Jodi and the additional tax under Potgi Rule XXIII has been apportioned in the manner prescribed in Potgi Rule XXV and the Jodi payable by some one sharer has proved to be more than the Survey assessment of that share. I am inclined to believe that in such cases the Revenue authorities have applied the Orders quoted at paras 2 and 3 above : certainly they have not referred or reported any cases to me, the matter having only attracted my attention during the revision now in progress.

5. The following case in the village of Sortur of the Honnali taluk will serve for illustration :—

Sharers.	Survey assessment.			Jodi being old Jodi and additional tax under Potgi Rule XXIII.			Remaining profit.		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
1	198	12	0	164	14	0	33	14	0
2	75	12	0	64	12	0	11	0	0
3	21	0	0	20	4	0	0	12	0
4	38	8	0	36	14	0	1	10	0
5	34	12	0	33	2	0	1	10	0
6	11	4	0	16	0	0	.....		
7	24	8	0	24	4	0	0	4	0
7	404	8	0	360	2	0	49	2	0

Share No. 6 in the above illustrates the present reference. Apparently the Revenue authorities have levied Rs. 11-4-0 on that share; in short they have regarded the mere share as an Inam and dealt with it accordingly under the authority of the Government Orders above quoted

6. It does not appear to me that the share in question is an Inam as meant in the Government Order. The Inam is the Watan land which is assessed at Rs. 404-8-0 by the Survey and the combined Jodi is Rs. 360-2-0. I do not see why Government should lose more revenue in addition to what it has already foregone on this Inam, *viz.*, Rs. 49-2-0. The loss should be borne by the other sharers but it is not feasible to make such an arrangement. If sharer No. 6 does not wish to pay the combined Jodi, being more than the assessment by Survey, he can resign the share under Potgi Rule XXVII. This may seem hard but it is fair, the Inam being held generally by all.

7. I should at any rate feel greatly obliged by instructions as to how I am to dispose of such cases, the revision work being now in hand.

(2) Letter No. 1034—857, dated 30th May 1900, from the Deputy Commissioner, Shimoga District, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your docket No. 7108—R. 3306, dated 12th April 1899, forwarding copy of letter No. 659, dated 24th March 1899, from the Superintendent of Revenue Survey, and requesting me to report as to how the Jodi is at present levied from the 6th sharer of Pateli Inam lands of Soratur village, in the Honnali taluk, referred to by the Survey Superintendent, and subsequent reminders, I have the honor to state that from the year 1895-96, the Survey assessment of Rs. 11-4-0, which is lower than the combined Jodi, *viz.*, Rs. 16-0-0, is being levied from the sharer in question.

2. In giving effect to the instructions conveyed in Government Proceedings No. 2220 8—R. 853, dated 21st August 1895, the practice adopted in this district is that, wherever the Service Inams have been broken up into shares by the Survey Department separately recording either full Survey numbers or recognised shares of Survey numbers, such shares have been treated as a whole Inam, and have been allowed the concession granted by the Government.

3. It may be stated here, for the information of Government that, on a reference to the chittas of the village, it is made out that the Inam lands of the 6th sharer bore a total beriz of Rs. 12-5-9, including Maji sist and Patte. About the year 1870-71 a portion of Maji No. 132 belonging to the share having been converted into a betel-leaf garden, it was subjected to an additional payment of Rs. 3-11-1 making a total of Rs. 16-0-10 which amount was being levied till the time of Survey Settlement. During the Survey Settlement the Vasulbaki and Jodidar Patrikas were prepared from the chittas and an assessment of Rs. 11-4-0 fixed on the lands of this share, which, however, continued to pay a Jodi of Rs. 16-0-0 as before.

4. The Jodi Inam account of Patels of the Honnali taluk, for 1898-99, obtained for reference, did not agree with the details given in the Survey Superintendent's letter referred to in the docket under reply. The attempt to account for the difference (which however, has not succeeded) caused a lengthy correspondence between this office and the taluk. This is the excuse for the delay, which is regretted, in replying to your enquiry.

No. 1609-17—R. 518, DATED BANGALORE, 18TH AUGUST 1900.

ORDER THEREON—The Orders of Government contained in Proceedings Nos. 10991-9—R. 1194, dated 9th January 1894, and 2220-8—R. 853, dated 21st August 1895, have certainly been misapplied to the Patel's Service or *Watan* land. The share referred to in the case quoted by the Superintendent of Survey is not an independent Inam by itself and does not fall within the operation of the aforesaid orders. The levy thereon of the Survey assessment of Rs. 11-4-0 instead of the combined Jodi, *viz.*, Rs. 16-0-0 is a mistake which must be corrected. The Superintendent of Revenue Survey will accordingly be requested to proceed with his calculation according to his own view. As directed in the Order of 1895, the Deputy Commissioner of Shimoga should have made a report to the Superintendent of Inam Settlements of the circumstance under which the combined Jodi was changed from Rs. 16-0-0 to Rs. 11-4-0. If he had done so, the misapplication of the Order would have been detected and rectified at once.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Revenue Survey and Inam Settlements in Mysore.
The Deputy Commissioner, Shimoga District.
The Deputy Commissioners of other Districts, for information and guidance.

No. 1591-98—R. 514, DATED BANGALORE, 18TH AUGUST 1900.

ORDER THEREON—With the above, the Deputy Commissioners of Districts submit statements showing the final disposal of applications sanctioned by Government for the grant for cultivation, &c., of gomal lands during the quarter ended 31st March 1900. The following abstract, compiled from the above statements, gives particulars regarding the disposal and pending of the aforesaid applications :—

No.	Districts.	Total number of applications sanctioned by Government, awaiting disposal at the beginning of the quarter.	Sanctioned during the quarter.	Number of darkhasts in which possession of land was made over to the applicant or purchaser.	Number of applications pending further disposal by the Deputy Commissioners at the end of the quarter.	Relating to the year.							
						1892-93.	1893-94.	1894-95.	1895-96.	1896-97.	1897-98.	1898-99.	1899-1900.
1	Bangalore ...	9	1	1	9	...	...	...	...	3	3	...	3
2	Kolar ...	11	...	...	11	...	...	6	4	1	...	...	...

	Total ...	110	29	28	111	2	...	7	9	8	14	24	47

2. In the Tumkur district, four darkhasts were pending at the end of the previous quarter. But the number shown as pending disposal at the beginning of the present quarter is three. The discrepancy requires explanation.

3. The Deputy Commissioner, Hassan district, is requested to expedite the disposal of the two darkhasts which have been pending since 1892-93, and also submit an explanation of the long delay of about seven years that has occurred.

4. The attention of the Deputy Commissioners of Shimoga and Mysore is drawn to the large number of applications pending disposal at the end of this quarter.

Letter No. 90, dated 30th July 1900, from the Deputy Commissioner, Kadur district, submitting a statement showing the particulars of irrecoverable arrears amounting to Rs. 467-10-10, and requesting sanction to the amount being written off the accounts.

No. 1709—R. 555, DATED BANGALORE, 22ND AUGUST 1900.

ORDER THEREON—With regard to the remarks made against Cases Nos. 7 in the Kadur taluk and 16 in the Chikmagalur taluk, the Deputy Commissioner's attention is invited to Government Proceedings No. 1447-54—R. 229-92, dated 25th July 1892, under which the sanction of Government is unnecessary in cases in which remissions are granted under defined rules. Deducting, therefore, the sums involved in these two cases, *viz.*, Rs. 134-10-9, which the Deputy Commissioner will himself deal with, the balance of Rs. 333-0-1 is sanctioned to be written off the accounts as per statement attached hereto.

2. The records of Cases Nos. 7 and 16 will be sent up for examination with explanation as to the rules under which the remissions referred to were allowable and granted. The records of Case No. 25 will be sent with explanation as to how the amount specified, *viz.*, Rs. 39-13-6, was made up and on what date.

The Comptroller to the Government of Mysore.
The Deputy Commissioner, Tumkur District.

No. 1906-13—R. F. 137-93, DATED BANGALORE, 30TH AUGUST 1900.

ORDER—The question of improving the revenue realized from lime-stone has, for some time past, been engaging the attention of Government, and they are of opinion that the existing rules on the subject require revision to some extent.

2. After considering various proposals, it was decided in the Proceedings of the late Chief Commissioner No. 2755-66—R. 487, dated 4th September 1879, that the best and the most convenient way of realizing the revenue from this source, was to impose on the lime-kilns where lime-stones are burnt, a tax varying from Rs. 2 to Rs. 10 per kiln per annum. The said Order further directed valuable quarries of lime-stone on Government unoccupied lands being rented out in specified localities at the discretion of the District Officers. No Deputy Commissioner seems to have exercised this freedom of action. But in the year 1894, it having come to the notice of Government that in the taluks of Mandya and Malvalli, the system of selling by public auction the right of collecting lime-stone in the whole taluk for a fixed period of more than one year, was in practice and the Deputy Commissioner, Mysore district, having proposed the extension of that system to

the whole of the district, the Government considered that such a general and indiscriminate sale of the article tended to create a monopoly of the trade and was otherwise harassing to the people, and therefore directed in Proceedings No. 10502-9—R. F. 137-93, dated 20th December 1894, that the system of collecting tax on lime-kilns be continued. An application from Messrs. Arbuthnot and Company for a five years' license at a fixed annual rental, extending over the two taluks of Mandya and Malvalli, was also refused.

3. The Standing Order of Government above referred to was passed nearly 20 years ago and during this period the material development of the country has been both rapid and considerable. Along with the other articles of daily importance, the consumption of lime-stone has also greatly increased and there is no reason whatever for Government withholding its right to improve its revenue from this source in proportion to the rise in its demand.

4. While the existing system of collecting tax on lime-kilns seems very convenient and may be allowed to continue, it seems necessary that an attempt should be made to regulate the collection of lime-stone and to ascertain the quantity collected every year. In doing so the distinction between lime-stone actually quarried after digging and surface nodules collected within a depth of four feet from the ground, must be maintained. Every application for quarrying must be dealt with by the Deputy Commissioner himself and in important cases he ought not to hesitate to seek the special orders of Government. The quarrying will be limited to unassessed and unarable land and may be leased out for a fixed sum as an experimental or tentative measure. The extent of land to be quarried and the period during which the license is to continue should be specified.

5. The privilege of collecting the stone on the surface may be granted on licenses to be issued by Amildars. A suitable time must be fixed in each license for collecting and removing the article in accordance with the system which now prevails in regard to the Tangadi bark and a fee of three rupees may, for the present, be levied on each license. In addition, a cart-load of stone would have to pay a fee of four annas and a waggon-load, when transported by any railway, a fee of a rupee and half. The payment for the required quantity may be made in the Taluk Treasury, and the quantities collected and transported may be checked by the village officials and entered by them in the license which will be returned within the fixed period.

6. Before, however, final orders are issued, the Deputy Commissioners of districts will be requested to express their views in the matter at a very early date.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

FROM

THE SECRETARY TO THE GOVERNMENT OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS.

To

THE DEPUTY COMMISSIONERS OF DISTRICTS.

No. 1919-26—R. F. 28-99, DATED BANGALORE, 30TH AUGUST 1900.

Government Proceeding No. 8670-8—R. F. 28-99, dated 18th June 1900, directing that the average rainfall to be entered under columns 3 and 5 of the future Weekly Season Reports should be calculated for 10 years instead of three years as heretofore.

In inviting attention to the above and also to Government Proceedings No. 3192-200—R. 1022, dated 27th October 1899, and with a view to facilitate the preparation of the Weekly Season Report in the revised form, the undersigned has the honor to append on the margin the number of the *Gazette* in each year in which the Season Report for the week ending the first Saturday of that year has been published.

Year.	Date on which the Season Report for the 1st week in the year ended.	No. of the "Gazette" in which the 1st week's Season Report has been published.
1890	4th January 1890	3
1891	3rd do 1891	2
1892	2nd do 1892	1
1893	7th do 1893	2
1894	6th do 1894	3
1895	5th do 1895	1
1896	4th do 1896	2
1897	2nd do 1897	1
1898	1st do 1898	1
1899	7th do 1899	2
1900	6th do 1900	2

2. In adding up the figures in the Season Reports for the purpose of deducing averages, care should be taken that the week's rainfall not printed in a report because it was not received in sufficient time for inclusion in that Report is not on that account omitted. In such cases the actual rainfall should be ascertained by a reference to the subsequent Season Reports or to the Weekly Rainfall Returns and taken into account for calculating the average. Calculations should be very carefully made and then checked and verified by a specific accountant in the District Office before the report is submitted to Government. By defining the week as it has been in the Orders of the 27th October last, and by prescribing a ten-year period for the average, work has been very much simplified so that with ordinary care in the posting of figures there ought to be no mistake.

By Order,

C. SREENIVASIENGAR,

Secy. to Govt., Gen. & Rev. Depts.

Correspondence ending with letter No. 193—40, dated 15th July 1899, from the Deputy Commissioner, Kolar district, reporting on the petition of Rayasada Rama Rao, Treasury clerk, appealing against the Deputy Commissioner's order dismissing him from service for neglecting to report a case of plague in his house.

No. 1936-37—R. 631, DATED BANGALORE, 30TH AUGUST 1900.

ORDER THEREON—The Government do not consider that dismissal was an appropriate punishment for the petitioner's omission to report the existence of a plague case in his house. He ought to have been prosecuted under the Plague Rules when he would have had an opportunity of disproving, if possible, his responsibility for the omission. Even assuming that he was guilty of the omission imputed to him, his suspension from office without pay since October 1898, seems sufficient punishment in the opinion of Government. The Deputy Commissioner is accordingly requested to re-instate the petitioner in his appointment as early as possible.

READ—

Correspondence ending with letter No. (Camp) 225, dated 20th June 1900, from the Deputy Commissioner, Kolar district, regarding the alienation of two acres of land containing trees out of Survey No. 107 measuring 4 acres and 32 guntas and assessed at Rs. 8-8-0 in the Nandamballi village, Kolar taluk, for being treated as a charitable tope.

No. 1934-5—R. 630, DATED BANGALORE, 30TH AUGUST 1900.

ORDER THEREON—Maji No. 73 (dry), extent k. 1 and k. 10, assessed at seven annas in the Nandamballi village, was in the occupancy of one Gangapur Subrayappa and, during the survey jamabandi in 1888-89, it was formed into Survey No. 107 measuring 4 acres and 32 guntas (exclusive of 10 guntas of kharab) and assessed at Rs. 8-8-0. In April 1889, Subrayappa petitioned the Superintendent of Revenue Survey, stating that as his land had been heavily assessed, it might be struck off his khata and treated as Government land, and that as he had planted a tope thereon at his own cost, the right to take dried trees might be conceded to him, *the produce of the tope being utilized for charitable purpose.* He was directed by the Deputy Superintendent of Revenue Survey to relinquish the land and apply to, and obtain the orders of, the Revenue Department regarding his right to the trees. In May 1889, Subrayappa relinquished the land, and applied to the Amildar for the recognition of his right to the tope planted at his own cost, subject to the condition that he should *enjoy the produce thereof, take dried trees and re-place them by new plants* and maintain it in good condition. In June 1890, the Amildar issued orders to the effect that by the relinquishment of the land, the petitioner had also forfeited his right to the trees standing thereon and that therefore the land and the trees became the property of Government; and that till the land was otherwise disposed of, the produce of the tope should be sold and the proceeds credited to Government, the tope being taken care of by the village officers. The petitioner was, however, agitating in the matter till August 1895, when he appealed to the then Deputy Commissioner Mr. B. G. Krishnaiengar, who, after hearing the petitioner in person, finally ordered in March 1896, that as the petitioner had no right whatever to the land relinquished by him, his request for the grant of two acres of land out of Survey No. 107, subject to his paying kandayam from the date of relinquishment could not be complied with; that he might, however, be permitted to plant more trees in the vacant places on the two acres of land containing the tope, which should be reserved to Government, the right to take dried trees only being conceded to the petitioner, and that the rest of the number containing no trees be subdivided and given out for cultivation under the Darkhast Rules. In pursuance of the above order the Deputy Commissioner (Mr. Sparkes) states that the portion of land to be alienated has been subdivided and requests that the proportionate assessment thereon may be ordered to be written off the accounts and the tope recognised as a charitable tope.

2. Under the circumstances, the Government direct that the portion containing trees be treated as a public tope, the proportionate assessment thereon being written off the accounts in communication with the Superintendent of Revenue Survey and the necessary remarks noted in the Khetwar Patrik. In consideration of the fact that the petitioner planted the tope without any aid from Government, his right to take dead and fallen trees will be recognized, provided he undertakes to re-place them by new plants and executes a proper muchalika to that effect. The produce of the trees will be disposed of by Government and the proceeds utilized for the conservancy of the tope.

3. The rest of Survey No. 107, which has been already subdivided under the orders of the Deputy Commissioner, may be given to the petitioner subject to the payment of the assessment to be fixed thereon by the Survey Deparment.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kolar District, returning vernacular records.
The Superintendent of Revenue Survey in Mysore.

READ—

Letter No. 10, dated 3rd July 1900, from the Deputy Commissioner, Bangalore district.

No. 1938—R. 632, DATED BANGALORE, 30TH AUGUST 1900.

ORDER THEREON—With the above, the Deputy Commissioner submits a statement showing the particulars of irrecoverable arrears of kandayam, &c., amounting to Rs. 397-15-10, in the taluks noted below and requests sanction to the amount being written off the accounts :—

	Taluk.	Rs.	a.	p.
1	Bangalore	201	10	9
2	Hoskote	11	7	0
3	Nelamangala	38	5	0
4	Devanhalli	101	6	9
5	Closepet	45	2	4
	Total ...	397	15	10

2. In regard to Cases Nos. 6, 7 and 8 of the Bangalore taluk, the Deputy Commissioner's attention is drawn to Government Proceedings No. 1447-54—R. 229-92, dated 25th July 1892, under which the sanction of Government is not necessary in cases in which remissions are granted under defined rules.

Case Nos.	Amount. Rs.	a.	p.
6 ...	2	2	0
7 ...	4	4	0
8 ...	1	13	9
	8	3	9

3. The particulars of the amount shown in column 8 against the Case No. 11 show that the total is Rs. 88-11-6. If Rs. 4 realized by the sale of the defaulter's holdings is deducted therefrom, a balance of Rs. 84-11-6 is left and not Rs. 83-11-6 as shown in column 9. Moreover, from the vernacular records submitted, the defaulter appears to be the patel of Yemere village in the Anekal taluk and as such the statement that he possesses no other property to be proceeded against is open to doubt. The Deputy Commissioner is, therefore, requested to adopt further measures for recovery of the balance.

4. *Case No. 12, Rs. 53-7-0.*—From the vernacular papers submitted, it would appear that a small quantity of paddy was reaped from the defaulter's land. What became of it is not traceable either from the remarks made in the statement or from the vernacular papers. The Deputy Commissioner will satisfy himself on this point and submit a report.

5. *Devanhalli Taluk.*—If annas two realized by the sale of the defaulter's lands is deducted from Rs. 10 (column 9) the balance will be Rs. 9-14-0 and not Rs. 10 as shown in the statement against Case No. 14. The Deputy Commissioner is also requested to state whether steps have been taken to recover the arrears from the other hakdars referred to in the Amildar's Ittele No. 173, dated 23rd August 1898.

6. The remarks made against Case No. 3, Rs. 41-2-4, of the Closepet taluk are not clear. The Deputy Commissioner is requested to state whether the arrears for 1896-97 was ordered to be written off the accounts and, if so, to quote the number and date of order.

7. Deducting the sum of Rs. 197-8-7 for the foregoing reasons from the total amount recommended, *viz.*, Rs. 397-15-10, the balance of Rs. 200-7-3, as shown below, is sanctioned to be written off the accounts:—

No.	Taluks.	Years.	Land Revenue.	Cess.	Mohatarfa.	Total.
			Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
1	Bangalore	1896-97 to 1897-98 ...	49 11 9	5 8 9	.....	55 4 6
2	Hoskote	1897-98	10 12 0	0 11 0	.....	11 7 0
3	Nelamangala	1897-98	36 0 0	2 5 0	.....	38 5 0
4	Devanhalli	1896-97 to 1898-99 ...	87 14 0	3 8 9	.....	91 6 9
5	Closepet	1897-98	.....	.....	4 0 0	4 0 0
		Total ...	184 5 9	12 1 6	4 0 0	200 7 3

8. Government observe that several vernacular papers have not been properly arranged and numbered as they ought to have been and that in some cases papers unconnected with the transactions in question have been loosely tied up along with the main records. Suitable instructions will, it is hoped, be issued to the Amildars concerned.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Revenue Survey in Mysore.
The Deputy Commissioners of Districts.

NOTIFICATION.

No. 2062—R. F. 68-94, DATED BANGALORE, 31ST AUGUST 1900.

With the approval of the Government of India conveyed through the Resident in Mysore, the Government of Mysore are pleased to direct that the following alterations and modifications be made in the Rules for the Remuneration of Patels and Shanbhogs, issued under Notification No. 219, dated 27th October 1874:—

(1) Insert the following as foot-note to the Table of Salary in Rule VIII:—

"The stationery allowance in para 14 shall, when there are more villages "than one, be calculated village by village and not on the gross revenue of the "charge."

(2) Substitute the following for Rules X and XI:—

"When the total emoluments (as found by Rules I and II) exceed the scale "amount (as found by Rules V and VI), such excess up to a limit of Rs. 2 and, "if over Rs. 20, at 2 per cent, will be assigned to the officiator as a personal "allowance in villages having a gross revenue of less than Rs. 500; up to a limit "of Rs. 5 and if over Rs. 50 at 5 per cent in villages having a gross revenue "of Rs. 500 but less than Rs. 1,000; and up to a limit of Rs. 10 or, if over "Rs. 100, up to 10 per cent, in villages having a gross revenue of Rs. 1,000 "or more."

(3) Add the words "under these Rules" after the word "fixed" in the first line, and the words "if necessary" after the words "ten years" in the 3rd line of Rule XV.

The rule thus modified will read as follows :—

"XV. The amount of quit-rent fixed under these rules on the holding of "each share-holder is fixed for the term of settlement, but the total emoluments "of the officiators will be revised once after ten years, if necessary, and will be "modified according to the same scale in proportion to the revenues of the village "as then realized."

(4) Substitute the following for Rules XVI and XVII :—

"The assessment of the occupied Government land (plus 10 per cent of the "assessment of the unoccupied assessed waste Government land but not thereby "exceeding the gross assessment of the Government land of the village) in the year "in which the settlement of remuneration of village officers is made, will be taken "for the calculation of the remuneration of officiators."

(5) Insert the word "net" between "the" and "profits" in the 3rd line, and omit the words "the profits • • • valuations" after the word "land" in the same line of Rule XXIII.

The rule thus modified will read as follows :—

"XXIII. If the emoluments derived from land alone are more than suffici-"ent to provide the salary of the officiator, the surplus shall be taxed by the "imposition of additional *Jodi* equal to one-half the net profits on the above "land."

(6) Insert the word "total" between "the" and "Jodi", and omit the word "tax" and insert the word "now" after "Jodi" in the 7th line of Rule XXVII.

The rule as above modified will read as follows :—

"XXVII. Nothing contained in any of the preceding Rules shall be consi-"dered as debarring any village hereditary officer from relinquishing his official "land when so disposed; and every such officer shall, at any time, whether at or "subsequent to the introduction of the settlement prescribed in these Rules, be "permitted to relinquish by written *Razinama* any entire field or fields into which "official land may have been marked off by the Survey, and on so doing the re-"linquished field is immediately to be entered in the accounts as Government "land, and the total jodi now payable by the hereditary officer is to be reduced "by the full amount of the Survey assessment of the relinquished fields."

(7) Substitute the following for Rule XXXVI :—

"Property, movable or immovable, assigned as remuneration of an officiator under these Rules, shall not be alienated or assigned to any person whatever "without the sanction of Government nor shall it be liable to process of any Civil "Court."

Note.—The word "property" includes both Service lands and Cash remuneration.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of Mysore,

READ—

Letter No. 1, dated 2nd July 1900, from the Superintendent of Stamps in Mysore, submitting, as called for in Government Proceedings No. 7422-3—Fl. 999, dated 17th April 1900, the Annual Report on Stamp Revenue in Mysore for the year 1898-99.

REPORT ON THE WORKING OF THE STAMP DEPARTMENT OF THE MYSORE GOVERNMENT FOR THE YEAR 1898-99.

(1) The Stamp Department is divided into two branches, *i. e.*, (i) Central Depot and (ii) Manufactory. During the previous years, the Comptroller held charge of the former as *ex-officio* Superintendent. In the latter part of November 1898, the Officer in charge of His Highness's Huzur Treasury was made Superintendent of Stamps in the State, and the Central Depot was placed under his charge. A separate Officer, with the rank of an Assistant Superintendent, was appointed to superintend the Manufactory, which was for some time under the direct control of Government. The Comptroller now exercises general control over the Stamp Revenue and Accounts throughout the State.

(2) The Manufactory, which makes no difference between General and Court-fee stamp rolls, impresses value stamps on sheets or rolls and delivers them over to the Central Depot, which issues to other Treasuries. Court-fee labels and Receipt stamps are issued as they are received and the rolls, whether Court-fees or General stamps, are impressed with the necessary counter stamps in the Superintendent's Office and then supplied to districts. The rolls will be of no value without the counter-stamp. General stamps of all denominations are all in rolls. The Court-fees up to the value of Rs. 6 are in labels and the rest are in rolls. The minimum amount of stamps impressed is one anna and the maximum Rs. 100. Documents drawn up by legal advisers and private parties on plain papers, are impressed with stamps of any value; at present the maximum amount of value die is Rs. 2,000. Applications for impressing stamps of higher value had been received but several dies had to be made use of to make up the amount of duty. The question of having dies of higher value is engaging the attention of the Officer in charge of the Manufactory.

(3) The Court-fee labels are printed on special water-mark papers of 18 cages each, producing 18 labels to a sheet, and the stamps of higher values are impressed on a different kind of paper, each sheet consisting of three rolls. One-anna receipt stamps were being printed on the Court-fee water-mark paper, which gave 30 labels each. It was for sometime afterwards manufactured experimentally on sheets of 21, 50 and 63 labels each. Finally, in March 1898, a supply of new water-mark paper for this purpose was obtained from England, at a cost of Rs. 739-8-0.* Each sheet of this paper has 64 cages in water-line and when stamped produces 64 labels and is worth Rs. 4. The die-plate has accordingly been altered. There is a difference between a stamp printed on the Bank cheque and Mercantile Receipt books and the Receipt labels. The former, which is oval in shape, is smaller than the latter which is oblong, the measurements being 1′ × ¾′ and 1¼′ × 1′, respectively.

	Rs.	a.	p.
*(1) The charges for preparing the Dandy roll ...	435	0	0
(2) The cost of the 1st consignment ...	304	8	0
Total ...	739	8	0

(4) For manufacturing purposes new sets of die-plates have been obtained at a cost of about Rs. 4,000, the old ones having become useless.

(5) The present accounts do not show separately the number of receipt stamps used for bills of exchange and that utilized for ordinary money receipts.

(6) In September 1898, the insignia of the Mysore State, *viz.*, the figure of the Gandaberunda (double-headed eagle) was ordered to be incorporated with the impressions of stamp values used by the Manufactory.

(7) Under the authority of Government Proceedings No. 14518—Mis. 3144, dated 24th June 1899, a change has been ordered in the counter-stamp for General and Court-fee stamps. It consists in the addition of the figure of double-headed eagle in the centre, with the date over the head and the month and the full representation of the year on either side of the wings of the bird, instead of the date, the month and the last two figures of the year coming in a line as hitherto.

(8) The Statement No. 1 shows the receipts of stamps from the Manufactory and the issues made to the districts and the Resident's Treasury, at the Superintendent's Office. The receipts of General and Receipt stamps have been more during the year under report than in the previous as shown below.

Particulars.		Receipts.		Issues.	
		No.	Value.	No.	Value.
			Rs.		Rs.
General Stamps ...	1897-98	316,893	2,91,329	463,203	3,99,458
	1898-99	419,033	4,73,629	339,065	3,56,880
Court-fee Stamps ...	1897-98	892,978	6,12,231	639,698	5,57,312
	1898-99	190,567	3,17,698	517,142	4,99,886
Receipt Stamps	1897-98	275,200	17,200	375,150	23,466
	1898-99	512,000	32,000	324,160	20,260

There was a considerable falling off under Court-fees, the reasons for which will be detailed hereafter. The issues under all heads were less than in the previous year. This is due to fewer indents for stamps from districts, which also accounts for short work turned out by the Manufactory.

(9) Statement No. 2 shows that 147,367 rolls of water-mark paper were issued for General stamps being impressed, whereas in the previous year, the number was 425,250 rolls. This large decrease in the manufacture of stamps is ascribed to the temporary transfer of the Stamp Manufactory in October 1898, to the Central Jail premises, where there was no proper accommodation. The Manufactory was again transferred to the Public Offices, where the rooms were also inadequate and the work was impeded greatly on account of the buildings undergoing disinfection about the time, owing to the prevalence of plague.

(10) The following figures will show that there has been a steady increase in stamp revenue, year after year, up to the previous year. The decrease observable in the year under report could not be avoided on account of unfavorable seasons.

Year.	Revenue. Rs.	Year.	Revenue. Rs.
1888-89	5,58,091	1893-94	7,07,582
1889-90	5,94,754	1894-95	7,11,685
1890-91	5,83,492	1895-96	7,64,453
1891-92	7,95,150 for 15 months.	1896-97	7,63,695
1892-93	7,09,633	1897-98	8,26,308
		1898-99	6,45,946

(11) The revenue by sale of Judicial and Non-Judicial stamps, has been as shown hereunder.

	Year.	Rs.
Judicial ...	1897-98	5,06,533
	1898-99	4,10,156
Non-Judicial ...	1897-98	2,73,552
	1898-99	2,06,517

(12) Particulars as to different denominations of stamps sold are given in Statements Nos. 3 (A) and 3 (B), the eight-anna value contributing the largest percentage to the Stamp revenue both under Judicial and Non-Judicial stamps.

(13) The revenue, which includes Penalties and Miscellaneous Receipts realized in each district, is detailed below :—

Head-Quarters and Districts.	1897-98.	1898-99.	Difference.
	Rs.	Rs.	Rs.
Head-quarters			
Stamp Superintendent's office	24,521	12,489	—12,032
Mysore	2,21,650	1,78,373	—43,277
Bangalore	1,75,074	1,02,143	—72,931
Shimoga	1,05,257	90,673	—14,584
Hassan	75,227	76,295	+ 1,068
Kadur	65,589	62,680	— 2,909
Kolar	65,066	53,515	—11,551
Tumkur	62,435	42,654	—19,781
Chitaldrug	31,509	27,144	— 4,365
Total ...	8,26,308	6,45,946	—1,80,362

(14) It will thus be seen that the Mysore district has brought in more revenue than the other districts.

(15) In the Superintendent's Office the Supervisor sells Court-fee stamps of Rs. 50 and upwards. The proceeds of his sales amounted to Rs. 6,810 as against Rs. 7,395 in the previous year. The stamp paper of Rs. 100 value contributed two-thirds to this revenue.

(16) The 3-pie paper sales in the districts and taluks amounted to Rs. 5,919 or Rs. 1,700 less than in the previous year. This paper was introduced into the State in March 1896. Statement No. 4 shows the stock in the districts and with the Officer in charge of Stamp Manufactory.

(17) The duty on documents, presented at the Superintendent's Office for impressment of stamps during the year under review, was Rs. 5,679 as againt Rs. 17,076 in the previous year, as per Statement No. 5.

(18) The bubonic plague has affected the stamp revenue also, and accounts for the decrease of Rs. 1,80,362 under "Receipts" under the following heads during the year under report when compared with 1897-98.

	Rs.
1. Sale of Court-fee stamps	—96,377
2. Sale of special paper for Court purposes ...	— 1,700
3. Sale of General stamp papers	—65,107
4. Sale of Receipt stamps	— 1,928
5. Stamp duty realized	—11,447
6. Penalties	— 4,312
7. Miscellaneous	— 868
	—1,81,739
Minus excess receipt under recoveries on account of pauper suits	+ 1,377
	—1,80,362

(19) There has been, as shown above, an increase of Rs. 1,377 under "Recoveries on account of pauper suits" though the other items exhibit decrease throughout.

(20) The expenditure in the Stamp Department for several years has been as shown hereunder.

Years.	Rs.	Years.	Rs.
1888-89	22,755	1893-94	37,438
1889-90	26,762	1894-95	36,542
1890-91	25,307	1895-96	62,008
1891-92	35,065 for 15 months.	1896-97	37,558
		1897-98	78,017
1892-93	29,919	1898-99	31,343

(21) The purchase of a large quantity of special water-mark paper contributed greatly to the increased expenditure in 1895-96 and 1897-98.

(22) Rupees 117 more were expended for vendors this year than in the previous. Apparently the number of hands has been increased.

(23) Up to November 1893, the cost of the Manufactory was debited to the Secretariat. The charges of that branch are therefore excluded. The expenses connected with clearing and bringing in water-mark paper cases and bales from Madras to Bangalore were borne by it.

(24) There was less expenditure in the following items during the year under report.

	Rs.
1. Establishment of Stamp Superintendent's Office ...	— 671
2. Cost of Water-mark Papers	—38,823
3. Contingencies of Stamp Superintendent's Office ...	— 609
4. Refunds	— 3,070
5. Discount on Sales	— 3,613
Total ...	—46,786

(25) The stock branch having been transferred to the Stamp Manufactory, the savings effected in the Superintendent's Office establishment charges and under contingencies amount to Rs. 671 and Rs. 609, respectively.

(26) The 3-pie water-mark paper was not purchased by Government during the year.

(27) The reduced sale of stamps and fewer litigation tended to lesser "Refunds" and "Discount."

(28) Statements A and B* called for by Government are also appended to this report. The former exhibits abstract results of receipts and sales of stamps in districts, while the latter compares the revenue for the whole State with that of the past year.

*Prepared from statistics obtained from the Offices of the Comptroller and Manufactory.

(29) A detailed districtwar Statement No. 6 is also submitted to show the number of stamps on hand at the beginning of the year, the number received from the Superintendent's Office, the number sold and what remained at the end of the year. This will naturally differ from the figures of issue given in para 8 above, as the issues made by the Superintendent during the closing part of June will be brought to account in the districts from July, the next official year.

(30) A Statement No. 7 is attached to this report showing the details of issue of stamps to the Resident's Treasury during the past two years. The value of different kinds of stamps issued is given below :—

Nature of Stamps.	1897-98.			1898-99.		
	Rs.	a.	p.	Rs.	a.	p.
General Stamps	19,807	8	0	13,738	12	0
Court-fee Stamps	48,789	0	0	20,518	12	0
Receipt Stamps	5,950	0	0	6,400	0	0
Transfer Stamps	135	0	0	.....		
Notarial Stamps	54	0	0	108	0	0
Total ...	74,735	8	0	40,765	8	0

(31) It is understood that this revenue is credited to the Civil and Military Station. The above figures show a decrease of Rs. 33,970 when compared with those of the previous year. This is apparently attributable to less litigation and monetary transactions on account of plague. The connection of the undersigned with this department begins from January 1899.

No. 1400-402—Fl. 111, dated Bangalore, 14th August 1900.

Order thereon—In November 1898, the Central Depot was placed under the control of the Officer in charge of the State Huzur Treasury, as Superintendent of Stamps, and the Manufactory under a separate Officer with the rank of Assistant Superintendent.

2. The stock on hand at the beginning of the year under report was of the value of Rs. 25,35,851, which was supplemented by receipts from the Manufactory to the value of Rs. 8,23,327, the total receipts thus aggregating Rs. 33,59,178 against Rs. 35,16,381 in the previous year. The issues amounted to Rs. 8,77,134 against Rs. 9,80,530 in 1897-98, leaving a balance of the value of Rs. 24,82,044.

3. The Revenue from Judicial stamps was Rs. 4,10,156 against Rs. 5,06,533 and that from non-Judicial stamps Rs. 2,06,517, or Rs. 67,035 less than in the previous year. The duty on documents presented at the Superintendent's Office for impressment of stamps amounted to Rs. 5,679 against Rs. 17,076.

4. The Value of the stamps issued to the Civil and Military Station during 1898-99 was Rs. 40,765-8-0, or Rs. 33,970 less than in the previous year.

5. Since the year 1888-89, the Revenue from stamps showed a steady increase till 1897-98, in which year the highest revenue on record, *viz*, Rs. 8,26,308 was obtained. The large decrease during the year under report is reported to be due to unfavorable seasons, the prevalence of the Bubonic Plague in the State and the consequent falling off in litigation and monetary transactions.

6. The Expenditure in the Stamp Department for 1898-99 was Rs. 39,723 or Rs. 43,909 less than in the previous year, the decrease being attributable mainly to no three-pie water-marked paper having been purchased during the year, while a large quantity was bought in 1897-98.

7. The total number of stamps and water-marked papers received and in stock in the several districts during 1898-99 was 4,880,461, valued at Rs. 12,75,477-11-9, out of which 1,387,310 valued at Rs. 6,16,001-5-0 were sold during the year, leaving a balance of 3,493,151 valued at Rs. 6,59,476-6-9 to be carried over to next year's accounts.

8. The inconvenience referred to in the concluding portion of para 2 of the report will be obviated by the Officer in charge, Stamp Manufactory, obtaining, as speedily as possible, the dies of higher value required.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Stamps in Mysore.
The Comptroller to the Government of Mysore.
The Officer in charge, Government Stamp Manufactory.

READ—

Letter No. 49, dated 16th July 1900, from the Deputy Commissioner, Kadur district, stating that Section 54 of the Mysore Stamp Regulation (II of 1900) which repeals the Indian Stamp Act of 1879, provides for the refund to the person concerned of the value of any stamp not spoiled or rendered unfit or useless for the purpose intended, but for which he has no immediate use, on its being proved to have been purchased within the period of six months next preceding the date on which it was delivered, and enquiring whether the Government of India Notification No. 125, dated 14th January 1881, which extended to one year the period of six months prescribed in Section 54 of the Indian Stamp Act of 1879 is still in force and can be acted upon.

No. 1271-79—FL. 108, DATED BANGALORE, 9TH AUGUST 1900.

ORDER THEREON—The Government observe that only the Indian Stamp Act of 1879 has been repealed by the Mysore Stamp Regulation No. II of 1900 and that the Government of India Notification No. 125, dated 14th January 1881, extended to Mysore by Government Order No. 5084-92,—Circular 107, dated 9th August 1890, is still in force.

2. *Accordingly, the refund of Rs. 5, being the value of the unused stamp* paper presented by Karidi Venkatarayappa of Chikmagalur, and submitted by the Deputy Commissioner with his letter read above, is sanctioned subject to the usual discount.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kadur District, returning the stamp paper.
The Deputy Commissioners of other Districts.
The Comptroller to the Government of Mysore.

No. 1471-510—FL. 122, DATED BANGALORE, 16TH AUGUST 1900.

ORDER—Government observe that the current official year has opened with a large deficit, owing partly to a diminution in the income on account of plague and other causes, and partly to certain special charges which the State has had to incur during the year 1898-99. In this period of financial pressure it becomes necessary to limit the expenditure in all Departments of the State to the lowest possible scale compatible with efficiency. Heads of Departments are accordingly requested to endeavour to regulate all charges and bring them within narrow limits, and to refrain from proposing increased expenditure of any kind over and above the provisions sanctioned for ordinary expenditure in the past official year, which should be adopted as the maximum limit in the budgets for the current year, if the same cannot even be reduced. Should additional expenditure become quite unavoidable at any time, Government will deal specially with such circumstances as they arise.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Heads of other Departments.

READ—

Memo No. 195, dated the 17th August 1900, from the Director of Statistics and Census Superintendent in Mysore, requesting that a sum of Rs. 60,000 may be provided in the current year's budget on account of the marginally noted items of Census expenditure.

	Rs.
Establishments ...	25,000
Contingent charges ...	10,000
Paper, printing and other Press charges.	25,000
Total ...	60,000

No. 1652-54—FL. 130, DATED BANGALORE, 20TH AUGUST 1900.

ORDER THEREON—The proposal to provide Rs. 60,000 in the budget for the current year is provisionally approved, with the remark that every possible effort should be made to keep the total expenditure as far as possible within the amount of one lakh already sanctioned by Government. In particular, the sum of Rs. 50,000 estimated as the probable Press charges seems excessive, and it may

be possible to effect reductions therein by having forms and other work assigned to the Central Jail Press at Bangalore. The Census Superintendent is requested to obtain the details for the estimated Press charges, scrutinise the same, and submit his remarks thereon for the orders of Government. He will also ascertain and state whether the cost could be materially reduced by entrusting portions of the work to private Presses on tenders.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Director of Statistics and Census Superintendent in Mysore.
The Comptroller to the Government of Mysore.
The Superintendent, Government Press.

READ AGAIN—

Proceedings of Government No. 7788-9—Fl. 1041, dated 1st May 1900.

READ THE FOLLOWING :—

Letter No. 5194, dated 10th April 1900, from the Comptroller, Mysore Government.

I have the honor to enclose for information a statement showing the vouchers and subsidiary statements that are required to complete the list of payments and cash accounts of the Kolar District Treasury from June 1899 to February 1900. Frequent reminders are disregarded and the classification of the accounts in this office is delayed. Besides the non-submission of vouchers and sub-statements, this Treasury has been committing such gross errors in accounts that I am afraid either the supervision is very lax or the Treasury establishment is not equal to the work. In the accounts for January 1900, the figure entered under 2nd list of payments was more by Rs. 15 than the total of the list of payments sent in support of the charge. The Treasury Officer was called upon to explain this difference; after the lapse of 20 days, he replied, asking the debit in the Treasury Account to be increased without a corresponding credit or decrease under some other head of account without which the Cash Balance would be affected by that amount; he was then addressed on this point, when, after the lapse of 11 days from the date of my requisition and reminders from this office, replied to the communication and asked me to reduce the Cash Balance on the 1st January 1900 by Rs. 15.

The Cash Balance entered in the Treasury Account is certified to have been compared with the Cash Balance report received from the district and the actual balance itself verified by the Deputy Commissioner and agreed. If the Cash Balance on 1st January 1900 is to be altered, it will affect the balances of subsequent months, as the original figure for 1st January 1900 was brought forward for February and so on.

As either the verified Cash Balance must be wrong or the adjustment proposed incorrect, I have deputed my Chief Superintendent to proceed at once to Kolar and investigate the matter and submit a detailed report.

No. 7788-9—FL. 1041, DATED 1ST MAY 1900.

ORDER THEREON—The Comptroller's report of the result of the inspection by his Chief Superintendent will be awaited.

2. Government regret to observe that there have of late been frequent complaints of mismanagement and delay on the part of the Treasury Officer and officials of the Kolar District Treasury. The Deputy Commissioner must give the matter his immediate personal attention and adopt such remedial measures as may be called for. The Treasury Officer must realize his responsibility and take particular care to guard against a recurrence of errors and delays of the kind under advertence.

READ THE FOLLOWING—

(1) *Letter No. 3499—739, dated 26th April 1900, from the Deputy Commissioner, Kolar District, to the Secretary to the Government of Mysore, Revenue and General Departments.*

With reference to Comptroller's letter without number, dated 10th April 1900, to the address of the Secretary, Revenue and General Departments, reporting on certain discrepancies in the Treasury Account for January 1900, and stating that the Chief Superintendent had been deputed to investigate the matter, I have the honor to forward copy of my letter No. 3495—2740 of this date, explaining the circumstance which resulted in the difference of Rs. 15 between the list of payments and monthly cash account for January 1900 together with a copy of Treasury Officer's report No. 962, dated 19th idem, in the matter.

ENCLOSURE.

Letter No. 3495—2740, dated 25th April 1900, from the Deputy Commissioner, Kolar District, to the Comptroller, Mysore Government.

With reference to your No. 5795, dated 10th April 1900, *in re* the discrepancy in the Treasury Account for January 1900, I have the honor to forward herewith copy of report No. 962, dated 19th April 1900, from the Treasury Officer in the matter. It will be observed that the discrepancy arose in connection with the adjustment of insurance premium from the pay bill of the Amildar of Goribidnur. It was usual, with the Amildar, to draw his monthly salary of Rs. 150 in full, on an old pay bill form and pay separately to the Treasury his insurance premium. Accordingly, the Amildar drew his pay for November 1899 in the following December in full, but did not remit the premium of Rs. 15 due for the latter month. His pay bill for December paid on 4th January 1900 having been written on a revised pay bill form, deduction of the premium of Rs. 15 had to be shown therein. Rs. 135 was therefore disbursed to him. But instead of charging the full amount of Rs. 150 in the Debit side and adjusting the January premium of Rs. 15 on the Credit side, Rs. 135 only were shown in the Taluk C. Account and monthly Jama Karch account for that month. Thus, the difference of Rs. 15 was omitted to be shown both on the Debit and Credit sides. The sum of Rs. 15 separately paid by the Amildar on the 4th January 1900 towards premium for December was duly credited to the Treasury.

2. When preparing the list of payments for January in the District Treasury, it was found that the Amildar's pay for December 1899 fell short by Rs. 15. The total in the list of payments was therefore raised by Rs. 15. This resulted in the difference of Rs. 15 between the list of payments and the monthly cash account of that month, in which a corresponding alteration had not been made, as it had been submitted to your office prior to the receipt of the Amildar's explanation. Under these circumstances, I beg the favor of necessary alterations being now ordered in the cash accounts as proposed by the District Treasury Officer.

3. Similar mistakes committed by the Amildar also in the month of February when drawing his pay for January, have been duly rectified in preparing the accounts in the District Treasury.

4. All this trouble would not have arisen if the Amildar had submitted a full explanation when the mistake was first pointed out to him by the District Treasury and on this point some further explanations which have been called for are awaited.

5. I have fined the Treasury clerks for failure to scrutinize the taluk accounts properly and for the delay in noticing the discrepancy.

6. With regard to para 6 of the Treasury Officer's report, I beg to state that the change of hands had been made prior to my assuming charge of the District and that the Treasury Officer has his full complement now. His proposals for strengthening the present Treasury establishment and grading the accountants are deserving of consideration.

ENCLOSURE.

Letter No. 692, dated 19th April 1900, from the Treasury Officer, Kolar District, to the Deputy Commissioner, Kolar District.

With reference to Comptroller's No. 5795, dated the 10th instant, I have the honor to state that the Comptroller's docket No. 5162-964, dated 9th instant, reached me on the 11th instant. I at once checked the accounts myself personally and found that no correction of cash balance was needed. The difference of Rs. 15 between the list of payments and the monthly cash account for January last, is owing to the pay of the Amildar of Goribidnur taluk, shown in the cash account as Rs. 135 drawn on the 4th January last, which sum was also shown by the Amildar in his daily "C" account of that date, as well as in his monthly Jamakarch for that month. The Amildar's bill also was for Rs. 135 which was checked and returned to him for explanation. He corrected the bill but made no alterations in his accounts. The marginally noted correspondence is herewith submitted for perusal and obliging return which will confirm the above inconsistent procedure of the Amildar.

(1) "C" account dated 4th January 1900.
(2) Do dated 1st February 1900.
(3) Jamakarch for January 1900
(4) Do February 1900.
(5) This office No. 1444, dated 14th February 1900, to the Amildar, Goribidnur.
(6) Amildar's reply No. 164, dated 23rd February 1900.
(7) This office No. 1514, dated 1st March 1900, to the Amildar.
(8) Amildar's reply No. 169, dated 5th March 1900.
(9) This office No. 1570, dated 10th March 1900, to the Amildar.
(10) Amildar's reply No. 182, dated 14th March 1900.

2. Before reporting the above details to the Comptroller, I ordered the Head Accountant to go through the Amildar's accounts once more to ensure correctness. In the meanwhile, the Chief Superintendent of the Comptroller's office arrived at 4 P. M. on the 12th instant to whom I at once gave the above explanations personally.

3. The Amildar of Goribidnur taluk has committed a similar mistake in the month of February 1900 also, when drawing his pay for January last on 1st February 1900.

4. The Amildar's explanation No. 202, dated 16th instant, received today is herewith submitted, from which it will be observed that it was a mistake committed by him in charging the Government his pay drawn from the Treasury as only Rs. 135 instead of Rs. 150 actually drawn and that no change in the Cash Balances is needed.

5. Under the foregoing circumstances, I beg that the Comptroller may be addressed to order the necessary alterations to be made in the accounts by increasing the debit under Amildar's pay by Rs. 15 and increasing the corresponding sum on the Credit side under "Insurance." The proposal made in this office No. 934, dated 4th March 1900, to correct the balance may be cancelled. I regret that it was done owing to the inexperience of the accountants.

6. As regards the Treasury establishment, I respectfully beg to bring to notice that both the Head and Deputy Accountants were retired together on one and the same date, *i. e.*, on 1st October last. Their successors are new to their work. The Head Accountant had just started service. Although his name is borne in the Treasury establishment, he was acting Treasurer from 18th November 1899 to 1st December 1899 and from 2nd December 1899 to 3rd March 1900 he was doing duty in the Revenue Department. During his absence, I had no Head Accountant at all. One of the Treasury permanent accountants is employed in the District Plague Department. The English Clerk is not a very useful hand. The ledgerer is the only experienced hand in the Treasury establishment. Under these adverse circumstances, I beg to submit that the Treasury work cannot be carried out satisfactorily unless its establishment is efficiently manned. The Head Accountant and one or two accountants should be graded as is done in the Comptroller's office; so that they may have sufficient inducement in the Treasury Account Department, instead of making it as a stepping stone to other appointments.

7. The work of the Savings Bank, Insurance and Local Fund Departments have of late increased in the Treasury. There is no record-keeper at all. In my humble opinion, I consider that three more hands are essential for the maintenance of the accounts of those departments and for the records.

8. The Chief Superintendent of the Comptroller's office has checked all the Books of the District Treasury and I believe they were satisfactory.

9. The explanations of the marginally noted officials are also submitted as directed personally.

1. Subba Rao, Deputy Accountant.
2. Ledgerer, Appa Rao.
3. Acting Treasury Accountant, Venkoba Rao.

---

(2) *Letter No. 420, dated 19th July 1900, from the Comptroller, Mysore Government, to the Secretary to the Government of Mysore, General and Revenue Departments.*

With reference to Government Proceedings No. 7788-9—Fl. 1041, dated 1st May 1900, regarding the inspection of the accounts of the Kolar District Treasury, I have the honor to forward herewith the report received from my Chief Superintendent on the result of the examination of the accounts of that Treasury with my marginal remarks thereon.

2. It will be seen therefrom that the Treasury has been working in a perfunctory manner; that even the rules on general procedure have not been observed in some instances, and that some necessary Registers have not been maintained.

3. The Sub-Treasury accounts which are as important as District Treasury accounts have not been checked, nor have the postings in the Ledgers been arithmetically tested although the daily totals have been attested with the Treasury Officer's initials.

4. The Taluk Cash Accounts received from day to day are not duly checked, classified and posted from day to day in the Ledgers prescribed to be maintained in the District Treasury for incorporation into the cash account for the whole district. A Khadabund or classified monthly cash account is obtained instead from each taluk and

the District monthly cash account is based upon and compiled from these accounts, although the procedure was ordered to be discontinued many years ago. The result is that the monthly cash account is rendered to this office long after its due date.

5. The lists of payments and other subsidiary returns in the District Treasury have not been written up daily as required by the rules and the vouchers that were due from the taluks have not been called for and promptly obtained. The Audit objections and other requisitions from this office have not been attended to promptly. To remedy these irregularities not only in this district but also in the other districts, I issued a circular on the 28th October 1899 to all the Deputy Commissioners, Treasury Departments, noting down very clearly the chief points requiring special attention on the part of the Treasury Officers for want of which there had been so much delay and irregularity. The Deputy Commissioners were at the same time specially requested in a separate D. O. (copy enclosed for ready reference) to take personal interest in the matter and see for three or four months that the circular instructions are being strictly and punctually carried out; but I regret to state that no notice appears to have been taken of the Circular and D. O. up to the time of inspection.

6. The delay in the submission of accounts may also be attributed to the frequent transfers of the Treasury officials, the retirements of both the Head and Deputy Accountants simultaneously, and to the appointment of a man not only unacquainted with any Treasury work but altogether new to Government service.

7. I therefore request that Government may be pleased to issue stringent orders to the Deputy Commissioner to give due attention to my circular instructions cited above and to maintain the Treasury establishment at its full strength with efficient and experienced men.

8. I also take this opportunity to refer you to para 15 of the Report from which you will observe that the Excise Day Book and Ledgers have not been completely posted and the delay is explained as due to the increase of the Excise transactions on account of Tree-tax. There are now two accountants for preparing the Excise returns and accounts, one of them is working in the Deputy Commissioner's Revenue office and the other in the Treasury.

9. I am of opinion that work in this branch can always be kept up to current with less expenditure of time and labour if both of them work together in the Treasury, as all the details required for the compilation of these accounts can be had from the Treasury Accounts.

ENCLOSURE.

Chief Superintendent's Report, dated 20th April 1900, to the Comptroller to the Government of Mysore.

Agreeably to your orders, I examined the accounts of the Kolar District Treasury on the 14th, 15th, 16th, 17th and 18th instant and beg to report on the result of the examination.

2. *The District Treasury Cash Book, &c.*—The District Treasury Cash Book, the Accountants' and the Treasurer's balance sheets and other subsidiary registers connected therewith have been correctly and neatly kept up and signed daily by the Treasury Officer. However, the following items carried to the Cash Book from the subsidiary registers have not been attested by him.

Remark by Comptroller.—An omission in the most essential part of the daily work of the Treasury Officer.

(a)	Total of Judicial deposits repaid on the 17th January 1900,				Rs. 93	1	0
(b)	Do	do		do ...	„ 27	12	6
(c)	Total of P. W. cheques paid on the 25th January 1900 ...				„ 250	0	0
(d)	Do	do	31st	do ...	„ 250	0	0

3. *Treasurer's Cash Book.*—The Treasurer maintains two registers for Cash Book, one for receipts and the other for disbursements, when one book can answer for both the purposes—*Vide* Article 306 of the Civil Account Code.

Remark by Comptroller.—Two books were never prescribed and there is no necessity for multiplying the number of Registers and Books.

4. According to Rule 1, Article 311, all items adjusted by "transfer" should not find a place in the Treasurer's Cash Book, but in this Treasury a separate columnis provided in the above two registers for recording such transactions.

Remark by Comptroller.—This should certainly not appear in the Treasurer's account *at all.* This vitiates the counter check secured by the agreement of the Accountant's balance with that of the Treasurer.

5. *District Treasury Ledger.*—No separate Ledger is maintained for the District Treasury transactions, but at the close of each month a rough memo is prepared showing the daily receipts and payments under different items, and even this memo is not prepared according to budget heads. In some of the columns provided for different budget heads, the names of the subsidiary registers from which the daily totals are carried to Cash Book are entered.

Those registers are :—

(1)	Register of Stamp Revenue.		(4)	Register of Miscellaneous.	
(2)	Do	Court Receipts.	(5)	Do	Local Remittances.
(3)	Do	Educational Receipts.	(6)	Do	Life Insurance.

6. The minor details required for preparing the consolidated abstract of receipts and payments of the whole district are worked out either on a separate piece of paper and then posted in the abstract or entered in the rough memo in the columns provided for some other revenue ; for instance, the Stamp revenue realized in the District Treasury during January 1900 was Rs. 37-11-8, which are detailed in the column for "Court Receipts" as shown below :—

	Rs.	a.	p.
Duty	0	15	4
Penalty	15	13	4
Court-fees stamp	20	0	0
Discount	0	15	0
	37	11	8

Remark by Comptroller —This is very perfunctory. When Ledgers have been prescribed and printed forms issued therefor, requiring compilation of accounts from day to day in a systematic manner, this work is allowed to fall in arrears till the end of the month and then taken up to be completed in a hurry and all at once. This accounts for so much delay and for so many irregularities brought to light for the past year or so.

7. *Taluk "C" Accounts.*—It is not known whether the Taluk "C" accounts are properly checked in the District Treasury. The total receipts of the Mulbagal taluk including the opening balance on the 20th January 1900 were Rs. 8,154-8-0, and not Rs. 8,154-9-10 as entered in the Taluk "C" account, and to arrive at the correct balance the total expenditure was shown as Rs. 51-10-8, while the particulars amounted to only Rs. 51-8-10.

Opening balance	Rs. 7,854	10	4
Receipts	,, 299	13	8
Total	,, 8,154	8	0

Remark by Comptroller.—This clearly shows that the Ledgerers never check the accounts before they post them in the Ledger.

8. The actual receipts of the Goribidnur taluk on the 8th January 1900 amounted to Rs. 187-6-9, but the abstract classification shows only Rs. 186-13-5.

9. *Taluk Ledgers.*—The Taluk Ledgers have been correctly classified but contain several unattested corrections and alterations. According to the practice obtaining in this district, the daily totals entered in the last columns of the Taluk Ledgers have been attested by the Treasury Officer, but no body seems to have exercised any check as to whether the details work up to the totals.

Remark by Comptroller.—If he had attested the last columns, *i. e.*, the totals of each day's transactions, he should have simply initialled them without comparing as he should with the corresponding Taluk "C" account from which the figures in the Ledgers were posted. If he had, he would have found out the errors noted in para 7 above.

10. The total credit of the Chintamani taluk for the 9th January 1900 was Rs. 411-15-9, whereas only Rs. 63-5-4 were entered in the Taluk Ledger.

11. Similarly, the total payments in the Srinivaspur taluk on the 2nd January 1900 amounted to Rs. 1,811-4-3, whereas the amount entered in the Ledger was Rs. 1,653-1-3.

12. The total amount of Arrack duty collected in the Malur taluk on the 6th January 1900 as per entry in the "C" account was Rs. 67-1-0, whereas that entered in the Ledger was Rs. 67-7-0.

13. Mistakes of this nature have been noticed in the Ledgers of other taluks also. However, correct figures have been obtained at the end of each month by necessary corrections being made in the totals of the Taluk Ledgers according to the "Khadaband," *i. e.*, monthly classified account received from the taluks.

14. The total receipts and some progressive totals in the Treasury account have been entered in pencil.

Remark by Comptroller.—This is very irregular and will lead to tampering with accounts.

15. *Subsidiary Returns.*—Two registers are kept in connection with Excise Revenue. One Register is called "Day book of collections" and the other "Ledger of arrack, &c." In the first register, each chalan is classified under different items of Excise datewar, while in the second, the total receipt in each taluk on each date (as shown in Register 1) is entered under each item of revenue.

16. The figures for January 1900 have not been entered in the 1st register, while the daily and talukwar details have been entered in pencil in the 2nd.

Remark by Comptroller.—This work too is not done from day to day as it ought to be.

17. Separate registers are maintained for fees and fines received from Courts, Educational receipts, Miscellaneous items and Local cess. All the entries in these registers agree with those in the Treasury account, but those registers have not been examined by any body or signed by the Treasury Officer.

Remark by Comptroller.—These are also Registers subsidiary to Treasury account and ought to be posted day by day and agreed with the Treasury accounts daily before the day's transactions are closed and duly attested by the Treasury Officer.

18. Registers for showing particulars of receipts under interest on loans, &c., and "Public Works remittances" have not been opened.

19. Plus and minus memo of Municipal Funds for January 1900 has not yet been prepared.

Remark by Comptroller.—The date of inspection is 17th April. This Memo for January ought to be ready on the 10th February.

20. *Deposits.*—Separate registers are kept for each taluk on account of deposits and all the credits are posted therein only monthly from the monthly statements received from the taluks instead of daily from the Taluk "C" accounts. No similar register is maintained for the payments made in taluks, but the extract register of repayments sent to this office is prepared from the monthly statements of payments received from taluks. The payments are noted in the Credit Register against the credit items concerned instead of in the respective columns.

Remark by Comptroller.—No work in this Treasury appears to be done day by day as the Treasury transactions of the day are closed, but all work is allowed to accumulate till end of the month.

21. Personal Ledgers of the Savings Bank Depositors for January 1900 *are being posted.*

Remark by Comptroller.—Now in the middle of April (!!). Then the Bank transactions must have been done on the strength of the Pass Books alone—an highly irregular procedure opposed to all rules.

22. *Lists of Payments.*—A separate register is opened for recording all the District Treasury payments which go into the list of payments. Another similar register is opened for taluk payments also. In the latter all the items noted in the former are again transcribed for preparing the consolidated list for the whole district. This imposes needless work on the Treasury establishment. It will suffice if the total of the former be entered in the latter; and the detail statement sent to this office can be copied from both the registers.

23. *Remittances between District and Taluks.*—An unauthorized practice has sprung up in this district in regard to taluk remittances. Cheques are issued by District Treasury for payment in taluks on account of sums received at the District or Taluk Treasuries. There is one general rule for the issue and payment of these cheques. Further, the amount shown under Local Remittance No. 1 on the Credit side is the amount of cheques issued and paid in the same month; while those shown under 4 and 5 excluding Cash Remittances, if any, are also the amounts of cheques issued in that month but not paid in the same month. Thus, on the whole, the amounts credited under 1, 4 and 5 are the total amount of cheques issued in a month, while the amounts on the Debit side under these heads represent the total amount of cheques paid in a month.

Without any authority from this office and in opposition to Circular orders on the subject.

24. But in this Treasury, cheques issued for sums received at District Treasury and for sums received at Taluk Treasuries are treated as different classes of cheques, two different numbers are given for distinguishing one class from the other and two separate registers are maintained for recording those transactions. Moreover, the total amount of cheques issued on account of sums received in taluks, and discharged in the same month is struck out on both sides of the account, and only the amount of cheques remained uncashed in that month is credited under No. 5. Thus the total amount of cheques issued for sums received in one taluk on account of another and paid in the same month is not brought on the books.

No separate register is maintained of the cheques issued and paid in the same month, but the register kept for noting the payments made under Nos. 4 and 5, has not been written up *since* November 1899.

Remark by Comptroller.—Very unsatisfactory.

25. *Advances.*—In connection with advances, two registers are maintained, one showing only the advances received and the other the advances made, the recovery and the balance, but neither of these registers show the total outstandings in the district. In the latter register, the entries are made only when any money is received on account of any advance.

26. *P. W. Letter of Credit.*—The amounts credited by the Comptroller monthly are noted in the register, but not attested by the Treasury Officer.

Remark by Comptroller.—A serious omission.

27. *Forest Letter of Credit.*—The register is incomplete. The cheques paid have not been noted in this register, nor is the amount of credit attested by the Treasury Officer.

Remark by Comptroller.—Very unsatisfactory.

28. *Stamps.*—A Stock Register is kept of stamps received, issued, and the balance, but every transaction recorded therein is not attested by the Treasury Officer. Only when the Treasury Assistants are changed the balance is certified to be correct by the Relieving Officer.

29. *Alteration proposed by the Treasury Officer in the Cash Balance for January 1900.*—Now, in regard to the correction proposed by the Treasury Officer in the Cash Balance for January 1900, the statements 1, 2, 3 and 4 (worked out on two different plans and appended to this report) which have been prepared from the several ledgers maintained in the Treasury after verification with the original accounts, prove that the Cash Balance, the receipts and payments shown in the Treasury account for that month, are all correct, but the mistake arose in this way. The accountant who prepares the List of Payments found after the submission of the Treasury account to this office that a sum of Rs. 135 only was drawn on the pay bill of the Goribidnur taluk instead of Rs. 150 as usual; whereupon, the Treasury Officer wrote to the Amildar on the 14th February 1900 to alter the amount entered in the "pay and paid" stamps, and in the taluk accounts, and entered Rs. 150 in the List of Payment, without having regard to the fact that by such alteration the cash balance would be effected.

Remark by Comptroller.—This shows complete ignorance of the first principles of accounts which may lead to much more serious irregularities than the one noticed by this office.

30. The mistake really committed was that the Amildar of Goribidnur did not pay his insurance premium in December 1899, and his pay bill for that month paid on 4th January 1900 was prepared in a revised form, Rs. 15 being shown therein as deduction to be made on account of Insurance Fund and Rs. 135 as the net amount payable. He drew this amount and paid into Treasury the Rs. 15 he failed to pay in December. The Taluk officials finding the usual credit of Rs. 15 under "Insurance Fund" did not seem to have paid any attention to the adjustment of the Rs. 15 short drawn on the above said bill. Rs. 135 instead of Rs. 150 were therefore charged in the Taluk accounts on account of the

pay of the Amildar for December. The difference of Rs. 15 still remains to be paid by Government to the Amildar and it has therefore to be adjusted by debit to "4. Land Revenue" and credit to the "Insurance Fund".

31. *Vouchers and Objection Statements still due by the Treasury Officer.*—From the statement No. 5 appended to the report, it will be observed that except in a few cases no action has been taken by the Treasury Department for obtaining the vouchers and the objection statements from the taluks, and the delay is attributed to the following causes:—

(1) One Nagappa, former Head Accountant, and C. Krishnappa, Deputy Accountant, were retired on one and the same date, *i. e.*, 1st October 1899, and were therefore disinterested in the work before their retirement.

(2) In the place of the former, one Krishna Rao, who was never before in service, was newly appointed on 1st October and worked in the Treasury till 1st December when he was transferred to the Revenue Department and was again sent back to the Treasury on the 3rd March 1900.

(3) Madvachar, an accountant who had sufficient experience of the Treasury work, was transferred to the Plague Department on the 3rd February 1899, and one Venkat Rao appointed in his stead, but he resigned the appointment on the 9th April and another man Venkoba Rao was appointed in his stead.

32. *General Remarks.*—Excepting the District Treasury Cash Account and other subsidiary registers concerned thereto, all the other registers show total absence of check and each accountant is permitted to do his work to the best of his ability. As the Treasury Assistant is engaged on other works there is much laxity in the supervision.

Remark by Comptroller.—This is a universal complaint on the part of all Treasury Officers so far as I have been able to ascertain during my inspection.

33. The Circular Memorandum of this office, dated 28th October 1899, has not been hitherto acted upon and it has now been arranged by the Deputy Commissioner to have full complement for the Treasury Establishment at all times and to enforce the Circular from 1st proximo, and we may therefore expect better results from next month.

Remark by Comptroller.—This Treasury was at the time of my last inspection in a very fair order and the accounts, returns, &c., due to this office have been regularly and tolerably punctually received up to the end 1898-99.

OFFICE OF THE COMPTROLLER, MYSORE GOVERNMENT, BANGALORE, 28TH OCTOBER 1899.

To the Deputy Commissioners of Districts, Treasury Department.

CIRCULAR MEMORANDUM.

1. From the very great delay in the receipt of the lists of payments, monthly cash accounts and subsidiary returns and the very imperfect condition in which they are submitted, the Comptroller has reasons to apprehend that due attention is not paid by the Treasury Officers to the instructions contained in Articles 317, 319, 323, 326 and 329 of the Civil Account Code, Vol. 1.

2. In this Province the transactions of the Sub-Treasuries are not daily incorporated in the District Treasury accounts as required by Article 320 but are posted in separate ledgers one for each taluk and brought on the district accounts only at the end of the month embodied in the monthly cash account prepared and submitted to this office. This may account for a delay of 3 or 4 days at the most as no Sub-Treasury is beyond two days' dawk from the District Treasury. If the Sub-Treasury cash accounts be despatched to the District Treasury by the first post and the ledgers be written up, as they ought to be, day by day as the daily cash accounts are received, as also the subsidiary registers and Comptroller's returns pertaining thereto, the district monthly cash account with all the vouchers, returns and schedules ought to be ready for despatch on the 5th of the month following that to which the transactions relate, whereas these accounts are, as a matter of fact, now received from the majority of the districts after the 15th and in such imperfect condition that no complete audit and compilation is possible until all the deficiencies are supplied, which in several cases is not done long after the accounts have been received though repeated and urgent calls are made from this office.

3. Such an unsatisfactory state of things cannot be permitted any longer, especially as it is not unavoidable. Article 323 of Civil Account Code, Vol. I, describes the process of closing accounts for the day in regard to the transactions in the District Treasury. The same process should be adopted in regard to the closing of each Sub-Treasury account which ought to be done day by day in the ledgers maintained in the District Treasury. If the District Treasury Officer cannot find time to examine each day the closing of the Sub-Treasury accounts, either the Head Accountant or his deputy must be made responsible for this daily work and directed to total up the ledgers every tenth day and place them before the Treasury Officer for examination on the following day with all the Taluk Cash accounts, vouchers, subsidiary registers and Comptroller's returns written up to date, all of which the Treasury Officer should initial in token of his verification. The Taluk Ledgers will thus be totalled and closed thrice a month for the Treasury Officer's verification, these totals being progressing.

4. The chief points requiring the Treasury Officer's special attention are:—

(1) When, as required by Rule (1) Article 323, he compares, daily in regard to his own Treasury transactions and every tenth day in regard to his Sub-Treasury transactions, the entries of payment in Cash Book or Register with the payment orders, he should see that similar entries have been made in the returns, statements and schedules to be submitted to the Comptroller and initial such entries with dates in token of his having examined the same.

(2) He should see twice every week in regard to his Treasury and the Head Accountant or his deputy every day and himself every tenth day in regard to Sub-Treasuries that all the vouchers have been received and are in due form and properly arranged (Article 319) and also that if any vouchers did not accompany the Taluk Cash Accounts to which they relate, a call for these documents had been made on the same day on which the accounts were received.

(3) He should take stringent measures in regard to the punctual submission of the Taluk Cash Accounts and vouchers and insist upon very prompt attention being paid by his Sub-Treasuries to all his requisitions.

Closing for the Month.

5. This work can be taken up on the 4th of the month following as all the Taluk Ledgers would have been closed by this time for the last ten days with the totals for the month. A broad sheet in a form similar to the one prescribed for ledgers or a blank printed form of the ledger itself one for receipts and another for disbursements should be ruled up with the names of all the Treasuries including the District Treasury, written up vertically and the various heads of account horizontally on the top and the columns filled up with the monthly totals taken from the respective ledgers, grand totals made including opening and closing balances. From this broad sheet the Monthly Cash Account should be transcribed, the totals under those heads of account for which subsidiary registers are maintained agreed with those in the registers and in the Comptroller's returns and the Cash Balances verified with the certified balances of the different Treasury Officers and despatched to the Comptroller with all the vouchers, returns, schedules which have already been written up day by day and closed and totalled on the last day, ready for despatch.

No. 1660-68—Fl. 136, dated Bangalore, 20th August 1900.

Order thereon—The attention of the Deputy Commissioner, Treasury Department, will be called to the report of the Chief Superintendent of the Comptroller's office which discloses several irregularities and omissions in respect of Treasury accounts which are maintained in a very unsatisfactory manner, as well as to the remarks made by the Comptroller on each of the points therein dealt with. The Government direct that the omissions and irregularities be rectified *at once*, and that the instructions contained in the Comptroller's Circular Memorandum, dated 28th October 1899, and Government Proceedings No. 668-78—Fl. 65, dated 23rd July 1900, regarding the maintenance of accounts in the Treasury and their timely transmission to the Comptroller's office

3. Such an unsatisfactory state of things cannot be permitted any longer, especially as it is not unavoidable. Article 323 of Civil Account Code, Vol. 1, describes the process of closing accounts for the day in regard to the transactions in the District Treasury. The same process should be adopted in regard to the closing of each Sub-Treasury account which ought to be done day by day in the ledgers maintained in the District Treasury. If the District Treasury Officer cannot find time to examine each day the closing of the Sub-Treasury accounts, either the Head Accountant or his deputy must be made responsible for this daily work and directed to total up the ledgers every tenth day and place them before the Treasury Officer for examination on the following day with all the Taluk Cash accounts, vouchers, subsidiary registers and Comptroller's returns written up to date, all of which the Treasury Officer should intitial in token of his verification. The Taluk Ledgers will thus be totalled and closed thrice a month for the Treasury Officer's verification, these totals being progressing.

4. The chief points requiring the Treasury Officer's special attention are:—

(1) When, as required by Rule (1) Article 323, he compares, daily in regard to his own Treasury transactions and every tenth day in regard to his Sub-Treasury transactions, the entries of payment in Cash Book or Register with the payment orders, he should see that similar entries have been made in the returns, statements and schedules to be submitted to the Comptroller and initial such entries with dates in token of his having examined the same.

(2) He should see twice every week in regard to his Treasury and the Head Accountant or his deputy every day and himself every tenth day in regard to Sub-Treasuries that all the vouchers have been received and are in due form and properly arranged (Article 319) and also that if any vouchers did not accompany the Taluk Cash Accounts to which they relate, a call for these documents had been made on the same day on which the accounts were received.

(3) He should take stringent measures in regard to the punctual submission of the Taluk Cash Accounts and vouchers and insist upon very prompt attention being paid by his Sub-Treasuries to all his requisitions.

Closing for the Month.

5. This work can be taken up on the 4th of the month following as all the Taluk Ledgers would have been closed by this time for the last ten days with the totals for the month. A broad sheet in a form similar to the one prescribed for ledgers or a blank printed form of the ledger itself one for receipts and another for disbursements should be ruled up with the names of all the Treasuries including the District Treasury, written up vertically and the various heads of account horizontally on the top and the columns filled up with the monthly totals taken from the respective ledgers, grand totals made including opening and closing balances. From this broad sheet the Monthly Cash Account should be transcribed, the totals under those heads of account for which subsidiary registers are maintained agreed with those in the registers and in the Comptroller's returns and the Cash Balances verified with the certified balances of the different Treasury Officers and despatched to the Comptroller with all the vouchers, returns, schedules which have already been written up day by day and closed and totalled on the last day, ready for despatch.

No. 1660-68—Fl. 136, dated Bangalore, 20th August 1900.

Order thereon—The attention of the Deputy Commissioner, Treasury Department, will be called to the report of the Chief Superintendent of the Comptroller's office which discloses several irregularities and omissions in respect of Treasury accounts which are maintained in a very unsatisfactory manner, as well as to the remarks made by the Comptroller on each of the points therein dealt with. The Government direct that the omissions and irregularities be rectified *at once*, and that the instructions contained in the Comptroller's Circular Memorandum, dated 28th October 1899, and Government Proceedings No. 668-78—Fl. 65, dated 23rd July 1900, regarding the maintenance of accounts in the Treasury and their timely transmission to the Comptroller's office

with complete vouchers, &c., be *strictly* adhered to and complied with. The responsibility of the District and Taluk Treasury Officers and of the Treasury officials concerned should also be *strictly* enforced.

2. It cannot be too strongly impressed upon the Deputy Commissioner that the proper despatch of work in the Treasury depends more upon the efficiency of the establishment therein maintained than its mere strength. The Deputy Commissioner should, as opportunities occur, employ in the Treasury only qualified hands who have passed the required tests and who have acquired some practical knowledge of the system of Treasury accounts and transfer those unacquainted with such work to other Branches under him. As pointed out by the Comptroller, the two Accountants who havebeen deputed to prepare the Excise returns and accounts should be made to work together in the Treasury, instead of one working in the Treasury and the other in the Deputy Commissioner's office, as hitherto.

3. It is presumed that the Comptroller has satisfied himself with the adequacy of the explanation of the District Treasury Officer as to the cause of the difference of Rs. 15 between the list of payments and monthly cash account for January 1900.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

READ THE FOLLOWING—

Letter No. Pg. 62, dated 4th August 1900, from the Comptroller to the Government of Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to Government Proceedings No. Pg. 15-16, dated 14th July 1900, sanctioning the travelling allowance bills of the Plague Commissioner's office establishment, from December 1899 to May 1900, and forwarding the same to this office, I have the honor to state that in Appendix No. 6 of the Mysore Service Regulations giving the rates of travelling allowance for Officers moving with Government to and from Ootacamund, clerks and other Non-Gazetted Officers drawing pay less than Rs. 250, are allowed "house-rent at Rs. 15 per mensem." One of the officials of the Plague Commissioner's office, who went to Ooty with the Plague Commissioner on 30th April and stays there till 6th May 1900 claims the full month's house-rent for April 1900 and a similar amount for May 1900, or Rs. 30 in all for a week's stay.

2. Construing strictly the words used in the Appendix, *viz.*, at "Rs. 15 per mensem," I am of opinion that Rs. 15 is the monthly rate payable; that the full amount can only be claimed if the stay at Ooty was for the full month, and that for broken periods the claim ought to be proportionately less. But I find that it has been long the practice of this office to pass the full monthly rent even for broken periods on the ground that houses at Ooty can only be engaged by months. As this practice is not supported by any Government Order, I request that you will be so good as to obtain at your early convenience formal orders of Government in the matter and communicate the same to me.

No 1698—FL. 144, DATED BANGALORE, 22ND AUGUST 1900.

ORDER THEREON—There is no doubt that, on a strict application of the Rule in Appendix 6 of the Service Regulations, an Officer cannot claim house-rent for an entire period of a month when the term of his occupation has only been for a portion of the month. This rule should be strictly adhered to. Where, however, an Officer has actually incurred expense on this account exceeding the amount which he can claim under the rule, such cases should be referred to Government for orders.

2. The Comptroller will be requested to dispose of the bills referred to by him and future bills of the kind in accordance with the above instructions.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller to the Government of Mysore.

READ—

Letter No. 372, dated the 12th August 1899, from the Secretary to the Mysore State Life Insurance Committee, Bangalore, submitting a copy of Resolution passed at its Meeting held on the 29th July 1899, proposing certain modifications to Rules 10 and 20 of the Insurance Rules.

No. 1721—FL. 151, DATED BANGALORE, 22ND AUGUST 1900.

ORDER THEREON—The Government are pleased to approve of the modifications proposed in the Resolution referred to above and they accordingly sanction the substitution of the following for Rules 10 and 20 :—

"10. When an Insured ceases to be under the service of the Government "before completing the age of 55 years, he may elect either to surrender his "Policy and Receipt book receiving 50 per cent of the amount of premium paid "by him without any interest; or to continue to pay the premium due on his "Policy till it becomes mature; or discontinue payment of the same, in which "latter case the arrears of premium so withheld shall be treated as a debt against "his Policy and deducted with compound interest at 4 per cent per annum from "the Bonus payable to him. Provided, however, that dismissed officials, who "have been ordered by Government to be included in the list of officials not "eligible for re-entertainment in Government service, shall not be entitled to "the benefit of the second and third alternatives in this Rule, but shall receive "only 50 per cent of the total premium paid by them without any interest."

"20. The proposal shall then be submitted to the Senior Surgeon for his "opinion and afterwards considered by not less than three members and the "President of the Committee. If they are unanimously agreed as to the "eligibility or otherwise of the Proposer, they may authorise the Secretary to "accept the proposal for the usual or reduced Bonus, and issue a Policy in "Form No. 4, or to reject the life as ineligible and to give intimation to the "Proposer of such acceptance or rejection through his immediate superior. If "they are not so agreed, the proposal shall be circulated among the remaining "members of the Committee. When there is a difference of opinion among the "members regarding the eligibility of the Proposer, one vote against the proposer shall cancel two votes in his favor, and the opinion of the majority "thus arrived at shall be deemed to be the opinion and decision of the "Committee. When, owing to such cancelment, there are left no votes either in "favor of or against a Proposer, the matter in question shall be decided by the "casting vote of the President. The President shall, in all cases, be at liberty "to refer, for the orders of Government, any question involving a general "principle, notwithstanding its decision by majority of votes."

2. A Notification will be published in the *Gazette* accordingly.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to the Mysore State Life Insurance Committee.

NOTIFICATION.

No. 1722—FL. 152, DATED BANGALORE, 22ND AUGUST 1900.

The Government of Mysore are pleased to direct the substitution of the following for Rules 10 and 20 of the Mysore State Life Insurance Rules.

"10. When an Insured ceases to be under the service of the Government "before completing the age of 55 years, he may elect either to surrender his "Policy and Receipt book receiving 50 per cent of the amount of premium "paid by him without any interest; or to continue to pay the premium due on "his Policy till it becomes mature; or discontinue payment of the same, in "which latter case, the arrears of premium so withheld shall be treated as debt "against his Policy and deducted with compound interest at 4 per cent per "annum from the Bonus payable to him. Provided, however, that dismissed "officials, who have been ordered by Government to be included in the list of "officials not eligible for re-entertainment in Government service, shall not be "entitled to the benefit of the second and third alternatives in this Rule, but "shall receive only 50 per cent of the total premium paid by them without any "interest."

"20. The proposal shall then be submitted to the Senior Surgeon for his "opinion and afterwards considered by not less than three members and the "President of the Committee. If they are unanimously agreed as to the "eligibility or otherwise of the Proposer, they may authorise the Secretary to "accept the proposal for the usual or reduced Bonus, and issue a Policy in Form "No. 4, or to reject the life as ineligible and to give intimation to the Proposer "of such acceptance or rejection through his immediate superior. If they are "not so agreed, the proposal shall be circulated among the remaining members "of the Committee. When there is a difference of opinion among the members, "regarding the eligibility of the proposer, one vote against the proposer shall "cancel two votes in his favor, and the opinion of the majority thus arrived at "shall be deemed to be the opinion and decision of the Committee. When, "owing to such cancelment, there are left no votes either in favor of or against "a proposer, the matter in question shall be decided by the casti ng vote of the "President. The President shall, in all cases, be at liberty to refer, for the "orders of Government, any question involving a general principle, notwith-"standing its decision by majority of votes."

By Order,

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, for publication.

READ THE FOLLOWING—

Letter No. 94, dated 5th July 1899, from the Secretary to the Insurance Committee, to the Secretary to Government, General and Revenue Departments.

I am desired to report for the information and orders of Government, the following case. One H. Nagesa Rao, an accountant in the office of the Military Assistant, died on 7th October 1898. He was the holder of Insurance Policies Nos. 1871 and 2907 on which Rs. 900 has become payable. The deceased, during his life time, obtained from Government an advance of Rs. 150 for building a house which still remains unliquidated. The Military Assistant to Government suggests that the said amount may be deducted out of the bonus payable on the Policies aforementioned. The widow of the deceased who has been asked to obtained a certificate of heirship consents to the proposed deduction being made and to the balance alone being paid to her.

2. As Rule 23 of the Insurance Rules does not expressly empower the Committee to deduct from the amount of bonus which becomes payable under that Rule, any sums due by the Policy-holder to Government, I beg to submit this office Memo No. 452—En. 2, dated 28th March 1899, with the opinion of the Members of the Committee passed thereon and Military Assistant's No. 5—F. 34 of 1898-99, in original, for the consideration and orders of Government. The Committee are unanimously of opinion that the Government dues, if any, should be deducted from the bonus and the balance alone paid to the Policy-holder or his heirs. An authoritative ruling on this point is solicited and the amendment of the Rule 23 suggested to remove all doubts.

No. 1733—FL. 156, DATED BANGALORE, 23RD AUGUST 1900.

ORDER THEREON—As in this case the legal heir is willing to allow the deduction, the Government are pleased to direct that the bonus due to the late Nagesa Rao be paid to his legal heir after deducting any sum due to the Insurance Fund or to Government.

2. The following clause will be added to Rule 23 of the Insurance Rules:

"The bonus payable under this Rule shall be subject to a deduction "of any amount that may be due to Government by the insured."

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to the Mysore State Life Insurance Committee, Bangalore, returning original papers.

(1) Extract from Proceedings of a Meeting of the Insurance Committee held on the 19th March 1898.

RESOLUTION No. IV.

Referring to Mr. P. N. Purnaiya's enquiry made on proposal No. 2656, as to eligibility for insurance of the officials in the Sowar and Police Departments, the Committee was of opinion that insurance in the case of subordinate Police Officers was compulsory, and as regards the Sowar and Barr Forces, it was resolved that the Military Secretary be requested to send a statement of officials in the Military Department who have already insured their lives and of those who have not yet done so, and that the further consideration of the matter be deferred pending receipt of the above information.

(2) Letter No. 373, dated the 12th August 1899, from the Insurance Secretary, submitting for orders a copy of Resolution No. III passed by the Insurance Committee at a meeting held on the 29th July 1899, as to whether Insurance Rules should be applied to the Non-Commissioned Military members of the Local Barr and Sowar Regiments.

RESOLUTION No. III.

With reference to the statistics of the insured and the uninsured in the Barr and Sowar Regiments placed before the meeting as required by Resolution No. IV passed in the Meeting of the 19th March 1898, it is resolved that, having regard to the fact that those Military men have to contribute largely out of their pay to the Chanda and other Funds which leaves very little for their maintenance and that they have separate funds of their own; the Committee are of opinion that it is undesirable to apply Insurance Rules to them and that a reference on the subject be made to Government.

(3) Letter No. 907—Mis. M. S. I. 99-00, dated the 25th November 1899, from the Military Assistant stating that the Non-Commissioned Officers of the Silahdar Force cannot afford to any further deductions from their pay, as the sum of Rs. 250 which they subscribe to the Chanda Fund, which, at their death is paid to their widows or heirs, saves their family from penury and acts as an insurance.

(4) Letter No. 1187—Mis. M. S. I. 99-00, dated the 5th January 1900, from the same Officer stating that his remarks above recorded apply equally to the Non-Commissioned Officers of the Barr Force.

No. 1728-9—FL. 154, DATED BANGALORE, 23RD AUGUST 1900.

ORDER THEREON—The Government agree with the Insurance Committee and the Military Assistant and are pleased to exempt the members of the Barr and Sowar Forces referred to in the correspondence from the operation of the Insurance Rules.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to the State Mysore Life Insurance Committee, Bangalore, returning original papers.
The Military Assistant to the Government of Mysore.

READ—

The following letter No. 971, dated the 25th November 1899, from the Secretary to the Mysore State Life Insurance Committee, to the Secretary to the Government of Mysore General and Revenue Departments.

In submitting herewith this office Memo No. 140—Enclosures 5, dated 23rd October 1899, for reference and obliging return when no longer required, I have the honor to state that one Srinivas Rango Kakari, holder of Policy No. 2268, died of plague in Bangalore on the 26th November 1898. The wife of the deceased applied through her authorized agent to recover the amount of Bonus due on the above Policy and on being told that an heirship certificate granted by a competent Court of Law should be produced, she applied to know, if the said certificate could be produced from the Courts in Hyderabad, (Deccan), where she is now residing. The Government Advocate on being consulted in the matter, states in his docket No. 72, dated 2nd October 1899, that the said certificate should be obtained from the District Court within the jurisdiction of which the deceased resided at the time of his death. On the death of an Insured before attaining 55 years, Rule 23 requires the Bonus to be paid "to his legal heirs after proof of accrual of the claim and surrender of the Policy." The members of the Committee are doubtful whether certificates of heirship granted by Courts outside the Province can be accepted and Bonus paid on the authority of such certificates, or such certificates should be obtained from the Courts within the Province as required by the Government Advocate.

No. 1732—Fl. 155, dated Bangalore, 23rd August 1900.

Order thereon—Section 3 of Act 27 of 1860 which corresponds with Section 5 of Act 7 of 1889 (in force in British India) makes the point very clear.

2. The deceased resided and died in Bangalore and the Insurance Bonus may be regarded as his assets left within the jurisdiction of the District Court in Bangalore. Therefore, the certificate of heirship should be obtained from the Mysore Court.

3. The certificate of the Hyderabad Court or any other Court situate outside the Territories of Mysore cannot be recognized for purposes of Rule 23 of the Insurance Rules.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to the Mysore State Life Insurance Committee, Bangalore, returning original papers.

READ THE FOLLOWING—

(1) *Letter No. 885, dated the 10th April 1899, from the Deputy Commissioner, Mysore District, to the Secretary to the Government of Mysore, General and Revenue Departments.*

I have the honor to submit the accompanying copy of Treasury Officer's letter No. A., dated 29th March 1899, (with its enclosures in original) reporting that there was an over-payment of Rs. 100 from the District Treasury on the 17th idem to some party, who could not be traced out, and that the consequent deficiency in the cash balance has been made good by the Head Shroff Varadam Chetti.

2. As the Treasury Officer's report clearly explains all the circumstances of the case, I need only state that the delegation by the Head Shroff to a gollar of his important duty of weighing out and paying large sums of money to parties, was most unwarranted and objectionable. The Treasurer's statement that he was not aware of this unauthorized procedure which led to the over-payment in question, cannot be accepted, it being impossible to conceive the existence of such a practice in his room without his knowledge and acquiescence. The report also discloses a great laxity of supervision on the part of the Treasurer, who is primarily responsible for the correctness of the cash balance and for the proper carrying on of transactions in the Treasury. The Treasurer cannot be exonerated from blame and the nature of the case does not seem to admit of the Head Shroff being held solely answerable for the loss. I have, therefore, directed that the Treasurer should bear half of the loss occasioned by the over-payment.

3. There was a long and unaccountable delay on the part of the Treasury Officer in reporting the matter to this office and, in fact, the enclosed report was submitted by him only after I called for it, having casually learnt the occurrence during a conversation I had with Mr. K. Mathan.

4. I request that this omission may kindly be overlooked as Mr. Mathan was new to the work and as his report shows that he held an enquiry into the case and took prompt steps to have the deficiency made good.

ENCLOSURE.

Letter No. A., dated 29th March 1899, from the Treasury Officer, Mysore District, to the Deputy Commissioner, Mysore District.

I have the honor to report that, on the evening of the 17th instant, when the closing balance, in the hands of the Treasurer, was examined, a deficiency of Rs. 100 was found. It was evident that an over-payment of the amount had been made. As the Shroffs are primarily responsible for the correctness of the payments and as the Head Shroff Varadam Chetti was the only one present on that day (the Deputy Shroff having accompanied a remittance to Bangalore) he was ordered at once to make good the deficiency which he has accordingly done.

2. On the 18th instant, I obtained the explanations of the Shroff and gollar Chikka. Further enquiry being necessary, on the 21st (the 19th was a Sunday and on the 20th there was no time as some remittances had to be shroffed) they were again examined and the statement of Treasurer Lakshman Rao was also taken.

3. The enclosed records bring to light the fact that it has been the custom here to allow the gollars to pay out money from the Treasury to the claimants. Although the practice is probably not confined to this Treasury, to entrust money transactions to irresponsible gollars is most unwarrantable and reprehensible and it has been ordered to be immediately put a stop to.

4. It is obvious from the enclosed statements that on the day in question the Shroff Varadam Chetti, being seated a little away from the wooden railings (katakatte) on the east of the Treasury, directed the gollar Chikka to weigh round sums of Rs. 50 and its multiples and to pay the same to the claimants, reserving to himself the duty of paying the balances due to each party on the vouchers presented for payment.

5. Gollar Chikka admits having received Rs. 3,000 out of the remittance from Yedatore to his possession to transact the business and after the business for the day was closed, he returned Rs. 750 to the Shroff, but he did not keep any account of the sums he paid. Shroff Varadam Chetti states that Chikka disbursed only Rs. 2,150 (as shown in columns

Nos. 1 and 2 of the enclosed statement) and that he has to account for Rs. 850. Chikka on the other hand states that he disbursed Rs. 2,250 (as shown in columns Nos. 5 and 6 of the same) according to the Shroff's directions and that Rs. 750 only was due from him. The details of the disbursements, according to the statements of Varadam Chetti and Chikka, respectively, are shown in a separate paper.

6. There is no reason to believe that the loss was occasioned by receiving a less sum than was actually due on a chellan. There were not many receipts that day of large sums except from the Post Office and I do not think it probable that Varadam Chetti could have received less than what should have been received. It is admitted that on that day the Shroff made no payments of Rs. 50 and its multiples, but only sums below Rs. 50 and even these were first handed over to Chikka, who was seated near the railings, to be given to the parties. It is pretty clear therefore that the loss was caused by the payment of two weights of Rs. 50 each, to some person or other. All the payees, whose addresses were known, have been asked whether they had received any excess payment, but the money has not been traced, and it appears to be next to impossible to trace out the person to whom the over-payment was made. I have no doubt that the over-payment was made by the gollar Chikka.

7. At the same time the Shroff had no business to entrust parts of his duty to a gollar on whom there is no hold by way of security. His excuse that, as the other Shroff was gone to Bangalore and as there was heavy work, he was compelled to employ, as is usually done, a gollar for his assistance is not sufficient to exonerate him, even granting that he could not possibly do the whole work without assistance, he should at least have kept a close and careful watch over the gollar, which he has entirely failed to do.

8. It is said that the other two gollars have had no hand in the payments and receipts of the day.

9. It is not understood from the Treasurer's statement what he actually does. He says that he never maintains and never was able to maintain any supervision over what daily takes place before him. It is no doubt somewhat inconvenient for him to sit away from the Treasury Chamber, but I do not see why he should not keep the door locked and sit nearer to the Shroff's than he now does, as I have frequently asked him to do. It is his duty carefully to check all receipts and disbursements, which I am afraid he has not satisfactorily done.

10. On the other hand, I have also to mention that the work in the Treasury during this part of the year is particularly heavy. It is very difficult for two shroffs to cope satisfactorily with the work when remittances from the taluks are received and if, as was the case on the day in question, one shroff should be absent, the difficulty is very largely increased.

11. It is not a little surprising that the Treasurer ignores all knowledge of the gollars even taking part in the daily cash transactions of the Treasury which, from the statements of the Shroff and the gollar, appears to have been a long-established though unwarrantable practice.

12. In conclusion, I have to state that in my opinion the Treasurer, the Shroff and the *gollar* are all to blame in the matter and I request that you will take such notice of their conduct as may be deemed proper.

13. The Head Shroff Varadam Chetti has, as already stated under my orders, made good the sum of Rs. 100. As the over-payment most probably was not made by him, I am of opinion that all the parties to blame may be made to contribute towards the sum which has been re-placed by Varadam Chetti.

(2) Letter No. 2487, dated the 2nd June 1899, from the Comptroller to the Government of Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your letter No. 7424—Fl. 867, dated 18th April 1899, forwarding for opinion, letter No. 885, dated 10th idem, from the Deputy Commissioner, Mysore district, regarding the over-payment of Rs. 100 from the Mysore District Treasury, on the 17th March 1899, I have the honor to state that the Treasurer is primarily responsible for the proper management of the Cash Department, and it was his duty to have made necessary arrangement for transacting the business correctly during the absence of the Deputy Shroff, he himself taking his seat in a place from which he could have exercised a careful supervision over the money transactions in his Department.

2. Under Article 304 of the Account Code, a Treasurer, should not hold in his separate custody a sum larger than the security given by him whether that sum is received in the course of the day's transaction, or taken out of double locks. Similarly, a District Treasury Shroff, who is responsible to him, cannot be entrusted with the amount in excess of his security amount, *i. e.*, Rs. 1,000, but in the present instance the Shroff Varadam Chetti

appears to have had under his custody the whole of the amount received from the Yedatore taluk, out of which he permitted the gollar to take Rs. 3,000.

The procedure is altogether unauthorized. If the Treasurer had retained the whole amount under his custody, and issued Rs. 1,000 at a time after obtaining account for the payments made by the Shroff out of the sum already paid to him, the over-payment would have been detected at once, and there would have been every chance of finding out the party, as the payees, who were paid out of the Rs. 1,000 in which the deficiency has occurred, might have been easily recognised.

3. Under Article 323 (*b*), the Treasurer should have summed up, after the close of the day's transaction, both sides of his Cash Book, and drawn up his balance memorandum, giving details of notes, &c., composing the balance. He did not evidently verify his balance even at the time he prepared the above memorandum, for the over-payment of Rs. 100 was apparently not discovered until the Treasury Officer verified the balance in his custody.

4. As regards the Shroff, he is the responsible person to account for all the moneys received by him from the Treasurer, and not the gollar, who is only a menial servant, employed as simple money carrier, and whose legitimate duty is not to receive or to pay money. However, his services were utilized by the Shroff for discharging a portion of his duty, and a sum of Rs. 3,000 was also entrusted to him for making payments, evidently on his own responsibility.

5. I am, therefore, of opinion that both the Treasurer and the Head Shroff are equally blamable in the matter and that both of them should equally bear the loss.

6. The correspondence also discloses a procedure altogether opposed to Article 305 of the Civil Account Code, under which all remittances and moneys received during the day should be examined and placed in a separate box under double lock; the money that has been the longest in the Treasury being given out.

(3) Letter No. 827, dated 5th March 1900, from the Deputy Commissioner, Mysore district, submitting an appeal from C. Lakshman Rao, Treasurer, District Treasury, against the Deputy Commissioner's order, directing him to make good a moiety of the loss of Rs. 100.

No. 1884-92—Fl. 182, dated Bangalore, 27th August 1900.

Order thereon—The amount found deficient on the 17th March 1899 has been recovered from the Treasurer Lakshman Rao and Head Shroff Varadam Chetti in equal portions. The Government, however, observe that, while it is true that the Treasurer should have been more watchful in regard to the receipts and payments in his Department and ought not to have entrusted the Shroff with cash in excess of the amount of his security, the deficiency accrued as the direct consequence of the Shroff having allowed an irresponsible person in the place of the gollar to make disbursements instead of attending to the work himself. For the loss thus traceable to his own neglect of duty, Varadam Chetti was himself primarily responsible and the Government, therefore, direct, in modification of the Deputy Commissioner's order, that the whole of the Rs. 100 be recovered from him, the amount (if any) already paid by the Treasurer being refunded to him.

2. The reports in the present case disclose several serious irregularities in Treasury procedure, which the Deputy Commissioner should take steps to prevent by a strict adherence to the Codal Rules refered to by the Comptroller.

Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Mysore District.
The Deputy Commissioners of other Districts.
The Comptroller to the Government of Mysore.

READ THE FOLLOWING—

Letter No. 954, dated 11th August 1900, from the Comptroller, Mysore Government, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to state that on receipt of Government Order No. C. 104—38, dated 25th September 1894, permitting Officers to take a conveyance by rail at the expense of Government whenever they have occasion to do so, this office issued a Circular requesting them to avail themselves of the concession provided in the Railway Rules under which horses are taken from one station to another and back on payment of a fare and a half. Another Circular was issued in July last for taking horses and carriages by rail on return tickets. Copies of both the Circulars are enclosed for ready reference. I feel, however doubtful, whether the circular instructions issued only under my authority can be enforced and retrenchments ordered in the absence of a rule in the Service Regulations, or of any Government Order. I request, therefore, that you will be so good as to obtain necessary authority from Government to insert the same as one of the rules in the Mysore Service Regulations.

ENCLOSURE.

Circular No. T—a No. 1958—23, dated 30th July 1900, from the Comptroller, Mysore Government, to all Officers of the Government of Mysore.

In continuation of this office Circular No. 1879—P. & A. 17, dated 25th August 1897, the Comptroller has the honor to state that under Railway Rules return tickets are issued for conveying carriages and horses from one station to another and back on payment of a single fare and a half, and are available for return within six months from the date of issue, and request that the Officers having to send their conveyances by rail may avail themselves of the concession granted by the Railway Department.

Whenever full fares are claimed for journeys to and from, a note that the tour was not at first intended to terminate within the period allowed for return journey, or of any other grounds on which return tickets were not purchased, may be inserted in the bill to prevent unnecessary correspondence.

ENCLOSURE.

Circular No. 1879—P. & A. 17, dated 25th August 1897, from the Comptroller, Mysore Government, to all Heads of Departments.

The Comptroller having noticed in several instances that Officers do not purchase return tickets when taking horses by rail, has the honor to invite the attention of all Officers to Circular No. 1821, dated 7th December 1894, which is hereby re-published for special guidance.

"Adverting to Government Order C. No. 104—38, dated 25th September 1894, the "Comptroller has the honor to invite attention of Officers, having to take horses by rail, "to the provisions contained in the Railway Rules under which horses are conveyed from "one station to another and back on payment of a single fare and a half; and to request "that they will not fail, whenever possible, to avail themselves of the concession granted "by the Railway Department."

No. 1953-93—FL. 191, DATED BANGALORE, 30TH AUGUST 1900.

ORDER THEREON—The Government approve of the instructions issued by the Comptroller.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

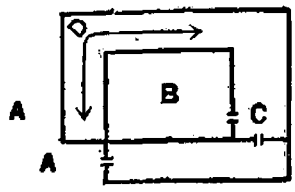
To—The Comptroller, Mysore Government.
The Secretaries to Government in all Departments.
The Heads of Departments.
The Deputy Commissioners of Districts.

READ THE FOLLOWING —

(1) Letter No. 561, dated 18th March 1899, from the Deputy Commissioner, Tumkur District, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to submit, for the information of Government, the following report on the deficiency of Rs. 4,330 found in the remittance sent on the 13th instant from the Tiptur Taluk Treasury to the State Huzur Treasury, Bangalore.

2. The remittance in question consisted partly of specie, Rs. 45,105, and partly of currency notes for Rs. 4,895, amounting in all to Rs. 50,000. The remittance was made up at the Tiptur Taluk Treasury partly on the evening of Sunday the 12th instant, and partly on the morning of the 13th (Monday). On the evening of the 12th, the specie was counted and Rs. 45,000 put into 45 bags of Rs. 1,000 each, the balance of Rs. 105 being placed in the 46th bag. Rs. 40,000 or 40 bags were duly placed in eight boxes, five bags in each box, and these boxes were duly packed and sealed by the Shroff with the Sheristadar's seal. The ninth box was to contain the remaining five full bags of Rs. 1,000 each, and a sixth bag with Rs. 105 and the currency notes for Rs. 4,895. After the eight boxes were duly packed up, the notes were counted by the Shroff and a list showing their serial number and value was made out, the Shroff dictating the numbers and Deputy Gumasta Narasimhaiya entering them in the list. The list was afterwards compared and checked with the Register of Notes by the Sheristadar. As it was nearly 8 P. M. when this work was finished, the packing up of the ninth box was deferred to the following morning. The rooms adjoining the Taluk Treasury room and in which the Sheristadar, the Shroff and the Nagadi Gumasta used to sit, being under repair, the list of currency notes was prepared in the verandah adjoining, where these officials used to hold their office temporarily. The marginally noted rough sketch will show that the currency notes were counted and their numbers dictated by the Shroff at the verandah marked A. When it was decided to pack up the ninth box on the morning of Monday the 13th, the Sheristadar says that the Shroff took the bundle of currency notes (Rs. 4,895) from his seat in the verandah into the Treasury room B with the object of placing it in the big box under double lock. The Sheristadar followed the Shroff but stopped near the door of the Treasure room. The Shroff went into the room, opened the big box, and (as subsequent discoveries show) instead of putting the whole bundle into it, put into his pocket notes of the value of Rs. 4,330* and kept only the remaining notes for Rs. 565 in the box. This done, the Treasure room was duly locked and sealed. There was no light in the Treasure room when the Shroff placed the notes in the box. The Sheristadar and the sepoy on duty were the only persons, who were standing near the door of the room, all the other officials being seated in the verandah. Neither the Sheristadar nor the sepoy was closely watching the Shroff who was inside the room, and the darkness of the room as well as the inability of the Sheristadar to see things at a distance placed the Shroff in a position which favored the commission of the theft.



A. Covered verandah in which the Treasury officials were holding their office temporarily.

B. Treasure room.

C. Room where the Sheristadar, the Shroff and the Nagadi Gumasta used to sit.

D. Passage for Barr sepoy on duty to walk round the Treasure room at nights.

	Rs.			Rs.
*1 Note of	...			1,000
30 Notes of	100	each	...	3,000
3 Notes of	50	each	...	150
9 Notes of	20	each	...	180
		Total	...	4,330

3. On the morning of Monday the 13th instant, the Treasure room was opened by the Shroff in the presence of the Sheristadar, who was again satisfied with simply standing outside near the door at a distance of about eleven feet from the big box in the Treasure room. The Shroff entered the room and took out of the big box five bags of Rs. 1,000 each as well as the bag which contained Rs. 105, and the bundle of currency notes (Rs. 565) which he had placed in it overnight, and after drawing the Sheristadar's attention to the bundle from where he stood inside the room, put the same into the bag containing Rs. 105. He then put all the six bags into the ninth box and sealed it with the Sheristadar's seal. All the nine boxes were then conveyed to the railway station and taken under an escort of Barr sepoys and the Shroff to Bangalore.

4. On the afternoon of the 14th (Tuesday), the Officer in charge of the State Huzur Treasury wired to the Amildar of Tiptur as follows :—

> "Notes 23 of 5, 45 of 10 received, other denominations for 4,330 not in the box. "Wire why not sent. Send by post immediately and wire having done so "to-day."

5. On receipt of this, the Taluk Sheristadar, in the absence of the Amildar, replied as follows :—

> "All notes as per detailed statement were put in one box in presence of Shroff, "and Barr naik, locked and sealed. Again searched thoroughly but not "found. Kindly institute thorough search there."

6. This telegram led the Comptroller to suspect the Shroff who was then at Bangalore; whereupon, he caused immediate intimation to be given to the City Police Inspector, Bangalore, who secured the Shroff. The Comptroller wired to me early on the morning of the 15th (0. 20. A. M.), intimating that the Shroff had been arrested and would be sent to Tiptur by the next train. This telegram reached me at 8 P. M. at Chelur in the Gubbi taluk, where I had encamped for jamabandi. The City Inspector with the Shroff arrived at Tiptur at 2 P. M. on the 15th, by which time the Amildar had returned to head-quarters; and I am glad to report that these officers succeeded in obtaining from the Shroff himself information which led to the li scovery of a large number of the missing currency notes which had been stolen by him. He had concealed notes for Rs. 4,000 in the hollow of a bamboo rafter in the ceiling of his house at Tiptur, had given two currency notes of Rs. 50 each to a merchant at Tiptur in payment of a debt due to him, and had spent the remainder Rs. 230 in the purchase of sovereigns at Bangalore. He produced 14 sovereigns, which he had tied in a corner of his *Punchey*, before the Amildar. The notes for Rs. 4,000, which were found in the ceiling of the Shroff's house, as well as the 14 sovereigns which he produced, have been secured. One of the two fifty-rupee notes which he had given to a Tiptur merchant has also be secured.

7. The currency notes which have been thus secured up to date amount to Rs. 4,050. Their numbers correspond with those entered in the list of currency notes forming a portion of the remittance to the State Huzur Treasury on the 13th instant. Deducting the value of these currency notes from the total amount of deficiency in the remittance, there remains a sum of Rs. 280 to be made up. This amount will be remitted to the Huzur Treasury out of the Shroff's security which is in the form of a deposit in the Government Savings Bank at Tiptur.

8. The Shroff had been given an advance of Rs. 38 from the Taluk Permanent Advance to meet the cost of packing the remittance boxes and the railway fare of the boxes and of the Barr sepoys, &c., accompanying the treasure to Bangalore. This sum also will be made good out of the Shroff's security deposit above mentioned.

9. The City Inspector has taken the Shroff to Bangalore with the property found, in order to recover the notes with which the latter purchased sovereigns there. When the police investigation is completed, the Shroff will be placed before a competent Magistrate for theft and criminal breach of trust as a public servant.

10. From the foregoing facts of the case, it will be seen that the carelessness of the Taluk Sheristadar Ramaswamaiengar contributed to the Shroff's misdeeds to a considerable extent. If the Sheristadar had closely watched the Shroff when the latter put by the currency notes in the big box in the Treasure room on the evening of the 12th or were present in the room instead of standing outside, the Shroff would not have had an opportunity to pocket the notes, as he did. The Sheristadar should, on the morning of the 13th, have himself counted the notes before they were put into the remittance box. Again, the notes should have been packed up as laid down in Section 173 of the Taluk Treasury Manual, instead of being simply tied into a bundle and placed in a bag containing specie. The Sheristadar is short-sighted, so much so that the Amildar tells me that he is not able to see objects within a few feet of him even in broad day-light. Conscious of this defect, it behoved the Sheristadar to be most careful when he was dealing with remittances.

I shall have him examined by the Assistant Surgeon and will submit a further report upon the manner in which he may be disposed of. The facts brought to light in this case prove beyond a doubt that it is unsafe to retain him as Taluk Sheristadar, and I will take an early opportunity of relieving him from the duties of that appointment.

11. The Amildar of the taluk is not quite free from blame in this matter. It was his duty to have personally superintended the packing up of the remittance. He was at head-quarters on the 12th (Sunday) and up to the afternoon of the 13th (Monday), and as the remittance amounted to Rs. 50,000, he should not have allowed the boxes to be closed and sealed without personally seeing the contents and satisfying himself that they were correct. The Amildar's seal should have been put upon the bags and boxes, instead of the Sheristadar's, as required by Section 166 of the Taluk Treasury Manual. It must, however, be said to his credit that he was very successful in the matter of obtaining correct information from the Shroff as to the place in which he had concealed the notes in his house; for, had the Shroff not disclosed the place of concealment, the chances of the discovery of the notes would have been very small indeed. The Amildar evinced also a commendable promptitude of action in securing a fifty-rupee note from the merchant at Tiptur to whom the Shroff had made it over in discharge of a debt.

12. I examined the Taluk Treasury on the 16th instant and found the cash balance correct. The balance on hand was Rs. 8155-7-5, as shown in the appended statement. The court-fees labels, general stamp-papers, postage labels, post-cards, envelopes and opium were also examined, and the balance on hand was found to correspond with the entries in the accounts. A list is also appended of moneys found in the Treasury and not shown in the Cash Balance statement.

13. Two suggestions occur to me in connection with this subject, in order to minimize the chances of such thefts. They are as follows:—

(1) That the Taluk Amildar should be required to personally see the contents of all remittance boxes invariably, and satisfy himself that they are correct, and that he should have them sealed in his own presence with his own seal.

(2) That the Sheristadar should be required to examine daily the persons of the Shroff, the Nagadi Gumasta, the gollars and the masalchi, who either deal with money or are seated near the Treasure room, when they leave the Cutcherry for their houses in the evening. This system of search, is, I believe, in existence at all large Banks.

Statement showing the Cash Balance at the Tiptur Taluk Treasury on the evening of the 16th March 1899.

No.	Description.	Rs.	a.	p.
1	Two Currency Notes of Rs. 50 each	100	0	0
2	Whole Rupees	2,845	0	0
3	Half Rupees	1,004	0	0
4	Quarter Rupees	1,788	0	0
5	Two-anna pieces	1,428	4	0
6	Half-anna pieces	395	15	6
7	Quarter-anna pieces	574	2	9
8	One-pie pieces	20	1	2
	Total ...	8,155	7	5

Statement of Monies found at the Tiptur Taluk Treasury on the evening of the 16th March 1899, which have not been included in the Cash Balance:—

No.	Description.	Rs.	a.	p.
1	Municipal advance	15	5	0
2	Excise advance	10	0	0
3	Maramat	84	14	7

	Total ...	269	2	11
	Opium *	8	14	0

* Weight 9¼ tolas according to Register: 6 annas weight difference due to driage.

(2) *Letter No. 6062, dated 13th April 1899, from the Comptroller, Mysore Government, to the Secretary to the Government of Mysore, General and Revenue Departments.*

I have the honor to acknowledge receipt of your office No. 6602—Fl. 776, dated 20th instant, inviting attention to the pencil notes in the margin of a letter received from the Deputy Commissioner, Tumkur, reporting on the theft of currency notes by the Shroff of Tiptur, and calling for a report on the several points noticed.

2. I beg to take up the notes one by one in order and to state in regard to the first remark, that as it is well understood that working hours in all Government offices and institutions are generally to be from 11 A. M. to 5 P. M., no special orders have been ever issued prohibiting work in Government Treasuries after sunset. How far such a prohibition will effect collection and other works in Taluk Treasuries and what inconveniences it may cause to the patels and other village authorities, who bring remittances to such treasuries from distant places, the district officers in administrative charge of these treasuries are the best judges, and their opinion may be obtained.

3. If, during emergencies, work in these treasuries be permitted after sunset, it should not certainly be done in the dark but only with sufficient light, and an executive order may be issued to that effect.

4. The remittance was addressed to, and received by the Huzur Treasury Officer, who, without breaking bulk, transferred the boxes to the Madras Bank with the Tiptur Taluk Shroff and the Military escort that accompanied the remittance, as is generally done, in order to save time. The Madras Bank opened the boxes in the presence of the Taluk Shroff and the Military escort.

5. The Huzur Treasury Officer's report and the Memo of the Assistant Superintendent of Police herewith sent will explain what action was taken by the State Huzur Treasury Officer and the Comptroller. The Treasury Officer being new to the work apparently hesitated to take upon himself the responsibility of immediately handing over the Shroff to the Police, as he ought to have done. A reference to my remarks on this Officer's letter is solicited.

6. The Assistant Superintendent of Police states in the last para that the case will at once be placed before a competent Magistrate.

7. The Taluk Sheristadar's short-sightedness, which has facilitated the theft to a very large extent in this case, is reported to be not of a recent date and ought to have been noticed long before by the district authorities—clear, quick and watchful eye-sight is very essential for all Treasury work.

8. The Amildar is the responsible officer in charge of the Sub-Treasury, and should, while at head-quarters, conduct all Treasury work assisted by his Sheristadar, the latter officer doing duty for him only doing his absence from head-quarters—, *vide* Article 1, Taluk Manual. It appears from the report that the Amildar was present at head-quarters till the remittance left for Bangalore; but left the whole thing for the Sheristadar to do though he knew that the Sheristadar was short-sighted and the remittance was being packed after sunset. I am afraid there is a tendency on the part of both the Deputy Commissioners of districts and Amildars of taluks to leave all Treasury work entirely to their subordinates though their duties and responsibilities are very clearly defined in Articles 300, 301 and 302, of the Civil Account Code, and the Taluk Manual, respectively. The ruling in Article 301 has again to be repeated by Government in more definite and peremptory terms.

9. As regards the Deputy Commissioner's suggestions, I beg to submit that the Amildar's duties as at present defined, include not only the packing of remittances but also other Treasury work while at head-quarters. No additional rule seems to be necessary. The search of the bodies of the Treasury servants before they leave office may be introduced, but, I am afraid, it will not be efficiently carried out. I am not aware of such a practice existing in any recognized Banks.

10. Two distinct and important rules have been violated in this instance, which, I beg, may receive adequate notice, *viz.*—

(1) That the Amildar should do the Treasury work while at head-quarters, assisted by the Sheristadar and that the custody of the treasure, while the Amildar is at head-quarters, should remain under double locks of himself and of the Shroff, not of the *Sheristadar* and of the Shroff, as must have been the case on the night and the next morning on which the remittances were packed and sent (Articles 1 and 6, Taluk Manual).

(2) The remittance of currency notes should not have been mixed up with cash remittance, as was done, but packed and made in the manner prescribed in Article 173, Taluk Manual.

11. Having some personal knowledge of this case of theft, I may be permitted to add in conclusion that a great deal more credit than has been apparently given in the Tumkur Deputy Commissioner's letter is due to the Bangalore Police authorities for the promptitude, energy and tact with which they dealt with the case at the initial stage and are now proceeding with it before a Local Magistrate—.

(3). Letter No. 580, dated 29th March 1899, from the Deputy Commissioner Tumkur district, reporting that as the Assistant Surgeon has certified that the Taluk Sheristadar Ramaswamaiengar has a cataract in both eyes and his eye-sight is therefore defective, he has been directed to submit his application for three months' leave without allowances to enable him to place himself under treatment.

No. 2043-52—Fl. 199, dated Bangalore, 31st August 1900.

Order thereon—The reports read above disclose a serious omission of duty on the part of Amildar Ranganatha Rao and Sheristadar Ramaswamaiengar of the Tiptur taluk.

2. From the Deputy Commissioner's report it is observed that the remittance of Rs. 50,000 consisted partly of specie and partly of currency notes; that till 8 P.M., on Sunday the 12th March 1899, the Taluk Sheristadar, the Deputy Gumasta and the Shroff were engaged in packing and sealing the eight boxes containing Rs. 40,000 specie and in preparing the list of currency notes worth Rs. 4,895; and that, under the careless supervision of the short-sighted Sheristadar, the Shroff went alone into the dark treasure room without any light for the purpose of securing in the treasure box the currency notes and the bags containing the balance of Rs. 5,105 specie, the packing up of which was deferred till next morning. Evidently, the Shroff took advantage of the absence of light in the treasure room and of the carelessness of the Sheristadar and the sepoy, who were standing at the entrance of the room, and

committed theft of the currency notes very easily. On the 13th idem, owing to the utter neglect and want of care and watchfulness on the part of the Taluk Sheristadar, the Shroff managed to seal the 9th box with the Sheristadar's seal, making a show of having correctly put the currency notes and the remaining cash into the 9th box. The Shroff accompanied the remittance to Bangalore, where the defalcation came to light, and owing to the tact and energy of the Bangalore Police, the whole of the lost property was recovered and the accused Shroff convicted and punished.

3. As pointed out by the Comptroller, two important rules have been disobeyed. The first is that the Amildar should himself attend to Treasury work while at head-quarters (Articles 1 and 6 of the Taluk Manual), and the second is that the remittance of currency notes should not be mixed up with cash remittance (Article 173 of the Taluk Manual). Though well aware that the Sheristadar was short-sighted, the Amildar, who was present at the head-quarters on the 12th and 13th, left the work of making up this large remittance entirely to that official, instead of attending to it himself. As the chief executive officer in charge of the Taluk Treasury, the Amildar should, as a general rule, while he is at head-quarters, conduct all Treasury work with the assistance of the Sheristadar and also keep the treasure under double locks of himself and of the Shroff. Such work should be done by the Taluk Sheristadar only during the absence of the Amildar from head-quarters.

4. The Sheristadar is apparently incompetent, owing to his defective sight. The Deputy Commissioner is requested to report whether he cannot be retired or placed in charge of less responsible work. The neglect of the Amildar deserves serious notice; but before passing final orders in his case, the Deputy Commissioner will be desired to call for and submit his explanation.

5. It should further be reported why the incompetency of the Taluk Sheristadar was not noticed in time and a better person appointed in his place. It must be noted that in making appointments of Sheristadars, Deputy Commissioners should see that the candidates possess, among other qualifications, clear, quick and watchful eye-sight, which is very essential for Treasury work.

6. In this connection, the attention of Deputy Commissioners is drawn to Articles 300, 301 and 302 of the Civil Account Code (Volume I), which define the duty and responsibility of a District Officer in the matter of Treasury administration, and they are requested to strictly carry out the instructions therein laid down. Further, Government take this opportunity of impressing upon all Treasury Officers that, ordinarily, no work should be done in the Treasury after sunset and that if, in cases of urgency, any work is required to be done after sunset, such work should on no account be done without sufficient light.

7. When the officer in charge of the State Huzur Treasury received intimation from the Madras Bank of the deficiency in the currency notes, he should have himself handed over the Shroff to the Police, instead of sending the Shroff and the military escort accompanied by the Head Accountant of the Treasury to the Comptroller's house.

8. Government consider that no additional rules such as those proposed by the Deputy Commissioner are necessary, and they hope that a strict adherence to the Standing Rules and to the instructions conveyed in the foregoing paras will put a stop to all future irregularities of the kind now brought to light. They are glad that in the present case, the stolen notes have been recovered and the offender has been duly punished.

EXCISE

Proceedings of the Government of Mysore,

READ—

The following letter No. 721—29, dated 29th July 1900, from the Excise Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to submit herewith, for early approval and publication, a draft Notification embodying Amendment of Condition III in the License for the wholesale vend of foreign spirits and foreign fermented liquors.

2. In accordance with clause (K) of Section 3 of the Excise Act XXII of 1881, which is now in force in the Mysore State, foreign spirit or foreign fermented liquor can be sold retail up to two imperial gallons or twelve reputed quart bottles at a time, and if sold in larger quantities than two imperial gallons or twelve reputed quart bottles at a time, it shall be deemed to be sold wholesale. But the existing Condition III in the aforesaid Wholesale License is inconsistently worded, authorising the wholesale licensee to sell foreign spirit or foreign fermented liquor down to two imperial gallons or twelve reputed quart bottles at a time. Hence the proposed amendment.

No. 1251-60—R. F. 119-93, DATED BANGALORE, 8TH AUGUST 1900.

ORDER THEREON—For the reasons stated by the Excise Commissioner, the draft Notification submitted with the above, as altered in this office, will be approved and forwarded to the Compiler, *Mysore Gazette*, for publication in three successive issues of the *Mysore Gazette*.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Excise Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller to the Government of Mysore.

NOTIFICATION.

No. 1261—R.F. 119-93.

In virtue of the powers conferred by Section 55 of the Excise Act XXII of 1881, as amended by Act VI of 1885 and extended to Mysore by Regulation III of 1885, the Government of Mysore are pleased to direct that the following amendment be made in the Wholesale License appended to the Rules relating to the grant of licenses for the vend of foreign spirits and foreign fermented liquors published under Government Notification No. 31, dated 9th May 1889.

For the present Condition III in the aforesaid Wholesale License, the following revised condition shall be substituted:—

"No foreign spirituous or fermented liquors in quantities of, or less than, two imperial gallons or twelve reputed quart bottles at a time, shall be sold from the abovesaid shop."

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

FOREST

Proceedings of the Government of Mysore,

READ—

Correspondence ending with letter No. 1—259, dated the 2nd July 1900, from the Conservator of Forests in Mysore, resubmitting the settlement papers of certain forests in the Hunsur taluk and requesting that the marginally noted ones may be notified as State forests pending submission of a draft Notification regarding the acquisition of certain lands to be included in the Viranahosahalli and Doddaharve forests.

1. Kachavanahalli.
2. Anechowkur-Mavakal.
3. Chenkal kaval.
4. Gulladahalla.
5. Kallabetta (Blocks I and II).

No. 1170-72—FT. F. 145-95, DATED BANGALORE, 4TH AUGUST 1900.

ORDER THEREON—**Forests Nos. 1, 2, 4 and 5 referred to above, will be notified as hereunder. No. 3 (Chenkal) is an Amrut Mahal Kaval and its publication will be held in abeyance pending final decision of Government regarding Amrut Mahal Kavals.**

2. The alienation of the Gomal and Kharab lands as per detailed statements appended is sanctioned, of which an abstract is given below :—

	Acres.	Guntas.
1. *Kachavanahalli State Forest*—		
Kharab lands	4,788	7
2. *Anechowkar-Mavakal*—		
Gomal lands	1,158	...

NOTIFICATION.

No. 1173—*Ft. F.* 145-95, *dated 4th August* 1900.

Under the provisions of Section 9 of the Forest Rules of 1878, the Government of Mysore are pleased to declare that the undermentioned demarcated and settled forests of the Hunsur taluk of the Mysore district shall be classed as State Forests under Rule 1 of the aforesaid Rules :—

Serial No.	Name of State Forest.	Approximate area.		Boundaries.
		A.	g.	
1	Kachavanahalli ..	4,783	7	*North.*—Mysore-Cannanore high road about 2 miles 1 furlong, from the junction of Coorg boundary line with the above high road. *East.*—Line begins at the trijunction bandhs of Manangi village, Anechowkar and Kachavanahalli forests on the Mysore-Cannanore high road, passes southwards on the boundary of Kachavanahalli forest, passing through the S. No. 46 of Udavepur village, up to the trijunction bhands of Neralakuppe village, Udavepur village and Kachavanahalli forest and passes right along the eastern boundary of Kachavanahalli forest, till it joins the Lakshmanatirtha river. *South.*—Lakshmanatirtha river about ½ a mile from the junction of Coorg boundary line and a little portion of Coorg boundary line. *West.*—Coorg boundary line up to the junction of Cannanore high road. *N. B.*—The following right of way is admitted. Hunsur-Virarajendrapet high road.
2	Anechowkar and Mavakal.	9,083	14	*North.*—Periapatna-Siddapur high road about 5 furlongs from the junction of the above high road with the Coorg boundary line. *East.*—The demarcation line passes along the S. Nos. 129 of Muthanur, 15 and 81 of Kali-Timmanahalli, 51 of Sulegode, western boundary of Kogilwadi and southern boundary of Lakshmipur including the S. Nos. 42 of Lakshmipur and 90 of Habatur; thence it passes along the southern boundary of Abalati inam village and runs through the S. No. 54 of Malangi and joins the Mysore-Virarajendrapet high road about 3 miles and 1 furlong from the junction of Coorg boundary line. *South.*—Mysore-Virarajendrapet high road about 3 miles and 1 furlong from the Coorg boundary line. *West.*—Coorg boundary line till it joins the Mysore-Siddapur high road. *N. B.*—The following rights of way are admitted. (*a*) Hunsur-Virarajendrapet high road. (*b*) Periapatna-Virarajendrapet high road. (*c*) Periapatna-Siddapur high road. (*d*) A cart-track 15 feet wide leading to Dod Malalee from the 4th furlong of the 56th mile on the Periapatna-Virarajendrapet high road. ENCLOSURE:—Village of Dod Malalee consisting of 19 survey numbers amounting to 110 acres, 8 guntas in the middle of Anechowkar forest, forms an enclosure, the line marked out along the boundaries of the village being cut to 9 feet width.

Serial No.	Name of State Forest.	Approximate area.		Boundaries.
		A.	g.	
3	Gulledahalla State Forest.	4,737	11	*North.*—Line passes on the southern boundaries of Bevagal and Nilavagal villages, passes through the S. Nos. 101, 100 and 99 of Nilwadi village and along the boundary of Gulledahalla. *East.*—Line passes on the western boundary of Konasur village and the northern boundaries of Hosahalli and Tirumalapur villages and along the western boundaries of Basavahalli and Poonadahalli villages. *South.*—Line passes on the northern boundaries of Chirapur-Konahalli and Alanhalli (Inam village). *West.*—Line passes on the eastern boundaries of Manchadevanahalli (Inam village), Bylakuppa, Dodhonnur, Mutagnur, Dodhosur and Maradipur villages. *N. B.*—The following rights of way are admitted. (*a*) Periapatna-Fraserpet high road. (*b*) Cart-track of about 15 feet from Manchadevanahalli to Basavahalli. (*c*) Cart-track of about 15 feet from Doddahonnur and Chikhonnur to Konasur. (*d*) Cart-track of about 15 feet from Mutagnur to Nilawadi.
4	Kallabetta State Forest.	1,412	6	*Note.*—This forest consists of two blocks.
	Block No. I. (Chilkunda.)	470	0	*North.*—Line passes on the southern boundary of Lalenkere village. *East.*—Line passes along the western border of the new cultivation of Chilkunda kaval and between the villages of Kotagal and Attikuppa. *South.*—Line passes only about half a furlong through the S. No. 7 of Attikuppa village. *West.*—Line passes through the S. No. 7 of Attikuppa village up to the trijunction bhands of Attikuppa and Chilkunda villages and Chilkunda kaval, and through the eastern boundaries of Chilkunda and Hebbalkuppe villages.
	Block No. II.	942	6	*North.*—From the trijunction bhands of Kottagal, Kalhalli and Tammadahalli villages, line passes through the S. No. 42 of Tammadahalli village and then turns in a south-easterly direction and meets Periapatna-Hunsur high road. *East.*—Line passes through the S. No. 17 of Nilavagal village. *South.*—Line passes through the S. No. 8 of Angatahalli village. *West.*—Line passes through the S. No. 49 of Adaganahalli village, meets the junction of Hunsur-Periapatna high road near Kallabetta Police Station and goes one furlong along the said high road and along the eastern boundary of Kalhalli village. *N. B.*—The following right of way is admitted. Periapatna-Fraserpet high road.

READ—

Letter No. 145, dated 4th August 1900, from the Deputy Commissioner, Mysore district, reporting that the fodder supply in the Mandya and Nagamangala taluks is very scanty, and soliciting sanction for throwing open the Narainduga (Krishnarajpete), Kakenkote (Heggaddevankote) and Berambadi (Gundlupet) State Forests, for free grazing, the former for the use of cattle of the Mandya, Nagamangala and Krishnarajpete taluks and the latter for the benefit of the cattle in the dry parts of the Gundlupet and Nanjangud taluks.

No. 1269-70—FT. F. 34-96, DATED BANGALORE, 8TH AUGUST 1900.

ORDER THEREON—The proposal of the Deputy Commissioner is sanctioned for a period of two months, after which he will submit a further report. The Conservator will give such instructions to the Deputy Commissioner as will ensure the proper safety of the forests while the cattle are allowed the benefit of the pasturage to be had in them.

2. The Deputy Commissioner will take necessary action under Section 158 of the Famine Code.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore, (with copy of Deputy Commissioner's letter).
The Deputy Commissioner, Mysore District.

READ—

The following letter No. 3454—212, dated the 22nd April 1899, from the Conservator of Forests in Mysore.

Referring to Proceedings No. 11652-3—Ft. F. 143-95, dated the 14th June last, I have the honor to forward copies of certain papers, printed by direction of my predecessor, recording the results of the visit paid by Mr. Ramaswami Iyer, Assistant Conservator, to certain districts of Madras, and the opinion thereon of the Deputy Commissioner, Kolar.

2. Colonel Walker had intended to forward the papers to Government with his comments thereon; and I much regret, bearing in mind his own extensive knowledge of the Mysore forests, that he was unable to do so before quitting the Province. I forward, however, a copy of Colonel Walker's reply to the Deputy Commissioner, Kolar, (No. 883—34, dated 27th August 1898) expressing his general opinion upon Mr. Ramaswami Iyer's work and proposals. I agree that the papers furnished by the Assistant Conservator are very creditable to him and will be useful to District Forest Officers generally, and hope that his deputation will bear practical fruit in the administration of the forests under his charge. For the present, and until I have acquired more personal knowledge of the issues involved, I am not prepared to recommend that the Assistant Conservator be granted a roving commission in connection with detailed forest organisation and timber supply. These questions, amongst others in which the operations of the Forest Department appear to be somewhat backward, promptly attracted my attention; and I propose subsequently to address Government in regard to them, utilising, as far as may be for this purpose, Mr. Ramaswamy Iyer's services or the facts and proposals which he has collated. I therefore submit the papers without further comment beyond the remark that, with the exception above noted, I fully concur in my predecessor's opinions on the more important questions touched upon in his letter to the Deputy Commissioner, Kolar.

Letter dated Kolar, the 4th August 1898, from B. Ramaswami Iyer, Esq., B. A., *District Forest Officer, Kolar, to the Deputy Commissioner, Kolar District.*

With reference to the Conservator of Forest's letter, O. C. No. 13, dated the 2nd June, 1898, Camp Ooty, to your address, desiring me to visit Salem, Coimbatore, Calicut and other places in order to study the circumstances of TIMBER-TRADE and the District Forest and Range OFFICE SYSTEMS, &c., I have the honour to submit this report on the result of my deputation.

2. I was engaged on this duty for 17 days outside the Province, having left Kolar at 6 P.M., on the 10th June, and returned to duty at 8 o'clock on the 28th morning, during which period Mr M. Krishniengar, Extra Assistant Commissioner in charge of the District Treasury, performed the current work of the Forest Office.

3. My journal of occupation for June, already submitted, contains particulars of marches to, and halts at, the different stations which I visited. I append the following memos for kind perusal:—

Memo.	No. I	containing notes taken	in the District Forest and Range Offices, at Salem.	
Do.	II	do.	do.	in the District Forest Office, Coimbatore (South).
Do.	III	do.	do.	on the Shola-karai working circle of Bolampatti Reserved Forest, Coimbatore (South).
Do.	IV	do.	do.	on the Wakayar working circle, Palghaut Range, South Malabar.
Do.	V	do.	do.	taken in the Range Office, Palghaut.
Do.	VI	do.	do.	in the Conservator's Office, Trichoor, Cochin Native State.
Do.	VII	do.	do.	on the timber-trade at Callayi, near Calicut.
Do.	VIII	regarding the supply of timber to the Gold Mines, Kolar District.		
Do.	IX	containing notes on the collection and disposal of timber in the important timber forests of the Mysore Province.		

4. In Memo No. I, I have endeavoured to explain how forest business is carried on in a *Maidan* District like Salem, which resembles Kolar in many respects, containing neither timber nor sandalwood of any large quantity. A Forest revenue of nearly

Rs. 2,80,000 per annum is realized in the Salem District, whose area is about 7,729 square miles, of which 1,224 square miles (15·84 per cent of the total area) consist of *Reserved Forests.* The chief items of revenue are :—firewood, bamboos, pasture and minor produce. The systems under which these products are disposed of, and the rates at which they are collected and sold, are explained in the memo. These details would be of use for reference in working our forests of this District. Particulars of expenditure and the strength of the office establishment at Salem are also noted. A short note containing particulars of the supply of Karimatti props (*Terminalia tomentosa*) from the Salem District to the Mysore Mines, Kangundi, Limited, to which my attention was specially called by the Conservator of Forests, is appended thereto.

5. Memo. No. II shows particulars of revenue and expenditure of South Coimbatore, which is a Timber District corresponding to Kadur, Mysore and Shimoga. The charges incurred by the Madras Forest Department for the collection of timber and minor forest produce, which are the chief items of revenue in the District, and the rates at which licenses are issued for the removal of timber, firewood, bamboos, and other produce by consumers, the cost usually incurred for clearing and burning fire-lines, &c., are therein embodied among other particulars.

6. Memos. Nos. III and IV show the results of the working of the *semi-Malnad* Sholakarai and Walayar Fuel Reserves on working schemes which were prescribed by Colonel Campbell Walker, while he was in charge of the Forest Department, Southern Circle, Madras Presidency. I invite particular attention to the figures regarding the yield and net profit secured to Government during the first period of their rotation. These data are highly instructive and useful for guidance in our State.

7. Memo. No. V shows how a model Forest Range Office in Madras is conducted, and what accounts and registers are maintained by *Executive* Forest-Subordinates. The sources of the supply of timber, the rates of collection and sale-proceeds, &c., in the forests of the Palghaut Taluq are also noted in detail.

8. Memo. No. VI furnishes some details of Forest Administration in the Native State of Cochin. Attention is invited to the fact that, in spite of the extensive timber forests in Cochin and Travancore, about 800 tons of teak, worth one lakh of rupees, has had to be lately imported from Burma for the use of the Travancore Government. Teak is getting scarce in our country also, and it would be highly desirable to conserve and improve our teak forests which were once very rich, but which, I am afraid, have been heavily felled during the past two decades.

9. From Memo. No. VII it would appear that the bulk of the Gold Fields' supply of timber is drawn from Mr. Brown's Steam Saw-mill and Mr. Haji Ismail Sait's Timber-yard at Callayi. These merchants have invested a heavy outlay on machinery and on a large stock of timber which they always keep in hand at Callayi. They purchase logs at Callayi, Coimbatore, Palghaut, and Shoranore from the Forest Department, as well as from numerous private traders. They also import occasionally teak and other woods from Bangalore and Mysore either direct, or through dealers who buy them from the Mysore and Coorg Forest Departments. The rates at which different kinds of timber are bought and sold at Callayi and the charge incurred for transporting logs from the forests, are embodied in the memo.

10. In Memo. No. VIII, are mentioned the kinds of timber generally used in the Kolar Gold Mines for different purposes, both above and below ground, the sources of supply and the current prices, &c. The total quantity consumed annually is enormous, being estimated at about 5½ lakhs cubic feet, which even Messrs. Brown and Haji Ismail Sait are finding difficult to supply. About one-half of the total quantity consumed in the Mines is said to consist of :—

(*a*) Erambogum :—
Kan. Kiralbogi, ಕಿರಾಲಬೊಗಿ } *Hopea parviflora.*

(*b*) Erool :—
Kan. Jambe, ಜಂಬೆ } *Xylia dolabriformis.*

(*c*) White Cedar :—
Kan. Ganda Garige, ಗಂಡಗರಿಗೆ } *Cedrela Toona.*

(*d*) Benteak :—
Kan. Nandi, ನಂದಿ } *Lagerstroemia lanceolata.*

I have herewith forwarded samples of these. The wood for *underground* work in the shaft should not only resist heat and moisture, but also be hard and strong. There being no white-ants *inside* the shafts, these pests can do no damage to mine props.

Of the above kinds, it is learnt that *Erambogum* (Kiralbogi) is found in the Ghat forests of the Hassan and Kadur Districts, though it is difficult to cart the same. *Jambe* (Erool) grows in the forests of the Tarikere and Koppa Taluqs, and it may be possible to extract it to a certain extent. *White Cedar* (Ganda Garige) may be available in parts of Kadur and Shimoga, but it is rarely collected at present. This species is said to have been extensively planted in some of the Coffee Estates during the last 10 or 15 years. *Nandi* is found in all the important timber forests of the Mysore, Kadur and Shimoga Districts, and it is sold to a certain extent annually in our depots. There also appears to be some demand for *Motti and Dindiga* (*Anogeissus latifolia*) poles for props, of which a considerable quantity can always be had in the above forests.

11. In the last Memo. (No IX) I have ventured to bring to notice that the forests of Kakankote, Begur, Inurmarigudi, Mettikuppa, Lakkavalli and Umblebail, which are mines of wealth, have been already worked heavily and indiscriminately cheifly for *teak, honne,* and a few other valuable timbers, leaving *jungle trees and bamboos* to occupy the ground. I strongly beg to recommend their being treated on a rational method, by dividing them into blocks, compartments and *coupes*. I am of opinion that every endeavour should be made to conserve the superior species while removing the less valuable ones. I think that if the obstructions on the waterways of the Badra, Tunga and Kapini rivers be removed, a considerable saving can be effected in the transport of produce. I beg to suggest that an endeavour may be made during the current year to locate the fellings in the interior and unexploited portions of these timber forests. Sample areas measuring about half a square mile may be marked off at once in each of the forests for the current year's felling, and steps taken to obtain data regarding the yield per acre and other particulars which are required for the preparation of rough working schemes.

12. The last, and what I consider the most important part of my proposals is to establish as an experimental measure, for a period of about three years, a CENTRAL WOODYARD AT BANGALORE and two depots near the northern frontier of the State—one at Harihar, and the other at Goribidnur. These should be placed under the control of a trained and experienced Forest Officer. I think that if jungleswoods are supplied to these depots in the manner indicated in the memo., and if their qualities and uses are properly explained to the public in the Maidan Taluqs as well as in the Gold Fields, they can be easily sold, I believe that much can be done in this direction if a WOOD-MUSEUM is opened in the proposed central woodyard, and SAMPLES WITH DESCRIPTIVE PAMPHLETS both in English and Vernacular are freely distributed in different parts of the country. The proposals I have made in the memo should be kindly given effect to, if the experiment is to have a fair trial. They aim chiefly at stopping the cutting and sale of timber in the poorly wooded *Maidan Districts*, whether departmentally or under licenses.

13. After visiting the District Forest Offices at Salem and Coimbatore and the Range Offices at Salem and Palghant, I find that our Forest Offices are very backward in many respects, especially in the arrangement of records, posting registers and accounts. What contributes most in my opinion to, the prompt despatch of office-work generally in the Madras Forest Offices is a liberal supply of registers and account forms, provided with *suitable printed headings*. The more important standing orders and circulars are also distributed in print among subodinates of all grades. The submission of accounts in manuscript forms is prohibited in the Madras Forest Department.

14. Some of the account forms now adopted in Mysore require revision, while new ones have to be prescribed in those cases where none exist at present. This applies equally to the District and Range Offices, Depots and Sandal Koties and Taluq Cutcherries. An improvement in cash transactions has been certainly effected in Range Offices since the introduction of the Cash-book and the Ledger account under the orders of the Conservator of Forests about a year ago. I think it would be an advantage to print these forms on sheets of a larger size and to make some improvements in the headings and in the general *get-up*. I respectfully beg to suggest that I may be permitted to prepare a set of forms for Forest accounts on the basis of those prescribed in the Madras and Bombay Presidencies as well as in British India, and to get them printed as soon as possible. All Range Office and Depot accounts and correspondence are kept in English in British India generally, but as some of our Rangers, Depot Mustaddies, Sandal Koti Darogas and Foresters are ignorant of English, it is necessary to provide headings, both in English and in the Vernacular, as in the case of Bombay forms. Thick durable paper should be used for the printing of forms which are required for the submission of accounts of a more important nature, while cheap paper might be used for those having merely temporary or local use. All forms should be ruled in *faint blue* to facilitate copying. There are other details in connection with this subject into which I need not enter at present. As the Government

Press at Bangalore may not be able to comply with our requisition at once owing to pressure of other works, I solicit sanction to get the work done, under my personal supervision, by Messrs. Addison and Co., or in the Lawrence Asylum Press, at Madras. I beg to suggest that these registers and forms may be introduced as a trial in the different offices of the Mysore and Kolar Districts during the current year. If after six months they are found to be giving satisfaction, they may be introduced to the other Districts also. I cannot advocate too strongly the supply of printed forms for the different offices of the Department. They are not only advantageous, but in many respects, I feel that they are absolutely necessary. The monthly and other returns can be prepared, compiled and checked far better in printed forms than in those of manuscript; the latter involve much wastage of stationery and clerical labour, and are moreover clumsy in several ways.

15. I have to express my thanks to the Honorable J. Sturrock, Forest Member of the Madras Revenue Board, and to Mr. F. Lodge, District Forest Officer, Soth Coimbatore, for having very kindly permitted me to accompany them during their inspection of the Sholakarai Working-circle and for having supplied me with such information as I required.

Messrs. A. Rama Rao, Extra Assistant Conservator of Forests, Salem, W. P. Rego, Range Officer of Palghaut, and Sankuni Nayar, Depot-keeper at Callayi, assised me in several ways and furnished me with much valuable information, for which I amt thankfu to them.

I have also to thank the following officials for the help which they readily rendered to me :—

M. R. Ry. Mariaprakasam Pillai, *Range Officer, Coimbatore.*
" R. Venkatramana Iyer, *Head Clerk, District Forest Office, Coimbatore (North).*
" C. C. Gopalsami Modaliar, *Head Clerk, District Forest Office, Coimbatore (South).*
" K. Gundoo Rao, Manager, *Conservator's Office, Southern Circle, Coimbatore.*
" R. Ramasawmi Iyengar, *Forester, Navakara, Sholakarai Reserve.*
" K. Raghava Nair, *Forester, Walayar.*
" D. Lutchman Rau, *Station Master, Shoranur.*

Rau Saheb S. Swaminath Iyer, Esq., Comptroller of Accounts and Acting Dewan of Cochin, and Mr. K. Narayana Menon, Dewan Peishkar, Trichoor, were kind enough to allow me to visit the Conservator's Office at Trichoor, and to see such records as I desired

Mr. A. Brown, the famous timber merchant of Calicut, and his assistant, Mr. Maneckjee, kindly took me round their factory and woodyard, furnished me with samples of woods, usually supplied by them to the Gold Mines and to the East Coast Railway, and also showed me the beautiful rosewood logs which were being shipped to England.

16. This report will not be complete without expressing my heartfelt gratitude to the Conservator of Forests for having given me an opportunity to visit a portion of the Madras Presidency, and to study the system of forest management on improved methods; and I beg to assure him that I am greatly benefited by my trip. I request that I may be permitted to visit the following places in October or November next, where I am informed that many kinds of practical and useful operations are being conducted on modern forest principles. I regret that I could not visit these places during my last trip, as my time was limited and the season not quite favourable for travelling. They are :—

(i) The Teak Plantation near Nilumboor.
(ii) Mount Stuart Hill in Anamalay Forest, where a tram-way, sliding arrangement and Timber saw-mill worked by water power, are being erected.
(iii) Firewood coupes in the Tinnevelly District which are being treated on working plans.

No. 53, dated the 5th August, 1898, from K. P. Puttanna Chetty, Esq., Deputy Commissioner, Kolar District, to the Conservator of Forests in Mysore, Bangalore.

ENCLOSURE—11 FILES.

I have the honor to forward herewith letter No. 46, dated 4th current, with enclosures, from Mr. B. Ramaswamy Iyer, Forest Officer of this District, reporting on the result of his deputation to the Madras Presidency ordered in your O. C. No. 13, dated the 2nd June last.

2. Mr. Ramaswamy Iyer says that there is plenty of useful junglewood of different kinds in our timber forests which can find sale, if it is brought to the *maidan* parts of the country. He thinks that in working these forests hitherto, a good deal of teak and other reserved trees have been felled, leaving the unreserved or the so-called junglewood and bamboos to extend and suppress the former. With a view to minimize the evils of irregular treatment, he recommends that the more important forests should be divided into blocks and compartments, that future exploitations should be based upon simple and practicable working plans, and that fellings which ought to take the shape of clearings and thinnings be made regularly from one end of the forest to the other, commencing at the farthest ends which may have not yet been operated upon.

3. Mr. Ramaswamy Iyer thinks that if the waterways on the Kabini and the Bhadra rivers are improved by removing certain obstacles, a considerable saving can be effected in transporting the produce. His proposal is to float timber up to Nanjangud and Benkipur extensively and to rail it thence to Harihar, Bangalore and Goribidnur. A CENTRAL WOODYARD, stocked with two lacs of cubic feet annually is recommended to be established tentatively for three years at Bangalore in order to meet the requirements of the Bangalore, Kolar (including the Gold Fields) and Tumkur Districts. The Depot at Goribidnur with an annual supply of about 25,000 cubic feet may satisfy the demands of the towns and villages of the Kolar, Tumkur and Bellary Districts on the Hindupur Railway, while that at Harihar, which has to be fed from the forests of the Shimoga Distrtct, will meet the wants of the Chitaldrug, Bellary and Dharwar Districts. This scheme appears to be well thought out, and if Mr. Ramaswamy Iyer is himself appointed to work it by adopting the measures which he has noted in his letter and memo. (No. IX) *viz.*, by opening a wood MUSEUM and distributing samples of timbers with DESCRIPTIVE PAMPHLETS, etc., he might be able to utilize to good advantage a large quantity of junglewood which at present has hardly any value in the forests. If this suggestion meets with your approval, Mr. Ramaswamy Iyer may be instructed to select and mark off sample areas for the current year's felling in at least two forests, say Kakankota and Lakvalli—from which the supply is proposed to be drawn to the above depots, and to issue detailed instructions to subordinates for registering the standards, yield and other data, which may be required for the preparation of WORKING PLANS in due course.

4. As regards the systems of accounts and correspondence which are now adopted in the different grades of Forest Offices, and which are said to be unsatisfactory as compared with the systems in force in the Madras Presidency, I am informed that matters will considerably improve when the FOREST CODE which you have already drawn up and placed before Government, is brought into force. In the meanwhile Mr. Ramaswamy Iyer is anxious to recast the ACCOUNTS AND REGISTER FORMS now in use, which were prescribed a decade or two ago, to make them suit the improved system of Forest administration which you have been gradually introducing into the State. These registers and account forms may, as suggested, be tried in this District, and also in the typical timber and sandalwood District of Mysore during the current year, and may be extended to the other Districts in course of time, if they are found to work satisfactorily.

5. From the exhaustive report submitted by Mr. Ramaswamy Iyer you will see that he has spent the period of his deputation usefully and profitably. He has brought a number of forms, notices and copies of standing orders, etc., from the Forest Offices of the Madras Presidency which he has visited, and these will be of use for reference in future. I have asked him to see you personally and explain his views fully.

6. In conclusion, I beg to recommend that he my be permitted to visit the Nilambur Teak Plantations, the Anamalai Timber Forest, and the Fuel Coupes of the Tinnevelly District in October or November next, as requested by him.

MEMO NO. 1.

NOTES TAKEN IN THE DISTRICT FOREST OFFICE, SALEM.

This Office is located in a portion of the Collector's Office building. Two large rooms are provided downstairs for clerks, and one is given for records. The District Forest Officer has two rooms in the upstair, one of which is used as his office-room and the other for the Forest Museum and Library.

2. Correspondence and accounts registers are neatly maintained, and records are arranged under the Disposal Number System, for which detailed instructions in print have been issued by the Revenue Board.

3. The reasons I ascribe for the efficient condition of this office, as well as of the two District Forest Offices at Coimbatore, are :—

(a) The Office Staff is composed of educated men, some of whom are *Graduates* or have passed the *Accounts* and *Departmental* tests ;

(b) Work is properly distributed among the different officials ;

(c) Registers and forms with printed headings are supplied for the different items of office work ;

(d) Departmental circulars, standing orders, and notices are printed in, and issued from, the press attached to the Collector's Office ; and

(e) Accounts and records are examined periodically by the Accountant-General, whose duty it is to visit the District Forest Offices, and to submit Inspection Reports to the Revenue Board.

4. The establishment of the District Forest Office at Salem consists of :—

No.	Designation.	Pay.	Remarks.
		Rs.	
1	Head Clerk	50	General management, Settlement papers, Correspondence with the Conservator and the Board.
2	2nd do	35	Accountant.
3	3rd do	25	Camp Clerk, keeps Camp Registers, diaries of Range Officers and Stock Return.
4	4th do	20	Registering papers.
5	5th do	15	In charge of the Stationery, Library and Museum, also Personal Assistant to the Head Clerk.
6	Temporary Clerk	20	Record-keeping.
7	Do & Permit Clerk ...	15	In charge of Permits and License Books and Assistant to the Accountant.
8	Draftsman	30	For preparing and colouring maps, framing and checking estimates for buildings, roads, &c., directly under the District Forest Officer.
9	Surveyor	60	Under the District Forest Officer.
10	Two peons	8	(each) Ditto
	and Two peons	7	(each) Ditto

N. B.—The Temporary Clerks have been recommended to be brought on the Permanent list.

5. A draftsman is given to each District Forest Office in the Presidency.

6. The Forest Surveyor attached to the District is employed on preliminary demarcation work, and in marking off fuel and bamboo coupes.

7. The District Forest Office is provided with a Library consisting of books on Forestry, Botany and allied subjects, as well as the more important Government publications which are supplied free.

8. The Museum consists of a collection of woods, fibres, oils, seeds, gums, resins, and other forest products.

9. The District Forest Officer lives in a Government bungalow built for him in Asthampatti, for which Mr. Cowley Brown, the present officer, pays rent at Rs. 15 a month.

10. The area of Reserved Forests in the Salem District on the 30th June 1896 was 1,224 square miles, representing 15·84 per cent of the total area of the District (7,729 square miles), and 30·38 per cent of the unoccupied waste (4,028 square miles).

11. A District Forest Reference Map on the scale of 4 miles to an inch showing all Reserves and Forest buildings is maintained; also a Range Reference map on the scale of one mile to an inch for all the Ranges showing in addition to the above, minor Forest stations, such as the Head Quarters of Forest Guards, Permit Officers, and Thanadars.

12. The revenue and expenditure of the District for 1896-97 as detailed in Statement No. I, hereto appended were as follow :—

	Rs.
Total Revenue	2,79,400
Expenditure under—	
A. Conservancy	83,973
B. Establishment	46,360
Total Expenditure	1,30,333
Net Profit ...	1,49,067
Percentage of Net profit to total Revenue	53·35
Do total Expenditure to do	46·65
Do Expenditure under A do	30·06
Do do B do	16·59
Do do B to A	55·21

13. *I. (a) "Timber."*—Timber logs were felled departmentally in Dankanikota Reserve, carted to the Sale Depot there and also to the Remount Depot at Hosur, and sold as follows :—

	Rs.	a.	p.
Bilwara per cubic foot	1	0	0
Other kinds do	0	12	0
Cost of felling and carting through a contractor (distance from Forest to Depot being 20 miles) per cubic foot	0	5	7

14. *I. (b) "Firewood and Charcoal."*—Not less than 1,300 tons of fuel have to be supplied *monthly* to the Madras Railway Company from the following forests; the rates secured and the expenditure incurred are noted in Statement No. II appended.

15. *Fuel Depot at Salem.*—A Fuel Depot is maintained at Salem by the Forest Department. It is supplied from the forests noted below at costs noted against them :—

No.	Name of the Forest.	Distance from Salem. By Road.	Distance from Salem. By Rail.	Cost of collection and transport per ton of 80 Maunds, including weighing and delivering at the Salem Depot. Rs.	a.	p.	Remarks.
1	Karampatti	12	...	4	4	0	Average cost—Rs. 4 10 per ton.
2	Kangere	6½	12	3	12	0	
3	Bommayampatti...	24	20	4	0	0	

Selling rate at the Depot—Rs. 5-8-0 per ton of 80 maunds.

Minimum quantity sold at a time to a person—56 lbs. (2 maunds)—value As. 2-3.

The establishment consists of one depot-keeper who is paid 3¼ per cent commission on the realization.

Two office-watchers attached to the Range Office watch the fuel which is stored in the compound of the Range Office Building.

Average monthly sale—32 tons. Population of Salem, about 80,000. The town, however, is supplied with fuel chiefly from Government Reserves by permit-holders and contractors.

Accounts are kept in bound books of thick paper having printed headings. The form is the same as is provided for timber-depots.

16. *I. (c) "Bamboos."*—Big and small bamboos are cut and carted to Dankanikota Sale-Depot from Iyur, Tulavekota, Gulpatti and Malgiri Reserves; the selling rates, expenditure and net profit being as follow:—

17.

No.	Description.	Retail rate.	Charge for felling and carting.	Profit.	Distance from Jungle to Depot.
		Rs. a. p.	Rs. a. p.	Rs. a. p.	
1	Big bamboos or Hebbidaru, per 100	11 4 0	3 0 0	8 4 0	Average distance—13 miles.
2	Small bamboos or Kirubidaru, 9 feet long, per 100.	1 8 0	0 8 0	1 0 0	
3	Middle-sized bamboos, 6 feet long, per 100 ...	3 0 0	1 8 0	1 8 0	
4	Ladder-bamboos—selected pieces, straight, sound and of uniform girth—each.	0 4 0	0 2 0	0 2 0	

18. The Depot at Dankanikota is in charge of the Range Office Clerk, who is paid no extra remuneration.

19. *I. (d) "Sandalwood."*—Sandalwood trees, both dry and mature green, are first felled flush with the ground by selection felling, and the roots are dug one year after. This was the old system in the Mysore District prior to 1881. After removing the bark and sapwood, the heartwood is carted to the Sale Depot at Dankanikota, Salem and Tirupathur, where it is worked, billeted, cleaned and assorted. The stock of wood so prepared is sold once a year by calling in tenders. Particulars of expenditure are:—

Felling, unbarking and rough adzing in the forest { As. 4 per tree, irrespective of size.

(On an average, this comes to 6 As. per maund, or Rs. 30 per ton.)

Carting from forest to sale depot, irrespective of distance { As. 4 per maund, or Rs. 20 per ton.

Working, billeting, assorting, &c., at the depot, (done by cooly labour.) { 1 anna per maund, or Rs. 5 per ton.

20. The charge paid for the working, &c., at the depot is nearly the same as is paid in the Mysore Koties. The total expenditure incurred on the collection and working is about 10% of the realizations and amounts to Rs. 55 per ton, while in Mysore the percentage of expenditure to the realizations for 1895-96 was only 5·8.

21. I am not quite sure whether the great saving of expenditure in Mysore is after all really beneficial to the sandalwood stock. From my experience of Mysore and Kadur Districts, I am led to think that the semi-contract system under which sandal trees are collected and carted to Koties has tended to the destruction of trees in the more open and nearer tracts, while the dead stock in the more difficult and distant localities is still left untouched. I would certainly advocate the payment of a higher rate of expenditure for the collection of dead wood, since it is sure to be burnt or destroyed in the jungles, if it is not removed soon to the Koties.

22. *II. (a) "Timber."*—Permit-issuing Officers are appointed on commission to sell permits for timber in reserves as well as unreserves. This is a speciality obtaining in the Madras Forest Department, which has not yet been tried in Mysore. The commission paid to these men varies from 3% to 6¼% inversely according to the amount of collection, which depends on demand, the produce available and the facility for carting. In each Taluk of the Salem District there are about ten such Gumastas. They have to deposit security varying from Rs. 10 to Rs. 100. On an average they earn from Rs. 5 to Rs. 15 a month.

23. A class of servants called Thanadars, who get monthly salary or commission at the same rates as are allowed to Permit-issuing Gumastas, are stationed on the roads leading to forests. They check the timber brought from reserves on permits. They take away the permits covering the produce; and issue instead, passports which the purchasers should take with them and preserve in support of the produce removed to their destination

whether for sale, or for their own use. This system applies to cart-loads. In the case of head-loads, the permits are torn into two, one part is given to the purchaser, while the other is retained by the Thanadar in support of his accounts. A schedule of rates is sanctioned by Government for forest-produce of different kinds removed from *unreserves*, while the same for timber in *reserves* is regulated by the District Forest Officer with the approval of the Collector. The Conservator does not regulate these rates, but he may advise the District Forest Officer and the Collector in the matter whenever necessary. The prices are revised from time to time and published in the District Gazette.

24. The rates now in force in Mysore for the removal of timber, bamboos, and firewood on licenses seem to be rather arbitrary and require revision. A list of rates should be printed in the Government Gazette once in six months showing the localities where the produce is available, and the subordinates by whom licenses are issued, and copies thereof should be widely distributed.

25. The revenue from timber in reserves and unreserves under II (*a*) "Timber" during 1895-96 in the Salem District *alone* was no less than Rs. 11,021 against only Rs. 14,073 realized under the same head and by a similar system in the *whole* of the Mysore Province during the same year. This small yield cannot be attributed to the scarcity of timber, firewood, bamboos and other produce, nor to the want of demand for the same in our State. The matter deserves enquiry.

26. *II. (b) "Firewood and Charcoal."*—Includes permit collections and sale-proceeds of *coupes*. Certain reserves which have been divided into compartments and coupes are worked on rotation, the right of felling and removing the produce in the area of annual felling (coupes) being sold for a lump sum either by inviting tenders or by auction. The amounts secured during 1896-97 and the areas of the coupes sold were :—

No.	Name of Forest and Coupe.	Area in acres.	Realizations.	Remarks.
			Rs.	
1	Nerlakota Forest, Coupe V	327	3,750	Average per acre—about Rs. 10 omitting annas and pies.
2	Kothur „ do IV	285	1,950	
3	Alangayam „ do III	282	2,150	
4	Pangolam „ do III	264	2,000	
5	Maharajagade „ do III	329	5,105	
	Total ...	1,487	14,955	

27. The contractors who purchased these coupes sold the fuel, (chiefly billet wood) to the Madras Railway Company, for which they received about 8 annas more per ton than the Forest Department did, by supplying direct. It would appear that the Railway Department always pays a higher rate to contractors than to the Forest Departments. The contractors sold the tops and lops to villagers and petty traders. The quantity of fuel actually cut and removed could not be ascertained. It is said to vary from 5 to 7 tons per acre.

28. *II. (c) "Bamboos."*—Includes permit collections and sale-proceeds of coupes. The permit rate in unreserves is Rs. 1-4-0 per cart-load (half a ton). This rate applies to agricultural classes only for their *bonafide* use and not to merchants, who generally go in for coupes. When permits have to be issued in reserves, the District Forest Officer fixes rates at his own discretion with the approval of the Collector.

Six coupes measuring 32,000 acres (about 50 square miles) in the Javadi Reserve were sold last year for Rs. 6,047. This gives about Rs. 139 per square mile. The number of bamboos in a unit of area has not been ascertained.

29. *II. (d) "Grazing."*—By permit sales and pen licenses. Permits are issued by Range Officers and Permit-Issuing Gumastas, specially appointed on commission varing from 2½ per cent to 4 per cent. The Permit-Issuing Gumastas move about from village to village selling tickets and collecting money, which they have to remit into the Treasury direct or by Postal Money Order once a week. They have to submit their diaries and accounts to the Range Officer to whom they are subordinate.

30. Permit rates are as follow :—

Buffaloes ...	...	6 annas a head.
Cattle (cows and bulls)	...	3 „ „
Sheep ...	...	1½ „ „
Goats (in special tracts)	..	1½ „ „
Pen license in special cases, under the order of the District Forest Officer.		Re. 1 per herd of 100 or less, provided they are kept *in the forest* for grazing in one season.

N.B.—The grazing rates in the Dharmapuri and Hosur Taluks are one-third higher than these rates.

31. Grazing is excluded in felled coupes and in certain specially protected areas. The number of cattle to be admitted in each reserve has not yet been fixed, the Forest Staff being inadequate to enforce it. Arrangements are being made to set apart areas for goat-browsing.

32. The cattle-breeding Taluks of Hosur and Dharmapuri contribute greatly to the revenue under *grazing*. Cattle are allowed to graze during the *whole* year. This is considered a great boon by the agricultural classes. Supervision on the part of the Forest Staff is said to be efficient. The privilege of goat browsing is well taken advantage of. These three factors contribute to the heavy revenue under grazing in the Salem District. If similar arrangements are ordered in Mysore, our Maidan districts also would show an increase of revenue.

33. *II. (e) "Minor Forest Produce."*—The right of collecting and purchasing the Minor Forest Produce *on all unoccupied lands at the disposal of Government* (with the exception of village sites and channel bunds which are under the control of the Revenue and Public Works Departments) is sold in auction by the *District Forest Officer*, and the revenue is credited to the *Forest Department*. Land at the disposal of Government comprises—

(a) Land of which the Government has acquired the ownership or possession by purchase, lease or otherwise ;

(b) Assessed but unoccupied land ; and

(c) Unassessed and unoccupied wastes.

Land at the disposal of Government, which is not set apart as reserved land or otherwise specially assigned by Government, is held to be unreserved land.

34. The disposal of forest produce in all the so-called District Forests in Mysore, comprising *assessed and unassessed wastes* which are outside the State Forests and Plantations should, I think, be vested in the District Forest Officer.

35. The amounts for which the different items of minor forest produce of the Salem District were sold were :—

No.	*Description.*	*Amount.*
		Rs.
I.	1. Tamarind-fruit	23,009
	2. Soap-nuts	
	3. Washing-nuts	
	4. Marking-nuts	
	5. Gall-nuts	
	6. Kamila dye	
	7. Honey and wax	
	8. Honge seed	
	9. Wild castor-oil seed	
	10. Nuxvomica seed	
	11. Thagara seed	
	12. Strychnos potatorum seed	
	13. Custard apples	
	14. Jack fruit	
	15. Mango fruit	
	16. Indian gooseberry	
	17. Wood apple	
	18. Sansevieria fibre	
	19. Champaka flower	
	20. Margosa seed	
	21. Korai grass	
	22. Bassia latifolia	
	23. Terminalia belerica	

No.	Description.	Amount.
II.	1. Thangadi bark ... ... 2. Sombu bark ... ... 3. Vembadam or Sooral bark ... ... 4. Kakke bark	Rs. 7,126
III.	Gall-nuts on the Shevaroy Hills	1,513
IV.	All the other items	14,208
	Total ...	45,856

which is only about one-half of the realization under the same head for the *whole* Province of Mysore in 1895-96.

36. Minor forest produce in the District Forests of this Province, other than those which are under the direct control of the Forest Department, are, as a rule, auctioned villagewar by Taluk Amildars. There is frequently much combination and their proper values are not generally secured. Big contractors rarely come forward to bid at these petty sales. If the items which go under this head are clubbed together and sold Hobliwar or Talukwar by the Forest Department, as is done in the Madras Presidency, the revenue can be considerably enhanced. The same system which now obtains in Mysore is said to have existed some years ago in Madras; the abuses were, however, discovered, and the control over these items was placed in the hands of the Forest Department.

37. The right of collecting the Thangadi, Kakke, Popli and Sombu barks is leased annually Talukwar throughout the District, and no rest is given for the growth of the shrubs. The yield for 1896-97 was:—

		Rs.	
Salem Taluk	... ...	2,285	
Tirchangud	... ...	2,225	
Attur	... ...	600	Full of wet cultivation.
Namakal	... ...	80	
Uttangerai	... ...	976	
Tirupathur	... ...	610	
Dharmapuri	... ...	350	
	Total ...	7,126	

Both *Reserves and Unreserves* are included in this lease.

38. In some districts of Madras Presidency, the bark is leased out for a period of two or three years, and it is said with better results. This system was introduced into the three taluks of Kolar, Bowringpet and Malur of the Kolar District, as an experiment during the last year, with much profit to Government.

39. *V. (c) "Miscellaneous 'Other sources'."*—This includes about Rs. 4,000, being the fines levied on compounding Forest-offences.

40. All over British India, the powers of Forest Officers are properly defined. Among others, they have the power to compound offences of a trivial nature, such as the unauthorized felling and removal of firewood, illicit grazing, &c., which occur frequently in the forests under their charge. When the party is not a habitual offender and the value of produce is small, the Forest Officer compounds the offence by levying a small fine which is generally twice the value of the produce concerned and allows the offender to take it away. While the accused thus receives a light punishment which has a deterrent effect, forest subordinates are saved the trouble of going to Criminal Courts which are often far away. It is a striking fact that the total number of forest cases taken into criminal courts in the whole Province during the official year 1895-96 was only 280, or 1 for an area of 100 square miles on an average, while in the Salem District alone it was 1,128, or 14 for 100 square miles. These figures speak for themselves. The question of authorizing Forest Officers of our State to compound Forest offences deserves, in my humble opinion, early consideration.

Memo on the Experimental Supply of Timber from the Salem District to the Mysore Mines, Kangundi, (Limited.)

41. There is hardly any big timber in the Salem District. It has to be imported from Coimbatore and Calicut for its own local consumption. An attempt was made by the

District Forest Officer of Salem (Mr. Brasier) to introduce Karimatti timber into the Gold Fields in March last. In all, 97 props measuring 6 ft. to 12 ft. long and 9 in. in diameter were felled in the Chitteri Hills, carted to Hosur, and thence to Morapur Railway Station, whence they were sent by rail to Bisanatham Station near Kamasamudra. They were removed to the Mysore Reefs, Kangundi (Limited), by the Superintendent of the mine at his own cost.

42. Particulars of cost incurred on the supply of this timber are—

	Rs.	a.	p.
Cost of felling, logging, squaring and sawing 97 props of *Terminalia tomentosa* in Chitteri Hills.	54	9	7
Cost of transporting, &c., from the above place to Harur and thence to Morapur Railway Station, distance 22 miles.	17	5	3
Railway charge for the above from Morapur to Bisanatham Station.	27	0	0
Landing charge	0	12	0
Total ...	99	10	10
Value of the above received from the Superintendent of Mysore Reefs, Kangundi (Limited).	293	13	0

The profit to Government on 97 props of 3¾ cubic feet each was Rs. 194-3-10, *i. e.*, about Rs. 2 per prop or 8½ as. per cubic foot.

No indent for these props has been again received from the mine.

NOTES TAKEN IN THE FOREST RANGE OFFICE, SALEM EAST.

43. The following Registers made of thick foolscap paper with printed headings are supplied to the Range Officer :—

Form No.
— Bill Book.
— Library Register.
3. Register of yield.
4. Receipts of produce.
5. Disposal of produce.
10. Free grant Register.
13. Stock Register.
22. Cash Book.
24. Record of sanctioned works.
32. Contractors and Disbursers' Ledger.
32-B. Account Code Form No. 6.
38. Register of Receipts of documents.
39. Register of Issues of documents.
41. Register of Forest offences.
41-A. Forest produce and other property seized and disposed of.

44. The Cash Book of the Range Office is closed on the same day on which the Taluk Treasury closes its accounts. The Treasury Officer sends monthly to the Range Office, after the Treasury accounts are closed, a *Forest Chitta* showing all remittances into that Treasury during the month credited to *Forests*, whether remitted by Departmental subordinates or other persons. This is done on the same day on which their accounts are submitted to the District Treasury Officer. Similarly, the District Treasury Officer sends a *Forest Chitta* to the District Forest Officer showing the total amounts remitted into the several Treasuries of the District during the month. Printed Chitta Forms are supplied to the Taluk and District Treasury Officers.

45. Range Officers of the Kolar District have been complaining of the delay in the receipt of accounts from Taluks, and this may be the case in the other Districts also. If the above arrangement which can be easily carried out is ordered, much trouble and correspondence will be saved.

46. The pay and batta of graded officers as well as subordinates of all ranks, whether permanent or temporary, are shown in the cash accounts of the Range Officers as well as of the District Forest Officer.

47. The Range Office is provided with four almirahs, half a dozen boxes, four chairs, record rack, pigeon hole,and other suitable furniture.

All permits are kept in and almirah under lock and key in the custody of the Range Clerk, and a register is maintained showing the number of permits received from the District Forest Office, that issued by the Range Officer to the subordinates, and the balance in stock. Officials, subordinate to the Range Officer, have to keep similar accounts.

48. The District Forest Officer submits to the Revenue Board quarterly returns of permits received, issued and sold.

49. An instrument box, a colour box and a medicine chest are given to the Range Officer. He is also supplied with the following books :—

1. The Madras Forest Act.
2. The Indian Penal Code.
3. Civil Procedure Code.
4. Evidence Act.
5. Land Acquisition Act.
6. Boundaries Act.
7. Easement Act.
8. A few books on Botany and Sylviculture.
9. Kanya Lal's Timber measurer.
10. D. P. W. Specification books.
11. The Madras Forest Code.
12. Administration Report of the Madras Presidency.
13. Monthly list of Officers.
14. District Forest sheets, &c., &c.

Printed copies of all the standing orders of the Conservator, of the District Forest Officer and the Board are also filed.

A Range map and maps of reserves and the Taluk maps of the Range are also kept.

50. Rangers are provided with tents which they are allowed to carry at Government expense, for which they are allowed to draw 1 anna 3 pies per mile.

(Sd) B. RAMASWAMI IYER,
District Forest Officer, Kolar.

STATEMENT No. I.

Revenue and Expenditure of the Salem District, for the year 1895-96.

REVENUE.

Heads.	Particulars.	Amount.	Remarks.
		Rs.	
I	Timber and other produce removed from forest by Government Agency—		
(a)	Timber	1,903	
(b)	Firewood and charcoal	65,748	
(c)	Bamboos	871	
(d)	Sandalwood	11,769	
(e)	Grass and other minor produce ...	...	
	Total ..	80,391

MEMO No. II.

Notes taken in the District Forest Office, South Coimbatore.

The Revenue for 1896-97 *was as follows* :—

	Particulars.	Amount. Rs.	a.	p.	Total. Rs.	a.	p.
I	*Timber and other Forest Produce removed by Government Agency*—						
(a)	Timber	37,405	0	0			
(b)	Firewood and Charcoal	5,625	0	0			
(c)	Bamboos	652	0	0			
(d)	Sandalwood	.....					
(e)	Grass and other minor produce	5,160	0	0			
	Total ..	49,142	0	0	49,142	0	0
II	*Timber and other produce removed by Consumers and Purchasers*—						
(a)	Timber	9,632	0	0			
(b)	Firewood and Charcoal	19,215	0	0			
(c)	Bamboos	4,049	0	0			
(d)	Grazing and fodder grass	5,975	0	0			
(e)	Other minor produce	4,245	0	0			
	Total ...	34,116	0	0	34,116	0	0
III	*Confiscated, drift and waif wood*	456	0	0			
	Total ...	456	0	0	456	0	0
V	*Miscellaneous*—						
(a)	Refunds	1,106	0	0			
(b)	Fines and forfeitures	.....					
(c)	Other charges	62,455	0	0			
	Total ...	63,561	0	0	63,561	0	0
	Grand Total ..	1,47,275	0	0	1,47,275	0	0

2. *I. (a)* "*Timber.*"—A private forest (area about 26 square miles), obtained on lease for 80 years, is worked departmentally, the annual rental being Rs. 5,000 a year. It is divided into 36 coupes, and one coupe is worked annually ; no regular working-plan as yet. Coupe lines, 36 feet wide, were cut at the onset, but are not cleared annually. Ten elephants were employed for dragging timber logs over a distance of about ¾ of a mile, and then they were trammed over 4½ miles. Distance from end of tramway to Pollachi Depôt is 20 miles by road, and thence to Coimbatore about 25 miles. The Forest Department contributes Rs. 600 for the up-keep of the Local Fund road from the Forest to Pollachi.

3. I am told that elephants do considerable damage to advance-growth, and that it is therefore considered advisable to work up a forest without the aid of elephants, whenever it is possible to do so. Drag-holes which have to be made at the end of logs cause loss of wood, in some cases up to two cubic feet.

4. *Expenditure for timber collection.*—

	As.	p.	
Charge for felling and squaring by contract—as. 9 per candy (12½ cubic feet) *i. e.*, about	0	9	per cubic ft.
Dragging by elephants—Rs. 4,677 for 59,648 cubic feet, (departmentally), *i. e.*, about	1	3	do
Tramming (by contract)—as. 4 per candy, *i. e.*, about ...	0	4	do
Carting from end of tramway to Pollachi, 20 miles (Rs. 1-12-3 per candy on contract), *i. e.*, about ...	2	3	do
Total charge for felling, carting and delivering at Pollachi	4	7	do
The distance from Pollachi to Coimbatore is 25 miles, and the charge for carting is Rs. 1-3-0 per candy, *i. e.*, about	1	6	do
The total cost of felling and delivering logs at Coimbatore from the forest which is about 45 miles away is thus about	6	0	do

This, I think, compares favorably with the rates paid for supplying from the forests of the Heggaddevankote Taluk to Mysore.

5. Timber collected at Pollachi Depôt is sold by auction once a month when merchants from Coimbatore, Dindigul and Madura attend. No one has attended from Mysore or Gold Fields as yet. Average rates obtained in auction :—

	Rs.	a.	p.	
Old teak logs	1	6	9	per cubic ft.
Karimatti (*Terminalia tomentosa*) ... ... Bilimatti (*Terminalia arjuna*) ... ... Hulve (*Terminalia paniculata*) ... ... Honne (*Pterocarpus marsupium*) ... ... Nandi (*Lagerstrœmia lanceolata*) ... ... Arsina-tega (*Adina cordifolia*)	0 (average)	7	10	do

6. Current retail rates at the Pollachi and Coimbatore Depôts are :—

No.	Description of Timber.	Rate per cubic foot. At Pollachi.			Rate per cubic foot. At Coimbatore.		
		Rs.	a.	p.	Rs.	a.	p.
1	Teak—in rough	1	14	0	2	0	0
2	Teak—sawn into slabs	2	2	0	2	4	0
3	Bite (*Dalbergia latifolia*) —	1	10	6	1	12	6
4	Nandi (*Lagerstrœmia lanceolata*)	0	8	6	0	10	6
5	Honne (*Pterocarpus marsupium*)	0	11	6	1	0	0
6	Karimatti (*Terminalia tomentosa*)	0	8	6	0	12	0
7	Arasina-tega (*Adina cordifolia*)	0	7	6	0	9	0
8	Iron wood (*Pœciloneuron indicum*)	0	8	6	0	10	0
9	Other kinds	0	7	6	0	9	0

7. The average *net* profits out of the realizations from the abovementioned kinds of timber are as follow :—

1.	Teak—in rough	1	9	0	per cubic ft.
2.	Teak—sawn into slabs	1	13	9	do
3.	Bite	1	6	3	do
4.	Nandi	0	4	3	do
5.	Honne	0	5	0	do
6.	Karimatti	0	5	3	do
7.	Arasina-tega	0	3	0	do
8.	Iron wood	0	4	0	do
9.	Other kinds	0	3	0	do

8. A large quantity of teak timber was sold to one Venkanna of Mysore in the Coimbatore Depôt at a uniform rate of Rs. 1-4-0 per cubic foot. This was taken away to Bangalore.

9. About 338 logs consisting of Honne, Rosewood, Iron wood, Karimatti, Nandi, etc., measuring in all 14,144 cubic feet, were sold to one Kandasawmy Chetty of Pollachi, at Pollachi Depôt, at a uniform rate of As. 9-3 per cubic foot.

10. The net profit in the former transaction, (para 8) was 14 annas per cubic foot, while in the latter it was only As. 4-8 per cubic foot.

11. Tramming in the forest over a distance of 4⅝ miles costs about 4 pies per cubic foot, against 5 pies, which was being paid to carts prior to the construction of the tramway ; but, considering the interest on the large outlay of Rs. 60,087 invested upon it and the depreciation of the rolling stock, it is, on the whole, considered to have been a failure, the total loss being estimated at no less than Rs. 22,782 for the past eight years. Tramway, it is said, may pay well on level road when the produce removed is large ; but on hilly ground it is impossible to carry bulky logs ; and if they are cut up into small pieces, their value falls. Rails should not have been laid on iron sleepers, whereas wooden sleepers would give them better support.

12. *I.* (*b*) "*Firewood and Charcoal.*"—There are three working circles where fuel is felled departmentally in coupes, about 50 acres being felled in each circle annually. The produce is stacked and sold by retail on the spot at rates varying from Re. 1 to Rs. 2-8 per ton of 80 cubic feet. When not sold locally, it is carted to Pollachi and Coimbatore and sold at Rs. 3 to Rs. 5 per ton according to demand and season. On the whole 278,380 cubic feet of firewood, felled departmentally in 1896-97, was sold for Rs. 5,925, *i. e.*, at an average rate of 4 pies per cubic foot including all costs. The expenditure on 245,448 cubic feet was Rs. 1,919, that is 1⅝ pies per cubic foot. A cubic foot of dry fuel weighs about 1 maund. The yield per acre was on an average 1,636 cubic feet, *i. e.*, nearly 20½ tons. The number of trees left for standards was 25. Trees were felled to the ground level and stools were trimmed.

13. *I.* (*c*) "*Bamboos.*"—Dry bamboos were collected departmentally and sold by retail at 10 annas per cart load. The experiment was a failure, and has been abandoned.

14. *I.* (*d*) "*Sandalwood.*"—Nil.

15. *I.* "(*e*) *Grass and other minor produce.*"—Cardamoms, pepper, bees-wax, honey, etc., are collected departmentally and sold to one contractor at rates previously agreed upon. He is appointed by inviting tenders. The produce is collected by jungle tribes called Malasars, or Male

Malasars, Kadars, Mudavars, Yerwalars, and Polayars. Rates of expenditure and income and the quantity collected were :—

No.	Description of Produce.	Quantity collected.	Rate of cost of collection.	Selling rate	Remarks.
		(Mds.)	Rs. a. p.	Rs. a. p.	
1	Cardamoms	46	3 0 0	28 7 3

14	Honey	567	0 2 0 0 3 0	0 3 0	Per measure.

16. *II.* (*a*) "*Timber.*"—Permits are issued by Range Officers and Permit-issuing Gumastas to agriculturists, but not to traders, for the felling and removal of timber in certain specified blocks. No permits are issued in working circles. Timber felled upon permits is used locally, and is not permitted to be exported.

17. Rates for permits are as follow :—

I. Class.

1.	Satin wood	...(Chloroxylon swietenia)	Squared—Rs. 7-8 per 20 cubic feet. Rough—Rs. 5 per 20 cubic feet.
2.	Red Cedar or Bastard Cedar	...(Soymida febrifuga)	
3.	Catechu	...(Acacia catechu)	
4.	White Babul	.. (Acacia leucophlœa)	
5.	Fragrant Acacia	...(Acacia farnesiana)	
6.	Siria ...	...(Albizzia Lebbek)	
7.	Babul ..	...(Acacia arabica)	
8.	Beleric Myrobalan	...(Terminalia balerica)	
9.	Karimatti	...(Terminalia tomentosa)	
10.	Naviladi ...	.. (Vitex altissima)	
11.	Kuli ...	...(Gmelia arborea)	
12.	Champaca	...(Michelia Champaca)	
13.	Thadsal ...	...(Grewia tiliæfolia)	
14.	Karachi ...	.. (Hardwickia binata)	

II. Class.

15.	Bili Matti	... (Terminalia arjuna)	Squared Rs. 3-12. Rough Rs. 2-8 per 20 cubic feet.
16.	Halve	... (Terminalia paniculata)	
17.	Udi	... (Dolichandrone falcata)	
18.	Margosa	... (Melia Azadirach)	
19.	Heb bevu	... (Melia dubia)	
20.	Perumbe	... (Prosopis spicigera)	
21.	Nerale	... (Eugenia jambolana)	
22.	Arasina tega	... (Adina cordifolia)	
23.	Yetachi	... (Zizyphus Jujuba)	
24.	Nona	... (Morinda Citrifolia)	
25.	Kadaga	... (Stephegyne parviflora)	
26.	Kakke	... (Cassia fistula)	
27.	Kultega	... (Dillenia pentagyna)	
28.	Karakottan	... (Zizyphus glabrata)	

III. Class.

All other kinds of wood: Squared, Rs. 1-14-0; Rough, Rs. 1-4-0 per 20 cubic feet.

18. *II. (b)* "*Firewood and Charcoal.*"—On the whole 659,367 cubic feet, *i.e.*, 8,242 tons of firewood was sold, of which 26,020 cubic feet (325¼ tons) was removed at Rs. 1-8-0 per 80 cubic feet of one ton, from the Singar-tope Working Circle. One coupe of 50 acres was sold to a contractor who, after felling and stacking the firewood at his own expense, removed 325¼ tons at Rs. 1 8-0 per ton of 80 cubic feet, and paid Rs. 487-4-0 for it. This is the system now in force in the Kamasamudra Forest of the Kolar District.

Permit rates for firewood are :—

Green firewood	...	...	...	Re. 1-4-0 per cart-load.
Dry do	...	...	...	As. 5 to As. 12 do.
Head-load	...	...	...	Pies 3 each.
Charcoal	...	...	...	Rs. 5 per ton of 2 cart-loads.
Do	...	...	...	As. 2 a head-load.

Permits were issued chiefly in Reserves.

The sale proceeds of dry and wind fallen trees in unreserved lands is credited to the Forest Department.

Thasildars do not issue permits in Unreserves.

19. *II. (c)* "*Bamboos.*"—By permits and by the sale of a coupe in the Sholakere Working Circle. There is hardly any demand for large hollow bamboos (Hebbidaru.)

Permit rates for bamboos are :—

Split bamboos Rs. 2-8-0, and plain bamboos Rs. 1-4-0, per cart-load.

Bamboo coupes, measuring on the whole 254 acres were sold for Rs. 1,300 during last year, which gives about Rs. 5 per acre. This year, 10 coupes measuring 273 acres have been sold for Rs. 2,205, which is about Rs. 8 per acre. In the latter coupes, there are more small bamboos which are readily saleable.

20. *II. (d)* "*Grazing.*"—Permits were issued in Reserves only :—

Buffaloes	...	...	...	...	As. 6	each.
Bullocks and cows	...	...	...	...	" 3	"
Sheep	...	...	...	...	" 1½	"

(Goats were excluded.)

21. *II. (e)* "*Other Minor Produce.*"—This comprises lump sum contracts of Minor Forest Produce in those Ranges where they were not collected departmentally, and also the lease of Tangadi bark in Reserves as well as Unreserves which were sold Hobliwar.

The total yield from Tangadi bark for the whole division (the area of which is 2,838 square miles) was Rs. 2,972, *i.e.*, a little over Re. 1 per square mile.

22. V. *(c)* "*Other Sources.*"—Includes the sale-proceeds of lands in Reserves which were sold for coffee cultivation, amounting to Rs. 59,840. Coffee plantations are being opened in Punachi Forest, Pollachi Taluk, about 45 miles distant from Coimbatore; the price paid for the lands was Rs. 5 per acre. Assessment on coffee lands within the Reserves is paid to the Forest Department.

23. The expenditure of South Coimbatore District for 1896-97 was as noted below :—

A. "Conservancy and Works."

Heads.	Particulars.	Amount. Rs.	a.	p.	Remarks.

2 Peons on Rs. 7 each	"	14	
Temporary Establishment—			
1 Record-keeper	"	20	
1 Permit Clerk	"	15	
Total ...		240	per mensem.

27. Rates for certain forest works :—

I. (5) " *Firewood and Charcoal.*"—Cost of felling and stacking firewood, per 80 cubic feet—As. 7 to Re. 1.

Two Thanadars at checking stations draw Rs. 6 and Rs. 7 a month.

Permit-issuing Gumastas are paid 6¼ o/° on the collection.

VII. Communications and Buildings.—Forest roads and buildings are constructed departmentally at the same rates as those of Local Funds. These rates are given in the D. P. W. Specification-book.

VIII. Organization, extension and improvement of Forests.—Cost of clearing old fire-lines, burning grass and weeds thereon, in the Bolampatti Range, consisting of heavy timber forest, is Rs. 10 a mile ; while in Udamolpet Range, containing firewood forest, it is only Rs. 6 ; width of outer line—30 feet, interior line 10 feet.

B. II. "*Allowances.*"—Officers of all grades draw 50o/oadditional batta in special tracts corresponding to our Malnad.

28. The District Forest Officer is expected to inspect the Range Offices once in six months, and to submit copies of his inspection reports to the Conservator as well as to the Accountant General.

29. In the Anamalay leased forests, logs are transported on tramway, over a distance of 4½miles. Wire-rope and Sliding arrangements are being put up for bringing down timber from hill tops, and a saw-mill, worked by water power, is being erected to saw timber into scantlings and planks in the forest. These works are in progress, and are expected to be in working order in October or November next.

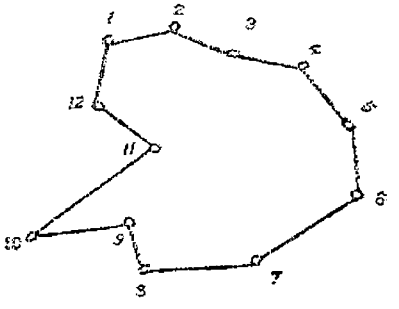
KOLAR,
4th August 1898

B. RAMASAWMY IYER,
District Forest Officer, Kolar

MEMO No. III.

Memo. on the Sholakarai Working Circle in Bolampatti Reserved Forest, South Coimbatore District.

The Sholakari Working Circle is situated on the Madras-Calicut Railway about one mile east of the Walayar Station and is 17 miles from Coimbatore town. The area is 1,142 acres. It is divided into 8 compartments by artificial lines, 13'—15' wide. These are grouped into three series, according to the density of the growth of trees yielding timber, poles and firewood. The first series contains a dense growth of wood and a poor growth of bamboos, the second series has a moderate and nearly equal growth of wood and bamboos, while the third is the bamboo series, the produce being more of bamboos and very little of wood. The compartment and coupe lines, which are always kept open on ground, serve as inspection paths, export roads and interior fire-lines. The total length of compartment lines is 8 miles, and of sub-compartment or coupe lines is 15. The boundary line around the working circle, which is about 7 miles long and 20 feet broad, is cleared by guards and watchers. Boundary pillars 5 feet high, consecutively numbered, are fixed in heaps of stones called *cairns* which are 3 feet high. They are placed in such a way that the one may be visible from the other adjoining it, and at every angle of the boundary. The numbering of the pillars commences at the north-west corner, and goes on like the hands of a watch as shown below. The numbers and the mark R. F. are neatly cut in the stone, and not *merely painted*.



The cost of cutting and clearing these are:—

Compartment lines—13'—15' wide.

First felling	...	...	Rs. 8—Rs. 10 per mile.
Annual clearing	...	...	free by watchers.

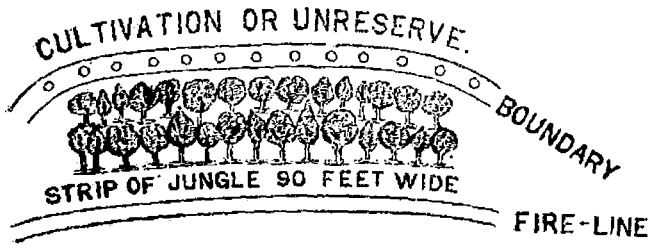
Coupe or Sub-compartment lines—6'—8' wide.

First felling	...	...	Rs. 6—Rs. 8 per mile.
Annual clearing	...	...	free by watchers.

Boundary line 20 feet wide.

First felling	...	...	Rs. 10—Rs. 12 per mile.
Annual clearing	...	...	free by watchers.

2. A strip of jungle 90 feet wide is left for fire-tracing between the boundary line and a fire-line 15 feet wide, which is cut *inside* the Reserve, parallel to the boundary as shown below :—



3. Only the outer fire-line is fire-traced annually. The sub-compartment or coupe line, are not burnt, there being no combustible matter to burn; the cost of cutting grass and shrubss and scraping the whole width of the line (15 feet) is Rs. 7—Rs. 8 per mile. The charge for burning is 6 annas per acre of the strip between the boundary and the fire-line.

4. The Protective establishment consists of :—

1	Forester Rs. 20+12 ...	...	Rs. 32
1	Head guard ...	...	„ 12
1	Watcher ...	..	„ 6
3	Watchers on Rs. 5 each ...	...	„ 15
		Total ..	Rs. 65 a month.

Temporary establishment for fire protection :—

Three watchers on Rs. 5 each, for 5 months (1st January to end of May). } Rs. 75.

Total establishment charge for one year may be put down at about } Rs. 850 for the working circle (1,142 acres) or about 11 annas per acre on an average.

5. No additional establishment is maintained for supervising fellings, etc., but repairing roads, cutting dead standards, removing creepers, and other operations are paid for on approved estimates, which must be previously submitted to the District Forest Officer.

6. The tract has been under conservancy since 1884, and has been successfully protected against fire and grazing up to date, in spite of its proximity to the Railway line and private forests. As a result of this protection, trees and bamboos have grown well, and seedlings of teak and other valuable species have also come up naturally. But trees have not attained timber-size as yet, the reason being that the annual rainfall is only about 35 inches (though in some years it was exceptionally heavy), and the soil not rich or suitable enough. This working circle has the same appearance as the inner portions of the District Forests of the Heggaddevankote, Gundalpet and Tarikere Taluqs, whose rainfall and other circumstances are similar.

7. A simple but eminently practicable working-plan which was drawn up in 1886 by Mr. J. H. Porter, District Forest Officer, South Coimbatore, under the direction of Colonel Campbell Walker, the then Conservator of Forests, Southern Circle, Madras Presidency, has been applied to this reserve since 1885. The period of rotation originally fixed was twelve years, and the whole area has been once operated upon in accordance with the working scheme up to the end of 1896. But as the coppice growth from the stools of the first felling have not come up to expectation, and the seedling growth is only partially good, and the stock on the whole is not in a sufficiently advanced state to justify any further cutting (bamboos excepted) in any part of it for some time to come, it has been considered necessary to give about eight years' rest to the whole block. In the meanwhile, a supplemental block, measuring about one square mile, and

situated to the north of Sholakarai working circle, has been added to it. It is divided into compartments and coupes, and will be worked once on a simple preliminary working plan during the eight years 1897-1905 inclusive, so as to give the same area the same average yield as hitherto. At the end of 1905, it is proposed to club these blocks together, and to draw up a revised working scheme for the whole area (1,142+707=1,849 acres) providing a rotation of twenty years, which period, it is believed, would be sufficient for the growth of saleable poles and railway fuel.

8. The area comprised in the working circle is essentially a fuel and bamboo reserve. There are some teak and honne poles; but no samples of these, capable of yielding large logs, or likely to attain a large size, were observed. The following are the principal kinds of trees found here :—

No.	English or Vernacular Names.	Botanical Names.
1	Teak	Tectona grandis.
2	Dindiga	Anogeissus latifolia.
3	Beppale	Wrightia tinctoria.
4	Nova	Morinda { citrifolia. exerta.
5	Tamarind	Tamarindus indica
6	Bili Jali	Acacia leucophlœa.
7	Kari Jali	Do Arabica.
8	Sundra	Do Sundra.
9	Perumbe	Prosopis spicigera.
10	Bevu	Melia azedarach.
11	Bite	Dalbergia latifolia.
12	Honne	Pterocarpus marsupium.
13	Karachi	Hardwickia binata.
14	Yelachi	Zizyphus jujuba.
15	Hunge	Pongemia glabra.
16	Tare	Terminalia belerica.
17	Arali	Ficus religiosa.
18	Hulve	Dalbergia paniculata.
19	Tadasalu	Grewia tiliæfolia.
20	Biliwara	Albizzia odoratissima.
21	Nowladi	Vitex altissima.
22	Udaya	Odina wodier.
23	Bamboo (Hebbidaru)	Bambusa Arundinacea.

9. The bamboos have been worked on a regular rotation of four years, the method of treatment being to visit certain coupes as mentioned in the Working Plan once in four years, and to cut one-fourth of the number of *culms* in each clump, at a height not exceeding 18 inches from the ground.

10. Trees which yielded poles and firewood were worked on the system of "coppice with standards." The number of standards reserved varies from fifteen to twenty-five per acre, and they are selected from seedling poles and strong healthy coppice shoots of teak and other valuable species. These were marked, before the fellings were made, by the Forester and Range Officer. All the remaining trees, excepting seedlings, have been cut to the ground level with the axe, and splendid coppice shoots have come up from the cut stools. The areas have been rigidly protected against fire and cattle.

11. The areas of coupes vary from 30·13 acres to 64·70 acres inversely according to the density of wood crop. They were divided into three series, with a view to secure uniform and average outturn per acre, per annum, during the whole period of rotation.

12. The coupes were made purposely small to employ different contractors to fell each of the coupes assigned for a year, and the number of such coupes varied from 6 to 14.

13. In some years the felling was made departmentally, while in others it was given on on contract, and the produce collected in a year was sold to contractors who were appointed by tenders, only one man being appointed to buy both wood and bamboos obtained in a year's felling.

14. The following list shows the abstract of the yield of various kinds of produce in the whole area from 1885 to 1896, and the average per acre per annum, as compared with the estimate :—

Statement showing the yield of various kinds of **Produce** *in the Sholakarai Working Circle from 1885 to 1896.*

	Timber.							Fuel.							Bamboos.		Remarks.
								Billet wood.		Running wood.		Sallel (refuse wood).		Total			
	Posts.	Poles.	Ploughs.	Yokes.	Nedangals.	Kurungal.	Rafters.	Tons.	C.ft.	Tons.	C.ft.	Tons.	C.ft.	Tons.	Number.	Dry Bamboo pieces in C.ft.	
	No.	No.	No.	No.	No.	No.	No.										
Total yield	3,179	6,536	891	154	419	317	222	9,601	7,20,080	6,634	5,35,520	2,455	1,93,100	18,150	15,82,735	1,44,060	
Yield per acre per annum	·232	·48	·068	·011	·033	·025	·016	·657	...	·468	...	·179	...	1·321	116	10·5	
Estimated yield per acre per annum ...	...	1·233	·12	...	...	...	...	·573	...	·627	..	..	...	1·20	181	...	

15. As the measurements of poles, posts, plough pieces, etc., are not recorded in the yield register, which in other respects furnishes full and correct particulars, the yield of timber in cubic feet cannot be ascertained. Of fuel, the yield per acre per annum on an average was 1·324

tons against 1·200 tons originally estimated by Mr. Porter, while the number of bamboos actually removed was 126·5 against 191·0 per acre as provided in the working scheme. After visiting the felled bamboo clumps, I think that more culms might have been removed with profit. I am not sure whether ¼th of each clump was fully cut, considering the difficulty in extracting bamboos from the interior of the clumps. Setting aside these small facts, I was surprised to notice how the actual yield has almost approached the estimate originally made by Mr. Porter in his working-plan.

16. The following statement gives details of the revenue and expenditure :—

Year.	Gross Revenue from				Expenditure for					Net Revenue.		Remarks.
	Timber.	Fuel.	Bamboos.	Total.	Timber.	Fuel.	Bamboos.	Clearing Coupes.	Total.	Amount.	Average per Acre per Annum.	
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Total ...	4,968 12 3	17,368 0 0	9,168 0 0	31,504 12 9	220 13 10	1,442 3 6	167 10 0	1,091 3 0	3,348 8 4	28,156 4 5	2 0 10	

	Rs. a. p.
Gross Revenue ...	31,504 12 9
Expenditure ...	3,348 8 4
Net Revenue ...	28,156 4 5
Net Revenue per acre per annum ...	2 0 10
Net Revenue per acre per annum as originally estimated ...	2 2 0

From the above it is deduced that for the whole period of rotation

(1) the gross income was nearly	Rs.	27	9	5	per acre;
(2) Do expenditure do	,,	2	14	11	do.
and (3) the net profit about	,,	24	10	6	do.

17. The rotation originally fixed being 12 years, Mr. Gass, District Forest Officer, South Coimbatore, deduced the profit per acre per annum at $\frac{\text{Rs. } 28,156\text{-}4\text{-}5}{1,142 \text{ acres} \times 12 \text{ years}}$ = Rs. 2-0-10. But as it has been considered necessary to extend it to 20 years, this figure reduces itself to about Rs. 1-3-9.

18. The establishment charges noted above have cost about 11 annas 3 pies per acre per annum. Deducting all charges, the net profit per acre per annum comes to about 8 annas 6 pies.

19. From the Statement appended to the working plan of this Circle drawn up by Mr. Porter in 1886, I find that the value of the standard trees (numbering 1,781) reserved in certain coupes (area 120·5 acres), which were felled in 1885, was estimated at Rs. 556-11-0. This gives an average of Rs. 4-9-7 per acre for the whole rotation period or 3 annas 8 pies per acre per annum. The actual amount already realized with the value of the reserved standards would therefore be not less than 12 annas 2 pies. This compares favourably even now with the assessment on dry lands in the vicinity, which does not exceed 12 annas an acre. The yield will certainly improve in the succeeding rotations, and may exceed what has been now secured by 50 per cent at least.

20. As compared with contract system, departmental working appears to be more profitable to Government in some cases, as is apparent from the figures for the years 1894-95 and 1895-96, when it was done by Amani.

21. After the felling was over, the tops lops and rubbish were collected, heaped and burnt by the contractor before the produce was removed from the forest. In some years this was done departmentally, the expenditure incurred on about 1,078 acres in 1894, 1895 and 1896 being Rs. 1,091 or nearly Re. 1 an acre.

22. Two cleanings have been ordered to be made twice a year, especially in the coupes felled in recent years, until the natural seedlings which may come up in the felled areas are at least five years' old. The operation consists in removing creepers, bushes and cutting off the coppice shoots which surround or overtop the seedlings. Generally, it is done by watchers regularly, strip by strip from one end of the coupe to the other, under the supervision of the Forester. When the work is heavy, a few coolies are appointed. About Rs. 1,091 were expended during the four years 1893 to 1896, on an area of 290·5 acres, which approaches Rs. 3-11-11 per acre for the rotation, or 3 annas per acre per annum. The thinning of coppice shoots is strictly prohibited and the reason for such prohibition is set forth in the working plan.

23. A printed copy of the rough sketch of the Sholakarai Working Circle furnished to me by the Forester in charge, showing the compartment and coupe lines, &c., is annexed. Excellent maps, printed and coloured, are supplied to the District Forest Officer, Range Officer and the Forester, together with an abstract of the working plan which is printed on thick foolscap paper.

24. A small Forest bungalow with outhouses has been built in the working circle for the use of Forest Officers, and quarters are also provided for the Forester, Guard and Thanadar at Naukarai, on the Coimbatore-Wallayar road, which is about 1½ miles from the nearest coupe.

25. A rain-gauge is kept in the Forest Rest-house and a daily record of rainfall is maintained.

26. A few mahogany seedlings have been lately planted in the compound of the Rest-house, and they are coming up fairly well.

27. The Forester is supplied with a Diary and Measurement Book with printed headings, in which he notes the particulars of work done in the reserve daily. An extract of this is sent weekly to the District Forest Officer through the Ranger.

KOLAR,
4th August 1898.

B. RAMASAWMY IYER,
District Forest Officer, Kolar.

MEMO NO. IV.

MEMO ON THE WALAYAR WORKING CIRCLE, PALGHAUT RANGE, SOUTH MALABAR

From the above it is deduced that for the whole period of rotation

(1) the gross income was nearly	Rs.	27	9	5	per acre;
(2) Do expenditure do	„	2	14	11	do.
and (3) the net profit about	„	24	10	6	do.

17. The rotation originally fixed being 12 years, Mr. Gass, District Forest Officer, South Coimbatore, deduced the profit per acre per annum at $\frac{\text{Rs. } 28,156\ 4\ 5}{1,142 \text{ acres} \times 12 \text{ years}}$ = Rs. 2-0-10. But as it has been considered necessary to extend it to 20 years, this figure reduces itself to about Rs. 1-3-9.

MEMO NO. IV.

MEMO ON THE WALAYAR WORKING CIRCLE, PALGHAUT RANGE, SOUTH MALABAR DIVISION.

The Walayar Working Circle adjoins the Sholakarai Reserve. The Walayar Railway Station is situated within it. It is about 16 miles from the Coimbatore town as well as from Palghaut. The Madras-Calicut Railway runs for about three miles through the Reserve.

2. The total area is 3,061 acres, from which deducting 401 acres which is unproductive, the productive area is estimated at 2,660 acres. The tract is divided into two blocks, each of which is subdivided into six compartments, and these are again split up into sub-compartments or coupes, of which there are on the whole 99. The areas of compartments vary from 150 to 320 acres, (in round numbers) and those of the sub-compartments from 15 to 75 acres inversely according to the density of wood growth.

3. The boundary line, 18 feet wide—marked with stones in some places, with cairns in others—is cleared annually for fire protection, at Rs. 12½ a mile, (scraping and burning inclusive). The compartment lines are 15 feet wide; these are cleared annually, scraped and burnt at Rs. 11 a mile. Coupe lines, unlike in Sholakarai, are kept on ground only when felling goes on in them. But stones about one foot high above the ground, indicate the coupe lines.

4. The forest was acquired by purchase in 1873-74 from a certain Zemindar, for Rs. 45,000. The management is said to have been very bad, till the provisions of the working plan approved by Colonel Campbell Walker, Conservator of Forests, were applied to it in 1885. The whole area has been felled once, in accordance with the prescriptions of the plan drawn up by Mr. Hadfield.

5. The number of standards is 20 per acre. Teak, blackwood, honne, ben-teak, iron-wood, and other valuable kinds are reserved, while the other species have been coppiced. The standards are not pruned. The thinning of coppice shoots has been strictly prohibited here too. Felling was not carried on regularly from one end of the Reserve to the other, coupe by coupe, but it was made in the order prescribed in the working plan, the areas for annual operations being scattered here and there.

6. The produce of the annual fellings was sold to contractors who were appointed by inviting tenders, as in Sholakarai. They had to fell, stack and remove the produce at their own expense, after paying seigniorage at the rates previously agreed upon. The small twigs and rubbish were not allowed to be burnt within the felled coupes. They were removed to the compartment lines and burnt in September and October.

7. The season for felling was from June to August, both in Sholakarai and Walayar. In my opinion it would have been better if the operation had been conducted in the hot weather between January and April, as shoots of trees felled in this season throw better coppice shoots, as soon as the South-west Monsoon breaks in May.

The period of rotation was ten years, both for wood and bamboos.

8. The produce was collected and assorted after the felling was over and sold to contractors. The rates secured in 1896 were, as follow :—

	Rs.	a.	p.
Teak cart-spokes, per 100	15	0	0
Do do felloes, do	30	0	0
Jungle wood posts, do	75	0	0
Patties do	6	0	0
Vittams (jantes) each	1	12	0
Billet fuel, per stack 4' × 4' × 4' (about one ton)..	1	4	0
Faggot fuel, per stack 5' × 5' × 4' ...	1	0	0
Twig fuel, per cart	0	8	0
Large bamboos, per cart-load of 50... ...	0	10	0
Small do do 100... ...	0	10	0
Solid do do 400... ...	0	10	0

9. The total produce of the whole area for the ten years 1885-86 to 1894-95 was :—

Teak poles, number	4,571
" spokes do	63,405
" felloes do	10,565
Jungle wood posts, cubic feet	31,596
Vittams (jantes) number	190
Patties do	10,533
Billet fuel, cubic feet	1,481,889
Faggot fuel, do	835,875
Twig fuel do	135,512
Bamboos, number	356,972

MEMO NO. IV.

MEMO ON THE WALAYAR WORKING CIRCLE, PALGHAUT RANGE, SOUTH MALABAR DIVISION.

The Walayar Working Circle adjoins the Sholakarai Reserve. The Walayar Railway Station is situated within it. It is about 16 miles from the Coimbatore town as well as from Palghaut. The Madras-Calicut Railway runs for about three miles through the Reserve.

2. The total area is 3,061 acres, from which deducting 401 acres which is unproductive, the productive area is estimated at 2,660 acres. The tract is divided into two blocks, each of which is subdivided into six compartments, and these are again split up into sub-compartments or coupes, of which there are on the whole 99. The areas of compartments vary from 150 to 320 acres, (in round numbers) and those of the sub-compartments from 15 to 75 acres inversely according to the density of wood growth.

3. The boundary line, 18 feet wide—marked with stones in some places, with cairns in others—is cleared annually for fire protection, at Rs. 12½ a mile, (scraping and burning inclusive). The compartment lines are 15 feet wide; these are cleared annually, scraped and burnt at Rs. 11 a mile. Coupe lines, unlike in Sholakarai, are kept on ground only when felling goes on in them. But stones about one foot high above the ground, indicate the coupe lines.

4. The forest was acquired by purchase in 1873-74 from a certain Zemindar, for Rs. 45,000. The management is said to have been very bad, till the provisions of the working plan approved by Colonel Campbell Walker, Conservator of Forests, were applied to it in 1885. The whole area has been felled once, in accordance with the prescriptions of the plan drawn up by Mr. Hadfield.

5. The number of standards is 20 per acre. Teak, blackwood, honne, ben-teak, iron-wood, and other valuable kinds are reserved, while the other species have been coppiced. The standards are not pruned. The thinning of coppice shoots has been strictly prohibited here too. Felling was not carried on regularly from one end of the Reserve to the other, coupe by coupe, but it was made in the order prescribed in the working plan, the areas for annual operations being scattered here and there.

6. The produce of the annual fellings was sold to contractors who were appointed by inviting tenders, as in Sholakarai. They had to fell, stack and remove the produce at their own expense, after paying saigniorage at the rates previously agreed upon. The small twigs and rubbish were not allowed to be burnt within the felled coupes. They were removed to the compartment lines and burnt in September and October.

7. The season for felling was from June to August, both in Sholakarai and Walayar. In my opinion it would have been better if the operation had been conducted in the hot weather between January and April, as shoots of trees felled in this season throw better coppice shoots, as soon as the South-west Monsoon breaks in May.

The period of rotation was ten years, both for wood and bamboos.

8. The produce was collected and assorted after the felling was over and sold to contractors. The rates secured in 1896 were, as follow:—

	Rs.	a.	p.
Teak cart-spokes, per 100	15	0	0
Do do felloes, do	30	0	0
Jungle wood posts, do	75	0	0
Putties do	6	0	0
Vittams (jantes) each	1	12	0
Billet fuel, per stack 4'×4'×1' (about one ton)..	1	4	0
Faggot fuel, per stack 5'×5'×4' ...	1	0	0
Twig fuel, per cart	0	8	0
Large bamboos, per cart-load of 50... ...	0	10	0
Small do do 100... ...	0	10	0
Solid do do 400... ...	0	10	0

9. The total produce of the whole area for the ten years 1885-86 to 1894-95 was:—

Teak poles, number	4,571
" spokes do	63,405
" felloes do	16,555
Jungle wood posts, cubic feet	31,596
Vittams (jantes) number	130
Putties do	10,533
Billet fuel, cubic feet 1,481,889	
Faggot fuel, do 835,875	
Twig fuel do 135,512	
Bamboos, number 356,972

MEMO NO. IV.

MEMO ON THE WALAYAR WORKING CIRCLE, PALGHAUT RANGE, SOUTH MALABAR DIVISION.

The Walayar Working Circle adjoins the Sholakarai Reserve. The Walayar Railway Station is situated within it. It is about 16 miles from the Coimbatore town as well as from Palghaut. The Madras-Calicut Railway runs for about three miles through the Reserve.

2. The total area is 3,061 acres, from which deducting 401 acres which is unproductive, the productive area is estimated at 2,660 acres. The tract is divided into two blocks, each of which is subdivided into six compartments, and these are again split up into sub-compartments or coupes, of which there are on the whole 99. The areas of compartments vary from 150 to 320 acres, (in round numbers) and those of the sub-compartments from 15 to 75 acres inversely according to the density of wood growth.

3. The boundary line, 18 feet wide—marked with stones in some places, with cairns in others—is cleared annually for fire protection, at Rs. 12½ a mile, (scraping and burning inclusive). The compartment lines are 15 feet wide; these are cleared annually, scraped and burnt at Rs. 11 a mile. Coupe lines, unlike in Sholakarai, are kept on ground only when felling goes on in them. But stones about one foot high above the ground, indicate the coupe lines.

4. The forest was acquired by purchase in 1873-74 from a certain Zemindar, for Rs. 45,000. The management is said to have been very bad, till the provisions of the working plan approved by Colonel Campbell Walker, Conservator of Forests, were applied to it in 1885. The whole area has been felled once, in accordance with the prescriptions of the plan drawn up by Mr. Hadfield.

5. The number of standards is 20 per acre. Teak, blackwood, honne, ben-teak, iron-wood, and other valuable kinds are reserved, while the other species have been coppiced. The standards are not pruned. The thinning of coppice shoots has been strictly prohibited here too. Felling was not carried on regularly from one end of the Reserve to the other, coupe by coupe, but it was made in the order prescribed in the working plan, the areas for annual operations being scattered here and there.

6. The produce of the annual fellings was sold to contractors who were appointed by inviting tenders, as in Sholakarai. They had to fell, stack and remove the produce at their own expense, after paying seigniorage at the rates previously agreed upon. The small twigs and rubbish were not allowed to be burnt within the felled coupes. They were removed to the compartment lines and burnt in September and October.

7. The season for felling was from June to August, both in Sholakarai and Walayar. In my opinion it would have been better if the operation had been conducted in the hot weather between January and April, as shoots of trees felled in this season throw better coppice shoots, as soon as the South-west Monsoon breaks in May.

The period of rotation was ten years, both for wood and bamboos.

8. The produce was collected and assorted after the felling was over and sold to contractors. The rates secured in 1896 were, as follow :—

	Rs.	a.	p.
Teak cart-spokes, per 100	15	0	0
Do do felloes, do	30	0	0
Jungle wood posts, do	75	0	0
Patties do	6	0	0
Vittams (jantes) each	1	12	0
Billet fuel, per stack 4' × 4' × 4' (about one ton)..	1	4	0
Faggot fuel, per stack 5' × 5' × 4' ...	1	0	0
Twig fuel, per cart	0	8	0
Large bamboos, per cart-load of 50... ...	0	10	0
Small do do 100... ...	0	10	0
Solid do do 400... ...	0	10	0

9. The total produce of the whole area for the ten years 1885-86 to 1894-95 was :—

Teak poles, number	4,571
" spokes do	63,405
" felloes do	16,565
Jungle wood posts, cubic feet	31,596
Vittams (jantes) number	190
Patties do	10,533
Billet fuel, cubic feet	1,481,889
Faggot fuel, do	835,875
Twig fuel do	135,512
Bamboos, number	356,972

10. The measurements of teak poles, etc., not being known, the yield of timber in cubic foot could not be ascertained. The average yield per acre was :—

Billet fuel, cubic feet	...	...	557 per acre
Faggot do do	..	...	314 do
Twig do do	...	...	51 do
Bamboos, number	...	...	134 do

11. The revenue for the same period of ten years for the whole working circle (2,659·64 acres) was as follows :—

			Rs.	a.	p.
Timber	...	...	... 18,233	0	0
Firewood	...	...	... 33,139	0	0
Bamboos	...	...	... 2,655	0	0
Miscellaneous	...	...	... 1,021	0	0
		Total	... 55,048	0	0

This comes to Rs. 20-11-1 per acre for ten years, or Rs. 2-1-1 per acre per annum.

12. *Expenditure.*—For removing and burning rubbish, fire protection and establishment charges (both permanent and temporary) .. . .. Rs. 14,908
i. e., Rs. 5-9-8 per acre for ten years, or 9 annas per acre per annum.
The *net* profit per acre for ten years is therefore Rs. 15-1-5 or Rs. 1-8-2 per acre per annum.

13. The value of the standard trees may be estimated at 3 annas 10 pies per acre per annum, which together with the actuals mentioned above shows a net profit of Rs. 1-12-0 per annum, the period of rotation being ten years.

14. Here too, this rotation is too short for pole or fuel yielding trees, though rather too long for bamboos. If the period of rotation be raised to 20 years, which it has been considered necessary to do, the net annual profit per acre would reduce itself to half of Rs. 1-12-0, or 14 annas, which exceeds that of Sholakarai by 1 anna 10 pies. If the bamboo had been worked once in four years, the yield would have been higher without deteriorating the stock, but the species being of the large thorny kind (*Arundinaceæ*) for which there was no demand, frequent fellings on short rotations were not prescribed in the working plan.

15. The results of working the Walayar Reserve, during the first ten years, have been on the whole very satisfactory. After paying up the capital value of the forest, amounting to no less than Rs. 45,736, the Department was able to defray Rs. 55,048 *minus* 45,736, or Rs. 9,312 towards expenses, and has to clear only Rs. 14,908 *minus* 9,312, or Rs. 5,596 to square up its liabilities. This can be easily done now by felling and selling the bamboos.

16. The forest has thus become the property of Government, it is being stocked with better growth, and may yield at least 50 per cent, more net income in the second rotation. Any landlord may congratulate himself on such results.

17. A Reserve Journal is kept, in which are carefully recorded all the transactions of the year. Excellent maps and copies of the working plan are supplied to the Range Officer and Forester.

18. A fine bungalow with out-houses has been built at a cost of Rs. 3,000 for the use of Forest Officers. Quarters have also been built for the Forester and Guards.

19. The establishment of the Walayar Working Circle is nearly the same as that of Sholakarai, and consists of :—

				Rs.
1 Forester on Rs. 20+8 (allowance)	...	...	...	28
1 Guard on „ 8	...	...	...	8
2 Watchers on „ 6 each	...	..	...	12
1 Watcher on „ 5	...	...	...	5
		Total per mensem	...	63
		Total per annum	...	756
to which add, for fire protection purposes, 5 temporary watchers at Rs. 5 each for 4 months from February to May (inclusive)			...	100
The total establishment charges per annum is thus			...	856

which comes to about 5 annas 2 pies an acre. This is less than one-half of the charges of Sholakarai.

20. A printed rough sketch of the Walayar Working Circle, showing the block, compartment and coupe lines, is appended.

KOLAR,
4th August 1898.

B. RAMASAWMY IYER,
District Forest Officer, Kolar.

MEMO No. V.

Notes taken in the Range Office, Palghaut.

The Forest Range Office at Palghaut is considered to be a model of its kind in the Madras Presidency. Records and accounts are neatly kept and arranged. In all essential respects, the system of keeping accounts and correspondence is the same as in a District Forest Office, the registers and forms being identical in both cases.

2. A Forest Range Office of the Madras Presidency is far better organized than one of Mysore.

3. Revenue of Palghaut Range for 1896-97 :—

Heads.	Particulars.	Amount.	Remarks.
		Rs.	Rs.
I (a)	Timber removed from Forests by Government Agency	5,088	
	Total ...	5,088	5,088

Do do under "A." to expenditure under "B." ...			53·16
Do net income to gross income			29·91

5. I. (*a*) "*Timber*".—178 logs measuring 12,428 cubic feet (*i. e.*, each log 70 cubic feet on an average) were felled in Chinnappanayar Government Reserve, and were dragged by elephants to the Forest Depot at Dhoni, 3 miles away.

6. The dragging is given out on contract at Rs 3 per candy (12½ cubic feet) which comes to about 4 annas per cubic foot, and payment is made after the arrival of logs at the depot. Range Officer measures the logs and numbers them with Numbering-Stamps supplied by Government. The charge for felling, logging and squaring is 8 annas per candy, or about 8 pies per cubic foot.

7. The forest is divided into five blocks which are worked by rotation, each block being exploited till all the mature and dead trees are extracted. No working plan has been prescribed yet; but the quantity to be extracted annually is fixed at 12,500 cubic feet. Green trees measuring less than 6 inches in girth at breast height, are not allowed to be felled. The marking is done by the Ranger.

8. The quantity of timber collected at Dhoni and the rates at which they sold last year were :—

No.	Kind of Timber. Commercial Term.	Technical Term.	No. of logs sold.	Price per Candy.	Price per C. ft. (deduced.)	Cost of felling per C. ft.	Profit per C. ft.
				Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
1	Benteak ...	Lagerstrœmea lancelata ...	104	5 6 6	0 6 11	0 4 0	0 2 11
2	Champaca ...	Michelia champaca ...	18	4 2 6	0 5 4		0 1 4
3	Eroot ...	Xylia dolabriformis ...	19	3 8 6	0 4 6		0 0 6
4	Erambogam ...	Hopea parviflora ...	16	6 1 0	0 7 9		0 3 9

8	Aini ...	Artocarpus hirsuta ...	2	4 12 8	0 6 1		0 2 1
9	Thadasal ...	Grewia tiliæfolia ...	2	3 8 0	0 4 6		0 0 6
10	Miscellaneous ...	.....	1	4 12 6	0 6 1		0 2 1

9. Merchants who buy logs at the Dhoni Forest Depot cart them to Palghaut (10 miles by road), the charge being Rs. 1-4-0 per candy, *i. e.*, a little over 1 anna 7 pies per cubic foot.

10. Current sale-rates for timber in private depots at Palghaut are:—

Serial No.	Kinds of Timber.		Price per Candy.		Price per C. ft.		Remarks.
	Vernacular or Commercial Terms.	Technical Terms.	Minimum.	Maximum.	Minimum.	Maximum.	
			Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	
1	Teak ...	Tectona grandis ...	16 0 0	22 0 0	1 4 6	1 12 2	
2	Blackwood or rosewood.	Dalbergia latifolia ..	12 0 0	20 0 0	0 15 4	1 9 7	
3	Erool ...	Xylia dolabriformis ...	7 8 0	9 0 0	0 9 7	0 11 6	Generally used by natives for building purposes in Malabar.

9	Hulve ..	Terminalia paniculata .	6 0 0	6 8 0	0 7 7	0 8 4	
10	Hebbalasu ..	Artocarpus hirsuta ...	9 0 0	.....	0 11 6	.....	
11	Dindiga ..	Anogeissus latifolia ...	7 0 0	7 8 0	0 9 0	0 9 7	Exported frequently to Bangalore.
12	Kaliega ...	Dillenia pentagyna ...	5 0 0	5 8 0	0 6 5	0 7 0	In demand at Bangalore.
13	Tadasalu ...	Grewia tiliæfolia ...	6 0 0	7 0 0	0 7 7	0 9 6	In demand at Madras, Vellore and Ambur.
14	Hebbevu ...	Melia dubia ...	7 8 0	8 0 0	0 9 7	0 10 3	
15	Kalladambe ...	Stephegyne parviflora .	7 8 0	8 0 0	0 9 7	0 10 3	In demand at Conjeeveram for building purposes.
16	Red cedar ..	Soymida febrifuga ...	9 0 0	10 0 0	0 11 6	0 12 10	In demand at Madras, Trichinopoly & Dindigul for cheroot boxes.
17	Kadalaine .	.....	8 0 0	.....	0 10 3	.....	
18	Vengai or Honne.	Pterocarpus Marsupium.	14 2 0	.....	1 2 0	.....	In great demand at Bangalore.

11. The logs are generally large, being 15′ to 23′ in length and $2\frac{3}{4}$′ to 8′ in girth.

12. The candy is the unit of timber measurement in Coimbatore and Malabar.

1 candy = (1 kole)^3 = (28 in.)^3 = 12·70 c. ft. This is accepted to be $12\frac{1}{2}$ c. ft.

13. The length measurement is taken excluding the drag hole portion, which is 1′ to $1\frac{1}{2}$′ long at the end of each log. Only one girth-measurement is taken in the middle. The custom of local measurement is to add half an inch to the quarter girth actually found on measuring. Logs are not generally squared as in Mysore. Most of them are round, with merely the bark off and some of the big logs are sawn into two lengthwise, in the middle, to facilitate carting in the jungle. If the sawn face is sound, a much higher price is charged than in the case of unsawn logs.

14. There is very little teak or black-wood at Palghaut, but plenty of white-cedar and benteak is always procurable. There is also a considerable trade in small timber consisting of

poles, posts, rafters, or vittams, and cart materials such as felloes and spokes. They are sold at the following rates :—

		Rs.	a.	p.	
Round teak logs, with bark on, 10 to 14 ft. log, 3′ to 4′ in girth.		1	4	0	per c. ft.
Teak rafters, generally having some white wood L. 10′ × B. $4\frac{1}{2}''$ × D. $3\frac{1}{2}''$		1	12	0	each.
Janglewood vittams (jantors or rafters) L. 14′ × B. 9″ × D. 6″ roughly squared.		3	4	0	do.
One set of cart materials—all teak, consisting of 12 felloes and 24 spokes.	1st class ..	12	0	0	per set.
	2nd do ...	9	0	0	do.
	3rd do ...	7	8	0	do.

15. The value of cart materials alone sold in a year at Palghaut is estimated at Rs. 15,000 —Rs. 20,000.

16. Red cedar is split into billets L. 7′ × W. 7″ × D. 4″, and is exported in large quantities to Trichinopoly and Dindigul for making cheroot boxes.

17. The total quantity of timber sold at Palghaut in a year is estimated, on the whole, to be one lakh of cubic feet. The greater portion of this comes from private jungles called Jammies.

18. The best logs are generally selected and bought by Messrs. Brown and Hajee Ismail Sait and are railed off to the Gold Fields. The former has just purchased 7,000 cubic feet of white-cedar from a merchant by name Pichu Aiyer, at Rs. 10-8-0 a candy.

19. In the case of timber, the aim of the Government is to make a profit of at least 30 to 50 per cent over the sale proceeds, after deducting all expenses If this rate of profit cannot be secured by Amani work, as is generally the case with regard to inferior jungle wood, their felling and removal is conducted under the permit system.

20. Generally one contractor is appointed to each forest, who pays seigniorage at rates previously agreed upon, deposits security, collects logs at jungle depots, where they are numbered and measured by the Range Officer who permits removal after payment.

21. The rates prescribed for certain kinds of trees under the permit system in a recent contract were :—

	Rs.	A.	P.	
Hebbevu	1	0	0	per candy.
Kadaga	1	0	0	do
Kaltega	1	4	0	do
Red cedar (in a special case)	3	4	0	do

22. The railway charge from the Olavakode Railway Station near Palghaut to Bowringpet (distance 248 miles) is about Rs. 55, per waggon load of ten tons. This comes to, on an average, 3 annas per cubic foot. From 250 to 400 cubic feet, according to the heaviness of wood, would make a waggon load, Erambogam being the *heaviest* and Teak the *lightest* of the woods generally exported On an average, the charge for loading and unloading, railing to and delivering at the Gold Fields, is estimated at 4 annas per cubic foot.

About 50 sets of cart materials can be loaded in a waggon. These are exported chiefly to Ambur, Salem, Trichinopoly, Bellary and sometimes even to Bangalore.

23. The following registers are kept in the Range Office :—

Form No. 22. Cash Book.
32. Ledger Book.
24. Register of sanctioned works.
38. Register of receipts of documents.
39. Register of issues of do.
7. Sale of timber and other produce.
8. Revenue from timber, &c.
10. Register of free-grants.
12. Permit Register.
13. Register of Tools.

All the registers prescribed in the Code are maintained and accounts are duly submitted as therein stated.

A Forest Journal is kept for every Reserved Forest as prescribed in the Code.

A copious supply of forms with printed headings are supplied for the submission of monthly and other periodical returns.

24. Government buildings are generally provided for locating the Range Offices ; where such are not available, suitable buildings are hired at rates not exceeding Rs. 5 a month.

25. As regards the Registers of Receipt and Issues of documents and recording papers on the Disposal-number-system, Mr. W. P. Rego, Range Officer, thinks that a combined Correspondence-Register which was kept formerly and which is now replaced by separate registers, is better

suited specially for small offices like that of a Range Office. The headings of the Combined register are shown below. Mr. Rego is of opinion that though the disposal system may suit big offices, where a large number of clerks is available for arranging records, it is unsuited to subordinate offices, being complicated and difficult to follow. He also says that under the disposal-system papers cannot be easily traced. I agree with Mr. Rego. Our Correspondence-registers may, in future, be printed with headings as below.

Register of Receipts and Issues of Documents in the _____ *Forest Range,*

District, during _____ 18

26. Cash-Books, bound in leather, and having printed forms, are maintained by Foresters and other Subordinates in the same way as is done by Range Officers. Cash-sheets are submitted *monthly*.

Accounts are not allowed to be sent in manuscript forms.

27. All transactions which take place after the 20th of a month, say October, are entered in the Cash Account of the next month, *i.e.*, November, but the dates of such transactions are given as they occur. For example, payments made on the 26th and 27th October would be found in the Cash Account for November. Vouchers are sent in two instalments to the Range Officer, once on the 10th and a second time with the Cash-sheet on the 25th, when the Cash-Book is closed.

28. A Measurement-book and Forest Journal, containing pages with printed headings, and instructions as to how they have to be posted, is supplied to the Forester, in which all the work done by him, is recorded then and there. The Diary submitted by the Forester is based upon this journal, and is an abstract of it. I would suggest that similar note books may be supplied to our Foresters and Rangers with the headings slightly modified as shown below and printed on each page, both in English and Kanarese. There should be 365 or 366 pages—one for each day—with about 40 blank pages at the end.

Measurement Book and Forest Journal of ———————— Range

Description of Work.	No.	Quantity.						Total.	Remarks.
		Dimension.			Weight.				
		L.	B.	D.	Tons.	Mds.	lb.		

The books as well as the pages of each are consecutively numbered and the District Forest Office Stamp is impressed on the opening page.

29. A skeleton File-book is supplied for keeping all orders received. A Rainfall Register is also kept.

30. Foresters, Guards and Watchers are provided with Government quarters, which are situated close to the Reserves of which they are in charge. Drawing-wells containing good water have been sunk in many places. As such conveniences are provided to them, these officials execute generally much better work than those of our Province do.

KOLAR,
4th August 1898.

B. RAMASAWMY IYER,
District Forest Officer, Kolar.

MEMO No. VI.

NOTES TAKEN IN THE CONSERVATOR'S OFFICE AT TRICHUR (COCHIN NATIVE STATE).

Area of the Cochin State	1,361½ square miles.
Population	722,906
Area of the State Forests	550 square miles.
Total Revenue of the Cochin State for 1896-97 ...	Rs. 7,86,215 (demand).
	„ 6,78,857 (collection).

2. The Forest Revenue for 1896-97 was Rs. 68,805 :—

Serial No.	Particulars.	Amount.	Remarks.
		Rs.	
1	Amount realized by the sale of timber felled by the Department and removed to the Sirkar Depots	38,913	*N.B.*—Annas and pie omitted.
2	Sale of teak in the Chittur Kanam	482	
3	Seigniorage on timber removed from Forests	22,917	
4	Amount realized by the sale of cardamoms, bees-wax, honey, &c., collected and stored by the Department	1,861	
5	Receipts from the fuel contracts	1,827	
6	Hire of Sirkar elephants	768	
7	Miscellaneous	2,036	

3. Forest Expenditure for 1896-97—Rs. 37,407.

Serial No.	Particulars.	Amount.	Remarks.
		Rs.	
1	The Conservator and the Assistant Conservator and their Office Establishments	25,347	*N.B.*—Annas and pies omitted.
2	The Cardamom Establishment	403	
3	The Teak Plantation Establishment	486	
4	The Timber-Depot Establishment	772	
5	Charges on account of the felling and removal of teak and other timber to depots	673	
6	Charges for catching and training wild elephants	3,005	
7	Do the feeding, &c., of the Sirkar elephants	...	
8	Special charges	4,228	
9	Miscellaneous—		
	(a) Office furniture	171	
	(b) Travelling allowances	1,541	
	(c) Other charges	772	

	Rs.
Total Revenue	68,805
Total Expenditure	37,407
Net Profit	31,398
Percentage of net profit to gross income	45·63
Do expenditure to gross income	54·37

4. In Cochin, all forests belong absolutely to the State, and no private rights in them are possible. Therefore, no difficulty whatever is experienced in demarcating and settling the forests.

5. No attempt has yet been made to survey the forests or to prepare a plan of operations.

6. Teak, blackwood and ebony are the only reserved trees. No sandalwood is found in Cochin.

7. There are 800 acres of teak plantation near Palapalli, 12 miles from Trichur. It is from 5 to 25 years old. The expenditure per acre for the first year of planting is about Rs. 37, details for which are :—

	Rs.	n.	p.
(a) Cutting under-growth and preparation for felling ...	1	14	0
(b) Felling the high forest ...	5	0	0
(c) Firing as first felled ...	0	4	0
(d) Cutting the remaining growth ...	3	8	0
(e) Piling and burning off clear ...	10	0	0
(f) Lining and marking ...	0	6	0
(g) Pitting ...	1	10	0
(h) Filling pits ...	0	12	0
(i) Planting ...	1	4	0
(j) First weeding ...	1	4	0
Second do ...	1	4	0
Third do ...	2	8	0
Fourth do ...	2	8	0
(k) Collection of Teak seeds—2 paralis per acre—at 4 annas per parah ...	0	8	0
(l) Preparing, sowing, and watering nursery beds up to monsoon ...	3	0	0
(m) Contingencies ...	1	8	0
(n) Supplying ...	No fixed rate.		
Total ...	37	2	0

8. The total expenditure on these plantations from the commencement has amounted to Rs. 1,18,050, averaging at Rs. 147-8-0 per acre. The chief items are as follows :—

	Rs.
(a) Cost of planting and subsequent care of plants ...	20,851
(b) Establishment ...	29,309
(c) Weeding and pruning ...	49,179
(d) Up-keep of buildings ...	2,345
(e) Other minor items ...	16,366

9. The timber collected and sold by the Forest Department is consumed locally or removed to Calicut and other places in British Territory.

10. It is noteworthy that 800 tons of teak, valued at one lakh of rupees was, for the first time, imported from Rangoon and landed at Malipuram near Cochin during the last official year. This was for the use of the Travancore Government. It is said that much of the good teak in the accessible forests of this State has been already worked out, and no endeavour seems to have been made to exploit the interior and difficult portions.

11. The establishment of the Conservator's Office, which is located at Trichur, consists of—

	Rs.
1 Sheristadar ...	50
1 Shegarpu (Accountant) ...	12
1 Accountant ...	10
1 Do ...	9
1 Do ...	8
1 Do ...	10
1 Cash-keeper ...	12
1 Malayalam Writer ...	12
1 English Writer ...	12
1 Record-keeper ...	8
1 Circuit Inspector ...	12
1 Daffadar ...	8
8 Peons, each ...	6
Temporary establishment—	
1 Special Accountant ...	10
1 Sweeper ...	2

12. The executive establishment is elaborate enough, but most of the members are underpaid, their salaries ranging only from Rs. 3 to Rs. 15.

13. The pay of the Conservator of Forests is Rs. 350 a month. There is one Assistant Conservator on Rs. 150 in charge of the Teak Plantations, and only one Ranger on Rs. 30 for the forests.

14. It would appear that for some years past, the Forest Department in the Cochin State has been greatly mismanaged. The services of Mr. F. Fowlkes, of the Indian Forest Service, had been lately borrowed for six months. After inspecting the forests and going into the matter fully, he has submitted a memorandum, containing suggestions for the improvement of Forest Administration in the State.

KOLAR,
4th August 1898.

B. RAMASAWMY IYER,
District Forest Officer, Kolar

MEMO NO. VII.

NOTES TAKEN AT CALLAYI NEAR CALICUT.

Callayi is considered the largest timber mart in India. It is estimated that about five lakhs of cubic feet of timber are brought and sold here annually. This enormous quantity is obtained from the western slopes of the Western Ghats as well as from the low-lying country between the mountain range and the sea coast. The supply drawn from the Government forests is a trifle as compared with what is removed from private jungles called *jemmies*. The right of felling and removing trees in these private forests is leased out to merchants who make their own arrangements for preparing and carrying timber to Callayi. The logs are generally round, often with white wood on, and are rarely squared by adzing the sides with axes, as in Mysore. When they are too big for transport, they are sawn lengthwise as is done in the Coimbatore forests. Elephants are hired at the rate of Rs. 10 to Rs. 15 a day for dragging logs from the place of felling to the river bank. The cost of felling, dragging and collecting at floating-stations—distance not exceeding one or two miles from the felling site—is about two annas per cubic foot including the hire of elephants, cost of labour, and drag ropes which are made of the bark of Chadachi (Grewia tiliæfolia, Kan. Tadasalu Mara). The cost of felling alone is six pies per cubic foot. The Nilambur and the Callayi are the rivers down which logs are floated. They are connected by the Kannoli Canal. Their tributaries are also said to be used for floating timber. The longest distance by river from the floating station to Callayi is about 60 miles, the cost of floating down this distance being about 4 annas per cubic foot. About 100 bamboos would be required for floating one raft of three logs, for which Rs. 3 have to be paid as seigniorage and Rs. 3 for felling. About 1½ maunds of ropes valued Rs. 2 would be required for tying up the raft. The bamboos used as floats find a ready sale at Calicut, at Rs. 8 or Rs. 10 a hundred, so that the sale proceeds repay their cost as well as of the ropes. The total charge for felling and transporting timber from a forest—about 60 miles by waterway and 1 or 2 miles of elephant-path in the jungle—is on the whole estimated at 6 annas a cubic foot. In the case of forests which are nearer to Callayi, it may be less by about half or one anna per cubic foot. In any case the minimum cost will not be less than 5 annas per cubic foot. It will not pay to engage elephants for dragging large logs from great distances—say 10 or 12 miles. Therefore trees near the bank are chiefly felled.

2. In such a large timber mart as Callayi, which is attended by merchants from different parts of India, the selling rates can never be uniform. They are regulated by supply and demand. The trading season lasts from September till the end of November. The current price of timber in round logs and sawn scantlings is as follow :—

No.	Description of Timber.	Rates for round logs.							Rates per c. ft. of sawn scantlings.
		Per candy.	Per cubic foot.						
			Minimum.			Maximum.			
			Rs.	A.	P.	Rs.	A.	P.	
1	Teak	Rs.15 to Rs.30	1	2	6	2	5	0	Rs.2 to Rs.2½.
2	Benteak	Rs. 6 to Rs.11	0	5	6	0	13	6	Re.1 to Rs.1-2-0.
3	Blackwood	Rs.14 to Rs.25	1	1	3	1	14	9	Rs.2 to Rs.2½.
4	Ebony	Rs.20 to Rs.35	1	8	7	2	11	0	
5	Karimatti	Rs 10 to Rs.12	0	12	4	0	14	9	14 As. to Re.1.
6	Honne	Rs. 6 to Rs.11	0	5	6	0	13	6	
7	White Cedar	Rs. 7 to Rs.14	0	8	7	1	1	3	Re.1 to Rs.1-4-0.
8	Red Cedar	Rs. 7 to Rs.10	0	8	7	0	12	4	
9	Erambogum	Rs. 7 to Rs.14	0	8	7	1	1	3	Rs.1-2-0 to Rs.1-4-0.
10	Prool	Rs. 5 to Rs. 7	0	6	2	0	8	7	12 As. to Re.1.
11	Jackwood	Rs. 7 to Rs.10	0	8	7	0	12	4	
12	Mango	Rs. 3 to Rs. 5	0	2	9	0	6	2	
13	Hulve	Rs. 5 to Rs. 7	0	6	2	0	8	7	12 As. to 14 As.
14	Nandi	Rs. 5 to Rs. 8	0	6	3	0	8	6	12 As. to Re 1.

N.B.—1 Candy = 13 cubic feet. Large sound logs fetch high rates, while small cracked inferior ones are generally sold very cheap. The rates for scantlings may vary by an anna or two according to supply and demand.

3. Private timber-merchants do not measure and classify logs before the bargain is struck. In large dealings good and bad logs are purchased in one lot and generally at a uniform rate.

4. The Government Depot at Callayi is not supplied with logs from forests. It is stocked entirely with teak poles, obtained by thinning the Nilambur Plantations in accordance with a

working plan prepared by Mr. Lushington. They are floated down the river annually and sold by retail or wholesale, according to circumstances. Large logs are sometimes sold by inviting tenders, either in the place of felling or at Callayi. The poles and saplings are numbered and classified at Nilambur, according to their length and girth. The rates prescribed for retail sale in the Government Depot at Callayi are :—

No.	Class.	Average length.	Average cubic feet.	Diameter at butt end.	Average price per sapling
					Rs. A. P.
1	Superior large	25 feet.	6	9″	6 0 0
2	" small	30 "	4	7″	4 0 0
3	1st Class pole	27 "	1½	6″	2 8 0
4	2nd do	25 "	1	5″	1 8 0
5	3rd do	20 "	½	4′	0 12 0
6	4th do	15 "	¼	3″	0 8 0
7	5th do	12 "	⅛	2½″	0 2 0
8	6th do		Not current.		0 4 0
9	7th do		½		1 0 0
10	8th do		1½		

5. Mr. Brown purchased during last year some selected plantation logs measuring 30′-50 in length and 5′.6′ in girth, at Rs. 30 per candy, *i.e.*, about Rs. 2-5-6 per cubic foot. The very *best* plantation logs fetch as much as Rs. 2-8 per cubic foot. They are preferred to the jungle logs owing to their straight fibre, uniform girth and long lengths. There is no local demand for teak poles. These are exported to Bombay, Bhownagar, Broach, Surat and other distant places. Some Arabs come from Arabia to Calicut annually in the month of November, buy a few thousand pieces chiefly of the 2nd, 3rd and 4th classes, and take them to their country, where they use them for propelling boats in the Arabian and the Red Seas. The sale proceeds of the Callayi Depot for the past official year (1st April 1897 to 31st March 1898) was a little over Rs. 30,000.

6. For the Government Timber Depot at Callayi, the following establishment is entertained:-

One Depot-keeper on .. .. .. Rs. 50 per mensem.

Two Watchers on .. .. .. " 7 each do.

A temporary peon is also entertained for about six months in the year.

Both the permanent watchers live in the Depot compound and are given free quarters.

The Depot Office is located in a raised wooden building, resting upon huge wooden supports called Kalsarambi. It was built by Mr. Hadfield in 1891, at a cost of Rs. 550, excluding timber valued at Rs. 500, supplied free from Government forests. Similar buildings have been constructed in the Nilambur forests and plantations as rest-houses for the use of the District Forest Officer and the Range Officer.

7. The railway fare from Callayi to Bowringpet (324 miles) is about Rs. 85 per waggon-load. The quantity by *measurement* which a waggon can carry is as follows:—

No.	Description of timber.	Cubic feet per waggon-load of 10 tons.	Remarks.
1	Teak	350	The figures vary, however, according to the seasoning of the timber and the period during which they might have been left in the river prior to their transport.
2	Benteak	300	
3	Blackwood	280	
4	Karimatti	280	
5	Honne	270	
6	White Cedar	300	
7	Red Cedar	280	
8	Erambogam	250	
9	Erool	280	
10	Ainy	300	
11	Hulve	320	

8. In addition to logs in the rough, a considerable quantity of scantlings—rafters, planks, reapers, door and window frames, etc.,—is exported from Callayi. These are sawn in Mr. Brown's *Steam* Saw-Mill, which he has put up at a cost of over a lakh of rupees. He has advanced a large sum of money to contractors and merchants and has apparently a great hold on the stock of timber at Callayi, so much so that in 12 hours' notice he can, if required, supply 50,000 cubic feet, and has always on hand over 10,000 cubic feet of sawn material. He has employed a

European Assistant on a salary of Rs. 500 a month and a Parsee Assistant on Rs. 350, to collect information regarding timber-trade in different parts of India and to purchase logs in the several Government and private depots of the Madras Presidency, Coorg, as well as of the Native States of Mysore, Travancore and Cochin. Mr. Brown's Office Establishment consists of about a dozen clerks whose salaries range from Rs. 15 to Rs. 60 a month, while the labour employed for sawing, assorting, storing and transporting timber costs him about Rs. 1,500 a month. His dealings, which are generally very large, are chiefly with the Gold Fields, the East Coast Railway now under construction, the Madras P. W. D. and many European Coffee and Tea estates. The Railway-fare paid by him monthly is said to be about Rs. 3,000. This represents the charge on 100 waggon-loads a month, or on an average of about 3 waggon-loads a day. Nearly one-third of this quantity goes to Bowringpet and the remainder to the different stations on the Madras, South Indian and East Coast Railways. One-half of this quantity consists of logs and the remainder of sawn scantlings. Having the advantage of a *steam saw-mill*, Mr. Brown is able to utilize to the best advantage every side-slab and the wastage obtained in sawing. These are converted into reapers, door and window frames, with the aid of machinery. By the sale of these materials, for which the demand is increasing, Mr. Brown makes a considerable profit. He has also succeeded in introducing into the London market some of the Indian woods, chiefly rosewood or blackwood, for which the demand is said to be so great that he is unable to meet it. The call is chiefly for large and sound logs which fetch fancy prices, up to Rs. 8 per cubic foot in London; but small inferior logs cannot be sold at all. For really good logs, Mr. Brown pays from Rs. 2 to Rs. 2-8-0 per cubic foot. His Assistant Mr. Manackjee kindly drove me to the Beach, where he had about 50 first class blackwood logs ready for shipment. They measured from 30 to 40 feet in length and 6--9 feet in girth and were generally sound. Some of them had been nicely squared with the saw while the others were perfect cylinders. No trace of white wood was left on any of these logs. Such timber is becoming rare even in the Malabar Forests, at least in the accessible portions.

9. Mr. Brown purchased lately 133 candies (1,730 cubic feet) of teak for Rs. 2,002 from the Cochin Government at Rs. 15 per candy, delivered at the Shoranur Station in January and May 1898. He also purchased some teak logs from the Coorg Forest Department at Rs. 2 per cubic foot, delivered at the Paschimavahini Railway Station near Seringapatam. These were evidently removed to the Kolar Gold Fields.

10 Mr. Hajee Ismail Sait of Bangalore is another merchant who has large timber dealings at Callayi. He owns no saw-mill, but has employed, however, about 20 sets of sawers permanently. He pays about Rs. 1,500 a month towards Railway-fare on the timber despatched from the Callayi Station, of which about one-half is on account of logs and sawn scantlings booked to the Gold Fields, while the other half is supplied to other places. The quantity which leaves Hajee Ismail Sait's Depot is estimated at 15 waggon-loads, or 4,500 cubic feet a month, or roughly about 50,000 cubic feet a year. The wastage in sawing is not turned by him into any useful accountt. It is often sold as fuel at Rs. 4 or Rs. 5 a ton. For this reason his profit does not appear to be so high as that of Mr. Brown's.

B. RAMASAWMY IYER,

District Forest Officer, Kolar.

KOLAR,
4th August 1898.

MEMO No. VIII.

NOTES ON THE SUPPLY OF TIMBER TO THE GOLD MINES, KOLAR DISTRICT.

The total quantity of timber in logs and scantlings imported to the Gold Mines of the Bowringpet Taluk, during the official year which has just closed, is estimated roughly at 1,800 waggon-loads (measuring about 5½ lakhs of cubic feet), of which Mr. Brown, a Timber merchant of Calicut, supplied about 1,200 waggon-loads (3½ lakhs of cubic feet) from his timber yard and steam saw-mill near the Railway Station at Callayi, and Hajee Ismail Sait of Bangalore despatched 180 waggon loads (50,000 cubic feet) from his depôt in the same place.

2. A. Fakruddin of Ripon Works, Bangalore, and Munisawmy Reddy of Bowringpet are the other merchants who occasionally supply logs from Bangalore and Coimbatore.

3. The sources from which this supply was drawn and the rates at which they were purchased are given in Memo. No. VII on the Timber-trade at Callayi.

4. It is also learnt, that Mr. Brown supplied 7,000 cubic feet of white cedar from Palghaut, 2,000 cubic feet of teak from Coorg, and 1,730 cubic feet of teak from the Cochin forests.

5. Of the total quantity delivered at the Gold Fields by these merchants, about one-half consisted of logs and the remainder of sawn scantlings.

6. The kinds of timber generally consumed in the Gold Fields, their qualities, and the uses to which they are applied, may be thus summarized :—

I. The *Malabar and Mysore Teak* are preferred to Burma teak on account of the oil they contain, which is absent in the latter. Malabar logs are bigger, straighter and sounder as compared with those of Mysore. They can be had in lengths of 30'—40 and 6'—8' in girth ; they are generally however only 17'—30' long and 4'—6' in girth. Teak is used chiefly for building and furniture but very rarely for underground work. It is estimated that of the total quantity of timber consumed in a year in the Gold Mines, teak forms only 10 per cent.

II. *Honne* is preferred next to teak for building purposes and is used when available. The supply is small and rarely drawn from Calicut. A few waggon-loads are occasionally supplied from the Government woodyard at Mysore and Gunja Narasimahaiya's private depôts at Mysore and Bangalore, which are fed from one or two private jungles in the Wynaad.

III. *Karimatti.*—Suitable for building as well as for underground work. Furniture too is made of it, since it takes good polish and resembles rosewood in colour. A small consignment of 97 Karimatti props, 6'—12' long and 30" in girth, was supplied to the Mysore Reefs from the Chitteri Hills of the Salem District by the Madras Forest Department in March last, at the requisition of the Superintendent of the Mine, but the order has not been renewed.

IV. *Pillamaradu or Hulve.*—Supplied in logs as well as in scantlings ; about 30 logs a month are used in the Nundidroog Mine alone for building and other purposes ; rarely employed for underground work.

V. *Red Cedar* is in great demand for building and furniture, is being tried underground, and is supplied generally in scantlings.

VI. *White Cedar.*—One of the most durable and all-round superior timber ; suited for several purposes, whether underground or above. Large, sound, excellent logs, 30' long and 6'—10' in girth, are imported from Palghaut and Calicut. It is said to be practically proof against decay and white-ants.

VII. *Erambogum* (Kan. *Kirabhogi*) is one of the timbers most suitable for the Gold Mines whether for indoor or outdoor work, above or below ground, being unaffected by sun, moisture or insects, on account of the oil it contains ; delivered in logs 20'—40' long and up to 8' in girth as well as in scantlings.

VIII. *Erool* (Kan. *Jambe*),—A very hard, tough, strong and durable wood, unaffected by white-ants and lasting above or below ground, suitable for tramway sleepers, and for props inside the shafts ; delivered chiefly in scantlings and rarely in logs.

IX. *Benteak* (Kan. *Nandi*).—An all-round, straight, even-grained, sound and easily workable timber. Is in great demand for building and furniture.

X. *Ainy* (Kan. *Heb-halasu*).—*Wild Jack* ; light, tough, elastic, stringy, (fibres interlaced) and capable of bearing a heavy strain. Is becoming popular for underground work and general use. Long straight logs up to 30 feet in length and 6 feet in girth are often supplied.

7. Of the above kinds :—

(*a*) Erambogum (*Hopea parviflora*),

(*b*) Erool (*Xylia dolabriformis*),

(*c*) White cedar (*Cedrela Toona*), and

(*d*) Benteak or Nandi (*Lagerstræmia lancelata*)

form the greater portion of timber usually employed in the mines. Erool and Erambogum are heavy, very hard, resist heat and moisture and stand *best under* ground. About 75 per cent. of the timber used in the shafts consists of these two kinds of wood. Heb-halasu, Karimatti, and Dindiga are being introduced for mine props.

8. The rates at which these timbers are generally delivered in logs and scantlings in the Gold Fields by Mr. Brown and Hajee Ismail Sait are noted below :—

Kinds.		Logs per cubic foot.		Scantlings (including planks) per cubic foot	
Commercial or Vernacular names.	Botanical names.	Minimum.	Maximum.	Minimum.	Maximum.
		Rs. a.	Rs. a.	Rs. a.	Rs. a.
Malabar Teak ..	Tectona grandis ...	2 0 2 8	5 0 Of exceptionally good quality	2 8	4 0
Honne ..	Pterocarpus Marsupium ...	2 0	2 4	2 8	3 0
Karimatti ..	Terminalia tomentosa ...	1 6	1 8	1 8	2 4
Pillamaradu or Hulve ...	Terminalia paniculata ...	1 5	1 6	1 14	2 0

Benteak or Nandi ..	Lagerstrœmea lancelata ...	1 4	1 8	1 8	2 8
Hebbalasu ...	Artocarpus hirsuta ...	1 4	1 6	... ...	... ...

9. The logs supplied both by Mr. Brown and Hajee Ismail Sait are generally the best of their kind, available in the private and Government Depôts of the Madras Presidency as well as of the several Native States in Southern India. On the whole they are of a much better description than those available generally in our Government woodyards at Mysore, Nanjangud and Lakvalli The Malabar logs are prepared in as great lengths as possible, and are not cut up into pieces unless it is absolutely impossible to bring them out of the forests, nor are they squared by adzing the sides with the axe. The majority of the logs are round, but when the girth is too large to allow of transport, the sides are sawn off neatly or the log is divided into two, by sawing lengthwise in the middle. Before the logs are sent out from the Callayi station, the ends of the logs including the drag-hole portion are neatly sawn off, and the cut faces are marked with tar or notches to indicate how they can be sawn in the mines without causing much wastage of wood.

10. The Superintendent of one of the Mines, not being quite satisfied with the quality of the logs which he purchased from certain local merchants, imported two years ago about 50,000 cubic feet of pinewood from Norway, which cost him on an average Rs. 1-3-5 per cubic foot including all expenses. The logs were 7'—12' square in section and 15'—30' long, and on the whole were *cheaper* than the local woods ; but they did not suit the purpose for which they were intended. The pinewood is readily attacked and destroyed by white ants and soon rots underground.

11. The Mining Superintendents are inclined to go in largely for our local junglewood poles, measuring 10'—12" diameter and 14'—21' long, provided they are hard and durable and can resist moisture as well as heat inside the shafts. There being no white-ants in the interior of the mines, it is possible that some woods which may not be suitable for building and other purposes above ground may last well in the shafts. Dindiga (*Anogeissus latifolia*), Karimatti (*Terminalia tomentosa*) and Casuarina props have been tried with good results Mr. Richards, Superintendent of the Champion Reefs, and Mr. Bosworth Smith of the Tank Block, with whom I had the pleasure of conferring on the subject, informed me that any quantity of junglewood posts having the qualities above mentioned can be readily sold at rates varying from 12 as. to Re. 1 per cubic foot, but as their contracts with Mr. Brown, Hajee Ismail Sait and others have not run out, they are not prepared to indent upon the Mysore Forest Department for a supply just now. They have promised to think over the matter if we send them samples of woods which we are prepared to supply, together with a description of their qualities and sizes and a list of rates at which we can deliver them in their mines. They say that they insist upon their orders being *promptly* executed, and from what I have heard on the matter, I am led to think that unless we keep a large stock in hand, it will be difficult for us to comply with their requisitions. The arrangements I would propose are set forth in the covering letter.

KOLAR,
4th August 1898.

B. RAMASAWMY IYER,
District Forest Officer, Kolar.

MEMO No. IX.

Notes on the Collection and Disposal of Timber in the important Forests of the Mysore Province.

The forests which have been famous for big timber in our Province from time immemorial are :—

District.	Taluk.	No.	Name of Forests.	Area in square miles.	Remarks.
Mysore ...	Heggaddevankote	1	Kakankote	38	The areas of some of these forests appear to be incorrect and have to be rectified after they are surveyed.
		2	Begur	42	
		3	Inur Marigudi	38	
		4	Metikuppa	39	
Kadur ...	Tarikere	5	Lakvalli	47	
	Chikmagalur	6	Muthodi	17	
	Kopna	7	Tegurgadda...	9	
Shimoga ...	Shimoga	8	Chorniyedahalli	10	
		9	Sakrelail	23	
		10	Umblebail, Hunisekatte & Aldhara	60	
	Kumsi	11	Sankaragudda	37	
			Total ...	360	

The other forests of the Province which have been already notified as "State Forests," or which may be conserved hereafter, are either inaccessible or yield only small timber such as rafters, poles, &c., while those situated in the *Maidan* Districts, are mainly fuel and fodder reserves. Some of the *Ghaut* Forests of the Shimoga and Hassan Districts are rich in big timber of different kinds and may become mines of wealth, if the Railway should tap them in course of time, but, at present they can yield little or no revenue, owing to their inaccessibility and distance from markets. For all intents and purposes, we may consider that the bulk of the timber-supply has been drawn from the few forests mentioned in the above list, whose area in the aggregate does not exceed 360 square miles (·135 of the total area of the Province). Their easy accessibility, the facility for transport by river as well as by road and the density of their valuable timber growth, are the causes of heavy fellings to which they have been so long subjected.

2. With the assumption of this Province by the British Government on the fall of Seringapatam in 1799, began the construction of the many roads and public buildings, for which it has since been justly famous. The continued prosperity which has attended the Province during the present century, coupled with the spread of English education and civilization, has enabled natives of the higher and middle classes to build houses of a description, in which their forefathers never dwelt. While improved means of communication facilitated the transport of timber from forests, the importation of Europe tools, such as the saw, the chisel and the plane, helped its easy conversion into building materials and furniture, thereby increasing its consumption.

The period of 15 years which followed the Rendition of the Province to Native Rule in 1881, is full of great events, of which the following are noteworthy :—

(1) The construction of the Mysore State Railway, and the Southern Mahratta Railway from Mysore to Harihar, from Mysore to Nanjangud and from Bangalore to Hindupur ;

(2) The Western extension of the town of Mysore ;

(3) The Western and Eastern extensions of the Bangalore City ;

(4) The construction of the Public Offices, the Jubilee Institute, the Maharaja's College, the Maharani's Girls' School, the Rangacharlu Memorial Hall, the Landsdowne Bazaar, the residences of the Dewan and other High Officers of the State, the extension of the Palace and several other buildings, in the towns of Mysore and Bangalore—both public and private—too numerous to mention ;

(5) The construction of Travellers' Bungalows, Musafirkhanas, Inspection Lodges Chattrams, Temples, &c., all over the Province.

The amount of timber extracted for the above purposes was enormous. About six lakhs of metre-gauge sleepers supplied to the railway, consumed no less than 15 lakhs of cubic feet of round teak. The quantity of square-timber sold in the Mysore Wood-yard and Lakvalli Depôt, from 1881 till the end of last year, has on the whole exceeded 12 lakhs of cubic feet, of which about 8 lakhs is estimated to be teak and honne, the remainder being of other reserved and unreserved kinds.

The sleeper-timber was drawn chiefly from the forests of Kakankote, Begur, Inur-Marigudi, Mettikuppa and Lakvalli, while squared logs were obtained from these forests, as well as from a few others adjoining them. The over-felling of teak and a few other reserved species, and the absence of any rational treatment of the forests, have tended to deteriorate the value of the stock, by allowing junglewood and bamboos to predominate.

3. The bulk of the timber felled in the forests of the Heggaddevankote Taluk is removed on carts to Mysore, while a small quantity is floated down the Kabini river up to Hulhalli, whence it is carted to Nanjangud. It is sold chiefly to the merchants of Mysore and Bangalore, and to the contractors of the different Government Departments, such as the Public Works, the Palace and the Jail. It is understood that about one-half of this quantity is used locally, while the other half is exported to Bangalore by dealers. The timber of the Lakvalli forest is collected at the Lakvalli Depôt where it is sold both in auction and retail, while that of the Thegurgudda forest is collected at Hebbe and put to auction annually. All this timber is generally exported beyond the District. A portion is carted to Birur and thence railed off to Bangalore, while the rest is floated down the Bhadra tributary and the Tungabhadra river, to Dharwar and Bellary Districts. The produce of the Shimoga and Kumsi Taluks of the Shimoga District is purchased by merchants, who float the same to the British Territory down the Tunga tributary and the Tungabhadra river. The town of Chitaldrug receives a small supply from the Channagiri Taluk of the Shimoga District, while Hassan imports some teak and honne logs from the Chikmagalur Depot which is fed from the Muthodi State Forest.

4. On taking a bird's-eye view of the Province, it may be observed that out of the 67 Taluks into which it is divided, there are not more than a dozen, noted in the margin, containing any valuable timber. Of these, only small portions of the Heggaddevankote, Tarikere, Shimoga, Sorab, Channagiri and Chikmagalur Taluks possess a compact dense growth.

I. Mysore District.
1 Hunsur.
2 Heggaddevankote.
3 Gundlupet
4 Chamarajnagar.

II. Bangalore District.
5 Kankanhalli.

III. Kadur District.
6 Chikmagalur.
7 Tarikere.
8 Koppa.

IV. Shimoga District.
9 Shimoga.
10 Channagiri.
11 Shikarpur.
12 Sorab.

Now, it may be questioned, whence do the *non-forest* Taluks import timber for building and other purposes? The matter deserves full enquiry. A fraction of the quantity consumed in this wide area, comprising the central and eastern parts of the Province, is obtained locally from private gardens, topes and Government scrub jungles, while some is occasionally brought from the remote *forest* Taluks above mentioned. The towns and villages on or near the Railway lines are often supplied from the British Territory, chiefly from the Wynaad, Nilgiris and Malabar Forests.

5. The other points for enquiry are—to what extent are our big timber forests now exploited, and is it not possible for them to feed the markets in the maidan parts of the Province which are now dependent upon the Madras forests? The Mysore Forest Department appears to have confined its attention hitherto, to meet the demands of well-to-do house-builders, residing in large towns and of Public Departments including the Railway, whose indents have been chiefly for teak, honne and other valuable woods. We have felled and sold them in enormous quantities, often for trifling prices if not at a loss to the Forest Department. The result is that the Government as well as the towns people have become accustomed to use these and no other kinds of wood, however suitable the latter might be for building and other purposes. A low value has been set upon some of the most valuable kinds of timber, merely by our placing them in the category of *Unreserved* or *Jungle-Woods*. It is high time to investigate their qualities and see whether some of them cannot be justly raised to the *Reserved* class. As examples, I may cite Hulve, (Terminalia paniculata), Jambe (Xylia dolabriformis), Nerle (Eugenia Jambolana), and Bilwara (Albizzia odoratissima). The people of the Kolar and Tumkur Districts are not addicted to the sole use of valuable reserved timber, and they will be glad to purchase any kind of material provided it is durable, serves the purposes to which it has to be applied and is also priced cheap.

The rush for timber which was very heavy till lately at Mysore, has somewhat subsided owing to the completion of houses in the Western Extension, as well as of the different public offices and institutions already mentioned. We must, therefore, seek market elsewhere for our annual fellings in the forests of the Mysore District, which under the arrangements I propose, would consist mainly of junglewood. The stock of house and other reserved species has already become scanty in these forests, and if we should depend upon the capital towns for our revenue in future, we shall have to extract even the *advance growth* of these valuable kinds, thereby augmenting the increase of inferior species. In order to increase the capital value of timber-forests, we must endeavour at any reasonable cost, to get rid of the jungle woods, conserving and aiding at the same time, the growth and regeneration of the superior kinds; but, for reasons stated above, junglewood does not find favour with the house-builders of large towns and it would be a great loss to the State to spend much money upon *improvement fellings* and to allow the yield from *cleanings* and *thinnings* to rot or to be destroyed by jungle-fires in the forests. A plan shall, therefore, have to be devised to remove the produce to distant markets, which at present exist only in the distant Maidan Taluks of the Province.

The demand for junglewood poles suitable for mining purposes, is increasing in the Gold Mines. Among others Dindiga, Jambe, Matti and Halve, are becoming popular for this purpose. Any quantity of reserved and unreserved logs, provided they are straight, sound, seasoned, and moderately priced, can be readily sold there. But, if the sale has to be brisk and steady, we should keep a large stock to select from, as near as possible to the mines, so that timber may be *delivered without any loss of time on receipt of indent. In introducing our woods into the Gold* Fields, it would be convenient and in the long run profitable, to go through contractors like Messrs. Brown and Haji Ismail Sait, instead of dealing direct with the Superintendents. The former is quite willing to buy any amount of timber, provided it is suitable for the mine work and so priced as to give him a small profit and is also delivered at convenient stations.

The question of the supply of fuel to the capital as well as to the other large towns on the Railway lines, has not yet attracted the attention which it deserves. Firewood is becoming dearer and dearer and the sources of supply are getting exhausted. If zealous and persistent endeavour be made to float firewood down the Kabini and Bhadra rivers, it would be feasible to supply the same to some of the towns above referred to. I learn that a large quantity of firewood is brought to Calicut on the Callayi river, from forests 30 or 40 miles away and is sold at Rs. 6 or Rs. 7 a ton. It would certainly be desirable to make a similar attempt in our Province too. If this should succeed we shall be able to give some rest to our fuel reserves in the Maidan Districts.

The tops and lops of trees which cannot yield timber or firewood suitable for floating, may be converted into charcoal and carted to towns, where it would find ready sale. The big bamboos (Kan-*Hebbidaru*) for which the demand is limited, may also be similarly utilized.

6. The points which next require our consideration are—what forests can be worked for the above purposes with advantage, how can the produce be transported and where should it be exposed for sale? As stated in the early part of this Memo, Kakankote, Begur, Inur Marigudi and Metikuppa Forests of the Mysore District, Lakvalli, Tegurgudda and Muthodi Forests of the Kadur District, and the Umble bail Forest of the Shimoga Taluk, are most valuable and deserve special treatment. They have been mines of wealth to the Mysore State for over a century, and will ever remain so, provided they are not allowed to deteriorate any further, by reckless and immethodical fellings of the kind, to which they have been most unfortunately subjected hitherto.

It is chiefly these forests which have been supplying valuable timber for the construction of the Railway and hundreds of Government buildings and thousands of private houses in and outside the Province. No less than 75 per cent of the timber revenue of the Province, is contributed by these dense, compact jungles. And yet how have we been treating them? Our aim has been all along to draw out as much timber as possible, especially of the valuable kinds, without considering the capability of the forests and without endeavouring, systematically, to protect and improve them.

7. The good and economical management of a forest depends greatly upon a skillful selection of its boundaries as well as a well-planned system of export roads, inspection paths, and rest-houses. The resources of forests cannot be ascertained in the absence of reliable Stock-maps and their yield cannot be regulated unless they are divided into blocks, compartments and coupes, and are provided with some sort of practical Working-schemes. The present deplorable condition of our timber forests is due to the exploitation of produce through contractors, without locating the fellings. One uniform rate is allowed for collecting and carting logs from *all portions of the same forest* irrespective of the season and the distance of the felling site to the sale Depot. One important clause invariably inserted in the agreement executed by contractors, is that they have to make their own cart-tracks, that the Forest Department contributes nothing for making roads or bridges and that no pretext for the non-supply of the stipulated quantity, on account of any obstructions in carting, will be heard. No regulation can be more detrimental to

forest treatment than this; but, it is unfortunate that it has been systematically enforced for years and that the consequences do not seem to have been sufficiently noticed as yet. Such portions of forests as are situated close to the road sides and sale-depots, have been heavily and frequently hacked, while the densely stocked, interior but difficult parts have yet to be tapped. No yield-register appears to have been maintained by forest subordinates entrusted with the fellings. It is believed that even now some contractors select and fell trees wherever they like, billet them to suit their own convenience, cart what they choose and leave behind what they cannot or do not care to remove. The large stock of old logs and branch pieces which are being collected in some of these jungles under the orders of the present Conservator of Forests and the partially burnt logs which were exposed for sale in the Mysore and Nanjangud Depots during last year, go to substantiate this statement. Other proofs can be adduced if necessary. I earnestly beg to suggest that some endeavour may be made to minimize these evils as far as practicable, by introducing a rational system of treatment into these forests.

Cutting should be made more extensively than hitherto in the remote and interior portions which are stocked with dense growth, while the exterior jungles which have been heavily worked, and which therefore require rest and protection, should be rigidly closed against felling for at least 10 years. The so-called District Forests which adjoin these valuable timber reserves, and which have also been subjected to reckless hacking and pollarding, excessive grazing, and annual fires should be placed under conservancy, provision being made for the requirements of agriculturists in the State Forests themselves, or elsewhere, according to local circumstances. These forests should be carefully surveyed and mapped by a competent Forest-Survey-Party so as to show such details as are required for the preparation of Working-plans which have to be taken in hand ere long. They should be divided into blocks, compartments and sub-compartments by artificial lines, which may also serve as export roads as far as possible.

Before we can apportion, even approximately, the areas for annual fellings, we must determine the stock of mature timber of different kinds, growing on a unit of area. For this purpose, I recommend that experimental cuttings be made on one square mile, in the remotest and unexploited portions of each of the forests under reference, the locality being selected and the trees marked by a trained officer. The yield should be carefully measured and recorded in a register provided with printed headings which may be supplied for the purpose. If the fellings are located and carried on regularly, coupe by coupe, from one end of the forest to the other, it may be possible, in course of time, to put up a tramway for carrying the produce to the floating stations on river banks, and even to introduce other appliances for the felling, conversion and transport of produce. Reproductive and improvement operations may also be undertaken systematically in the felled areas, with a view to increase the advance growth.

I think that if an endeavour is made in right earnest, it would not be impossible to survey and map these timber forests, to divide them into blocks, compartments and coupes, and to collect data for the preparation of simple Preliminary Working-plans, within the next three years, provided proper establishments and funds are sanctioned, and competent men are selected for carrying on the different operations. In the meanwhile experimental fellings may be made on sample areas in order to find the yield per acre and to collect data regarding the rates of growth of different kinds of trees and other particulars. Such sample areas may be selected at once in each of these forests, and the fellings of the current official year may be restricted to them.

On judging the results of the experimental fellings during the next one or two years, and after the Preliminary Working-schemes are drawn up and approved by the Conservator, it would be desirable to define both on the ground and map the areas assigned for annual fellings during the next one rotation period, and to insist upon the exploitations being restricted to such areas and conducted on such systems as may be laid down by him. *Dead* trees of all kinds, *mature reserved* trees over six feet in girth and *unreserved* ones above four feet in girth should be felled, after they are previously marked by the Range Officer. Felling should be made as close to the ground level as possible. Logs should not be cut up into small pieces, merely to suit the convenience of the cartmen. With a view to prevent this, rates for felling and carting should be regulated according to the *lengths* of the logs carted from the forests. The practice of *squaring* logs by chipping off the sides with the axe, which obtains at present, may be discontinued with advantage. The saw should be used instead of the axe, as far as possible. The reproduction of superior species should be attempted in the felled areas, by sowing and planting, on a properly organised plan.

To restrict the annual fellings to small areas, and to protect and regenerate the exploited ones seem to me to be the initial steps for the proper management of a forest. This has been tried on a small scale (about 500 acres) in the Narasimha Devara Betta *fuel* Forest of the Kolar District, under the orders of the present Conservator of Forests and the results are highly satisfactory. If the same operations are conducted in our *timber* forests also, great advantage will accrue.

8. In the case of the Heggaddevankote Forests, the timber and bamboos carted to the river banks should be floated down the Kabini river to Nanjangud, while those of Lakvalli,

Thegurgudda, Muthodi and Umblebail have to be taken down the Bhadra to Benkipur, to which the railway is expected to run shortly. Water communication is by no means easy in these rivers. The *timber-weir* which was constructed at a cost of about Rs. 10,000 near the Rampur anicut on the Kabini river, about 9 years ago, is unfortunately too narrow for timber traffic and therefore requires widening. There are some obstacles near Hampapur and Sargur which, I think, have yet to be removed. A large rock by name Jekheri-gudda in the bed of the Bhadra river, was blasted by the Public Works Department a few years ago at considerable expense, but to facilitate rafting, some more blasting is very necessary.

The timber and bamboos collected at Nanjangud and Benkipur should be sent by rail to Bangalore, where, I propose, a *Central-woodyard* may be opened temporarily for a period of five years. The quantity to be supplied annually may be fixed, for the present, at about two lakhs of cubic feet, the quota to be contributed by the different Districts being fixed tentatively as follows:—

District	Reserved.	Unreserved.	Total.
Mysore	25,000	75,000	100,000
Kadur	20,000	60,000	80,000
Shimoga	5,000	15,000	20,000
Total ...	50,000	150,000	200,000

No proper valuation survey has been yet made for the forests. But if, as suggested above, suitable sample plots are selected and felled during the current year, we shall be in a position to determine at least roughly what areas have to be operated upon to feed the proposed Central-woodyard.

9. No estimate has been made of the quantity of timber required even for ordinary purposes in the several Districts of the State, not to speak of demands for special purposes, such as, railway sleepers and mining-props, but, this much is certain, that even if we could conserve and improve all the forest resources yet available, we shall never produce more material than can be utilized, provided we know where to take it and how to sell it.

10. The current charge for railing timber from Nanjangud to Bangalore, is about 3 annas per cubic foot, while from Benkipur to the same station, it would be about 4 annas. But if we desire to book large consignments at a time, the railway company might be willing to run "Timber-Specials" for us at favourable rates, in which case the freight will be reduced by at least $\frac{1}{4}$th or $\frac{1}{3}$rd. The cost of felling, carting to floating stations, rafting and railing to Bangalore under the existing circumstances, may amount in all to 9 annas per cubic foot, as particularized below:—

Description of Work.	Rate per cubic feet.					
	Mysore Forests.			Kadur and Shimoga Forests.		
	Rs.	a.	p.	Rs.	a.	p.
Felling	0	0	6	0	0	6
Carting (5—12 miles)	0	3	0	0	3	0
Rafting to the river bank	0	1	6	0	1	0
Railing to Bangalore	0	3	0	0	4	0
Establishment and other charges	0	0	6	0	0	6
Total ...	0	8	6	0	9	0

11. Current prices in the timber markets at Bangalore are:—

No.	Description of Timber.	Rate per cubic feet. Minimum.	Maximum.
		Rs. a. p.	Rs. a. p.
1	Teak	1 8 0	2 4 0
2	Honne	1 4 0	1 10 0
3	Bite	1 4 0	1 8 0
4	Matti	1 0 0	1 6 0
5	Nandi	1 2 0	1 8 0
6	Junglewood	0 12 0	1 2 0

In the Madras Presidency, the Forest Department expects to realize a net profit of 30—50 per cent on the sale proceeds of junglewood, after deducting all expenses. In the scheme I am proposing, it may be possible to secure at least so much profit, if not more.

12. The appended statement (No. I) shows the quantity of different kinds of timber sold in the Mysore wood-yard as well as in the other chief Timber Depots of the Province during the past two official years; statement No. II furnishes the details of sale proceeds realized, cost of collection and net profit to Government, while statement No. III represents the average rates secured per cubic foot in retail and auction sales, the average expenditure incurred and the average net profit to Government.

The timber sold at Lakvalli is generally removed to Gadag, Dharwar and other places, while that of the Mysore wood-yard is consumed locally or taken to Bangalore.

It is learnt that merchants secure profits ranging from two annas to four annas per cubic foot, on the logs purchased by them in our Timber-Depots.

13. The system of timber-classification now adopted in the Mysore and Lakvalli Depots were tentatively prescribed by me, when I was in charge of those Districts. Though Mr. Abdul Karim, Deputy Conservator of Forests, said sometime ago that the classification rules were working satisfactorily, still, after seeing the timber marts at Callayi and Palghaut, I am inclined to recommend the abolition of timber-classification altogether. It would be advisible to prescribe annually one retail rate for each kind of timber and to allow people to buy what logs they might choose, during a period of six months from the date of their arrival in the Depots. The refuse logs may be sold in auction by inviting tenders, or at reduced rates, at the discretion of the officer controlling the Wood-yards.

The retail rates should be revised and notified at the beginning of each official year.

14. Arrangements may also be made to sell some timber in waggon-loads, during its transit from Nanjangud and Benkipur to Bangalore, if applications be received therefor. The fact of their being on sale during transit should be previously published in the Gazette, and Circulars should be affixed to notice boards in the Railway Stations, Taluk Cutcherries and other public places with a view to invite applicants.

Temporary depots may also be opened for a couple of months in each of the more important Railway Stations. If our "Timber Specials" be moving to and fro, there will be no difficulty in removing the unsold logs from one station to another.

A large quantity of timber disposed of annually, by retail as well as auction, in the several depots of the Shimoga and Kadur Districts, is exported on the Tungabhadra river to Dharwar and Bellary Districts where the demand is said to be considerable. It would be inadvisable to lose these markets. The produce collected at Ainoor, Shimoga, Mandagadde and Channagiri may be floated down to Harihar, where a Depot stocked annually with about 50,000 cubic feet may be opened, in order to meet the demands from Dharwar, Bellary and Chitaldrug Districts. A small depot containing 30,000 cubic feet may also be established at Goribidnur, on the Bangalore-Guntakal Railway. This might attract purchasers from the large towns and villages, situated within a distance of 20—30 miles on either side of the railway line, in the Tumkur and Kolar Districts, and also from Dharmavaram, Khadri, Hindupur and other places, in the Bellary and Anantapur Districts.

The permanent Timber Depots which are now maintained at Channapatna and Tumkur may be abolished, as the quantity sold in them is generally small and the forests which have been worked for their supply require some rest. The Depot at Malur may also be dispensed with. The woodyard at Mysore should be kept up to meet the local demand, but the supply of big logs may be considerably curtailed. It may be stocked with a large quantity of *small* timber, such as, rafters, poles, posts and also bamboos, firewood and charcoal, for which there is great demand. The depots at Antarsante and Sargur may also be closed, inasmuch as the purchasers are chiefly petty dealers of Mysore and Bangalore, who do not offer good prices in these outstations.

15. The pernicious system of issuing licenses to agriculturists at nominal rates, under the much-abused Ryots' Privileges Rules, in the District Forest of Kadur and Shimoga, and of selling timber in reserves under licenses in the Maidan Districts of Kolar, Bangalore and Tumkur should be abolished. The policy hitherto pursued would, at first sight, appear to be based upon laudable generosity and liberality, but these have been unfortunately purchased at the expense of the future wealth of the State. The more the Government has been liberal, the more has the grant been abused and the louder has been the cry for more. These *malnad* forests have to be protected and improved not for meeting the local requirements, but to provide for export big timber and other forest produce which are not generally available in other parts of the country. In our annual fellings in State Forests, there is always some small timber of both the reserved and unreserved kinds which, it would not be profitable to export, though the same may be serviceable, locally, for building purposes and agricultural implements. Timber of this description may be issued to ryots at cheap rates and in exceptional cases even free of charge. The District Forests, which on account of their proximity to towns and villages, and accessibility to carts, are already verging on denudation, should be closed rigidly against further hackings and wherever possible, be added on to State Forests, such concessions as local circumstances might require being made after due enquiry, to provide pasture for the cattle of adjoining villages.

16. The marginally noted Inam jungles near Shimoga are said to have been a fertile source of surreptitious felling in the adjoining Government forests. It would be highly advantageous to Government to purchase or obtain them on a long lease, as the Madras Forest Department has done in the case of several private forests in Malabar, Coimbatore and Wynaad. The owners of the above Inam jungles are said to be in poor circumstances and so they may be willing to come to terms with the Government.

1. Kudugalmane.
2. Heggadatti.

17. The management of the proposed Central Woodyard at Bangalore, the Depots at Harihar and Goribidnur and the temporary Sale-Depots on the railway line, should be placed in charge of a trained and experienced Forest Officer having some knowledge of timber trade in and outside Mysore. He should supervise the felling and conversion of trees in sample areas and also the transit of produce from the forests up to Bangalore and Goribidnur. The Depot at Harihar may also remain in charge of the same officer, but arrangement for the supply should be made, by the District Forest Officer, Shimoga. It should form a part of the Special Officer's duty to study the question of the demand and supply of timber in the chief towns and villages of the Districts of Bangalore, Kolar, Chitaldrug, Hassan and Tumkur, and also in the Bellary, Anantapur and Dharwar Districts of the Madras and Bombay Presidencies, which are depending for their supply on Mysore forests. He should collect samples of different timbers, investigate and publish their properties and uses both in English and Vernacular, prepare and exhibit building materials and furniture of sorts, especially of the junglewood kinds and should take such other measures as may be necessary for utilizing local timber to the best advantage of the Government as well as of the public. The officer in charge of the timber operations should be placed directly under the orders of the Conservator of Forests. He may also be entrusted with such other special duties as he can perform.

18. I am aware of the great advantages which would accrue to the Department by the employment of substantial and experienced contractors and middle-men for buying our forest produce, and if possible, for carrying on the whole transaction from the beginning to the end. But I am led to believe that competent men are not available at present to work our forests and to buy only such produce as we might be disposed to offer. The people of the Maidan Districts being generally ignorant of the value and uses of the junglewoods, contractors may be unable to find a ready sale for these materials and may therefore sustain loss in their trade. In the absence of correct data regarding the felling and export charges, market rates, &c., we are also apt to be misled by the middle-men. I therefore consider it advantageous in every way, to carry on the business departmentally for a period of at least three years, so that we may give every opportunity to timber dealers and others to watch the results of our operations. When we are in possession of correct facts and figures, we can demand and secure proper prices for our produce. In the meanwhile, we shall have sufficient leisure to frame Working-plans and to organize a system for the rational treatment of these important forests on a sound basis.

KOLAR,
The 4th August 1898.

B. RAMASWAMY IYER,
District Forest Officer, Kolar

STATEMENT No. I.

Showing the quantities of timber sold in the Chief Timber Depots of the Mysore Province during 1896-97 and 1897-98.

B. Ramasawmy Iyer,
District Forest Officer, Kolar.

Letter No 883—34, *dated the 27th August* 1898, *from Colonel I. Campbell Walker, Conservator of Forests, to the Deputy Commissioner, Kolar.*

Referring to your No. 53 of 5th instant, I have the honor to inform you that I have perused Mr. Ramaswamy Iyer's report on the results of his visit to Salem, Coimbatore and Malabar with much interest and agree with you that he has "spent the period of his deputation usefully and profitably" and consider him entitled to credit for his careful and intelligent observations and the manner in which he has placed their results before us. I am having his report and enclosures printed and shall submit them to Government with my comments in due course.

2. Meanwhile, as I have informed Mr. Ramaswamy Iyer personally, whilst I fully agree with his proposals as to working our forests on a proper system, dividing them into blocks and compartments, and extracting the inferior as well as the better descriptions under the provisions of simple working plans, a commencement in which direction has been made in Kadur district, there are difficulties in the way, which can only be overcome by energetic District Forest Officers and Range Officers *who know their business.* The proposal to employ Mr. Ramaswamy Iyer himself to lay out the blocks and compartments, arrange their working in rotation, the formation of a wood museum, and distributing samples with descriptive pamphlets or notes, commends itself to me but I do not think it can be given effect to at once or before the termination of my engagement under this Government. In submitting the papers I shall however not fail to draw attention to it and shall also bring it to the notice of my successor for favorable consideration.

3. Meanwhile the improvement of the water way of the Bhadra is receiving attention and the District Forest Officer, Mysore, will be requested to encourage floating to Nanjangud in preference to carting to Mysore, whilst both he and the District Forest Officer, Kadur, will be instructed to comply readily with indents for supply of timber to the Malur Depôt, which may perhaps be profitably removed to Bowringpet or supplemented by one there.

I am not in favor of establishing a central woodyard at Bangalore, where there are already large private yards. Both there and in your district it will be far better if we can induce responsible middlemen, like Haji Ismael Sait, to purchase wholesale from us and retail the timber themselves.

4 With regard to the account and correspondence registers and returns maintained in and submitted from District and Range Forest Offices, there is certainly great room for improvement on the Madras lines. This is provided for in the Departmental Code, draft of which has been for some time before Government for orders. As I have informed Mr. Ramaswamy Iyer, I do not think it expendient to introduce new forms, &c. Meanwhile, but, immediately Government pass orders which will, I trust, be shortly, I propose that he should come into Bangalore for a few days and assist in putting the registers and other forms to be prescribed through the Press improving on those in use in British India in the directions he has indicated, simplicity and facility of reference being the chief requirements.

5. I think Mr. Ramaswamy Iyer might with advantage visit Nilambur going or returning *via* Kakankote and Manantoddy, and shall ask Government to allow me to depute him in November. I do not think he would learn much on the Anamalais or in Tinnavelly, the working plans and arrangements for which not being, I understand, complete.

No. 1266—Ft. F. 143-95, dated Bangalore, 8th August 1900.

Order thereon.—Recorded, with the observation that no further communication on the subject has been received from the Conservator of Forests.

2. Government note with satisfaction the good work done by the District Forest Officer, Mr. B. Ramaswamy Iyer, and await further reports on the subject from the Conservator. The fact that in the Gold Fields no local timber is used, but is brought from a great distance of more than 300 miles, requires the early attention and consideration of the Conservator.

C. SREENIVASIENGAR,
Secy. to Govt., Genl. & Rev. Depts.

To—The Conservator of Forests in Mysore.

Read—

The following letter No 471-376, dated the 31st July 1900, from the Conservator of Forests in Mysore.

I have the honor to forward, with the following remarks, a draft Notification of the boundaries of the proposed Bikkode State Forest situated in the Belur taluk, Hassan district. The area of the forest is small being only 159 and odd acres, but its reservation is recommended by the Deputy Commissioner on the ground that it is one of the best sandal growing tracts. The Deputy Commissioner also reports that it is not possible to extend the forest as the adjoining lands have already been given out for coffee cultivation. The three Survey Nos. 2, 174 and 175 which have been taken up for reservation are kharab entirely at the disposal of Government and unencumbered by private right or privilege of any kind.

2. In other Provinces such small areas are not constituted State Forests on the ground that it is inexpedient to subject to a severe law, lands of inconsiderable extent adjoining private holdings. The case of sandal is, however, special, and as the present settlement has been concluded, the draft Notification may, if Government approve, be published in the *Gazette*.

1. Abstract statement of lands taken up.
2. Statement of lands proposed to be taken up.
3. Statement of gomal lands (nil).
4. Statement of gomal or cupied lands (nil).
5. Statement of kharab.
6. Statement of assessed waste.

3. The marginally noted statements and a rough sketch of the forest received from the Deputy Commissioner are herewith submitted.

No. 1348—Ft. F. 40-95, dated Bangalore, 13th August 1900.

Order thereon—The draft Notification submitted by the Conservator is approved and will be published as hereunder in the *Mysore Gazette*.

2. Under Section 9 of the Forest Rules of 1878, the proclamation of the demarcation and boundaries of the State Forest should be made in the taluk where the forest is situated. The Conservator is requested to arrange for this being done.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore, returning original papers and sketch

NOTIFICATION.

No. 1349—Ft. F. 40-95, dated 13th August 1900.

Under the provisions of Section 9 of the Forest Rules of 1878, the Government of Mysore are pleased to declare that the undermentioned demarcated and settled forest in the Hassan district shall be classed as State Forest under Rule 1 of the aforesaid Rules.

Name of State Forest.	Approximate area.		Boundaries.
	Acres.	Guntas.	
Bikkode State Forest, Belur taluk.	159	24	On the North.—Survey Nos. 5, 172 and 171 of the Dodda Bikkode village. On the East.—Survey Nos. 171, 170, 164, 158, 157 (katte), 156, 155 (katte) and 154 of the Dodda Bikkode village. On the South.—Survey Nos. 4, 15, 16, 30, 31, 33 and 34 of Chikka Bikkode. On the West.—Belur-Belgode road.

Note.—There is no private right of way, &c., in the area.

READ—

Letter No. 230—240, dated 16th July 1900, from the Conservator of Forests in Mysore, soliciting sanction to the refund of Rs. 480, to one Rudrappa, Forest contractor.

No. 1344-5—FT. F. 144-95, DATED BANGALORE, 13TH AUGUST 1900.

ORDER THEREON—Mr. Bapu Rao, District Forest Officer of Hassan, advertised in the *Mysore Gazette*, dated 9th June 1898, that about 3,500 maunds of gall-nut would be sold in four lots at the Arsikere Depot by public auction. At the sale held by the District Forest Officer, one lot of 1,000 maunds was purchased by contractor Rudrappa at Rs. 1-8-0 per maund. The contractor was allowed, contrary to the conditions of sale, to pay the full value, *viz.*, Rs. 1,500, of the lot in September 1898. The nut was weighed out to the purchaser five months after the sale, that is, in November 1898, when a deficit of 320 maunds was found. The weighment and removal should have been completed before the end of July 1898, according to the terms of the sale. On the eve of his departure from Hassan on transfer to Shimoga, Mr. Bapu Rao brought the matter to the notice of the Conservator and recommended the re-payment of the value of 320 maunds of gall-nut in cash or kind to the purchaser. Subsequent enquiries showed that the gall-nuts sold had not been put into separate lots, that nuts had been heaped up in one or two places and that the deficiency occurred in the last imaginary lot weighed out. The Conservator observes that the mistake or at least, so great a mistake, could have been avoided had ordinary care been exercised in estimating quantities and in settling the terms of sale and that the matter appears to have been dealt with in a dilatory and perfunctory manner by the then District Forest Officer and that the value of the deficit must however be refunded.

2. Government agree with the Conservator in his observations referred to above and sanction the refund of Rs. 480 to Rudrappa. The District Forest Officer concerned must be warned to be more careful and business-like in future.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore, returning original papers.

PUBLIC WORKS

Proceedings of the Government of Mysore,

READ—

The following Note by the Chief Engineer, dated 27th June 1900 submitting for sanction the Sanitary Works Budget for the year 1900-1901.

I beg to submit, for the sanction of Government, the accompanying Sanitary Works Budget for 1900-1901, providing for a total expenditure of Rs. 1,91,000 against the Revised Buget grant of Rs. 2,26,000 for 1899-1900. The Budget is based on the following grants :—

	1900-1901.	1899-1900.
	Rs.	Rs.
PART I. Government Loan Works ...	25,000	24,000
PART II. Government Grant-in-aid Works.	..	..
PART III. Government Works	75,000	1,28,000
PART IV. Municipal Works	25,000	7,000
Establishment	64,018	64,708
Tools and Plant	1,982	2,292
Total ..	1,91,000	2,26,000

Of the above grant, Rs. 1,13,000 are debitable to Provincial Funds of Public Works Budget (General Branch), under Government Proceedings (P. W.) No. 1109—6013, dated 28th November 1899, on account of Part III Works, referred to above, with the proportionate charges for "Establishment" and "Tools and Plant"—*Vide* Abstract in page 1 of the Budget Estimate. The balance debitable to the Sanitary Works Budget Proper is therefore Rs. 78,000.

2. *Part I.*—An allotment of Rs. 25,000 has been made for Works under this part, *viz.*, (1) Rs. 2,000 for the construction of Storage Reservoirs for the water-supply of Kolar Town, (2) Rs. 10,000 for bringing the above water-supply to the outskirts of the Kolar Town, (3) Rs. 10,000 for the water-supply of the Kolar Gold Fields, and (4) Rs. 3,000, from Local Funds General, for the water-supply to the Chikmagalur Town. The 1st and 4th Works are incomplete ones of the previous years now approaching completion, while the 2nd is an urgent work without which the distribution to the Kolar Town cannot be effected. Item No. 3 is also an urgent work as the Kolar Gold Fields suffer much from want of water for domestic purposes as well as for mining operations. Mr. V. Rungaswamy Iyengar, Assistant Engineer, will be deputed to investigate this project.

3. *Part III.*—Under Part III, eight incomplete sanctioned Works of the previous year have been brought forward, and the allotments provided for them are absolutely necessary.

4. *Part IV.*—The two Works, Item Nos. 13 and 14, provided for under Part IV, are important Municipal Works connected with the sanitary and drainage improvements of Bangalore City, for which the Municipality has to raise a loan. But pending the necessary financial arrangements being made by the Municipality through the general Department, small allotments of Rs. 15,000 and Rs. 10,000, respectively, have been entered in the Budget, so that any works absolutely necessary may be proceeded with. The project for the former is under revision, while that for the latter is under preparation by the Sanitary Superintending Engineer. These projects will be submitted to Government as soon as they are received from the above Officer.

5. Owing to the present financial pressure, the marginally noted Works, which were brought forward in the Draft Budget by the Sanitary Department, and for which projects have not yet been submitted, have been omitted in this Budget.

1. Water-supply to the Town of Channagetna.
2. Additional work to the water-supply of Chintamani Town.
3. Drainage of the Town of Tumkur.
4. Water-supply to the Town of Harihar.
5. Water-supply to the Towns of Sorungapatam and Ganjam.
6. Water-supply to Palhalli.
7. Water-supply to the Town of Hassan.
8. Drainage to the Town of Chikmagalur.
9. Basavangudi Extension of Bangalore City :—
   (1) Burial and cremation grounds.
   (2) Constructing a Police Station.
   (3) Constructing a School House.
   (4) Constructing a Dispensary.
10. Malleswaram Extension of Bangalore City —
   (1) Burial and cremation grounds
   (2) Constructing a Police Station.
   (3) Constructing a School House.
   (4) Constructing a Dispensary.
11. Constructing Additional Quarters for Mechanics attached to Pumping Station at Belagola.
12. Water-supply to the village of Belgola.
13. Improving Dodkere Tank at Myrere.

6. *Establishment.*—The total charges under this head amount to Rs. 64,018 against Rs. 64,708 of the previous year, and have been distributed as follows :—

	Amount.	Percentage on grant for works.
	Rs.	
Sanitary Works Budget Proper.	27,165	54·3
Public Works Budget ...	36,853	49·1
	64,018	51·2

7. *Tools and Plant.*—A sum of Rs. 1,982 has been entered under this head, *viz.*, Rs. 835, for Sanitary Works Proper, and Rs 1,147 for Part III. Works.

Public Works Secretary's Note, dated 21st August 1900.

"I forward herewith report, plans and estimates, for works to be constructed in this country in connection with the Cauvery Falls Power Scheme.

You will observe that the preliminary expenses for works already carried out, such as surveying, gauging, trial pits, Captain Lotbiniere's deputation, &c., amount to Rs. 70,000, and the cost of the works still to be carried out comes to Rs. 7,49,730.

The total amount to be charged against the project is therefore Rs. 7,49,730+70,000, or Rs. 8,19,730, and for this amount sanction is requested.

The sum entered in my Note embodied in the printed book, which was sent to the Government of India, was £50,000 or Rs. 7,50,000; so the excess is Rs. 69,730, but if preliminary expenses were excluded, the amount would agree within a few rupees.

On the estimate of Rs. 7,49,730 for works now to be carried out, I anticipate some savings.

The accepted tender for excavation of most of the channel is 6 per cent below the estimate, which will give a saving of about Rs. 15,000.

The accepted tender for building is 5 per cent below the estimate, which will give a saving of Rs. 7,000. At least, Rs. 10,000 can be recovered by the sale of the materials of the temporary buildings, when these are no longer required. Contingencies at 5 per cent have been allowed on each of the estimate, and I believe there will be considerable saving on this head. Altogether, I anticipate a saving in actual execution of nearly half a lakh of rupees, though it is not safe to depend on this.

I am not sure if you would wish the project to be treated as quite independent of the ordinary Public Works Department, and have the whole establishment employed charged to the scheme. In this case, cost of establishment will amount to about Rs. 1,00,000 for two years.

If you desire that only such establishment as is specially employed for the work, as in the case of Mr. Hunter, should be charged to the scheme, then the cost will be Rs. 50,000 for two years.

I have assumed that the whole establishment will be charged against Public Works Department generally, as in the case of the Mysore Palace and other large works, and have therefore not entered cost of establishment."

REPORT.

Report on the works to be constructed in this country in connection with the Cauvery Falls Power Scheme, omitting those works, the plans of which are to be submitted by the contractors in England and America.

1. *Anikats.*—There will be two anikats, one above the Kollegal bridge, approximately in the position shown on plan No. 2. The exact position of this anikat cannot be settled till the water in the river is low, but it will be close to where it is shown on the plan and, in any case, it will not cost more than the sum entered in the estimate.

Details of this anikat are shown on plan No. 21. The level of the crest will be +1,002·42 or 1¾ feet above the floor of the Kollegal bridge. Up to this level or +1,002·42, all the water in the river will be turned from the Eastern to the Western branch.

The other anikat will be close above the Sivasamudram bridge on the site shown on plan No. 2.

An anikat was built this year on this site for gauging purposes with level of crest +991·50, and all that now has to be done is to strengthen this work, and raise the crest to +994·00.

This anikat will intercept all the water to a level of +994·00, that is, turned into Western branch by the upper anikat, and lead it into the head sluice. The cost of these two anikats will be Rs. 54,178.

2. *Head Sluices.*—The details of the head sluices are shown in plan No. 24. Two are provided, one for each channel. Each sluice will discharge considerably more than is required with water in river at anikat crest level (*i. e.*, 5' above cill of sluices). This has been arranged in case of any of the vents getting blocked. The cost of head sluice is Rs. 24,272.

3. *Scouring Sluice.*—The details of scouring sluice are shown on the same plan. The object of this sluice is to keep the channel in front of the head sluice clear of silt and sand, and its cill will be placed 1·5 feet below that of the head sluice. The cost of scouring sluice is Rs. 7,698.

The sites for the head sluice and scouring sluices were selected by the Chief Engineer and Mr. McHutchin, and are the only sites available.

4. *Channels.*—There will be two channels, each capable of discharging 251 cubic feet a second, with a depth of 5', that is, when water in river is level with the crest of the anikat. The discharge required for the 4,000 H. P., is 181 cubic feet a second. So, each channel by itself is sufficient, ample allowance being given for wastage, leakage and silting. If the two channels are used together, the discharge will be sufficient for 8,000 H. P.

The details of the channel are shown on plans from 4 to 20. The line has been most carefully selected and cannot be improved upon. The deep cutting in the 5th and 6th furlongs of 3rd mile cannot be avoided. Through rock, the fall of channel is 0·6 per thousand, and 251 cubic feet discharge, and through ordinary soil 0·2 per 1,000 and 251 cubic feet discharge.

The bund in the channel at point C. S. 37, 48 and 71, will be carefully revetted, as also will all parts of the channel where the level of the water is more than half a foot above the ground.

There will be a length of 500 feet of channel in the river in front of the head sluice and to excavate this, it will be necessary to alter a length of about 60' of the Sivasamudram bridge.

5. *Masonry Works.*—The following masonry works will be required on the channel:—

14 Acqueducts.

12 Culverts.

6 Escapes.

6 Drops.

All these are of simple design and the details of them can be seen on plans 25 to 30.

The channel will end in a cistern from which the Penstock will take off. The plan of the cistern has to be supplied by the contractor. The total cost of the channel and its masonry works will be Rs. 4,44,183.

6. *Buildings.*—It is proposed to erect the following buildings:—

1 Inspection bungalow.
1 Superintending Engineer's quarters.
1 Bungalow for Contractor's Engineer.
1 Do for Assistant Engineer.
3 Bungalows for artificers.
1 Office for Executive Engineer and Sub-Division.
1 Office for contractors.
3 Bungalows for Assistant Engineers and Sub-Assistant Engineers.
6 Do for two Supervisors and four Overseers.
12 Houses for Sub-Overseers.
15 Houses for Office establishment.
9 Do for peons.
1 House for Hospital Assistant and Dispensary.
4 Houses for Police.
7 Do for mestris and scavengers.
3 Do for Probationary Assistant Engineers.
1 Workshop and stores.

The site of these buildings is doubtful till the healthiness of the locality has been ascertained, and it is proposed at first to allow the staff to live in tents and temporary sheds on the bluff for some months, and if found healthy, the buildings will be erected; *if not*, another site will be selected. The permanent buildings will be constructed with coursed rubble in mortar. The temporary buildings will be constructed of raw brick in mud.

7. The following is a complete estimate of the works required, and for which sanction is requested:—

	Rs.
A. Preliminary expenses	70,000
B. Anikat 1	15,616
Do. 2	38,562
C. Removing and re-constructing Mysore bridge ...	21,000
D. Head sluices (2)	24,272
Scouring sluice	7,698
E. Channel and masonry works	4,44,183
F. Buildings—	
(a) Permanent	35,519
(b) Temporary	56,744
(c) Machinery	49,350
G. Opening out a loop line of road	4,410
H. Miscellaneous	30,750
I. Repairs during construction	7,981
J. Repairs to buildings	5,664
K. Tools and plant	7,981
Total ...	8,19,730

8. The cost of works, the plans of which have to be supplied by the contractors in America, has been entered in lump sum. A few more buildings will be required at Kolar, but they will come under the head of distribution.

No. 630-3—3845-8, DATED BANGALORE, 31ST AUGUST 1900.

ORDER THEREON—The Government are pleased to sanction the estimate submitted with the Note read above, for Rs. 8,19,730.

2. Only the cost of *special* establishment entertained for the work, should be charged to the Cauvery Power Scheme, the cost of those transferred from the Public Works Department, General Branch, being debited to that budget.

D. McNEIL CAMPBELL, COL.,
Secy. to Govt. of Mysore, P. W. D.

To—The Resident Engineer, Cauvery Power Scheme Division, to whom the sanctioned estimate is returned for execution.

The Examiner, Public Works Accounts of Mysore.

The Secretary to Government, General and Revenue Departments, for information.

The Comptroller to the Government of Mysore, for information.

Exd.—H.A.E.

RAILWAY

Proceedings of the Government of Mysore,

READ—

The following Note No. 205, dated 22nd March, from the Secretary to the Government of Mysore for Railways, to the Dewan of Mysore.

The accompanying papers relate to the land required by the Madras Railway Company in connection with the construction of staff-quarters at Bowringpet Station on the Kolar Gold Fields Railway.

2. As the lands in question were urgently required by the Madras Railway Company I arranged to acquire the same and the payment of the necessary compensation aggregating Rs. 1,477-8-0, and trust that this action of mine will meet with your confirmation.

3. The Durbar have to supply the lands required by the Madras Railway Company free of cost.

No. 700—R. F. 47, DATED BANGALORE, 18TH AUGUST 1900.

ORDER THEREON—The action taken by the Secretary for Railways with regard to the acquisition of the lands referred to is approved and the payment of the compensation, Rs. 1,477-8-0, is sanctioned.

By Order,

D. McNEIL CAMPBELL,
Secy. to Govt., for Railwe

Exd.—H.A.S.

PART II

GENERAL

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR AUGUST 1900.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	1603-4 / P. & A. 134	1	Dy. Comr., Shimoga, & Comptr.	Sanctioning the travelling allowance bills of certain Assistant Commissioners and certain other Officers of the Shimoga district for June 1900.
2	1605-6 / P. & A. 127	1	Do, Chitaldrug & do	Ditto two travelling allowance bills of the establishment of the Davangere Assistant Commissioner for February and April 1900.
3	1607-8 / P. & A. 128	1	Do ..	Ditto the travelling allowance bill of M. S. Puttanna, Amildar of the Chitaldrug taluk, for March 1900.
4	1609-10 / P.& A. 129	1	Do, Kadur, & do ...	Ditto two travelling allowance bills of the office establishment of the Deputy Commissioner for June 1900.
5	1611-12 / P. & A. 130	1	Do, Shimoga, & do...	Ditto the travelling allowance bills of certain Officers of the Shimoga district for June 1900.
6	1613-14 / P. & A. 131	1	I. G. of Police, & do.	Ditto the travelling allowance bill of the Police establishment of the Deputy Commissioner of the Kadur district for October 1899.

66	2156 / J. 244	13	Inspr. Gen. of Regn.	Ditto to Subject No. 63 of ditto, *re* notice of attachment of lands by Civil Courts to be given to the Registration office, and requesting the favor of an early expression of his opinion in the matter.
67	2157 / J. 245	13	Do ..	Ditto to Subject No. 25 of ditto, *re* the establishment of a Special Sub-Registry office at Alur and requesting ditto.
68	2158 / J. 246	13	Do ..	Ditto to Subject No. 50 of ditto, *re* appeals against Sub-Registrars in the taluks of Sub-Divisions being heard by the Sub-Division Officers, and requesting ditto.
69	2184 / J. 247	14	Regr., Chief Court ..	Ditto to Subject No. 58 of ditto, *re* properties attached under decrees of Civil Courts to be sold in places where the properties are situated, and requesting the favor of an early expression of his opinion.
70	2185 / J. 248	14	Inspr. Gen. of Regn.	Drawing his attention to Subject No. 54 of the Dasara Representative Assembly Proceedings of 1899, *re* deputation of Sub-Registrars to look after sanitary works, and requesting to be informed whether any of the Amildars have utilized the services of Sub-Registrars in the matter of supervising sanitary works.
71	2186 / J. 249	14	First Asst. to Resdt.	Returning the tables relating to the Joint Stock Companies duly corrected up to the end of March 1900 so far as the Mysore State is concerned.
72	2187-88 / J. 250	14	Regr., chief Court, & Comptr.	Deputing Auditor Gopalaiengar for a further period of six months with effect from 22nd April 1900 to finish the auditing of the

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				accounts in the Bangalore and Hole-Narsipur Munsiffs' Courts, and requesting the Comptroller to depute a trained accountant of his office to assist Gopalaiengar in his work.
73	2190-92 J. 251	14	I. G. of Police, Govt. Advocate, & Sess. Judge, Ashtagram Dn.	Declining, for reasons stated, to accord sanction for filing an appeal against the order of acquittal passed by the Sessions Judge, Ashtagram Division, in the Hassan Sessions Case No. 7 of 1899-1900.
74	2216 J. 253	14	First Asst. to Resdt.	Stating that the Durbar have no objection to the Resident's proposal to refuse leave to import explosives (*viz.*, dynamite and detonators) to persons not licensed to possess such explosives under Rule 15 or 18 of the Mysore Explosives Rules, and that the District Magistrates will be informed of the same.
75	2272 J. 254	15	Dt. Magte., Kolar .	Forwarding for very early report copy of a letter from the First Assistant to the Resident requesting to be furnished with full particulars for the identification of Kayal Venkatramana, for whose surrender an application has been made.
76	2329 J. 256	16	Insp.r.Gen. of Prisons.	Observing that the change proposed in the diet scale applicable to Europeans and East Indians cannot be introduced without a reference to the Resident, and enquiring whether taking into consideration the high prices prevailing for the last three or four years, the fixed allowance of Rs. 120 is sufficient to cover the expenditure of the increase in the number of meals proposed to be given *be diem*.
77	2330-31 J. 257	16	I.G. of Regn.,&Compt.	Directing that the temporary Special Sub-Registry offices at Gundlupet, Maddagiri and Sira be made permanent and the temporary office at Chintamani be retained as such till the 30th June 1901.
78	2332 J. 258	16	Compl., *Mysore Gaz.*	Notifying the above.
79	2334 J. 260	16	Supt., Govt. Printing.	Requesting that 120 copies of the Report on the Administration of Civil Justice for 1898-99 bound with the review passed thereon be forwarded at an early date.
80	2335-36 J. 261	16	Dt. Magte., Mysore, & Comptr.	Sanctioning a bill for Rs. 16, being the fee payable to Mr. M. C. Rangaiengar, Advocate, for having conducted a criminal appeal before the Sessions Judge, Ashtagram Division.
81	2337-38 J. 262	16	I.G.ofPrisons,& Comp.	Sanctioning the re-appropriation of Rs. 552-12-6 from savings under the head "Lock-up repairs" of the budget for 1899-1900 to meet the increased expenditure incurred under the head "Lock-up prisoners' rations" in the Chitaldrug district.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
82	2426 / J. 265	18	First Asst. to Resdt.	Forwarding, for transmission to Captain T. H. Foulkes, Superintendent of the Reformatory School, Chingleput, letter No. 537, dated the 11th August 1900, from the Deputy Commissioner, Kolar district, reporting on the mode of occupation and conduct of one Chinnavenkadu, an *ex*-pupil of that institution.
83	2499 / J. 268	18	Dt. Magte., Mysore...	Returning the vernacular correspondence relating to the five illegal arrests made by the Police of the Sathyamangalam taluk, Coimbatore district, in the Nanjangud taluk; and calling for an explanation of the delay pointed out.
84	2532 / J. 269	20	Inspr. Gen. of Prisons	Regretting that there is at present no suitable opportunity for giving Mr. Hayes, Chief Jailor, Central Jail, the preferment he prays for; and stating that his name will be noted for future consideration.
85	2533 / J. 270	20	Inspr. Gen. of Police	Forwarding a copy of the report on Police Administration in Coorg for the year 1899.
86	2534 / J. 271	20	Do ...	Enquiring by what time he hopes to absorb the temporary establishment sanctioned for the Railway Police of the Bangalore-Nanjangud section.
87	2535 / J. 272	20	Mr. Ramachandra Vasudev, Bombay.	Informing him that he may obtain legal opinion as regards the procedure to be adopted in the execution in the Mysore State of decrees passed in British Courts by consulting any member of the Mysore Bar.
88	2536 / J. 273	20	Dt. Magte., Kolar ...	Intimating that the Resident has issued a warrant to the District Magistrate of North Arcot for the surrender of Chinnaga and 18 others, accused of having committed the offence of dacoity in Malliganpalli village, Srinivaspur taluk, on the night of the 30th June 1900.
89	2537 / J. 274	20	Inspr. Gen. of Police	Requesting that a Press Copy of the Search List form be sent to the Superintendent, Government Press, with particulars as to size, number of copies required, &c.
90	2538 / J. 275	20	Supt., Govt. Printing	Forwarding copy of the above.
91	2539-40 / J. 276	20	I.G. of Police, & Compt.	Sanctioning a re-appropriation statement for the transfer of Rs. 634 from certain heads of the Police budget to meet the extra expenditure incurred under the heads "Office and school contingencies" and "Equipment and clothing" sanctioned for the office of the Inspector General for the year 1899-1900.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
92	2605 / J. 277	21	Regr., Chief Court ...	Forwarding, for information and for communication to the prisoner Krishna Bayi, undergoing the sentence of seven years' rigorous imprisonment in the Mysore Jail, copy of the order passed by Her Highness the Maharani-Regent, rejecting her memorial praying for her release.
93	2648 / J. 279	21	Govt. Advocate ...	Forwarding, for favor of an early expression of his opinion, letter No. 636—604, dated the 8th March 1900, from the District Magistrate, Chitaldrug, bringing to notice the illegal procedure adopted by the Railway Sub-Inspector in arresting certain persons of the Holalkere taluk without a warrant from a Magistrate of the Civil and Military Station.
94	2649 / J. 280	21	First Asst. to Resdt.	Stating that the Durbar have, on the recommendation of the Inspector General of Police, proposed the entertainment of a Police Force at a cost of Rs. 157 per mensem, to watch the water-works at Hessarghatta and requesting to be informed, with a view to the apportionment of its cost as stipulated in para 3 of the Memorandum of Agreement, whether the Resident is disposed to agree to the above proposal.
95	2654 / J. 281	21	Secy. to Govt., Geogl. Dept.	Forwarding, for dispesal, a demi-official letter from the Deputy Commissioner, Bangalore district, requesting early orders on the application of Mr. R. K. Ewart, Agent to Messrs. Parry & Co., for possession of explosives.
96	2664 / J. 283	21	First Asst. to Resdt.	Stating that the order for the prosecution of R. Papanna and others of the Bangalore City for importing 20 lbs. of sulphur without a license was based on the assumption that the seer referred to in the Durbar's Notification of 14th December 1897, No. 7237—J. 803, was the same as the Mysore standard seer of 24 tolas, and that as it has since turned out that the seer referred to represents 80 tolas, and as the importation of 20 lbs. without a license is not illegal, the order for prosecution has been withdrawn.
97	2716 / J. 284	22	Do ...	Requesting the issue of an extradition warrant to the District Magistrate of Bellary for the surrender of Yele Rudrappa and Yele Siddappa, charged with the offence of criminal breach of trust punishable under Section 406, Indian Penal Code, before the Amildar and 2nd Class Magistrate of the Pavagada taluk, Tumkur district.
98	2718 / J. 286	22	Do ..	Forwarding, for information of the Resident, a copy of the Durbar's Proceedings No. 2718—J. 286, dated 22nd August 1900, introducing

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				into Mysore, the Rule adopted by the Bombay Government in regard to preliminary police enquiries about missing goods on railways.
99	2724 / J. 287	22	Regr., Chief Court ..	Recording his letter reporting that the want of any rules under Section 320, Civil Procedure Code, *re* the transmission of decrees from Civil Courts to Deputy Commissioners, &c., has not been felt by the Civil Courts.
100	2725 / J. 288	22	Do ..	Drawing his attention to Subject No. 390 of the Dasara Representative Assembly Proceedings of 1899, *re* the transfer of Heggaddevankote to the jurisdiction of the Additional Munsiff's Court, Mysore, and requesting the favor of an early opinion on the subject.
101	2723 / J. 289	22	Do ...	Returning the records in the Bangalore Sessions Case No. 1 of 1899-1900.

Exd.—H.A.R.

GEOLOGICAL

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR AUGUST 1900.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	46 G.	1	Comptroller ...	Informing him that Mr. E. W. Wetherell, A. R. C. S., F. G. S., Officiating 2nd State Geologist and Assistant Secretary to Government, Geological Department, returned from the special leave granted to him in Government Notification No. 123 G., dated 29th January 1900, and reported himself for duty in the forenoon of 1st August 1900.
2	37 M.	1	Supt., Nine Reefs Gold Mining Co., Ld.	Forwarding a copy of this office Circular letter No. 137 M., dated 31st March 1897, and requesting him to forward two copies of the annual report published by his Company for the year 1899.
3	39 M.	2	Do, Gold Fields of Mysore, Ld.	Acknowledging receipt of two copies of the annual report of the Gold Fields of Mysore, Limited, for the year ending 30th September 1899, and enquiring whether a report for the year ending 30th September 1898 was published.
4	41 M.	3	Secy. to Govt., Gen. & Rev. Depts.	Returning the papers regarding the Mysore Explosives Regulation and the Rules thereunder; and the Mysore Arms Regulation and the Rules thereunder, received with his D. O. letter of the 31st July 1900, and communicating certain observations thereon.
5	42 M.	6	Do, Kolar Gold Field Mining Board.	Forwarding for the opinion of the Board a copy of the report of the Select Committee on a Bill to provide for the regulation of Mines in British India and a copy of the Bill as amended by the Committee.
6	44 M.	6	Supt., Kempinkote Gold Fields, Ld.	Forwarding a copy of this office Circular letter No. 132 M., dated 31st March 1897, and requesting him to obtain and forward to this office two copies of the annual report published by his Company for the year 1899.
7	45 M.	7	First Asst. to Resdt.	Acknowledging receipt of his letter No. 3600—113-93, dated 26th July 1900, and informing him that the Durbar will be glad to furnish him with a statement showing the quantity and value of gold produced in the Mines in Mysore, but that, for reasons stated, this cannot be done, as desired, within a month after the end of the month in which the gold is extracted.

Serial No.	Proceedings.			Subject and Order.
	No	Date.	To whom sent	
8	46 M.	7	Comptroller ...	Requesting that in future the net royalty paid for each month be inserted in the Mine Account Sales in *sterling* for information in this Department.
9	48 M.	7	Messrs. John Taylor & Sons, 6, Queen Street Place, London.	Forwarding a copy of the report of the Select Committee on a Bill to provide for the regulation and inspection of Mines in British India together with a draft of the Bill as amended by the Committee and requesting them to favor the Durbar with any remarks they may wish to make upon it.
10	48 G.	6	Comptroller ...	Sanctioning the daily allowance claimed by Mr. A. Primrose, Prospector, Geological Department, in his travelling allowance bill for the month of July 1900, for halt at head-quarters on the 8th of that month.
11	52 G.	11	Supt., Govt. Printing	Forwarding, for print a "Table of Distances to be kept clear round Explosives Magazines" and requesting that a proof thereof may be furnished to this office at an early date.
12	46—49 M.	12	First Asst. to Resdt.	Communicating the opinion of the Durbar on the provisions of the draft of the Amended Bill to provide for the Regulation and Inspection of Mines in British India, and forwarding a copy of a letter from the Secretary to the Kolar Gold Field Mining Board, together with the Notes of the Committee appointed by the Board to consider the above subject.
13	50 M.	13	Supt., Road Block Gold Mining Co.	Acknowledging receipt of two copies of the Annual Report of the Road Block and Nine Reefs Gold Mining Companies for the year 1899, forwarded with his letter, dated 3rd August 1900.
14	51 G.	13	Dir., Geol. Survey of India.	Requesting that certain volumes of the Records and Memoirs of the Geological Survey of India, which are wanting to complete the set in this office, may be kindly furnished to this office.
15	52 M.	13	Messrs. Barclay, Orr & David, Solicitors, Madras.	Acknowledging receipt of the notarially certified copy of a Deed of Assignment, dated 22nd June 1900, from the Gold Fields of Mysore, Limited, (Old Company) and its Liquidator to the Gold Fields of Mysore, Limited, (New Company) of the Indian properties of the Old Company.
16	54—7 M.	16	Dy. Comrs., Bangalore, Kolar, Tumkur & Chitaldrug.	Requesting early submission of the statement of Economic Products of their districts for the year 1899, called for in this office No. 284-91 M.—1899-1900, dated 15th May 1900.
17	58 M.	16	Narayan Dos, Esq., Judicial Member of State Council, Kashmir State.	Forwarding, as desired, a copy of the last published Rules for the grant of Prospecting Licenses and Mining Leases in Mysore and stating that the same are now undergoing revision.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
18	61 G.	16	Supt., Govt. Printing	Forwarding the issues of the *Mysore Gazette* from January to June 1900, and requesting that they may be bound into two volumes as per instructions communicated, and returned to this office.
19	61 M.	17	First Asst. to Resdt.	Acknowleding receipt of his letter No. 3926—119-95, dated 9th August 1900, and stating that in the absence of a list of fatal accidents, for which telegraphic reports have been received in his office, the discrepancy in the number of deaths in the Mines in Mysore during the year 1899, referred to by him, cannot be accounted for; that, as stated in this office No. 11 M., dated 12th July 1899, it is very probable that the deaths, of which telegraphic reports have not been received by him, are those that took place in the Hospital or elsewhere some days after the accident, but consequent on it, and that the returns for 1899 submitted to him have been compiled from the accident reports furnished to the Chief Inspector of Mines in Mysore by the Mining authorities and from inquiries instituted thereon by the Durbar Mining Officers.
20	62 M.	17	Supt., Govt. Printing	Forwarding a copy of a Notification to be issued under the Mysore Explosives Regulation and requesting to be furnished with six clean proofs of the same. Also stating that the "Table of Distances" sent with this office No. 52 G, dated 11th August 1900, is to be issued with that Notification, and requesting that six copies of it also may be sent to this office early.
21	63-72 M.	18	Superintendents of Mysore, Ooregum, Champion Reef, Nundydroog, Tank Block, Coromandel, Road Blocks & Nine Reefs Gold Mining Companies, & Comp.	Requesting Superintendents of Mines to expedite the despatch of the Monthly Gold Sale and Royalty Accounts for those months of the current year up to end of June 1900 for which such accounts have not yet been despatched to the Comptroller to the Government of Mysore, so as to reach him before the close of the first week of September 1900.
22	73 M.	18	Comptroller ..	Returning, after note in this office, the Gold Sale Accounts of certain Gold Mining Companies and requesting that the Sale Accounts of the Ooregum Mine for January 1900 may be forwarded to this office.
23	75 M.	18	Secy., to Govt., Gen. & Rev. Depts.	Communicating, with reference to Government Proceedings No. 2341-50—J. 263, dated 16th August 1900, certain observations regarding Certificates under Rules 16 and 18 of the Rules under the Mysore Explosives Regulation II of 1888.
24	76 M.	13	Compl., *Mysore Gaz.*	Notifying certain corrections in Notification No. 233 M.—1898-99, dated 15th May 1899,

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
				directing certain amendments to be made in the Rules under the Mysore Explosives Regulation II of 1888.
25	78 M.	20	Mr. R. K. Ewart, Agent for Messrs. Parry & Co., Agents for the Carbonite Syndicate, Ld.	Stating that the magazine in which he proposes to store the explosives does not appear from the sketch forwarded to be altogether suitable, and communicating certain conditions to be observed for the license to be granted.
26	93 M.	16	Compl., *Mysore Gaz.*	Publishing the draft of certain amendments and additions proposed to be made to the Rules under the Mysore Explosives Regulation II of 1888, published under Notification No. 311 M.—1897-98, dated 29th June 1898, and stating that the same will be taken into consideration after the 15th October 1900. Also stating that objections in respect of the proposed amendments and additions will be duly considered if submitted to Government in the Geological Department on or before that date.
27	65 G.	20	Exec. Engr., Bangalore Du.	Returning, duly countersigned, the estimate amounting to Rs. 295, for repairing the Gas tank of the Geological Department, received with his No. 3937—1292, dated 11th August 1900.
28	94 M.	22	Supt., Rev. Survey.	Forwarding a copy of Government Proceedings No. 19 M., dated 27th August 1896, about lands comprised within the limits of the Manighatta Gold Mining Block, together with the statement received from the Deputy Commissioner of Kolar in accordance therewith, and requesting that the statement may be verified and returned to this office, with any explanations not furnished by the Deputy Commissioner.
29	96 M.	23	Secy., Kolar Gold Fields Mining Bd.	Acknowledging receipt of two printed copies of the Notes of the Committee appointed by the Kolar Gold Fields Mining Board to consider the Draft Bill to provide for the Regulation and Inspection of Mines in British India; and informing him that a copy of the Notes received with his letter of the 10th August 1900, has been forwarded to the Residency with the opinion of the Durbar on the subject.
30	97 M.	23	Comptroller ...	Forwarding a statement showing the quantity and the value of gold produced in the various Mines in Mysore in each month, from April 1899 to March 1900, submitted by the Durbar to the Resident in Mysore and a similar list furnished to the Government of India by Messrs. Best & Co. of Madras, and requesting him to have the accounts examined and the differences between the two sets of figures accounted for, if possible.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
31	71 G.	24	Supt., Govt. Printing	Forwarding, for print, additional papers on the subject of Gold Mining Royalty, and requesting that two clean proofs of the same may be furnished to this office at an early date.
32	73 G.	25	Mr. A. Primrose, Prospector, Geol. Dept	Forwarding, for his information, a copy of Government Order No. 2873-85—580-23, dated 23rd August 1900, directing that he be retained in service for one year from the 1st July 1900.
33	103 M.	25	Miss L. H. Anstey, Clarendon Hall, Bangalore.	Acknowledging receipt of her letter, dated 18th July 1900, offering to accept a mining lease over the villages of Ollhalli and Thumberhalli in lieu of that over the village of Bodamakanhalli applied for by her in her letter, dated 24th April 1899, and informing her that it will be necessary for her to forward a formal application for a lease of the block required, accompanied by a map showing the boundaries of the same. Also stating that the Government hope to announce very shortly the terms upon which mining leasess will, in future, be granted.
34	104 M.	25	Mr. J. C. S. Lawrence, Agent of Mr. J. G. Scott, London.	Enquiring if the fine of one-tenth of the consideration due for the assignment of the mining lease of Ballur and Jakkenkoppa villages to the Shimoga-Mysore Syndicate, Limited, has been paid to Government, and requesting that, if it has not yet been paid, arrangements may be made with his client, Mr. J. G. Scott, for the payment of the same either at the Mysore State Huzur Treasury or to Messrs. Coutts & Co., Bankers, London. Also stating that as the consideration for the assignment is partly in shares, the necessary share certificates may be made out in the name of the Dewan of Mysore and lodged with Messrs. Coutts & Co., and all necessary information as to the completion of the payment of the fine furnished to this office.
35	105 M.	25	Dy. Comr., Shimoga	Observing that the lease of the Ballur and Jakkenkoppa blocks granted to Mr. J. G. Scott was, on the 14th of January 1898, assigned to the Shimoga-Mysore Syndicate, Limited, whose registered office is at 39, Lombard Street, London, and who have appointed Mr. J. C. S. Lawrence, Advocate, Bangalore, as their duly constituted Agent, and requesting the Deputy Commissioner to serve a notice in the

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
				prescribed form on the Agent of the Syndicate, with intimation that if the arrears due on those blocks from 1896-97 are not paid within the prescribed period, the lands will be forfeited and the lease cancelled.
36	105 M.	25	Mr. J. G. Scott, c/o. Mr. J.C.S. Lawrence, Advocate, Bangalore.	Forwarding a copy of the above order for his information, and stating that, in accordance therewith, the lease of the Ballur and Jakkenkoppa blocks will be cancelled, if the Syndicate to whom he has assigned the original lease does not wish to pay the arrears of assessment due on the blocks. Also stating that with regard to the question of the grant of another lease to the Syndicate, the Government will be willing to consider any application made in due form for such lease and accompanied by the usual map and the prescribed deposit.
37	107 M.	25	Major-Gen. R. A. Cole, Fairleigh, London.	Requesting to be furnished with copies of deeds of assignments, if any, of the leases of the Hiriyur and the Gonur blocks to the Gold Fields of India, Limited, and of any re-assignment by them to him; and informing him that there is no objection to an Engineer reporting upon those blocks, provided that it is done with the consent of the present lessees.
38	74 G.	25	Prinpl., Centl. Coll.	Informing him that, as there is at present no vacancy, it is not possible to entertain on the staff of this Department either of the two students recommended by him, *viz.*, P. Sampathaiengar and C. R. Narasimha Iyengar, who have taken a 1st Class in Geology in the B. A. Degree Examination, but that, if either of them wishes to study for the M. A. Degree in Geology, he will be permitted to utilize the collections and appliances obtainable in this Department under the orders of the State Geologist.
39	113 M.	30	Mr. O. W. Marden, Supt., Kempinkote Gold Fields, Kolar Works.	Informing him, with reference to his application of the 28th August 1900, for a refund of the deposit of Rs. 500 paid by the Kempinkote Gold Fields, Limited, for a prospecting license, that no intimation has been received in this office of his appointment as Superintendent of the Company, and requesting to be furnished with an authoritative notification of his appointment.
40	115 M.	30	Messrs. John Taylor & Sons, Managers of Balaghat Gold Mining Co., 6., Queen Street Place, London.	Informing them that the Government do not see their way to create a precedent in favor of the Balaghat Gold Mining Company and forego the royalty due from that Company under the terms of the lease, and requesting that the amounts of royalty now due from the Company may be paid to Government in the usual way.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
41	116 M.	30	Comptroller ..	Forwarding a copy of the preceding for information, with reference to his No. 384—113, dated 18th July 1900.
42	114 M.	31	Do ...	Informing him that the expenses of shipment of 5% of the gold produced by the Mysore West and Mysore Wynaad Gold Mining Co., Limited, may, until further orders, be regarded as a fair charge to be paid by Government and that the refunds of the expenses of shipment may continue to be made to the Company as heretofore.

OFFICE OF THE SECY., GEO. DEPT.,
